Course Packet: \$15 (COMX Venmo preferred), provided in class the first week of the semester.

Edpuzzle account: Please visit the following website to create an account. We will use Edpuzzle for most of the instruction videos assigned this semester.

- I will send out a course code to register for our section via email during the first week

Format of Our Course

As noted on Cyberbear, this class is offered in a blended/hybrid format.

Here is what that entails:

Instruction

Instruction will be delivered **asynchronously**, through a combination of textbook/course pack readings and short videos posted to Moodle. It is imperative that you **complete all readings/videos and assignments** as there will not be class time dedicated to instruction.

Many videos will be assigned through **Edpuzzle**. When you have an Edpuzzle video assigned, you will log in, watch the video, and answer the questions that accompany it. You will earn points for each question, which will be converted to a score out of 50 at the end of the semester.

Links to all videos/assignments can be found under each week's **Moodle** page.

Attending Class

Attendance at in-person class sessions is recommended but not required —I do not want you to have to come to class physically if you feel unsafe doing so or if you are sick/may have been exposed to COVID. In class sessions, you will have the opportunity to ask questions, and we will work on activities that strengthen the skills you are

building through readings, videos, and assignments.

- You will be assigned to a group of 6-7 students with whom you will attend class for the entire semester.
- Each group will have one 35-minute block of in-class time per week during our scheduled Tuesday or Thursday time.
- You will earn **participation points** for the activities we do in -class.
- If you choose not to attend class in-person, you will still be responsible for the activities completed in class. There will be an online option for uploading impromptu speeches, participating in discussions, etc. on each week's Moodle page.

COVID Safety Protocols

I hope that this semester is both engaging and safe. In order to keep everyone healthy, we will follow these guidelines:

- As per UM's requirements, all students must wear a mask for the duration of the class period.
 - If you are unable to wear a mask, I ask that you please participate in COMX111 exclusively virtually.
- All work will be submitted through Moodle to reduce contact.
- Please use hand sanitizer at the beginning and end of your time in class.

COVID SAFETY INFORMATION FROM UM

- Mask use is required within the classroom
- Each student is provided with a cleaning kit (the Healthy Griz kit). The

expectation is that students will clean their personal work space when they arrive for class, and before they leave the classroom

- Classrooms may have one-way entrances / exits to minimize crowding
- Students are discouraged from congregating outside the classroom before and after class
- Specific seating arrangements will be used to ensure social distancing and support contact tracing efforts
- Class attendance will be recorded to support contact tracing efforts
- Drinking liquids and eating food is discouraged within the classroom (which requires mask removal)
- Information on the nearest “refill” stations for cleaning supplies/hand sanitizer if applicable
- If the class is being recorded, students will be notified of the recording
- Stay home if you feel sick and/or if exhibiting COVID-19 symptoms
- If you are sick or displaying symptoms, please contact the Curry Health Center at (406) 243-4330

COURSE POLICIES

This is a communication course. Beyond just public speaking, communication involves interpersonal interaction, addressing conflict, and using your voice. If you have any questions, concerns, complications, or need any accommodations regarding assignments, grades, policies, etc., I expect you to communicate. Please let me know in a timely, respectful, and professional way. Meanwhile, my policies are outlined below:

Schedule Changes:

I reserve the right to make modifications to this syllabus as needed. I will inform

you via email if/when changes are necessary. Like last semester, this semester is full of unknowns, so please be patient with me if I need to make adjustments along the way.

Names and Pronouns:

My top priority is to create a class environment where everyone feels safe and welcome. If the name on my roster is not the name you use, please send me an email and let me know how I should address you. I will do my best to pronounce all names correctly and if I am not, you are welcome and encouraged to correct me. Finally, you deserve to be referred to with the correct pronouns and I encourage you to list your pronouns in your introduction assignments and/or let me know if I am incorrectly addressing you. This is a safe space for all identities.

Extra Credit:

For **every speech** I offer 5 extra credit points if you complete an activity designed to help improve your delivery. You are open to do ONE of the following activities for extra credit:

1. Visit the Writing and Public Speaking Center virtually for help
 - a. Please forward me the email you get from the WPSC after you complete your visit
2. Film yourself practicing your speech and write a short reflection
 - a. Take a video of you performing the speech as if you were giving it to our class
 - b. Watch your video and write 3 areas you can improve and 3 areas you did well
 - c. Email this to me!
3. Set up an appointment with Miranda (me!) to workshop your speech

Sharing Videos:

Please do not share, record, download and store, or repost the videos that are assigned within our course that were specifically curated for COMX 111 (i.e. videos that another TA or I appear in) without permission from me.

Contacting Miranda:

In the age of COVID technology intake is high and finding room for personal time can be difficult. For these reasons, I will only answer emails and Google Voice calls/texts from 8 AM to 8 PM on Monday - Friday. Please do not wait until the last second to contact me.

Please show respect for your instructor and your peers:

This class will maintain a civil, safe, and professional atmosphere. Respect differing opinions, backgrounds, and identities. Do not use vulgar or offensive language. We will create a supportive learning environment throughout the semester.

For students with disabilities:

If you have a disability that may require modification of the course, please obtain appropriate documentation from the DSS Office and then see me to discuss what arrangements need to be made. Please do so within the first 2 weeks of class in order to be effectively accommodated.

Late Work:

Without a doctor's note or communication with me regarding the circumstances, work will be deducted 5% for each day it is late. Without a doctor's note, speeches will be deducted 25% for each day they are late.

Unless approved by me, work cannot be submitted via email. All submissions, unless noted, will be made on Moodle or Edpuzzle. If you submit something via email, it will count as late until it is submitted to the correct platform.

Academic Honesty:

University of Montana's Student Conduct Code can be found at <http://life.umt.edu/vpsa/documents/StudentConductCode1.pdf>. The following types of plagiarism will result in an F on the assignment and any additional disciplinary action deemed appropriate:

- Incremental plagiarism (not attributing quotes or passages to a source properly)
- Patchwork plagiarism (cutting and pasting from multiple sources and making minor or no alterations)

- Global plagiarism (using a “canned” speech, reading a speech written by somebody else or in any other way using a source in its entirety without proper attribution)

Campus Resources– Basic Needs Statement:

Any student who faces challenges securing food, housing, or healthcare and believes that this could affect their performance in this course is urged to contact any or all of the following campus resources:

RESULT IN A FAILING GRADE IN THE COURSE.**

What Will My Week Look Like??

Monday:

On Mondays, your **online lessons** for the week will be due. They are due Mondays so that everyone has learned the content necessary to complete the week's activities before their in-person block. **By Monday at 11:59pm MST**, you should have first: **read any readings** assigned that week, and second: **watched the week's videos/completed any Edpuzzle questions**.

Tuesdays/Thursdays:

On Tuesday or Thursday (depending on which block you are assigned), you will **attend class** in-person for either the first 35 minutes or the last 35 minutes of our scheduled meeting time (again, depending on your block), providing you are comfortable attending class and are in good health. In class, we will complete **activities or discussions** that will apply the skills you learned about through that week's content. If you are unable to or uncomfortable attending your block, you will still be responsible for practicing the skills, but will do so by completing a comparable activity on Moodle, **due Thursdays at 11:59pm MST**.

Fridays:

On Fridays, any **exercises** for the week will be due. You will often have assignments that will reinforce the skills we are building through instruction and through in-person

activities. Assignments will be due **Fridays at 11:59pm MST** .

Speech Weeks:

During weeks that speeches are due, the schedule will look a little different. We will NOT have in-person sessions during speech weeks, as you will be recording your speech, reflecting on your work, and evaluating other students' speeches. Instead of the normal breakdown, we will use the following schedule:

- You will post your speech to the forum on Moodle and upload your speech materials by 11:59pm MST on Monday.
 - Note: Since the first speech due date falls on Labor Day, the first speech will be due on Tuesday, Sept. 8th instead of Monday, Sept. 7.
- You will submit your self-evaluation by 11:59pm MST on Wednesday.
- You will submit your peer-evaluation comments by 11:59pm MST on Friday.

Course Schedule

Note: all deadlines are 11:59pm MST and take the form of Moodle or Edpuzzle submissions, unless otherwise noted. You are welcome to submit work early, but late work (without approval or under extreme circumstances) will be subject to a 5% penalty for every day it is late.
