# Unpublished History

*By Ellen Kuehl*

Holographs of shadowed chemistry  
thrust through an amber sunset as  
the dawn of the night before  
bursts through the stars

Vegetation singing lullaby and  
hands beginning to hold  
fill the carbon existence with  
the last moments of life

With love, the only thing  
they know, the earth falls  
landing in a moment of time  
that will never make history.
