Public Comment

Two representatives from the Alliance for the Wild Rockies distributed literature and spoke on the Northern Rockies Eco System Protection Act.

Crowe-Yellow Robe moved to suspend House Rules to bring SB116 Resolution of Support for Campus Master Plan Update and Site Selection (Exhibit A) to the floor for consideration. Motion passed. (**Yellow Robe** requested a roll call, which was done.) Two friendly amendments by **Katzman** were accepted: 1) ASUM support of the Campus Master Plan and Site Selection is contingent on no net increase in the number of reserved parking spaces and 2) ASUM Senate does not support the construction of another bridge across the Clark Fork River. A friendly amendment by **Farooqui** was denied: eliminate the fifth WHEREAS. A call of previous question by **Lindsay-Schlosser** passed. Upon immediate vote, the resolution passed.

Crowe-Lewis moved to adjourn. This was delayed by a call by **Katzman** to move directly to **New Business**.

New Business

- a. Resolution to rework Constitution and Personnel Policy
- b. Resolution to attempt to cap Zero Base Carryover
- c. Resolution to Impeach J. P. Betts

- e. Resolution to make UM a sustainable campus
- f. Resolution for ASUM election reform

Exhibit A

RESOLUTION OF SUPPORT FOR CAMPUS MASTER PLAN UPDATE
AND SITE SELECTION

WHEREAS, in the past there has been considerable controversy on campus over the casual disregarding of the campus master plan and the land uses that it called for and,

WHEREAS, this conflict has given rise to a feeling of distrust between ASUM and the administration and,

WHEREAS, as a price of ASUM support for the sale of bonds for the new business administration building, the University administration agreed to update the campus master plan and,

WHEREAS, the sale of bonds for several new projects for the campus has resulted in a search for suitable sites for these projects and,

WHEREAS, the process was rushed to meet deadlines that should have been seen in advance and only partially took place on campus, and did not have a large amount of publicity to attract student input and,

WHEREAS, the process itself was excellent, well coordinated , and sought constructive input from all participants and,

WHEREAS, this process of collaborative effort resulted in an update of the master plan as well as the selection of four sites for new building projects and,

WHEREAS, these sites are in agreement with the principles in the charette process such as design, function, and scale as well as respecting land and area use guidelines and,

WHEREAS, ASUM would like to ensure that future campus development issues are decided in accordance with the campus master plan and that students are adequately informed and consulted before major siting decisions are made that therefore be it

RESOLVED, that ASUM does support the updated version of the campus master plan as well as the location of the sites for the bond projects already underway. This support is qualified, however, with the stipulation that if there is any deviation from the principles of the campus master plan or land use specifications, that deviation must be approved by Staff Senate, Faculty Senate, and ASUM. We ask that President Dennison honor our request in the spirit that this resolution has been written, so as to avoid endless conflict and strife.

Sponsors: Senator Jim Brown
President J.P. Betts

Amended to add:

- 1) Support is contingent on no net increase in the number of reserved parking spaces
- 2) ASUM Senate does not support the construction of another bridge across the Clark Fork River.
