9   Whereas, Efforts to implement sustainable practices have repeatedly received strong  
10 support from the student body through campus-wide referenda, campus surveys, and past  
11 years' ASUM resolutions;

12  
13   Whereas, The ASUM Sustainability Fee is the only ASUM fee that with an 'opt-out' option,  
14 and currently sits at \$6;

15  
16   Whereas, The ASUM Sustainability Fee's opt-out rate was approximately 29.4% in 2016  
17 and 31.5% in 2015;

18  
19   Whereas, The ASUM Sustainability Fee is the only dedicated funding source for  
20 implementing sustainability efforts at the University of Montana;

21  
22   Whereas, The ASUM Sustainability fee has invested over \$250,000 into the University of  
23 Montana through projects that currently generate over \$30,000 in annual savings as of  
24 2014 and account for a reduction of 0.66% of the University's carbon-equivalent (CO<sub>2e</sub>)  
25 emissions;

26  
27   Whereas, Transitioning the fee from its current opt-out status to a campus-wide fee would  
28 lead to an increase of over \$40,000 in additional funds being generated annually;

29  
30   Whereas, An increase of \$6 for the ~30% of students that would otherwise 'opt-out' would  
31 constitute an increase in the cost of attendance of 0.003% for in-state students and  
32 0.0002% for out-of-state students;

33  
34   Whereas, The Sustainability Fee is a major source of funding for UM's effort to reduce its  
35 carbon emissions and to protect the interests of current UM students, the human race writ  
36 large, and posterity;

37  
38   Therefore, Let it Be Resolved, In accordance with the ASUM Constitution, Article 10, Section  
39 2, that the following question be placed before the student body of the University of  
40 Montana for vote during the 2017 ASUM General Election:

41  
42       "Since 2009, the ASUM Sustainability Fee has generates funds to carry out student-led  
43 sustainability projects. The Sustainability Fee is the currently the only ASUM fee with an  
44 'opt-out' option. ASUM is proposing that the Sustainability Fee be changed from an 'opt-out'  
45 fee to a campus-wide fee. This change to the Sustainability Fee would generate around  
46 \$40,000 more for sustainability efforts annually.
