**LIBBY STUDENT LANDS INTERNSHIP**

**MISSOULA--**

A 1994 graduate of **Libby** Senior High School recently completed an internship administered by The University of Montana Center for Work-Based Learning. Scot E. Kaiser, a UM senior majoring in marketing/management, was a media research intern with Frank N. Magid Associates Inc. of Missoula.

As part of his internship, Kaiser designed, statistically analyzed and implemented a direct mail media research project. He also budgeted for the project.

Kaiser is the son of Paul and Linda Kaiser.

The Center for Work-Based Learning at UM's Center for Continuing Education and Summer Programs helps students integrate their academic education with practical job experience by developing internship opportunities and coordinating placement activities with employers and faculty advisers. The department serves about 1,800 students a year, placing 400 to 500 of them as interns throughout Montana and the nation in more than 35 fields of employment. For more information about the internship program, call 243-4614.
