### PRESIDENT'S REPORT

#### 2. General Announcements

- Henderson announced that ASUM has been asked to give a recommendation to the University Administration regarding the University system budget cuts. Tuss will be putting together a recommendation in the near future.
- The two forums held recently, the Regents Forum and the UC Fee forum, were both rather poorly attended. SAC apologized to the ASUM Administration for not publicizing the UC Mini-mall Forum as well as it should have been publicized. Despite of this, approximately 80 students attended and they are slowly realizing that the UC fee is a complicated issue. Henderson thanked SAC for sponsoring the Forum.
- The ASUM Retreat will be held this weekend at Yellow Bay, November 14, 15, and 16. The retreat will be a lot of fun in addition to a lot of work. Directors will be leaving Friday and Central Board members will drive up early Saturday morning. Please meet in the ASUM office Saturday morning and please be prompt.
- Thanks to Howard Crawford for developing his Car Pool Program as a solution to the parking problem on campus. Henderson added that he felt this would provide students with an excellent alternative to the parking problem.
- Henderson announced that ASUM is currently asking for an Attorney General's opinion on whether ASUM is a state agency. This will be discussed under Old Business next week when more information is available.

7. Young reported that the next Auxiliary Services meeting will be Tuesday, November 18 at 3:15 in the Craig Hall lobby.

COMMENTS

8. Henderson -- Thanks to Terry and Howard for putting together the Parking Resolution. The parking problem has been around for so long and I am surprised that someone has never thought of the idea in the past. That was great that some City Council members were able to attend our meeting. I think everyone is starting to figure out where the problem is -- with the University Administration.

I am very concerned about how our meetings are being run, previously and now. It is not necessarily the Chair's fault and it is some the Chair's fault. The meetings are not being run like a proper parliamentary body, at all. Tonight I did try to run it as such, and you could sense the confusion. We are not very parliamentary at all. I encourage you to read Robert's Rules of Order before our next meeting. I assure you if you follow proper parliamentary procedure, you will cut your meeting times down significantly. For instance, Committee Reports, give your committee report and shut up. You can talk out of Central Board so we do not waste this time every week. It is a lot to ask everyone to be here every Wednesday for 4-5 hours.

ADJOURNMENT

9. Small - Bettise -- Motion to adjourn at 10:55 p.m. Upon vote, motion passed.

## PARKING RESOLUTION

- WHEREAS, The Missoula City Council passed a parking ordinance effective September 1, 1986, forbidding drivers of motor vehicles to park in a designated area without a parking permit; and
- WHEREAS, this designated area is in the direct vicinity of the University of Montana and surrounds the entire campus; and
- WHEREAS, due to the loss of available parking spaces since the newly enacted parking ordinance, University of Montana students have now been forced to deal with an enormous "parking problem"; and
- WHEREAS, this parking problem may be defined as a significantly higher demand for campus parking spaces than the actual spaces that exist on the University of Montana campus; and
- WHEREAS, the parking problem cannot be easily resolved by building more parking lot and/or spaces since the University of Montana lacks the available funding and/or space; and
- WHEREAS, one way to solve the problem would be to reduce the number of cars parking on campus by utilizing and taking advantage of the Missoula bus system, car pools, biking or walking.
- THEREFORE, be it resolved that the Associated Students of the University of Montana adopt and implement the "ASUM Car Pool Program."
- THEREFORE, be it further resolved that the Associated Students of the University of Montana in cooperation with the Student Union Board and the University Center Administration be ultimately responsible for expenses incurred for the development and maintenance of this program.
- THEREFORE, be it further resolved that the Associated Students of the University of Montana request the University of Montana Administration to research and develop more practical solutions to the parking situation, such as:

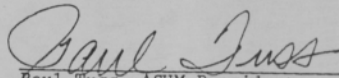

*Paul Tuss  
President*

*Mary McLeod  
Vice President*

*Dan Henderson  
Business Manager*

- produce strong evidence of support toward the ASUM Car Pool Program
- reevaluate and redevelop the shuttle bus program
- more effective advertisement and promotion of existing car pool decals
- discount decals for car pool users
- VIP parking for motorists who use the car pool program

THEREFORE, be it further understood that the implementation of the ASUM Car Pool Program illustrates that more practical alternatives exist to provide ways to deal with the ever increasing parking problem.

Paul Tuss, ASUM President
