"Spokane, Washington.  
 May 3, 1915.

Mr. J. D. Dunlop, Registrar,  
 University of Montana,  
 Missoula, Mont.

My dear Mr. Dunlop:

I am in receipt of your letter of April 30th concerning the 1904 class prize. "There is a stipulation to the effect that in case the department in which the prize is awarded is not named by a proper number of the class before January 1st, I believe, the faculty shall have the power to select the department.

Inasmuch as the members of the class are now scattered and it is a little difficult to get in touch with them, I would suggest that the faculty make the choice, and continue to do so each year until otherwise requested by the class."

With best wishes, I remain,  
 Yours truly,  
 (Sgd) G. H. Greenwood. "

On motion, seconded and carried, President to appoint a committee of three to award 1904 class prize to be divided between two Departments; the following committee was appointed:

FACULTY MEETING, MAY 6th, 1915.

12:30 P.M. Room 4.

Meeting called to order by President Craighead.

The following communications read:

"President Craighead:

Will you kindly submit to the faculty, for immediate action, the following question:

What interpretation of the eligibility rule shall be made when the candidate for extra-curricular activity is conditioned in the work of the preceding semester but has made up these conditions and is in good standing at the time when he proposes to participate in an extra-curricular event?

Your committee recommends that the rule be construed to make such candidate eligible, if the conditions have been made up. The removal of the conditions, it seems, should clear the record.

Yours respectfully,  
Committee on Scholarship  
Kemp  
Stone  
Scheuch "

University, May 6, 1915.
