"That Mr. F. H. Whisler be permitted to graduate with the B.S. Degree on the presentation of the required number of hours, without satisfying the requirements of a major department, and of the restricted electives of 12 hours language and 6 hours literature or philosophy. The above action is requested in view of the fact that he had spent three years toward an Engineering degree, which made it practically impossible for him to satisfy the requirements of any other major department and of the above restricted electives."
