**Initiative to send a UM Recycling Fee to the Students**

Whereas, the University of Montana is a significant contributor to the municipal waste stream of Missoula,

Whereas, the University of Montana campus recycling program currently recovers only one out of every four recyclable goods,

Whereas, the University of Montana Recycling Program is experiencing a shortage of funds which makes it difficult for it to provide necessary services to the university,

Whereas, ASUM currently allocates no monies toward UM Recycling,

Therefore, let it be resolved that the ASUM Senate will send the following to a student vote:

An ASUM-generated referendum to support a new fee for the purposes of supplemental funding for The University of Montana's campus recycling program, UM Recycling. There shall be two (2) options put to the students of the University of Montana.

Option 1: This shall be a \$1.00 fee for UM Recycling. This fee shall be assessed, beginning in the fall of 1998, to all students registered for seven (7) or more credits in the fall and spring semesters.

Option 2: This shall be no additional funding for UM Recycling.

The ballot shall read:

\_\_\_\_\_ FOR a new fee of \$1.00 to support UM Recycling to be assessed to all students registered for seven (7) or more credits.

\_\_\_\_\_ AGAINST a new fee of \$1.00 to support UM Recycling.
