LIST OF FACULTY INCREASED BY 22

Post-War Conditions Are Largely Responsible for Big Addition of New Names to the List of Instructors at the State University the Coming Year.

Twenty-two educators will serve at the State University this year for their first time. A few of them are filling positions made vacant by resignations, but the greater number are taking new positions which have been created by post-war conditions. Dorr Skeels, dean of the forestry school, Dr. J. P. Rowe, head of the geology department, and A. L. Merrill, assistant professor of mathematics, who have been on military leave of absence, have returned to the University this quarter.

Professor H. G. Merriam comes to the University as head of the English department from Reed college, Portland, Ore. He attended Lincoln college, Oxford, England, on a Rhodes scholarship from the University of Wyoming in 1904. He received his B. A. degree from there in 1907, took graduate work at Harvard in 1910, and received his M. A. degree from Lincoln college, Oxford, in 1911.

Professor Merriam has had wide experience as an educator. He taught two years at Whitman college, three years at Beloit college, Wis., and for the past five years he has been at Reed college, Portland. He taught two summers at the university of Colorado and at the University of Oregon.

During the early part of 1918, Professor Merriam was in the Y. M. C. A. work with the French army. Later he was with the American Army Education commission at London. Mr. Merriam is chairman of the state committee on the selection of Rhodes scholarships.

E. L. Freeman, instructor in English, received his B. A. degree from Wesleyan university in 1915, and took graduate work at Northwestern for two years. In 1917 he went to Europe with the British Y. M. C. A. He was a pilot in the naval aviation corps during 1918-19 until his discharge.

Eugene Ormsbee, instructor in English, received his B. A. degree from Washington State College. He has taken graduate work for two summers at the University of Washington, and one summer at the University of California. Mr. Ormsbee has taught nine years in the high school at Walla Walla. He entered the service in 1917 and was in the spruce division. He was a first lieutenant in the infantry.

Biology Department.

H. G. Owen, assistant professor of biology, is taking the place made vacant by the resignation of A. W. Bray. He received his B. A. degree from the University of Denver in 1914, and his M. A. degree from the same institution the following year. He has taken graduate work at the University of California.

Professor Owen was instructor at the University of Denver during 1915-17. Later he was head of the biology department at the New Mexico Normal university.

Karl C. Hyde, instructor in botany, is taking Paul Graff's position, who is filling Dr. Kirkwood's place during the latter's leave of absence. Mr. Hyde received his B. A. degree from the University of Indiana in 1915, and took graduate work at the Indian State Normal. He taught botany at a high school in Evansville, Ind. He was instructor of botany during 1917-18, and a member of the Indian Academy of Science.

Business Administration.

There are two new instructors in the department of business administration. Professor Shirley J. Coon, head of the department of business administration, received his B. A. degree from Beloit college and his M. A. from Ohio State University. He was head of the department of history and political science in a high school at Sandwich, Ill. He was on the staff of the federal food administration. He comes to the University from Ohio State University where he was assistant professor in business administration. He has taken two years of graduate work at the University of Wisconsin and at Chicago.

Leo H. Shaefer, instructor in the same department, took his B. A. degree at the University of Wisconsin in 1917. He has had experience in night school, office, executive and administrative work. He has had four years experience in academic teaching.

Walter R. Ames, assistant professor of education and psychology, took his Ph.D. degree from the University of Wisconsin, and his Ph.M. from the same university the following year. From 1912 to 1915 he was principal of the Valier high school. He comes here from the University of Wisconsin, where he was an instructor in education. He will teach advanced psychology and school supervision at the University.

Harold C. Urey, who was graduated from the State University in 1917, is instructor in the chemistry department. Since 1917 he has been with the Barrett company in the chemical department. He worked carbolic acid, xylol, and other chemicals used in the manufacture of high explosives, and with general coal tar products. He has taken the position which Webster N. Jones held.

Home Economics.

Miss Kate Daum, assistant professor of home economics, and Miss Ethel Clark, director of Craig hall and assistant professor of home economics, are the new instructors in the home economics department. Miss

(Continued on Page Three.)

FRATERNITY COUNCIL DECIDES PLEDGE DAY SHALL BE OCTOBER 12

At a meeting of the Inter-Fraternity council Wednesday night it was decided to publish the following regulations regarding pledges and pledging:

Rule 1. Pledge day shall be Sunday, October 12.

Rule 2. No fraternity man will be allowed to talk to, or be with any freshman from 6 o'clock Saturday, October 11, until noon of Sunday, Oct. 12.

Rule 3. Any pledge who returns his button will be ineligible to become a pledge of any other fraternity until after the remainder of the quarter in which he returned his pledge and the following quarter have passed.

The request of the committee in charge of Homecoming day that the fraternities assist in urging alumni to be here on that day was favorably acted upon and everything possible will be done by the Greek letter organizations to make Homecoming day a big success.

WEEK'S SALES AT STUDENTS' STORE AGGREGATE \$1700

Manager McHaffie Required to Employ Two Assistants at Counters.

EXPECT TO ENLARGE

Showcases Will Be Added and Additions Made in Line of Stock.

Seventeen hundred sixteen dollars and seventy cents has been taken in at the campus store since its opening September 25, Stuart McHaffie manager of the store said yesterday noon. Plans are being made to expand the capacity of the store by the addition of more showcases. Hiking goods will be added to the stock.

Mr. McHaffie said that it has been almost impossible to supply the demand for candy and cookies. Stationery and toilet articles are also in big demand.

The store started without any capital and with fixtures amounting to \$210. Sales slips are given with every 25 cent purchase. The rebate at the end of the year will depend upon these slips. The store carries an insurance of \$1,000. A watchman is employed to prevent anyone breaking in at night. On account of the large amount of business it has been necessary to employ two assistants.

Varsity Football Gloom Clouds Are Fast Disappearing

"Boy, Howdy!" Football prospects took a leap yesterday. Harry Adams, varsity letter man in football in 1915 and 1916, a member of the Montana team that tied Syracuse, a letter man in track, last night telegraphed that he was on his way to Montana to register.

And then as the gridiron followers spirits were rising, along came word that Cour Howard, one of the greatest athletes who ever attended the University, is on his way. The climax of a perfect athletic hope day came when it was learned that next week Dwight Carver will be out for a tackle job next week. Carver is a varsity football letter man of the 1917 team.

Cach "Bernie" Bierman and Athletic Director Schreiber wear smiles today, for a few of the gloom clouds are disappearing. Coach Bierman is not overly optimistic, but knows with the help of the three letter men who will report in a few days that he will be able to again take the Aggies into camp. Things are never so gloomy as just before the first game, said Coach Schreiber, and he last night predicted that Montana would give a good account of themselves in northwest football circles.

"Let's Go, Montana," is on every student's lips today.

Where to Get Your Kaimin

The Kaimin will be delivered to the students at the campus store twice a week on Tuesdays and Fridays. But one copy of each issue will be given to a student.

DR. LEVINE LEAVES FOR POST ON NEW YORK WORLD

Dr. Louis Levine, who was given a year's leave of absence from his professorship in the department of economics at the State University to enter the staff of the New York World, left Missoula yesterday afternoon on the North Coast limited to take his new position. He will write articles on economic questions for the Sunday World and will also cover special daily assignments. Dr. Levine is recognized as an authority on economics. His book on French Syndicalism was used by the American Commission to Negotiate Peace in Paris. His salary on the World will be \$6,500 a year.

OLD TIME ACTIVITY MARKS FRATERNITY CIRCLES ON CAMPUS

Scarcity of Houses in Missoula Felt by Greek Letter Societies.

Fraternity conditions on the campus take on a brighter aspect this year than they have had for some time in regard to men, many of the old ones being back and lots of bright freshmen that soon will be fraternity men. The only drawback that fraternities have suffered so far is the lack of houses. Some fraternities and sororities have not been able to locate yet, but they will soon be in their domiciles.

The Delta Rho fraternity is in the same place at 500 University avenue, with twenty old men back; Sigma Phi Epsilon have bought a house at 418 Daly avenue. They have 16 members back; Iota Nu have thirteen men here. They are not located yet, but expect to have a home on McLeod avenue within a month. Alpha Delta Alpha are living across the river at 523 East Front with 12 men. Sigma Chi has bought a house at 340 University avenue, and are at present remodeling it. It will be ready for occupation in about six weeks. There are 15 old men here; Sigma Nu have opened their home at the corner of Higgins and Daly with 15 men.

The sororities have not fared as well as the fraternities in having so many to open house. Kappa Kappa Gamma are located at 630 University avenue; Delta Gamma are at their same home at 828 Ronald avenue. Alpha Phi are at 239 University avenue. Kappa Alpha Theta and Delta Sigma Chi have as yet not been able to locate but expect to within a short time.

UNIVERSITY VETERANS ORGANIZE ON CAMPUS

George Lambert of Great Falls was named president, George Scherck of Missoula vice president, and James Murphy of Minneapolis secretary and treasurer of the American Legion club of the University of Montana which was organized on the campus yesterday. The club is composed of men who were in the service of America during the world war.

A committee composed of James Harris of Butte, Pat Keeley of North Dakota and Martin Carlson of Missoula was named to draw up a constitution and by laws. Mosby, Dorrance Roysdon of Chicago, and Scherck were appointed members of the entertainment committee, and they are planning a dance to be given at an early date.

PHARMACY SCHOOL WANTS ASSISTANT TO MEET GROWTH

Mollet Petitions for Student Instructor to Care for Classes.

WILL SEND DELEGATE

Representative Will Attend Convention at Washington, D. C., in May.

Because of the peculiar conditions existing in the school of pharmacy, Dean Charles E. Mollet has petitioned for an instructor and a student assistant. The petition is now before President Sisson. The situation is a result of the large enrollment and the irregularities in registration.

It has been necessary to make a good many additions to the curriculum to meet the requirements of the returned soldiers whose courses do not fit in with those offered for regular students. Although new equipment has been added the enrollment is so large that it cannot accommodate some of the larger classes. They have been divided, thus putting a larger burden on the instructors. The teaching staff consists of Dean Mollet, Professor Zuck and Instructor John Suchy.

An additional reason for enlargement lies in the fact that the School of pharmacy has for the first time been invited to send representatives to the convention of the United States Pharmaceutical society, which meets in Washington, D. C., in May. This society has met once every 10 years for the last 75 years. Representatives to it are selected from schools meeting certain requirements as to age and facilities. In order to attend this convention it will be necessary for the representatives to be absent for about a month. This is impossible with the present teaching staff. Dean Mollet is asking for what he believes to be the minimum of help necessary to allow the school to do the accustomed amount of association and research work.

UNIVERSITY WILL HAVE REAL BAND ON CAMPUS SOON

George Phillips Is Organizing Musicians for All Sections.

Prospects for a University band this year are good, according to George ("Swede") Phillips, who is temporarily in charge of that organization.

"With the exception of a first cornetist and a solo cornetist, the band is almost complete. We have a full trombone section, a clarinet section, two saxophones, two baritones, a tenor and a base. This is placing the band on a minimum basis, however, and all men who play band instruments are urged to sign up," said Phillips.

With the complete organization of a first class band, promise has been made of an appropriation by the state board of \$2,000 for suits and instruments, according to Phillips.

FRIDAY, OCTOBER 2, 1919.

THIS IS THE ANSWER

Many of the Frosh and other new students have asked, "What is this Homecoming day?" Let it be known to all that it is to be the Red Letter day of the school year.
It is the day set aside for a reunion of all former students of the State University. Every one will be urged to be here Thanksgiving day, November 27, for this event. It is hoped that a closer bond between the University and its alumni will be created and continue to grow stronger each year.
Homecoming day will be the festal day of the year. Entertainment for all will be furnished from early morning till late at night, with the football game with Washington State College as the feature. Any further questions? If there are, watch the sport page of the Kaimin.

SOME JAZZ—MAYBE

An early start is being made for one of the most needed organizations on the campus—a Varsity Band. According to reports enough players are to be found for a complete band in every section. Nothing would be more appreciated than some good music before the S. O. S. meetings, an occasional campus band concert, or some fast, peppy music at athletic events, on Sneak day and other campus holidays.
The students are doing their best to get the organization going. In the way of making it worth while for the students, at least two credits in place of the present ½ hour credit would be more attractive and nearer the true value of the work of the bandmen.
The Billings High School has abandoned its magazine as a school publication and changed to the newspaper. The first issue of the Kyote in this form has been received at the Kaimin office and is a very creditable paper.
September, 1919, marks the renaissance of the "Old Montana Spirit."
Looking at many of the old faces on the campus seems like some of us just hate to get that degree.
Someone said of this time of the year, "The melancholy days are come," but he wasn't registered at Montana "U."

The journalism shack is happy. The Crow has flown back to the old haunts after 30 months in the army.

FACULTY LIST IS INCREASED

(Continued From Page One.)

Daum received her B.A. and M.A. degrees from the University of Kansas. She took graduate work at the University of Chicago. She was assistant and later instructor at the University of Kansas. Miss Daum was dietician at the university hospital at Kansas City, Mo., and for two years she was instructor at the University of Indiana.

Miss Clark is a graduate of the University of Illinois. She was dietician in a Presbyterian hospital in Chicago and has had experience in Y. M. C. A. work. She is a member of Sigma Xi, national scientific society. Miss Clark is in charge of the institutional division of the home economics department.

W. E. Christensen, assistant professor of journalism, received his B.A. degree from the University of Nebraska in 1918. He enlisted in the Coast Artillery corps at Fort Monroe, Va., in 1917. Mr. Christensen has had three years experience on the Nebraska State Journal, where he was sports editor.

Bernard W. Bierman, assistant coach and instructor in physical education, was graduated from the University of Minnesota in 1916. He coached the football team of the Butte high school and was instructor in the commercial department there during 1917. He enlisted in the marine corps and was detailed to Cuba. He was commissioned first lieutenant and later captain. He was pronounced by Walter Eckersall of the Chicago Tribune as all-American halfback.

Assistant Librarians.

Miss Lucia Haley and Miss Margaret Heimer will be the new faculty members in the library. Miss Haley, who will have charge of the reference and loan desk, is a graduate of the University of Washington and of the Pratt Library school. She has had wide experience in the Seattle library, library of the University of Washington, and the Oregon State library. She worked also in the La Grande public library and in the library at Willamette university.

Miss Heimar, cataloguer, received her B. L. S. degree from Simons college in 1916. She worked in a high school library at Orleans, New York, and was assistant cataloguer at the Pennsylvania State college when she came to the University of Montana.

Dr. J. E. Miller, assistant professor of history and political science, is filling the place made vacant by the resignation of Dr. H. A. Trexler, former assistant professor in the history department. Mr. Miller received his B. A. degree at the University of Kansas in 1910, and took graduate work at the University of Illinois, where he received his M. A. degree in 1913, and his Ph.D. a year later. He has an LL.B. from the University of Kansas.

Dr. Miller was a reporter on the Kansas City Star for 11 months. He taught at the University of Illinois from 1914 until January, 1918, when he enlisted in the navy. He is an ensign.

School of Music.

The school of music has four new members on its teaching staff. A. H. Weisberg, professor of violin, harmony and orchestra at the University, studied in Leipzig and Paris under Hans Becker, violinist, Alexander Reny, Gustave Scherck and Arthur Nikisch. He has had wide experience with orchestra and choral societies. Mr.

The Snappy Stuff

That's what the young fellows want; that's what we have for them; and they're coming to us to get it. Our designers have certainly done a great work for us this season; never before such "live" styles as now.

Shown above is a view of one of the new belted suits that are popular with young men this fall. There are many variations—plaits, yokes, plain backs, many pocket variations—they're all here, and they're all right, Style, Quality, Price.

Missoula Mercantile Co.

Weisberg was director of orchestra, chorus and harmony at Cottey college for women from 1904 to 1910, and director of the conservatory at the State Normal college of South Dakota for two years from where he went to Philadelphia. He came to the University from there.

Miss Bernice Berry, who attended the University of Montana in 1915-16, is now instructor in music. She studied under Boyd Wells in Seattle and under Vernon Spence in Los Angeles in 1917-18.

Miss Berry was accompanist for the Missoula Philharmonic society, soloist for the Minnesota Symphony orchestra, accompanist for the symphony orchestra at the University of Minnesota and for Frederick Powell in Los Angeles. She also took part in a recital with Leopold Godowsky.

Miss Clara Wolter, instructor in piano, will have charge of the advanced work at the University. She studied under Joseph Fash for three years and attended the St. Mary's academy at Mt. Angel for two years. Miss Wolter studied with Miss Kate Calvin two years. She took piano and pedagogics under E. B. Fleck, one of the three private pupils of Rubenstein, and organ, theory and harmony with C. H. H. Sippell, nationally known as a composer. Miss Wolter has taught 16 years in succession in Seattle with one interruption of a year when she studied again under Fleck. Her students were given credit at the University of Washington. During the past summer she took class work with Leopold Godowsky.

Austin Abernathy, baritone singer and director of a large number of choral societies, will be professor of voice at the University. Mr. Abernathy has pupils who have become well known vocalists. Homer Rodehaver, singing evangelist, is one of Mr. Abernathy's pupils.

He is a graduate of Highland Park college, where later he was teacher of voice culture and public school music for three years. From Highland Park he went to Buena Vista college, where he holds his B.A. degree. He was head of the voice department for two years there.

Mr. Abernathy was for twelve years director of the Abernathy School of Vocal Art at Sioux City. During that time he taught at Morningside college and Western Union college. He is a post-graduate of Grant Hadley of Chicago and he studied under the famous Italian baritone singer, Signor Agosino Gilamini, with his Covent Garden Opera company in London. He also studied harmony, theory, and orchestration under Dr. Arthur Helf, one of the three private pupils of the famous Rubenstein.

MOSBY TRIES FOR GAMES FOR 1923 FOOTBALL TEAM

Physical Director Schreiber of the State University yesterday placed Eck Mosby, '20, in charge of the destinies of the freshman football team at the University, and Mr. Mosby at once started to make arrangements for five games for the husky 1923 squad.

Last night Mosby dispatched letters to Mount St. Charles college, the freshman Aggies and the freshmen of Idaho and Washington State. He hopes to arrange to bring the first two teams named to Montana field for contests, while the other two teams, if games are arranged, will be met in Moscow, Idaho, and Pullman, Wash., respectively.

A telegram was dispatched to the Butte High School for a game with that team for either October 10 at Missoula or October 11, at Butte.

Helen Prescott of Helena is visiting at the Delta Gamma house this week.

VARSIITY FOOTBALL SCHEDULE

Montana Wesleyan at Missoula	October 11
Utah Aggies at Logan	October 18
School of Mines at Missoula	October 25
Whitman College at Missoula	November 1
Idaho at Moscow or Spokane	November 8
Montana Aggies at Bozeman	November 15
Washington State College at Missoula	Homecoming Day

Contrary to reports, there is no uncertainty about any of these games, the contracts for all having been drawn up and signed during the summer.

FRESHMEN REPORT FOR PRACTICE TO COACH SCHREIBER

Yearling Team Will Outweigh Varsity in Both Line and Backfield.

Many persons have been viewing the Cub Grizzlies in action on the Montana field for the past few days and all agree that they are a bunch of comers. This is the first time in the history of the University of Montana that there has been a Freshman team. According to Coach Schreiber and the results of their scrimmage with the "Varsity," it will be a team that will make a name for themselves. A schedule is now being arranged for these aggressive cubs and will be announced later.

The freshman turnout is larger than the Varsity and the team will average more in weight. Most of the squad are tried players, many of them having had experience in the army or in high school.

Monday afternoon's work started with punting, tackling the dummy and forward passing. There was about 30 minutes of this and then they lined up for signal practice. Barry, captain of Missoula high school last year, played quarter for the yearlings. Jeff Olsen and "Bulldog" MacGowan, who made worth-while reputations playing football in France, were in the backfield. These two men were also members of the inter-allied track meet.

Tuesday and the days following saw some scrimmage between the varsity

and the frosh. Wednesday afternoon the varsity had a hard time holding them; in fact, at times they did not hold them. While when the varsity had the ball, it was noticeable that they did not push the freshmen all over the field, either. The line-up of the "rooks" was changed a little, MacGowan having been shifted to tackle and Lambert, a man from Great Falls and who has had a lot of experience as quarter, was put in that position. Lambert looks like a cinch for this position. Beaudin of Kalispell and Johnson of Anaconda play the wing positions. Both of these men are good on defense and are hard tacklers. Spencer is a lineman and looks as if he would be a good mate for MacGowan at tackle. Hooper from Stevensville, played center until an injury to his foot put him out of the game for a few nights. Schaffer, a husky lad from Miles City, plays the guard position and looks good, as he has had a great deal of football, and is heavy. Schaffer, it will be remembered, broke the record in the discus at the track meet here two years ago.

Elmer Stowe, a fast man from Missoula has not been reporting lately but looks like good material, as he played halfback on the first infantry team at Camp Lewis and played quarter for Gonzaga University while he was there.

Logan, O'Hare, Jost, Kerschner, Elliot, Morris, Madsen, O'Neil, Flaherty, Baird, Lynch, Smithers, Spencer and De Launay were also out. All of these men show promise and will be hard fighting candidates for the varsity next fall.

Clara Johnson was elected president of Craig hall in a house meeting held Tuesday evening. Craig hall is organized on the self-governing basis this year.

NUMBER OF STUDENTS INCREASES EACH DAY

Seven hundred and thirty-five students were enrolled in the State University at the closing of the registrar's office Wednesday night. Of these 369 are former students.

The division as to men and women is as follows: Men, 360; former men students, 191; new men students, 169; women, 375; new women students, 175; former women students, 200.

The enrollment this year is the largest in the history of the institution, although the enrollment at the beginning of the fall quarter last year was increased to 781 by the organization of the S. A. T. C.

Ignorant Essays

By "Gussie."

The Sophomore Life of Clarice.
Chapter II.

Clarice was meandering to the football field to watch the two-year-olds and olders battle with the yearlings when he met a few of the fair sex. One of them was telling a sister that she should not go out to see the men

battle as it was not good form this year. "You know," she said, "It is not being done by the best of sisters." Boy, Howdy! But this sure got our Hero's goat. Wonder what is becoming of the old Institution, he thought. Maybe the fair sex only pass on dancing, he thought. But Clarice did not stop long. He went to the field and rooted for the varsity. He knew that soon they would be battling the Kittens from across the divide and he wanted to see the farmers defeated. After practice he went to singing on the steps. Gee, but it was some turnout. The old Montana spirit sure was floating around. The Grand Old Man of the coaching staff gave a talk and it listened good. Clarice knew that on the morrow the stands would be full of rooters both fair and—"Let's Go, Montana," will be the ideal of every wearer of the M. Women are funny creatures, mused Clarice, after the evening's rushing, for he knew that from now on they would be out cheering on the gridiron for the men.

Maybe the co-ed who said it wasn't being done did not like the way the football men were attired. Why not put dancing pumps and silk hosiery on them, Schreiber?

They may be yearling, but many a father knows that it's like feeding a herd to keep them going.

We know of one Bierman who sure is getting away in a dry state.

Bill sure raised Kane last night at S. O. S.

Many a fraternity is breaking records in rushing (Victor Ones.)
