# The Montana Kaimin

VOL. XX.

STATE UNIVERSITY OF MONTANA, FRIDAY, MAY 27, 1921.

NO. 67

## VOCATIONAL MEN TO HONOR DEAD

### UNIVERSITY VETERANS TO PARADE.

### Memorial Day to Be Fittingly Observed by Students and Townpeople.

The vocational students at the University in connection with the organizations of Missoula will join in an attempt to honor fittingly the memory of the soldier dead of the University who lost their lives in the great war. Services will be held Sunday at the Methodist church where a parade will start leading to the cemetery.

Memorial day, May 30, will be observed at the University, no classes being held. No ceremonies will be observed, however, on this day.

The list of former University students who are among the dead are as follows:

#### Roll of Honor.

Brennan, Lester—Killed in an aviation flight in England, buried there.  
Butzerin, Roy—Killed in action, Battle of Argonne, September 26, 1918.

Cook, Marcus—Victim of the Tuscania disaster, February 6, 1918.

Dornblaser, Paul Logan—Wounded at Chateau-Thierry. Died October 10, 1918 at Evacuation Hospital No. 3, Chateau-Thierry, France.

Eitelberg, Frederick Otto—Died of Spanish influenza, December 2, 1918, at the Post Hospital, Fort Wright, Wash.

Haubensack, James Harold—Wounded while resting near the Verdun fortress, died November 2, 1918.

Loranger, Raymond Frances—Was taken ill and never recovered from the operation. Died January 11, 1919 at Fort Lyons, Colorado, Naval Hospital.

Matheny, Carlos Wayne—Died of pneumonia, October 19, 1918, Mitchell Field, Long Island, New York. Buried at Redfield, S. D.

Ryan, William Emmett—Wounded at the Battle of Argonne. Died November 12, 1918, Field Evacuation Hospital No. 14, France. Buried in the American Military Cemetery at Mervillars, France.

Thompson, Bruce McKay—Died of pneumonia, October 17, 1918, at Camp Taylor.

Torrey, Henry Pierce—Died at sea en route for France, September 14, 1918. Buried at the Arlington National Cemetery.

Whitmore, David M.—Died of pneumonia, November 1, 1918.

Woodward, Ward N.—Died of pneumonia at the American Hospital, Toul, France, October 8, 1918.

Miss Halse, Miss Garrigans and Mrs. Yoger.

### PHILLIPS AND BURROUGHS TO STUDY THIS SUMMER

Paul C. Phillips, professor of history and political science, will leave at the close of this quarter for a visit in Indiana. He will spend the latter part of the summer at Chicago University and other universities in that section of the country.

G. V. Burroughs, assistant professor, will spend the summer at his home at Ione, Oregon, studying.

J. Earl Miller, former assistant professor in that department, who is now teaching at the University of Pittsburgh, will take Professor Phillips' place during the summer. He will be assisted by H. A. Trexler who has also been on the University faculty.

## Junior Prom Tonight, Last Dance of Year

The Junior Prom, the annual dance given by the juniors in honor of the departing seniors, will be the last University dance to be held this year. The dance is tonight at Union hall.

"All seniors are cordially invited to the dance," said Morris McCollum, chairman of the dance committee. "And all juniors are requested to attend."

Something entirely new in the line of programs is promised by Mr. McCollum and the decorations, which are in red and white, will be a great surprise.

President and Mrs. E. O. Sisson, Mrs. J. P. Rowe and Dr. and Mrs. W. E. Schreiber will chaperone the dance.

No promises are made regarding the music, but Mr. McCollum advises everyone who is looking for a good time to come to the dance and give it a whirl.

## EVANGELINE POPE DIES AFTER SHORT ILLNESS

### Wife of Walter L. Pope Was Active in Missoula Social Affairs.

Evangeline Long Pope, wife of Walter L. Pope, professor of law at the State University, died at her home on Daly avenue Tuesday evening, May 24. Death came after an illness of three weeks.

Mrs. Pope was born in Port Townsend, Wash., September 21, 1891. She was graduated from the University of Nebraska in 1913. While there she was a member of Phi Beta Kappa and the Black Masque, senior honor society, and an active participant in a variety of undergraduate affairs. After graduation she was for two years the girl secretary of the Y. W. C. A. at Lincoln, Neb. On June 15, 1915, she was married to Walter L. Pope and they moved to Missoula in September, 1916.

A lifelong worker in the Presbyterian church, Mrs. Pope was soloist in that church in this city. She was chairman of the department of music of the Woman's club, the Y. W. C. A. board, the Keystone guild, Penetralia, a patroness of the Alpha Phi society and also of the Westminster guild.

Besides her husband she is survived by two children, Richard Lyndon, aged 5, and Judith Evangeline, aged three weeks; her father and mother; two sisters, Mrs. James A. Clark of Tekamah, Neb., and Miss Beatrice Long of Lincoln; and a brother, Harold Long of Lincoln.

The funeral will be held this afternoon at 3. Classes in the law school will be dismissed for the services.

## COMMERCIAL FRATERNITY PLEDGES NINE STUDENTS

Alpha Kappa Psi, honorary commercial fraternity, has elected the following students to membership: K. C. McKoin, Peter Thompson, Robert Fuller, Oakley Coffee, Donald Gillespie, Dwight Carver, Leland Harper, George Weideman and Morris McCollum. The initiation ceremonies and banquet will be held during the last week of school.

Alpha Kappa Psi is one of the largest commercial fraternities in the country. Many of the chapters throughout the country have their own chapter houses. The organization is very beneficial as a keen commercial spirit is fostered through talks given by prominent business men.

Next year the local chapter of Alpha Kappa Psi is planning a series of banquets, smokers and a dance in connection with the regular business activities of the chapter.

President E. O. Sisson, Dean Shirley J. Coon, Professor R. H. Underwood, and Assistant Professor Leo H. Shaeffer are the faculty members of the fraternity.

## GRIZZLIES WIN FROM VANDALS

### RALLY IN SEVENTH INNING SAVES THE DAY.

### First of Series Goes to Bruins After Hard Fight; Score 4-3.

A rally in the seventh inning, featuring the famous Grizzly Wrecking Crew, won the first of a three-game series with the University of Idaho, 4 to 3, on Dornblaser field yesterday.

Idaho started out by scoring in the first inning. Kennison, the first man up, drew a walk. Evans was safe on an infield hit, advancing Kennison to second. Moe grounded to Larkin, who passed the ball too high to Higbee in an attempt to make a double play. Higbee failed to stop it and Kennison scored when the ball rolled to left field. A play, Kibble to Spiller, caught Evans at home. The Fox brothers struck out, ending the inning.

The Vandals scored two more in the fourth. R. Fox was safe at safe at first when Higbee threw wild after fielding his fast one. Ostrander hit to Ulrigg, who threw to Higbee, forcing R. Fox at second. Marineau hit to center for a single, but Murphy failed to field it cleanly, allowing Ostrander to take third and Marineau second. Ostrander and Marineau scored on Kennison's single to right field.

The Grizzlies made their first counter in their half of the fourth. Higbee was safe at first when Les Moe failed to handle his hot one to short. Murphy was safe at first and Higbee at second, when Edwards, at second, muffed Murphy's grounder. Higbee scored when Edwards bobbled R. Fox's peg to second to catch Spencer, who got to first when Evans picked off Murphy at second.

In the lucky seventh the Grizzlies knocked out four hits for three runs. The crowds in the stands stood up in good old seventh-inning style and hollered for a rally. Daylis, the first man up, started it with a two-bagger to left field. Shepard, who replaced Kershner, singled to left field, scoring Daylis, taking second when Kennison tried to stop Daylis at the plate. Kibble knocked out a three-bagger to deep center, scoring Shepard. Spiller's single to right scored Kibble with the run that put the Grizzlies one to the good; one more than the Vandals were able to make in two more attempts.

After the fourth inning Vernie Ulrigg had very little difficulty in holding the Vandals. Marineau pitched a good game but lack of support, and bunched hits caused his defeat.

The box score:  
Idaho: A. B. R. H. P. O. A. E.  
Kennison, lf.....4 1 1 2 0 0  
Evans 3b.....5 0 2 1 2 1

## Trip to Glacier Park Planned for Students

"Three weeks in Glacier park will be a part of the summer school course in journalism for vocational students, if present plans work out," said Dean Stone Thursday morning.

When C. A. Zuppann, district vocational officer of Minneapolis, was in Missoula several months ago Dean Stone suggested that the necessary travel allowances be made to enable vocational men to take this trip, writing their experiences as an assignment.

Mr. Zuppann was favorably impressed with this plan, and it is thought that the government will consent to the trip.

## TO INITIATE AMENDMENT FOR BAND RECOGNITION

### Roscoe Jackman Tells of Plans for Arousing Interest in Organization.

"It is planned to initiate an amendment to the A. S. U. M. constitution to provide recognition of deserving band men in some such manner as men in debate are now rewarded," stated Roscoe Jackman, band director, Thursday, when discussing plans of the University band for next year.

"In defense of this planned award," continued Mr. Jackman, "it may be stated that Montana band men are participating in intercollegiate contests as shown in comparisons made with other bands in other R. O. T. C. organizations. During the past two years the University band has received favorable mention from the government R. O. T. C. inspector in this district."

When questioned as to his plans, Mr. Jackman stated that he had made no definite ones for returning to the University. He added, however, that it is hoped that a director with special training and technical ability will be employed to direct the band, and his salary paid by the University. With abundant finances provided by A. S. U. M. and University funds for its maintenance, Mr. Jackman expressed the opinion that next year's band would be a success. Improved financial conditions, coupled with student support, he added, would tend to arouse a greater interest among members of the organization.

According to Mr. Jackman, members of the R. O. T. C. may be assigned to band duty and receive one credit in the department of military science and one credit in the school of music.

## State Club to Award Varsity Scholarship

Some Montana high school girl will be awarded a scholarship to the State University by the State Federation of Women's clubs, which is now in session at Butte in a three-day convention. This scholarship is awarded with each year under the authorization of the state board of education.

The holders of the State Federation of Women's Clubs scholarships are exempted from the payment of all customary fees except the student activity fees and the special tuition fees in music. They are expected to make the required course deposits but the Federation of Women's Clubs assumes the payment of expenses or board, room rent and necessary books.

The present holders of this scholarship are Beatrice Ruiter of Red Lodge and Ruth Cavin of Missoula.

Another feature of the convention will be an offer of the first donation of \$1,000 to the proposed fund to purchase the Paxson painting, "Custer's Last Stand", which hangs in the library building.

## ARCHITECTS TOLD TO GET TO WORK

### DRAFTSMEN SELECTED BY BOARD OF EXAMINERS.

### Six New Buildings Will be Out- lined for Erection Upon University Campus.

The state board of examiners ordered architects to commence work on the plans for the proposed buildings for the State University Wednesday afternoon. The order was made along with similar orders for building at other state schools.

The architects were recommended by a committee appointed for that purpose, and Chancellor E. C. Elliott was authorized to conclude the contract with the architects, in order that the work may begin as quickly as possible.

The buildings to be erected upon Montana campus are as follows: Library to cost \$250,000; heating plant to cost \$50,000; gymnasium to cost \$225,000; forestry building to cost \$100,000; residence for University women to cost \$125,000, and a men's dormitory to cost \$100,000.

Plans for the sale of sufficient bonds to put the building program as outlined by the state board of education under way will take definite form as soon as the board of examiners receives the approving opinion of a New York attorney on the validity of the bonds.

## Four Varsity Men Play Last Home Games This Week

Baseball fans will see four of Montana's squad in action for the last time this week. The men are Larkin, Higbee, Spiller and Shepard. All are experienced men and will be severely missed when the next season opens.

Captain Higbee has played with the team for three years, the first being in 1916. In 1917 he entered the army and served considerable time abroad. On his return he played the two years 1920 and 1921. He has played his regular position at shortstop and has taken his turn on the mound.

Charlie Spiller's backstop position is one that will be hard to fill. He is a four year man and is known throughout the conference as a hard man to steal bases on. He played third base in 1918 and when Harris was hurt he took the position behind the bat and has held it ever since.

Larkin, the regular second sacker, is a three year man and this year he is lead-off hitter. He is exceptionally good at laying down bunts and is a consistent fielder.

George Shepard is also a three year man. This year he is holding down the utility position. He can play practically any position to which he is assigned.

These four men have played a large part in Montana's victories this year and their positions will be hard to fill.

## FORMER "U" STUDENT IS AWARDED SCHOLARSHIP

Florence Dixon, '20, has been awarded a scholarship at the University of Brussels, Belgium, in recognition of her work as a student at Johns Hopkins university. Her picture was sent by the Newspaper Enterprise association to several hundred newspapers in the United States. A mistake was made in the press dispatch which said that Baltimore is her home. She majored in the department of biology at the University under Dr. M. J. Elrod.

## The Montana Kaimin

Published semi-weekly by the Associated Students of the State University. Entered as second-class matter at Missoula, Montana, under Act of Congress, March 3, 1879.

Subscription price \$2.00 a year.

### Kaimin Staff

### THE EDITOR.

We want to congratulate the student body on selecting Lawrence Higbee for Kaimin editor. He has held a number of positions on the staff and has done a large share of the executive work for two quarters. Mr. Higbee is well-fitted for the position. It is to the credit of the students that they have recognized his ability. Under his direction the Kaimin will have a chance to become a paper worthy of the University of Montana.

Few of us, even among the seniors, are too busy to take time to use the walks around the campus, yet the number of paths seem to indicate that we are extremely busy. Some of the paths, it is true, have been made by visitors on the campus, but others, several others, were made where visitors do not walk.

It costs the University more than \$800 for water alone from May until September to keep the campus green. Beside this expense, the University must have one gardener all the time, and two part of the time. The estimate of the cost for the upkeep of the mowers, pipe repairs, and hose will also be included in the expense of keeping the campus beautiful.

Next time you start to cut the campus, think of this little thing.

### GOODBYE.

This is the last issue that the present staff of the Kaimin will put out. Tuesday the freshmen in the school of journalism will edit the Kaimin and Friday the paper will be under the direction of the new editor.

The Kaimin is not as fine as we would have liked to have made it but that is our fault. The student body and the faculty have helped to make it as good as it is by their co-operation and tolerance. And now-goodbye.

### NOTICE.

The May Fete Committee wishes to extend its appreciation to Miss Gardener, the Glee Club and Mrs. DeLoss Smith for their interest and participation in the May Fete.

We feel that the success of the pageant was due largely to the efforts of Mr. Frederick S. Schwalm, assistant arts professor, who designed the setting and actually whipped into shape the final rehearsals. The May Fete Committee desires to take this opportunity to publicly thank Mr. Schwalm for all that he did. We feel that he was not given the credit which he deserves.

The committee also wishes to thank Miss Lucille Leyda for the success of the May Pole dance, which was trained this year under her supervision.

LILLIAN CHRISTENSEN,  
Chairman.

Diplomas for the graduating class were sent to Chancellor E. C. Elliott, at Helena, yesterday for his and Governor Dixon's signature. Governor Dixon is head of the State Board of Education.

## On the Campus

Miss Ovidia Gudmundsen is confined to her room with a sprained foot, injured in track practice Tuesday.

Kappa Alpha Theta entertained the Sigma Nu fraternity at a fireside Wednesday evening at the chapter house, 333 University avenue.

A picnic will be given by all the botany classes Saturday afternoon. It will be held up the Blackfoot, above Bonner. All students going on this combined picnic and field trip, will be excused from all laboratory periods for the rest of the year. The party will take the 1 o'clock street car to Bonner and then walk up the river another mile. Miss Anne Cliff, with the aid of six assistants, will provide food for the party.

Hazel Backus, who was in the University during 1918, was a guest at the Kappa Alpha Theta house Thursday. Miss Backus was on her way to her home in Tacoma after visiting in Boston, New York and Washington.

Knowles cottage has been leased for the summer to a group of teachers from Boulder, Montana. R. H. Wheeler, principal of the schools in that city, has charge of the arrangements.

Edward McNeerney, a vocational forestry student, will leave for his home in Boston tomorrow. Mr. McNeerney has completed a year's work here and will take a position with the Massachusetts state forestry department for the summer. He will enroll in the forestry course at Yale next fall.

The dining room at Craig hall will be closed from June 10 to June 20, during the spring and summer quarters, according to Miss Inez Bozarth, director. The rooming facilities, however, will be available.

Clifford Evans, William T. Erickson, and John Sulen, all students of vocational education, have withdrawn from the University.

President E. O. Sisson left Thursday noon for Hamilton and Corvallis, where he will deliver commencement addresses.

Many of the vocational students in the school of forestry are being sent by the federal board of vocational rehabilitation into the national forests of the country for practical experience in forestry work. Most of them will return to the University at the beginning of the fall quarter. Among those to leave during the week were William D. Cooper, who went to Hot Springs, California, and Clarence Foote to Redding, California.

## ART STUDENTS' TRIP IS AT MEDICINE SPRINGS

The fifth annual Delta Phi Delta, national art fraternity, trip to Medicine Hot Springs, will be made Saturday, Sunday and Monday. The annual initiation will take place at 8 o'clock Saturday morning before the party leaves for the Bitter Root. About 25 people, including several alumni and art league members will make the trip in seven automobiles.

Miss Lottie Helvik, '20, a member of Delta Phi Delta, will entertain the party Saturday night at her home near Darby, and the Delta Phi Delta banquet will be held there Saturday evening. The pledges to be initiated are Vern Needham, Marjorie Bullock, Helen Faick, Eleanor Showell, Alfretha Arendt and Mrs. Sidney Hayes Cox.

The party while on the trip, will sketch, hike and swim. Chaperones will be Mr. and Mrs. Schwalm, Mr. and Mrs. L. J. Croonenberghs, Mr. and Mrs. John Showell and Mrs. Andrew Jacobson.

## FRESHMEN WIN HONORS IN CO-ED TRACK MEET

Solvay Andresen Highest Point Winner; Three Women's Records Broken.

Freshman girls won the track meet Wednesday afternoon with a score of 48 points. The Juniors came second with 31 points, the Sophomores third with 30 points and the Seniors last with six points.

Solvay Andresen won highest individual honors with 21 points, Amanda Velikanje came next, winning 13 points. Lillian Christensen was third with 12 points, Lois Showell fourth with 11 points and Helen Carson fifth with 10 points.

Three state records for women were broken and another tied during the meet. Helen Carson made the 100-yard dash in 13 1-5 seconds, breaking Lillian Christensen's record of 14 seconds and coming within 1 1-5 seconds of equaling the world's record.

Lois Emhoff broke Mary Laux's state record for the 50-yard dash of 7 seconds by one-fifth of a second.

Solvay Andresen broke her own record of 165-feet in the baseball throw by an increase of 8 feet.

The Freshmen took the 440-yard relay race in 1 minute, 4 4-5 seconds, coming two seconds short of the world's record. Co-eds on the Freshman team were Helen Carson, Emma Quast, Lois Emhoff and Helen Burdick.

The summary follows:

25-yard dash—Lillian Ahlgren, first; Hazel McHaffie, second; Audrey Bailly, third. Time, 4 1-5 seconds.

50-yard dash (run in two races)—First race: Hazel McHaffie, first; Elsie Thompson, second; Doris Gally, third. Time, 7 1-5 seconds (tying former record). Second race: Amanda Velikanje, first; Helen Wood, second; Rose Deeney, third. Time, 7 2-5 seconds.

100-yard dash—Helen Carson, first; Amanda Velikanje, second; Helene Symons, third. Time, 13 2-5 seconds. (Helen Carson covered the distance in 13 1-5 seconds in the trials. The former record was 14 seconds.)

Low hurdles—Helen Carson, first; Lois Showell, second. Time, 10 1-5 seconds.

High hurdles—Lois Showell, first; Lillian Christensen, second; Solvay Andresen, third. Time, 11 1-5 seconds.

High jump—Solvay Andresen, first; Eva Casswell, second. Height, 4 feet.

Broad jump—Amanda Velikanje, first; Lillian Christensen, second; Mary Showell, third. Distance, 14 feet, 6 inches.

Baseball throw—Solvay Andresen, first; Lois Showell, second; Lillian Christensen, third. Distance, 173 feet. (The former record was 165 feet.)

Basketball throw—Solvay Andresen, first; Lillian Christensen, second. Distance, 75 feet, inches.

Javelin throw—Pearl Degenhart, first;

Venus Coofrey, second; Lillian Christensen, third. Distance, 54 feet.

Shot put—Solvay Andresen, first; Ruth Cavin, second; Lillian Christensen, third. Distance, 32 feet, 8 inches.

Relay races—Freshmen, first. Time, 1 minute, 4 4-5 seconds.

**EXCLUDED FROM CLASSES IF UNIFORMS ARE NOT IN**

Unlucky are the 13 who failed to hand in their R. O. T. C. equipment to the military quarters Thursday, for they will not be admitted to classes until they have complied with the rules of this department. Notice was given to all men taking military drill that their uniforms had to be checked in by Thursday, May 26.

Plans for the new engineering building and shops to be erected at the State college are nearly complete, and it is expected that first ground will be broken early in July. It is planned to complete the engineering building before the fall quarter, 1922. Foundations for five large buildings will be in by late fall this year, according to present plans.

## PROFESSOR F. O. SMITH LEAVES FOR IOWA CITY

Dr. Franklin O. Smith, head of the department of psychology, left yesterday with his family for Iowa City, Iowa.

Dr. Smith has obtained a year's leave of absence to be spent in psychological study and research. He will spend the summer at Cedar Falls, where he will teach summer school.

Walter Ames, assistant professor of psychology, will take Dr. Smith's classes for the rest of this quarter. He will be acting head of the department next year.

## COACH BIERMAN BACK NEXT YEAR

**URNS DOWN OFFERS FROM  
SEVERAL SCHOOLS.**

### Signs Contract to Coach Football, Basketball and Track Teams.

Coach Bernard W. Bierman has signed a contract to return to the University next year to coach football, basketball and track. Mr. Bierman has turned down several flattering offers from other schools in order to stay at Montana.

During the two years that Bernie has been here, Montana has come to the front in all branches of athletics. With very little material in the fall of 1919, he developed a football team, light but one of the scrappiest in the history of the school. Then with good material he won the 400-yard relay at Seattle last spring and the west sat up and took notice.

Bierman took one of the best football teams of the northwest to Seattle in October, 1920, which easily defeated the heavy Washington university eleven. This team would very likely have gone through the season without defeat had it not been for injuries.

For the first time in years, the University basketball squad took the state championship, defeating the college three out of four games. They also took fourth in the Northwest Conference.

During this spring, Bierman's track men have been going at a good pace. Idaho and Montana State have both been defeated and Montana tied for fifth place in the Pacific Coast relay carnival. MacGowan also took fourth in the pentathlon, working against several Olympic men.

With a greater supply of material in football, basketball and track, Bierman should put Montana among the first schools in the country in those branches.

## NEW LIBRARY SYSTEM ELIMINATES MISTAKES

"The new system of checking books will eliminate many mistakes and will eventually save much time and trouble, both for the students and for the librarians," said Miss Haley, acting librarian. Under the new system, each book contains a card upon which the student signs his name when borrowing a book. Students formerly made frequent mistakes in signing the slips of paper in the number of the book, the volume, or some other detail. The new system will eliminate this class of mistakes.

Often books were returned and the borrower was not given credit for their return, according to Miss Haley. Now, when a book is found without a card, it will indicate at once that there is something wrong and the card can be located and the student will not be bothered with questions about a book which he has returned. The service at the desk will be greatly improved and will be much faster.

### MAJOR CRON ASKS TO BE RELIEVED OF DUTY HERE

Major A. C. Cron, commandant of the local R. O. T. C., will probably not be here next year. A campus rumor to that effect was verified by him Thursday morning.

"I have asked to be relieved," he said. The war department has requested him to reconsider his application, and the major has announced that he will not do so. If he is relieved he will go to service schools at Camp Benning, Georgia, or Fort Leavenworth, Kansas.

The change, if it comes, will be effective in August or September, according to Major Cron.

The present quarter completes Major Cron's second year at the University.

## SPORT SPARKS

Students of the University, alumni, and followers and supporters of varsity athletics are rejoicing over the fact that Bernie Bierman has signed a contract to coach varsity athletics next year.

Since Bierman has taken charge of varsity teams, Montana has taken long strides toward lining up with other teams in the northwest conference, and has shown favorably against teams in the Pacific Coast Conference.

And under his guidance football, basketball and track next year should be more notable than ever before. Our University will have grown considerably in the number of students. More students with athletic ability will be registered. Montana will begin to be considered a strong school in the northwest in an athletic way.

The men on the freshman teams this year showed that next year many men of varsity calibre will be on hand to replace graduating varsity men. Both in football and basketball the freshmen class produced men who will make these teams much better next year. Regulars and substitutes will be plentiful.

And from reports from Helena the State Board of Education is going to give us a new gymnasium and all the facilities that go with it. Equipment for all sports should be plentiful from now on.

Next Saturday the Grizzly track team will participate in the northwest conference meet at Pullman. The University of Washington, while not in the conference, will enter the meet. She will undoubtedly win the meet, as she has won dual meets from two conference teams and won the Pacific Coast Conference meet. Many teams are in both conferences, so her prior victories show that she will probably win the meet.

Montana stands about even with the other teams that will participate in the meet. Washington State college, Oregon Agricultural college and the University of Oregon will be about the leading teams.

Hurley of the U. of W. will be Jack Sterling's strongest opponent in the 100, 220 and low hurdles. Sterling has been making just as good time, or probably better, in these events as Hurley. Tom McGowan will have to throw the discus and put the shot against Captain Gus Pope of the University of Washington. Pope has been doing notable work in these two events this year.

The University of Washington, considered one of the strongest baseball teams on the Pacific coast, had a rather unsuccessful trip through Washington. Gonzaga won a 14 to 2 victory from her in Spokane. She split a pair with W. S. C. The first game went to W. S. C. after an eleven-inning struggle, 7-6. The Sun-doggers took the second 7 to 1.

This all goes to show that the Griz-

zlies could probably defeat two of the conference teams which they do not play. We won from Gonzaga and Gonzaga defeated the University of Washington. We defeated Idaho twice and Idaho defeated Washington State college.

Idaho defeated the Washington State college nine Monday, 5 to 1.

With the end of the season only two games away, Montana is still leading the Northwest Conference with a perfect record. Washington State and the U. of Washington are tied for second place, with Whitman holding a cinch on the cellar position.

The present standing of the teams is as follows:

	Won.	Lost.	Pct.
Montana	8	0	1000
Washington State	10	5	.667
U. of Washington	6	3	.667
Oregon Aggies	4	6	.400
U. of Oregon	5	8	.385
Idaho	4	6	.400
Willamette	1	2	.333
Whitman	1	9	.100

### NOTICE.

The University library will be open Monday evening. All reserve books taken out Saturday afternoon must be returned at that time.

LUCIA HALEY,  
Acting Librarian.

### NOTICE.

Free copies of the photographic record of the 163d Infantry (Second Montana) are now available. Former members are requested to leave their names and addresses with either C. O. Smithers, Raymond Bowers, or myself as early as possible.

## TENNIS CHAMPIONSHIP WON BY SIGMA CHI'S

Sigma Chi won the tennis championship Wednesday evening, defeating Phi Delta Theta in the first two sets by scores of 6-1 and 10-8.

The victory followed the best tennis playing exhibited in interfraternity contests this season. Neil Wilson and William Allen, for Sigma Chi, played their usual steady game with little variation in serve, "ping-ponging" the ball more often than their adversaries to be sure of their returns. Lawrence Higbee and Walter Holkesvig, for Phi Delta Theta, played the faster game, both in serve and return, though more erratic. No tennis playing of the series has kept the onlookers more on edge than that in the second set of Wednesday's game.

This concludes the interfraternity cup contests in athletics. The winner of the scholarship cup will not be known until after the close of the quarter.

### NOTICE.

All girls who wish to enter the co-ed tennis tournament must register in my office for the event, Tuesday morning.

University Biological Station.

## Biological Station Started 'Way Back In '98, Says Elrod

The biological station which is located on Ytlow bay, Flathead lake, has been in existence about 22 years. The plan for the station was made by Morton J. Elrod, professor of biology.

"It was back in '98 or '99 when there was almost nothing of the kind in the west," said Dr. Elrod, "that I conceived the idea of such a station. At that time the plan was that the state college and the University would go in together and raise the money by subscription. But that summer the professor of biology at the college resigned and I had either to throw the whole thing overboard or go ahead with it myself."

During May and June, Dr. Elrod raised the amount necessary to build a small shack about 18x28 feet and to buy a rowboat and a gasoline launch—the first gasoline boat used on Flathead lake. With this equipment the work started. The station was located on the point where Swan river empties into the lake. The land was leased for six or eight years free of charge.

"After we had been there for about 12 years," continued Dr. Elrod, "the Flathead reservation was to be thrown open to the public. I thought it would be better if the station owned a little land of its own. Governor Joseph M. Dixon was state senator at that time and I talked it over with him. He presented a bill setting aside a quarter section of land for a biological station for the State University. There was no dissenting vote. The land included two islands

of 36 and 34 acres and a 90-acre tract at Yellow bay. The next year we asked for an appropriation for apparatus and received \$5,000. In 1912 the new house was erected and the present apparatus was purchased."

The summer of 1920 the station was not opened because of lack of funds. For a number of years before this as many as 20 and 30 students enrolled.

This year a course taking up the study of birds around Flathead lake will be offered under M. P. Silloway. Mr. Silloway has been at the station five or six summers. He studied the birds there the first year the station was open. The last time was in 1913. He published a bulletin.
