VARSITY STUDENTS IMPORTANT AGENCY IN SCHOOL GROWTH

About Eighty Per Cent of Enrollment Due to Work of "U" Supporters.

FRESHMEN ARE HEARD

Committee to Be Chosen to Entertain Interscholastic Visitors.

"The university students themselves are the most important agency for increasing attendance at the university, and if we succeed in enlisting the students for these campaigns there need be no anxiety about increasing the enrollment," said President Edward O. Sisson at convocation Thursday, which was held to make plans for a campaign for new students. William Jameson, who acted as chairman, announced the purpose of the convocation.

"About eighty per cent of the university students have come to the university because of the personal association with some student, teacher, friend, or alumnae of the university," said the president. "We should organize, plan and systematize our action in bringing these students to the university. We want to make especial effort to bring those who will get the most out of the university and who will benefit the university. Prospective students are the direct and immediate objective. We need to have people of the state know about the university, about its ambitions, ideals, and its needs."

Lambert deMers explained that a chairman was to be chosen from each county or group of counties. He urged that chairmen who are willing to get out and work should be chosen, and that these chairmen co-operate with the central committee.

Mary Crangle, chairman of the Silver Bow committee, next told the ways in which the Silver Bow committee accomplished its work. She said that during the interscholastic track meet the committee pinned a distinctive badge on all members of the Silver Bow delegation, and entertained the delegation during its stay in the city. University pictures were shown in Butte, university literature was sent to students in the Silver Bow high schools, arrangements were made for the students in the Silver Bow high schools, to meet Mrs. K. W. Jameson on her trip to the high schools of that section of the state, and a list of the high

(Continued on Page 3.)

FORESTRY SCHOOL FACULTY WILL WORK FOR GOVERNMENT

All of the forestry school faculty, with the exception of Charles F. Farmer, whose duties as superintendent of buildings and grounds will require his presence on the campus, will spend the summer in special forest service work or special work for lumber concerns. It is an essential part of the work of members of the forest school faculty when possible, to spend their summers in some kind of field work, to acquaint themselves with the working conditions found in the forest service and with lumber concerns. In the event of the return of Dorr Skeels, dean of the forestry school on leave of absence, from the service, it is quite likely that his duties in connection with the school will prevent him from doing field work during the summer.

Foyer Dance.

The French Foyer benefit dance will be given by the Alpha Phi fraternity tomorrow night in Elk's temple. Sheridan's orchestra will play for the dance. The Misses Thelma Broadland and Vera Burkhardt will give an exhibition dance and the university quartette will sing several songs. Tickets one dollar. War tax ten cents.

DOLLIVER RETURNS FROM BATTLEFRONT

His Regiment Held in Reserve for St. Mihiel and Argonne Battles.

After 20 months in the service, seven of which were spent in France, Stafford Dolliver, formerly a student at the school of journalism at the university and recently discharged from the coast artillery as second lieutenant, arrived on the campus Wednesday. He will remain here visiting friends until Sunday when he expects to return to his home in Helena.

Dolliver entered the second officers' training camp at the Presidio of San Francisco in August, 1917. He received a commission as second lieutenant there after three months of training and was assigned to Fort Winfield Scott, near San Francisco. In July of last year he went to France with his regiment, the 62nd coast artillery. After a devious voyage during which his convoy closely approached the coast of Ireland in its effort to escape a submarine fleet, he was landed at Liverpool, England.

His regiment was equipped with six-inch rifles of naval type and was held in reserve both in the St. Mihiel battle and the Argonne forest fight, although it was never thrown in on the line.

"I'd rather be sitting right here under one of these trees on the campus than to be sitting in front of one of the pretty cafes on the Champs d'Elysees or any other place I know of," said Dolliver yesterday. He intends to return to the university next fall.

TREES TO BE PLANTED IN HONOR OF OUR DEAD

Arbor Day Memorial Service to Be Held May 13.

A tree will be planted in honor of every university man that has died in service at a Memorial service to be held on Arbor day, May 13. President Sisson appointed Professor William Aber, Dean A. L. Stone, Dr. J. E. Kirkwood and Charles F. Farmer as a committee to have charge of the ceremony. The committee will meet today to decide where the trees will be planted, and whether yellow pine, tamarack or Douglas fir will be used.

The Memorial service will be not only for the former university men who died in service, but also for those men who died while at Fort Missoula and in the S. A. T. C. camp. The services will be held in the afternoon at four o'clock, and the ceremony will be at the planting of a tree in honor of Marcus Cook who was the first university man to lose his life in service.

STUDENTS CAN SHOW OLD TIME PEP FOR MAY DAY CARNIVAL

"Em" Stone, Manager of Festival, Announces All Plans Are Complete.

MAY FETE IS FEATURE

Montana Traditions Receive Praise From Coach in Talk at S. O. S.

With the A. S. U. M. night program completed, student interest on the campus of the State University is now focusing on the May fete which will be held this year, May 3. Arrangements for the events of that day are now well under way, according to Emerson Stone, who has been appointed to manage the affair. In speaking of the matter, Mr. Stone said yesterday:

"During the course of his talk at S. O. S. last night, Coach Schreiber stated that before he came here he was informed by many of his friends that the State University of Montana is unique among educational institutions. Furthermore, he stated that it is the student body and the customs and traditions of student life here that have given Montana this name. If the university is to keep this good name, one thing is certain: the present student body must continue to carry on the traditional life of this institution with the same enthusiasm as did the students who have now graduated.

"In my opinion, there is no other occasion in the calendar of the university year which offers so great an opportunity for the expression of 'pep' as does the May fete. It is an event in which individual effort figures prominently, and in which each student may and is required to take part. There is something for each student to do. If the fete this year is to come up to standard set in the years before the war, every student who is now in school must take his part.

"The first event of the day's program will be the parade. There seems to be some misunderstanding regarding this feature. I wish to have it understood that the parade program is exactly as it has been in the past. Every organization on the campus will be expected to make its contribution of a float or stunt. Craig hall, the Y. W. C. A. and the various sororities will be asked to take part in the event as will Simpkins hall, the schools and departments of the university, the Y. M. C. A. and the fraternities. It is probable that the university will furnish a float. Many of the organizations have already begun preparations. The Y. M. C. A., several of the fraternities, the R. B. and some of the sororities have begun plans for the event.

"There is nothing in the rumor that the sororities and fraternities will not take part in the event this year. They will be expected to do so. No restrictions will be made as to the nature of their contributions other than have been made in other years.

"I do not wish it to be understood, however, that the parade is made up only of those features provided by organizations. The event provides fine opportunity for individual stunts, and it has been due to these that the parade has attracted so much attention in the past. The more clowns, and small

(Continued on Page 3.)

Many Star Acts for Campus Show Held Tonight at the Bijou Theater

Hazel Baird to Debate.

Under a special ruling by President E. O. Sisson of the State University Hazel Baird will not be barred from debating for Montana against Utah May 1.

Annual A. S. U. M. Night Performance Called for 7:00; Second Bill at 9.

The A. S. U. M. show at the Bijou tonight presents a fine and varied program. The advance seat sales indicate a crowded house with the S. R. O. sign up for both performances. The "Pan" shows will seem tamer than ever after witnessing the star acts to be staged tonight.

There will be several squads of the R. O. T. C. to give exhibition drills in bayonet work, manual of arms, and calisthenics. A burlesque on the training corps will be staged under the able command of Russell Ireland. His rookies will show themselves greener than the isle after which their C. in C. was named.

The university quartette promises all of the latest Broadway hits. This act in itself will be worth twice the price of admission. Harmony with a capital H will feature every song.

An interesting part of the program will be a boxing match in which Pat Keeley will challenge all comers. This is to be put on for the purpose of testing the new Montana boxing bill which was passed at the last session of the state legislature.

"The Work House Ward" is to be presented by members of the Masquers' club. It is a very clever little one-act playlet and the cast has put a great deal of time into the study of its parts.

Carlson and Adams will pull the funny stuff along the line of the Swede just over from Minnesota. It is a wise thing to get prepared for their line by taking a deep breath and a good hold on your sides before they start talking. To look is to laugh, but when you hear them—oh, boy!

The prettiest act of the evening and one which has required a lot of difficult training, will be the aesthetic dancing by Thelma Broadland, Charlotte Shephard and Edith Lilliefors.

The entire bill will be far above the grade of the average vaudeville show which plays in Missoula, and the admission price of thirty-five cents is not as much as that charged for the other shows. There will be two performances, one commencing at seven o'clock and the other at nine.

MAY FETE COSTUMES STILL UNFINISHED

Karen Hanson Decries Lack of Interest Shown by Coeds in Festival.

"It is a question of whether the May fete will be a success or not," Karen Hanson, chairman of the committee for May fete costumes, said last night. At the present time the sewing is not nearly completed and in order to put on a fete that will rival all previous ones, new and attractive dresses must be finished. The aid of every girl in the university, whether her name be on the list or not, is needed for the costumes must be finished Saturday.

The following girls are asked to report at the domestic science rooms of the new Science building Saturday at 1:30: Lorene Lalor, Ann Howard, Nora Howard, Luella Ling, Ruth McQuay, Elizabeth MacLay, Carrie MacLay, Lillian Nestead, Victoria Mosby, Judith Murphy, Alice Neal, Laura Nelson, Mildred Patterson, Adalouie McAllister, Evelyn Rafferty, Helen Prescott, Ruth Robinson, Leila Shipley, Leah Black, Edena Schuman, Inez Tiedt, Phoebe Walker, Edna Belknap, Hilda Benson, Kathleen Broadwater, Marietta Clague, Ida Sylvester, Wana Edwards, Lois Emhoff, Ruth Klein, Viola Hamilton, Marjorie Harrington, Inga Hoen, Neola Hollenstainer, Ruth Jarl and Jodie Wren.

The committee, Karen Hanson, Marian Leech and Virginia McAuliffe, ask that the girls let one of them know if they cannot come. Each girl is asked to bring her own needle and thimble.

UNIVERSITY GRADUATE DEAD FROM INFLUENZA

Miss Helen McCrackin, a former university student and a member of the first class to graduate from this institution, died at her home in Hamilton, death resulting from influenza.

Miss McCrackin was the first student to sign the register of the University of Montana and received a degree of B. A. in English at the end of her four year course. While in school she was active in school affairs and has been a loyal booster for the Montana State University. She was for several years president of the alumni association of the university. After she was graduated from Montana, Miss McCrackin attended Bryn Mawr for a year before going to take her master's degree at the University of Chicago.

For several years past Miss McCrackin has been employed as teacher of English in the Hamilton high school and this year she was elected principal of that school. Her mother, Mrs. W. W. McCrackin, resides in Hamilton and it was with her that Miss McCrackin has made her home for the past several years.

STUDENTS HAVE SECOND SINGING ON THE STEPS

Wednesday night at 7:30 the university student body met on the steps of University hall for the second Singing on the Steps of the school year, the first being held the night before sneak day.

Roy F. Allan, cheer leader, had charge of the meeting. Emerson Stone led the students in singing the university songs, while Allan led the cheers. W. E. Schreiber, head of the physical education department, and William G. Kane were the speakers, both talking on Montana pep and spirit.

When the university clock struck eight all the students stood in silence until the last stroke, and then sang "College Chums" and quietly dispersed.

The S. O. S. was held to arouse enthusiasm in the interscholastic meet. They will be held regularly the rest of the year.

The P. E. P. club will play the high school baseball team Friday afternoon at four o'clock on the university diamond.

FRIDAY, APRIL 25, 1919.

THE UNIVERSITY OF MONTANA—MAKE IT GROW.

At the student convocation yesterday plans were made to further the work in getting new students. Start your good work at once. First of all make plans for your own return to the University next fall. Further those plans by promising to yourself that you will bring back with you at least one more student. When in your home town or community talk about the University of Montana until you arouse an interest that will mean much for the future of the institution. Tell of the work, ideals and customs of the University and make it plain to them what it stands for and how it is growing.

Next fall we hope to set a new record in attendance. Many former students, who have been in the service, have signified their intention of enrolling. But it is at the present time that the University will need the support of everyone, students, faculty and friends. Remember, that this is your University. The little things you may do will crystallize into the thing that will be the pride of the state of Montana—its University.

The Other Side.

The complaint of Miss Helen Sard Hughes, published in a communication in this issue of the Kaimin, is perfectly justified. Her suggestions to study silently, without whispering, without needless moving about, without turning pages noisily, are good and they are reasonable. But this is another case where "there is much to be said on both sides."

It is not altogether the whispering, the moving about or the noisy turning of pages that is the cause of distraction in the library.

The only reason we hesitate to state the "other side" is that it touches the wheels of the machine—the faculty, in an indirect manner, and in the second place it will be much more difficult to remedy than the other causes of disturbance in the library.

Any student or professor who has ever tried to spend a few minutes in quiet study or reading in the library, and this applies particularly to the west

side of the reading room, recalls noises that issue at not infrequent intervals from the outer library office. Here is a typical occurrence: The click, click, click of a typewriter issues forth noisily through the thin wall of the office; the telephone jangles; a voice answers the ring in a modulated tone, that is nevertheless heard distinctly in the reading room; and the climax comes with a clang, clang, clang on the steam pipe in the office as a professor is summoned—via Morse code, or whatever it is that is used—from the upper regions of the library.

This is not meant as criticism, however, but merely a statement of undeniable facts that the students are not the only disturbing "elements" in the library.

Ignorant Essays

The Freshman Life of Clarice.

Chapter XIV.

Our Hero, having nothing to do, decided to take in the weakly Pantages show. The first thing was an episode picture in which the hero almost killed the villain without even scratching his collar. But the movie was a disappointment as there were not enough killings or narrow escapes. And then the first act, the best part of which was where the actors rode off the stage on their bicycles. And the next was too long, way too long. Then came some dancers, barefoot kind. Everybody could see through this part of the show. Clarice wiped his glasses and concentrated, and when it was over decided that the co-eds were going to do the same stuff May 3, and do it just for exercise. A man with a banjo entertained. He made a speech telling the audience to applaud the actors. Clarice admitted to himself that they should have some recognition, but what kind he knew not. And then some wild west riders had a couple of horses and showed the cowpunchers in the audience how not to ride. When it was all over our Hero breathed a sigh of relief. Why go to school, he mused, when you can get paid for stuff like that? (To be continued.)

Indoor Sports.

Lines, Just Lines.

The Ignorant Essayist
Idly drums the Underwood
Keys. Wondering, worrying for
He has a column to write.
Wondering how
To fill his assignment when it
Dawned upon him that lines
Take up space.

Kewpie Stewart, the wearer of the immortal shroud, is visiting his friends.

New Bait.

The C. O. D. club caught another mess of fish and initiated them. Does this mean a corner on university fish?

Missoula lost the flying circus. Another case of a bird in the hand is worth many in the air.

Many a man leads a fast life on Slow Ginn.

Why Print Them?

"Student Lies," name of Utah Agriculture College paper. That is all right, but why be so plain about it.

Well, goodbye.

S. O. L.

Your University

A Brief History of Our Institution

Nearly every high school and university has its representative paper. The paper published by the students of the University of Montana is the "Kaimin." This means, in the language of the Selish Indians, "something in black and white."

The Kaimin was established in 1897. It was originally a monthly paper put out on the 15th of every month in the college year. The staff consisted of students interested in the department of English as there was no school of journalism at the university at that time. Later the Kaimin was published as a bi-weekly, then as a weekly and now it is put out twice a week, on Tuesday and Friday, by the students in the school of journalism.

Many a university education is carried around in a notebook.

Problems of Peace

The ending of the war does not lessen the responsibility of Montana citizenship. Rather, the problems of peace are more difficult of solution than those of war. The State University of Montana has for its main purpose the development of the right idea of citizenship and of the responsibilities of Montana citizenship. This state has made a war record which is remarkable. To continue that record in time of peace, to add to the usefulness of this commonwealth, is the present-day duty of every Montanan. To aid in this achievement is the aim of the State University. Practical courses, vocational schools, well-defined ideals offer to the Montana student the best opportunity for education. FOR CARNIVAL ON MAY DAY

(Continued from Page 1.)

stunts that are provided, the better will be the parade.

"The parade will begin at 4 o'clock in the afternoon, soon after the finish of the track meet of that day. It will follow the usual course, down University avenue to Higgins; north to the Northern Pacific station, and back the same way to the university.

"The May dances is the second event of the day. This event has served to make the May fete known all over the northwest, in my opinion. Beyond all doubt, it is the feature of the day. The women students have been hard at work on the dances for weeks now, and I am told that they promise to be better than ever before. Much credit is due the co-eds for the work that they have done and Charlotte Shepherd for the way in which she has handled the affair.

"In the evening following the dances comes the carnival. This event furnishes the climax of the day's fun. Shows of all natures are provided by all who will give them. The more the merrier. After the shows will come the final event, the jitney dance in the gymnasium. Reservations for booths in the gymnasium are now being made."

Those who desire places in which to give stunts in the gymnasium will see Emerson Stone regarding the matter.

VARSITY STUDENTS ARE BIG
FACTOR IN SCHOOL GROWTH

(Continued from Page 1.)

school graduates was given to the registrar. In this way the university was advertised, and naturally new students were attracted here.

Miss Hazel Baird, a senior, said that the freshmen should be particularly successful in interesting prospective students in the university. "The freshmen," she said, "are better acquainted with the high school students, and can exert more personal influence over them."

"The three good arguments that will help to bring new students are that the university is a state institution, it is a good school, and Montana students are Montana boosters," said Jessie Bierman, a freshman, who was the last speaker.

Organize Bitter Root Club.

The Bitter Root club was organized Thursday with Joe Townsend of Stevensville as chairman and Hildred Gleason of Florence as secretary-treasurer. This club is an old organization of university students in Ravalli county and for some years has worked for the purpose of securing new students for the university. Last year it was Bitter Root teams who walked away with the meet. This fact proves that Ravalli county has good material and the club aims to bring some of it to the university.

Helena Students Organize.

The students from Helena met in room U. 16 immediately after convocation yesterday and talked over a plan of procedure in the campaign for a larger attendance at the university next fall. It was decided to purchase badges for all Helena high school students who attend the track meet this year and also, by means of personal talks, to give them an idea of what the university is like.

Margaret Turner was elected president of the organization by the nine students who were present.

EMERSON STONE GIVES RECITAL.

Emerson Stone, a post-graduate of the university, accompanied by Miss Bernice Berry, a former student in the school of music here, gave a voice recital at Plains, Montana, last Monday night. Before the program commenced, community singing was held, under Mr. Stone's leadership.

The recital was held in the public library.

Communications

To the Editor of the Kaimin:

Work while you work and let your neighbor do it too.

I spent half an hour in the library Wednesday evening and now I know the meaning of the complaint, "I'm a slow reader, Miss Hughes." So was I until I fled upstairs with the other wise ones.

Before I fled I met the president of the A. S. U. M. "I'm going to write a letter to the Kaimin about the noise in the library," I said. "Will you back me up?"

He eyed me thoughtfully and replied, "I don't know," and then he fled upstairs himself. I admired his discreet hesitation, for at the moment my mood was unsafe.

But, seriously, cannot we start a new daylight saving campaign by doing more concentrated work in less time? Can't we bring Montana work up to grade by more work rather than more hours? Can't we enjoy the spring quarter and not waste it?

Here are a few suggestions offered

sincerely and not unkindly: Stop conversing in the library even in whispers. Stop walking about and in and out. Stop turning pages noisily. Stop comparing notes with your neighbor. Instead, study silently and without interruption for one, two or three hours, and then go elsewhere for recreation.

Self-control and consideration for others will help to make a record for the spring quarter, 1919, on May day, at the interscholastic meet, on the baseball, diamond and the track, and on the honor roll as well.

And lack of self control and consideration will multiply the yellow slips.

Work while you work, and let your neighbor do it too.

HELEN SARD HUGHES.

Saturday Afternoon Tea by Y. W. C. A.

Saturday afternoon the Y. W. C. A. will give a tea at which the girls who serve will be dressed in foreign costumes. The tea will probably be held at the Craig hall parlor. A silver offering will be taken for the benefit of the World's Fellowship club.

FIRST BALL GAME WON BY GRIZZLIES

Varsity Nine Takes City
League Team in Camp by
10 to 4 Score.

The Grizzlies defeated the Rochester team of the Missoula City league 10 to 4 in a fast game on Montana field Tuesday afternoon. The varsity scored easily while Vitt held the town team to five hits. With the exception of the outfield the University nine looks strong enough to give all comers a hard fight.

The Bruins started scoring in the first inning, running in two tallies on singles by Howard and Vitt and a wild throw to third by Callahan. In the second frame Scherck led off with a smoking single, stole second and scored on Shepherd's liner over second.

In the fourth inning, the varsity put over three more runs, putting the game on ice. McKain was safe on Johnston's error, Spiller walked and both men advanced on a wild throw. Scherck knocked a roller to short and McKain was called out at home on a close decision. Shepherd was hit by a pitched ball, filling the bases. Johnson missed Ross' grounder and two scores came in. Whistler singled after Patterson had walked, scoring Shepherd.

Four more runs were scored the last frame when the Bruins found Barry who had replaced Rice easy.

The Rochester nine scored twice in the second inning through some questionable outfielding by the University team. The city leaguers scored again in the fifth on a base on balls, two errors and a two base hit.

Umpire, Batchelor.

UNIVERSITY MASONS PLAN ESTABLISHMENT OF HOME

Plans were considered for the establishment of a clubhouse and meeting place for members of the Masonic fraternity on the campus, at a meeting held Wednesday at 4 o'clock in the office of Thomas C. Spaulding, professor of forestry. The meeting was attended by both faculty members and students of the fraternity and a committee consisting of F. J. Zuck, Thomas Swearingen and Thomas C. Spaulding was appointed to make a canvass of the Masons on the campus. As soon as the organization is completed and the clubhouse arranged for, a billiard table and other forms of amusements will be installed.

Gillem Has Record As Baseball Player

Everyone has his hobby and Lieutenant Colonel Gillem, R. O. T. C. commandant, is no exception. Since his freshman days in college the colonel has played baseball. As a sub-freshman and as a freshman at the University of Arizona he played shortstop and was captain of the team during the two years. His last three years in college were spent at Sewanee, the University of the South. Here Lieutenant Colonel Gillem played on the varsity team during his three years at shortstop and pitcher. The Sewanee team won the all-southern championship in the spring of 1909.

In 1910 the commandant was commissioned a second lieutenant through a competitive examination from civil life. Since that time he has won distinction and promotion as an officer but he has also kept up his baseball interest. In 1911 Gillem played on the

Manila army team, of which he was manager. He was third baseman for the Border Champs in 1915.

Every evening he is out with the varsity and shows up like a promising senior with a reputation of three years duration, but the lieutenant colonel has a baseball reputation of fifteen years' success.

TENNIS TOURNAMENT MAY 26.

Beginning the 26th of May and continuing through the week to May 31, the annual tennis tournaments will be held on the courts behind Craig hall. Both men and women's tournaments will be held the same week according to Coach W. E. Schreiber. The tournaments will be confined to individuals and will not be inter-class or inter-fraternity games. Finals in the games have been arranged to be played off on Saturday morning.

The tennis courts are being rolled and the proper lines marked off so that they will be in good shape for the coming games.

FIRST WOMEN'S GINDER MEET TO BE HELD SOON

There will be a track meet and baseball and tennis tournaments for co-eds during the next month. All the games, whether between classes or individuals, will be decided on an elimination basis. The first series of baseball games, beginning May 5, will be inter-class. The inter-organization games will follow.

The track meet which is to be held the first week in May, will be inter-class. Trophies will be given both the winning class and individuals. The biggest event of the meet will be the class relay race.

The tennis tournament, beginning the second week in May, will be entirely between individuals.

Delta Rho Pledges.

Delta Rho announced the pledging of Bruce Ross and Alfred Farmer of Missoula.
