## BETTER SUPPORT FOR ATHLETICS URGED AT MEN'S MASS MEETING

More Candidates for Teams  
Are Needed Says  
Stewart.

Snappy, informal talks, enthusiastic singing, and hearty rendition of Montana's yells, characterized the men's mass meeting in University hall Tuesday night. The meeting was called by President Spencer of the A. S. U. M. for the purpose of arousing interest in University athletics.

Yell King Hughes opened the meeting by calling for several Montana yells and songs. President Spencer then took charge and introduced the speakers.

President Clapp of the University, addressed the men with a stirring talk, in which he advocated that they take part in University athletics. He pointed out such participation as the most profitable way to spend leisure time, not only to the individual but to the institution. He called attention to the apparent idleness of many students who waste their time on the campus when they could be putting it to use.

"It is necessary that you participate in outdoor sports," said Dr. Clapp. "You can't all make the team, but it will be good for you. It builds your character, it develops your college life."

Professor W. E. Schreiber of the physical education department, then took the floor, and with a short spirited talk, he explained the athletic situation at the University. He stated that unless something was done soon, Montana would face a crisis athletically. He emphasized the fact that too much emphasis is placed upon defeating teams from the agricultural college at Bozeman, and not enough upon out of state schools.

"We concede the Aggies beaten before they come here," he said, "let's get the big schools."

Dr. Schreiber also stated that college spirit was not displayed by a yell, when a ten-yard gain is made. He said that college spirit was determined by the way you did things for your school.

"The spirit of Montana is not what it should be," he declared.

**Coach Stewart Speaks.**  
Coach Stewart then made his first appearance before the students as a speaker. Two "Coach, Coach, bully for coach—" yells were given and the assembly room grew quiet. Mr. Stewart first asked the freshmen to stand, then the upper classmen. Upon seeing the relative numbers, he announced that his text would be, "How Come?"

Mr. Stewart expressed himself as surprised at the small turn-out for Varsity athletics. He said that he has seen many small eastern schools, that had more athletic candidates than the University of Montana. He deplored the condition, and asked for better support. His talk was spiced with bits of humor, that brought laughter from the men at frequent intervals. At the close of the speech he asked for the unanimous support of the men assembled. The support was enthusiastically pledged.

In commenting upon the chances Montana has against Washington tomorrow, Coach Stewart declared he had nothing to say. He said that Washington had a very strong team and a fast backfield.

"You can bet that the Montana fellows will go in with the old fight," he said, "and it is for that fight that we are asking your support."

The meeting closed with the singing of "Montana Fight."

## DEBATE COACH WANTS FUTURISTIC CANDIDATES

"It is my desire that all students should take an interest in debating this year, and all those that have the ability will be given a fair chance at the try-out, which will be an open discussion," was the statement made by Professor J. D. Chadwell, a new member of the faculty and debate coach.

On October 20, there will be assembly of those that are interested in debating and a general discussion will take place. The topic of the debate will be announced a week before the debate so each person can be prepared.

There is a promise of a larger tour of the team this year, taken to all principle cities of Montana, and also including Universities of Wyoming, Idaho and Gonzago.

## JUNIORS WILL HOLD MEETING ON MONDAY

A meeting of the Junior class on Monday, October 9, in the auditorium, is announced by Roger Deeny. "I would like to know what is the matter with the juniors," said Mr. Deeny. "They are sure a dead bunch; we have called two meetings so far which have been attended by about one-fifth of the class."

The meeting is being held for the purpose of electing officers and discussing some special features concerning the Sentinel. The question of wearing corduroy trousers will also be considered.

## TICK BAIRD IS ELECTED HEAD OF SENIOR CLASS

For Second Time Holds  
Presidency of Class  
of '23.

Harold (Tick) Baird, captain of basketball and football letter-man was unanimously re-elected by his class-

Harold Baird

mates to head the class of '23 for the coming year at the senior meeting on Tuesday afternoon. This is an honor seldom accorded to a university man.

A member of the basketball team for three years, Tick was chosen all-northwest guard two years ago and has been an all-state man every year. He won his letter in football in his sophomore year but has devoted himself to basketball since. He was elected president of the Junior class last fall and in the spring was tapped by Silent Sentinel, the Senior honorary society.

Irma Stark was elected vice-president to succeed Catherine Small and Margaret Rutherford succeeded Wynema Woolverton as secretary. Delbert Cawley was unanimously re-elected treasurer.

After a short discussion of the financial condition of the class, an assessment of one dollar was levied on all members. Agnes Boyd, Abigail Graves, and George Weideman were appointed to assist Cawley in the collections.

## ENGLISH FACULTY ENTERTAINED

Professor and Mrs. H. G. Merriam entertained the members of the English faculty Wednesday evening at the Merriam home on Connell Avenue. The greater part of the evening was spent in an informal discussion of Hilaire Belloc's new book "The Mercy of Allah." In addition to the regular faculty the following members were present: Prof. Chadwell, Prof. Williams, Mr. White, Mr. Ericson, and Mrs. Lillian Scott Bassler.

## GRAVE FINANCIAL PROBLEM FACES U

MEASURE EIGHTEEN FAILS TO  
PROVIDE NECESSARY  
REVENUE.

A New Plan of Elimination is Necessary Because of Increased Enrollment and Decreased Resources.

The problem of increased enrollment and diminished resources facing the University was explained to the students, and the method of elimination which will probably be used in the future was outlined in an address by President C. H. Clapp at convocation Tuesday morning.

"The failure of measure 18 passed in 1920 was unexpected," President Clapp stated. "At the time of its passage the assessed valuation of property was \$600,000,000, which would give the entire University an income of nearly \$1,000,000. Instead the valuation has dropped to about \$450,000,000."

According to the president, this drop in valuation means that the income for the year 1923-24 will be \$300,000 less than was anticipated with the number of students enrolling increasing as if the money were increasing at the same time. At the present rate of increase there will be 1500 students this year, 1750 for 1923-24 and over 2,000 the year following.

**To Use Elimination Method.**  
The Westinghouse method of grading will probably be used in elimination. This method is based on qualities, of ability, originality, thoroughness, enthusiasm and common sense. "These qualities," said President Clapp, "cannot be actually taught in school but the University should develop the latent qualities possessed."

A high percentage of eliminations for scholarship alone the president considered an acknowledgment of failure on the part of the administration. Reliability and honesty are assumed and any cribbing will be punished by expulsion.

Miss Kathryn Maude Gwinn, new Y. W. C. A. secretary, spoke to the assembly about the necessity of character development as a part of a university education combined with studies, athletics and society.

DeLoss Smith, dean of the School of Music led a practice of Montana songs and William Hughes, Yell King, took charge of a short rally.

## COACH STEWART PLANS CROSS COUNTRY RACE

Grizzly Team Will Probably Run  
Against Aggies Between  
Halves Nov. 11.

Plans are being formulated by Coach Stewart for a cross-country race which will probably be held November 11 between halves of the Aggie-Grizzly battle.

The cross-country run has been postponed for the past two years because of cold weather. This year it is planned to have the men begin training earlier to avoid all possible chances of postponement.

Coach Stewart is an enthusiastic track supporter and urges that all men interested turn out.

A meeting will be held tomorrow morning at 11 o'clock in the gymnasium for all track men. All men with only the slightest of track ability are asked to attend as well as those of track experience. Coach Stewart plans on having the track men take light workouts throughout the entire year, especially the sprinters and distance men.

## REGISTRATION OF 87 STUDENTS CANCELLED

1321 Student's Register and Pay Fees.

A total of 1321 students has registered and paid fees. Eighty-seven names of students who registered last spring but have not yet paid their fees have been cancelled.

The registrar's office expects that more cancellations will be made this week by students who are unable to get the courses desired. The registration last year at the end of the first week was 1107.

## FACULTY MEMBERSHIP INCREASED THIS YEAR

PROFESSORS ON LEAVE OF ABSENCE  
ARE BACK ON CAMPUS.

Additions Have Been Made in Practically All Departments.

Four members were added to the English faculty. They are John T. Chadwell, who is taking the place of E. L. Freeman and Mrs. Alice W. Mills, H. S. White, replacing Assistant Professor R. W. Fowler. Roger Williams, who will take charge of the dramatic work of Alexander Dean, and Mrs. Lillian Scott Bassler, instructor.

Dr. J. H. Underwood, head of the sociology department has been granted a year's leave of absence. His place will be taken by Leo S. Horst.

A. F. Langmas and Esther Clements have been added to the school of business administration. Mr. Langmas will be assistant professor. Miss Clements will be instructor in the place of Miss Gladys Blee.

The school of forestry will have Ruben Prichard and Fay Clark as assistant professors.

Roy Wilson will act as assistant professor in the geology department.

John W. Nash will replace G. V. Burroughs in the history department. H. J. Deutsch will also be a member of the faculty in that department.

In the school of law, Robert E. Matthews will take the position of Lewis L. Simes.

The associate professor in the department of education will be W. E. Maddock.

Miss Helen Gleason has been secured to take up the work of Miss Agnes Baker in the home economics department.

Miss Marjorie Armour will assist Miss Rhoda Baxter in the physical education department.

Miss Harriet Clark who taught modern language last year, will be replaced by her sister, Jeanette.

Elsie Jolliffe and Florence Klammer have been added to the staff of the library.

Mrs. Belle Bateman will be acting instructor in the art department. F. D. Schwalm has been granted a year's leave of absence.

Captain Jack Howard has been transferred to the University to take charge of the military science.

## WESLEYAN CONFIDENT OF WIN OVER GRIZZLIES

Panthers Have Veteran Line-up for  
Varsity Game Here  
Oct. 14.

Wesleyan College is supremely confident of a victory over the Grizzlies when the two schools meet on Dornblaser field October 14. The supporters of the Panthers and the townspeople of Helena are not hesitant in expressing their convictions that the Grizzly defeat will be decisive.

The Panthers have all but three of their last year's team back and a number of promising new men, they say. Besides, several former players have registered again this fall, among them Ford Bailor, captain-elect, who won considerable recognition two years ago. The Wesleyanites are banking on Russell, Bailor, Bowers an "Poky" Allen in the backfield, and a line which is claimed to average 180 pounds, to humiliate the Grizzlies.

While the Panthers have been working out for more than three weeks, there has been no indication of their real strength. However, their first game comes tomorrow with Billings Polytechnic at Helena and will show something of the apparent strength of the Methodists.

## MANY LETTERS UNDELIVERED.

Owing to the fact that university students have not notified the post office of their Missoula addresses, many letters to students in Missoula have not been delivered. L. W. Lister, postmaster, requests that all students who have not already made out address cards, do so at once. These cards may be procured at the post office or from any mail carrier.

## GREAT BATTLE IS ANTICIPATED WHEN GRIZZLIES MEET HUSKIES AT SEATTLE

TEA GIVEN IN HONOR  
OF ADVISORY BOARD

The Y. W. C. A. entertained at tea last Wednesday in honor of the advisory board for the association. The dining room in the Home Economics department was decorated for the occasion and refreshments were served by the cabinet members.

Those present were Mrs. Harriet R. Sedman, Mrs. Howard Toole, Mrs. Frang Borg, Mrs. Frances Williamson, Mrs. Frank Keith, Miss Emilie Whitcomb, Mrs. Warren Wilcox, Mrs. Ira B. Fee, Mrs. Howard M. Colvin, Mrs. Donovan Worden and Mrs. C. F. Kellog.

## MISS QUINN DESIRES ASSISTANCE OF GIRLS

Hopes That All Women Will  
Benefit by Organization.

Miss Kathryn Maude Guinn has taken her place on the campus as the new leader for the University Y. W. C. A.

Miss Guinn graduated from DePaw University, receiving her degree as Bachelor of Arts from that school and also graduating from the school of music there. She is a graduate of the National Training School for Y. W. C. A. She studied music for one year in New York and from there went to the University of Missouri where she has been engaged in active Y. W. C. A. work.

The Montana organization has made extensive plans for the coming year and is hoping that each girl in the university may enter into the group and benefit from the association.

"There is every reason," said Miss Guinn, "for believing that the Y. W. C. A. can mean to the girls of Montana what it means to girls in other state universities. Just as there is a challenge for the University to compete favorably in athletics with other schools of the Northwest, so there is a challenge to the university girls to develop their Y. W. C. A. in order that Montana may rank with other schools of this section. The girls are showing a ready response to be work and I am confident that, with their willingness to help and their interest in what the Y. W. C. A. offers, we shall have an organization of which the state can be proud."

Much responsibility for the welfare of the association rests with the Y. W. C. A. cabinet. The officers and cabinet members are:

President, Ovidia Judmunsen; Vice-president, and membership chairman, Mary Blaisdell; secretary, Florence Roethke; treasurer, Agnes Brown; social chairman, Trise Pfander; finance, Margaret Ohmston; rooms, Anna Beckwith; Wild Fellowship and Bible Study, Beula Trotter; Conference, Catherine Hak; Music, Solvay Anderson; Publicity, Margaret Rutherford, and undergraduate representative, Gertrude Mook.

The first meeting of the Y. W. C. A. will be held in the auditorium next Tuesday at five o'clock.

## REPORTS ON WASHINGTON MONTANA GAME BY WIRE

Every Play Will Be Given by Wire  
and Score Kept at  
Dornblaser Field.

Leased wire has been obtained for the Washington-Montana game which is to be held in Seattle tomorrow afternoon.

If the weather is favorable, the reports will be given from the bleachers, Yell King Bill Hughes reading the reports. A score box just what is happening on Denny field. If the weather proves unfavorable, however, the reports will be given from the gymnasium. Twenty-five cents will be charged each student to aid in defraying the expenses of leasing wires.

Washington Eleven Heavy  
but Green, Say  
Dopesters.

The Grizzlies will crash into the Washington Husky's line of giants tomorrow afternoon at Seattle in the first Northwest conference game of the season. Those who have kept in touch with the work of the Washington eleven this year predict that it will be a battle.

The Husky eleven is hefty enough to cause Seattle football fans to prophesy great things for it before the season closes. However, they have developed no great variety of attack this year and although outweighing the Grizzlies about 19 pounds per man are lacking in speed and shiftiness. In a game recently played with the navy yard team

Captain "Jelly" Elliott

from Bremerton the Sun Dodgers displayed a greenness that alarmed their admirers and lost them a great deal of yardage through the off-side plays into which they were tricked. From the looks of things, say observers, it will be a smashing, crippling offense and a stone wall line against a faster, moving offense with a determination and fighting spirit probably the deciding factor.

Grimm, Washington husky, of the "fighting family" famous in gridiron history, is expected to star at the position of tackle. Although a new man, he is husky and full of fight. Warren, a new man in the Washington backfield and a former Everett high school player under Bagshaw, is expected to go big this year.

**Ramsey Out.**  
The Grizzlies are crippled by the loss of Ted Ramsey who was unable to go to Seattle because of injuries sustained Tuesday in scrimmage. However, Ray Murphy, center on last year's team was able to make the trip although it was announced Monday that he could not on account of a badly sprained knee.

Twenty-four men left Missoula at noon yesterday on the North Coast Limited for Seattle. Coach Stewart made no statement as to who would start the game nor as to the positions of the players. Dr. W. J. Marshall and Coaches Stewart and Adams accompanied the team. Those picked for the trip are: Captain Elliott, Kershner, MacGowan, R. Murphy, Ashford, Shaffer, Coleman, Straw, Centerwall, Porter, Mandlin, Plummer, Astell, Tanner, Rooney, Oeschell, Dahlberg, Taylor, G. Silvernale, Johnson, Christie, O'Neil, Madsen and Spencer.

## GLEE CLUB OUTLOOK IS BRIGHT, SAYS SMITH

"Glee Club prospects for this year are better than ever," said DeLoss Smith, Dean of the Music department, Wednesday. About 35 candidates have already reported and the voices are now being tried out. Next Tuesday is the last day on which candidates for the club may report.

The regular rehearsals of the club are being held every Tuesday, at 7:30 p. m. Special rehearsals will be called from time to time as needed. The Glee Club will make its tour of the state between the winter and spring quarters. The itinerary of the club will be announced later.

## THE GAME IN SEATTLE.

The eyes of Montana supporters are turned toward Seattle, where the Montana team opens the season against the University of Washington eleven tomorrow afternoon. Much has been said of the Washington team by the Seattle papers, and according to sports-writers of that city, Washington expects to triumph over the heavy California Bears before the season closes.

Naturally then, Montana anticipates a hard game. The forward line of the Huskies averages around 200 pounds and their back field is made up of veterans. On the other hand, Montana has a medium-sized line full of fight, and a fast back field handicapped by lack of weight. Only a game will give the relative strength of the two teams.

Older students will turn their memories back to that memorable Saturday in October two years ago, when the far-famed Sundoggers fell before the Grizzly onslaught. Telegraphic reports to the Montana bleachers caused the home guard to go wild with joy as the periodical flashes told that Montana was winning. Intercepted passes, line plunges for long gains, and flashy tackles by the Montana men, told the story. When the team arrived home the following Sunday, they were given a welcome that surpassed any ever given to a Montana team.

Last year, however, the result was different. A light Grizzly eleven threw itself against a well-built machine which had the advantage in weight and number of substitutes. This handicap, coupled with Washington's determination to avenge the defeat of the year before, caused Montana to be defeated by a large score.

In the test tomorrow, Washington will be forced to realize that you might be able to defeat a Grizzly, but you can't make him give up. Coach Stewart's men have determined to fight until the final whistle and win or lose, Montana can be proud of them.

## AN INTEREST.

Seven hundred freshmen are enrolled this year in the University. There are perhaps 700 reasons for their being here, though if we should trouble to inquire into the matter we would no doubt find that the general idea of the need for college training which is recognized by parents and students, can be safely classified as three-fold: 1—To maintain a social position which demands a college training for men and women as their natural right; a necessity ranking in importance with good clothes and pleasant manners. 2—To train oneself in a profession by which he can earn money, position, wealth, or a combination of any or all three. 3—To awaken an interest in something vital, in which interest is in itself its own reward.

It is, of course, with the last-named that this editorial is concerned. The others are self-explanatory, obviously part and parcel of much of American social life, and of necessity difficult to attack as we can offer something satisfactory in their place.

An "interest" in this instance may be defined as a compelling desire to know all there is to know about a particular kind of work, a certain trend of idea or thought, "ways" of doing things, but without a desire which has for its end and purpose not the acquisition of fame and fortune, but the joy the work itself can bring.

It is difficult, well-nigh impossible to choose from the bewildering mass of information given the new student upon his arrival and from an extremely complex curriculum a course of study which shall suit the temperament and training of 700 individuals and which shall stimulate a dormant interest, allowing that such exists. Certainly the present college system is quite inadequate to a demand of the sort.

It may not be aroused the first year or even the second, this interest. Assuredly it must not be forced, but must come of itself in direct response to the attraction of the world involved.

## A GOOD BAND.

With the signing up of over 50 men for band work, prospects for a good musical organization for the coming year are exceedingly good. With a capable leader in the person of Professor Ernest Atkinson, the band should develop into the best that has ever represented the University.

Three years ago 12 men made up the entire membership of the organization. Gradually interest increased, which culminated in the students voting recognition for bandmen by awarding medallions for service last year.

A good band is a valuable asset to the school and deserves the hearty support of the student body.

## Two Upper-Classmen Rotarians Ertain University Faculty

Only two former students, Dick Crandell and Gid Boldt, have thus far signified their candidacy for the recently created office of yell duke. According to present plans there are to be two dukes, one selected by the freshmen and one by the Yell King, from one of the other classes. Freshmen candidates are Ralph Jones, Jack Donworth, and Mike Strauzer. Crandell and Boldt have both had high school experience in noise-making. Final selection will be made at the next week.

In the meantime any one may enter the race. The yell dukes will act in conjunction with the Yell King to produce the utmost manifestations of spirit at Grizzly games. There will be no fussing at games, and it is planned to put the freshmen in a separate section.

## NOTICE!

There will be a meeting of all students interested in plays or play producing in Assembly Hall Tuesday evening at 7:30.

Roger Williams, instructor.

The French Club will have a meeting at 7:30 Tuesday evening, in De Loss Smith's studio, Main Hall.

## NOTICE, SOPHOMORES!

Class elections will be held Thursday, Oct. 12, in the Natural Science Auditorium.

Tom Mathews.

## The Grist

"The mills of the gods grind slowly, but they grind exceeding fine."

Galileo Sez.

The athletes will come in search of a job, and poor Doc Schreiber has none.

## Why is a Frosh?

There is many a frosh who is being rushed hard, who knows not what the future will bring.

He is sure sitting pretty, he is all in the pink, the world is minus the sting.

His life is untrammelled, the glad hand is out, he's the most popular guy in the school.

But he'll snap out of it soon, just a week or two more and he'll know he's been just a darn fool.

For the meals he's been eating he'll pay with a swat, there'll be many a window to wash.

The brothers are weary, rushing the bunk, but they'll even things up with the frosh.

So freshmen take notice, countin' women in too, you're thinkin' you're some pumpkins now.

But wait till you're hooked, and a lowly born pledge, and you'll wished you had stayed with the plow.

A rushee is a perambulating illustration of the mouldy bromide, "Ignorance is bliss," etc., etc.

President Clapp wishes he could dynamite the boys that hold down the pavement in front of Main hall and about Christmas vice versa.

Nine times out of ten when a guy's voice breaks he ain't broken-hearted, he's got asthma.

## Our Girl.

She was down to the track meet last year and told some of the sisters that she would join their lodge this fall and now they won't even speak to her.

A stitch in time saves nine, but a stitch in the side builds coffins.

The only difference between a remittance man and us is the remittance.

I wonder if the Bear Paws will have anything to say to the contractor for cutting the campus.

The Royal Order of Kerosene Burners. He wondered who Doc Schreiber was referring to when he mentioned that fellow named "I" so often, Tuesday night.

Some people are so dumb that a cold in the head brings the only movement in the section above the eyes.

It costs so much to register in the institution that we can't buy books to learn anything.

A lot of people have steam but they blow off at the wrong moment.

After hearing some of the profs' lectures we need a dictionary for a text book.

We hate like the dickens to go to the book store for a history for they might not be sold out yet.

FIRST MEETING OF C. S. A. ATTRACTS 100 STUDENTS

The first meeting of the Catholic Students Association was held last Sunday morning in the Saint Anthony Parish Hall. About 100 students were at the meeting and the breakfast which was served immediately after mass.

Roger Deeney, president of the organization, presided. Plans were formulated for a get-together party to be held October 14th. Meetings will be held the first Sunday of each month throughout the school year.

## Guff From a Goof

### CULTURE.

A week or two ago the writer attended a "rushing" dance given by one of the women's fraternities on the campus, and during the evening had a dance with one of the "rushees." In the course of the conversation the subject varied. One happened to be the school. I, like any other student who has attended the State University for two or more years, was all "for" the school. Maybe the girl was too.

"Do you figure on graduating from the U?" I asked her.

"Oh, no," she replied, "I intend to go here one year and then I am going East."

"Why go East?" I naturally inquired, partly to keep up the conversation. "Can't you get the course you want here?"

"Yes, I can get the course I want here all right—" the music stopped, "—but," she went on, "I don't think one can acquire the culture—ah—the polish in a small school like this that one can acquire in the large schools of the East."

And with that she started scratching an evidently itchy shoulder.

## Ouch!

But It Was His Sister He Fussed.

Says Prof. Miller to an inquiring Frosh, "Come in and have a chair."

Says the Frosh, "No, thanks. I—I don't believe I care to sit down."

Says the prof., "Did you forget your green cap?"

Says the Frosh, "No, I had my cap all right, but I got warmed something awful."

Says the prof., "How come?"

Says the Frosh, "I—well, I forgot and walked to school with my sister."

## LARGEST FROSH SQUAD IN SCHOOL'S HISTORY

Lack of Equipment Keeps  
Number of Prospects  
From Practice.

"Tell the freshmen that I want all those who have drawn suits to either comeout for practice or turn in their suits," was the statement of Harry Adams, freshman football coach. "Just about 50 suits have been given out and about 30 men show up every night. Practice is held once a day, six days a week."

The freshman squad this year is the largest that has ever turned out and the prospects are as good as could be expected from a squad of this number, which includes many high school stars. There will be considerable weight on the line and a number of fast and husky men are candidates for the backfield positions. Among the most promising men are Sugrue, all-state half from Anaconda; Crowley, all-state end from Butte; Ilman, all-state full-back from Missoula; Meagher, all-state tackle from Butte.

Martinson, McSpadden and Wilcox, of Missoula, and Carney, of Billings, picked on the second and third all-state squads by Walter Scott are showing up well for positions on the first squad. McKenzie, a husky lad from Havre, and Van Horn and Tarbox of Custer are high school stars of lesser light who give evidence of ability, while Plummer of Stevensville has lots of weight and should be a valuable addition to the line. Tein and Estay are two members of last year's squad who dropped out of school last year but who are back again. Both have had considerable experience.

Harry Adams will accompany the varsity squad to Seattle and during his absence the frosh will be handled by Jimmy Powell. Practice will go on the same as usual.

A complete schedule of games for the freshmen has not yet been arranged. Coach Adams says, but the team will play the Aggies frosh, the Idaho frosh and the Washington State frosh. One or two other games are also being negotiated. At present the squad is somewhat handicapped by a lack of equipment as there is a number who would come out if suits could be had.

## TRACK MEN CALLED FOR FALL TRAINING

First Call Brings Out Four Candidates;  
At Least 30 Needed to Make  
Good Showing.

"It is essential that every man interested in track, turn out for fall training," said Coach Stewart, Wednesday. "If we are to have a team in the spring, we must work all through the winter for it. At least 30 men should be out now."

Four men reported for practice last Wednesday, in answer to Captain Egan's call for candidates. They were Duffy, a quarter-miler of last spring; Rutherford and Newlon, sprinters for the freshman team last year, and Captain Egan. Anderson, another quarter-miler, is at present on the Varsity football squad, with Plummer, and are expected to report at the close of the season. Thompson, a 220 man, is in the cast, and will not be in school until next quarter. Closs, who was showing up well in the half-mile last spring, and who was injured while stepping a leg of a relay, will be in school soon and is expected to report.

## EX-GRIZZLY ATHLETES NOW COACH HI SQUADS

Former Grizzly athletes are coaching high school football teams throughout the state for the coming season.

Fred Daylis of Worden, who played an end position on the Montana eleven and who also starred in a baseball uniform, is coaching Billings High school.

Two former Grizzly fighters are coaching opposing high school teams in Butte. Steve Sullivan, all northwest halfback and basketball and track star, is priming Butte Central for the coming season. Butte high team is being tutored by Harry Dahlberg, who served his time fighting for Grizzly honors.

Little is known of the strength of these high school teams as they are composed for the most part of inexperienced men. Montana students, however, are watching with interest for the results of the season.

## BASKETBALL AWAITS COMPLETION OF FLOOR

MacDonald, Badgely, Tanner and Porter  
of Last Year's Squad Will  
Report Early.

"Basketball practice will begin as soon as the new floor is finished, probably around the first of November," said Prof. Schreiber yesterday. Coach Stewart will direct the early training of the men through Harold (Tick) Baird, captain.

According to Captain Baird, the basketball outlook is the best Montana has had for some time. Sullivan and Ahern, two regulars of last year, will not be available, but MacDonald and Badgely, last year's point getters, will be out for early practice.

Guthrie and Stegner of the freshman team of last year will probably report for early training. At the close of football season, Dahlberg, Porter, Tanner, Straw and Elliott are expected out for practice. Johnson, who is now working as one of the Varsity quarter-backs, is considered good material for center on the hoop squad.

## PHYSICAL EXAMS FOR GIRLS IN GYMNASIUM CLASSES

Members of the freshmen and sophomore girls gymnasium classes are being given physical examinations this month along with the regular hygiene lecture courses. Miss Rhoda Baxter of the physical education department and her assistant, Miss Marjorie Armour, are giving the examinations which are required of all those registered in either the first or second year gymnasium classes.

Regular gym classes for freshmen will not begin until after the completion of the first month's lecture courses in hygiene.

## GRADUATING CLASS MAKES GOOD SHOWING

Many Are Engaged in Teaching Work; Some Coaching.

With nearly all of its members already filling positions in this and nearby states or taking up advanced work at other schools, the graduating class of 1922 is making a good showing among the classes, once a part of the State University. The greatest number of them are holding positions as teachers, according to the report of Professor W. H. Ames, head of the committee of recommendations. However, some are sojourning in foreign lands, as the following list will show:

Those who are teaching are: Fred Lawrence, St. Ignatius; Eleanor Mitchell, Townsend; William Wilson, Frenchtown; Helen Ingram, Blossburg; John Hill, Geraldine; Ida McDonald, Three Forks; Reba Houck, Paradise; Elizabeth Wickes, Plains; Leslie Hartley, Hedgesville; Mrs. Genevieve Murray, St. Regis; Frank Murray, St. Regis; Lucille Lennon, Cardwell; Isabelle Johnson, Fromberg; Helen Evans, Butte; Louise Sponheim, Boulder; Dorothy (Pi) Moore, Lewiston, Idaho; Edith Hamilton, Butte; Adalouie McAllister, Hamilton; Elizabeth Kelley, Superior; Mildred Lore, Judith Gap; John Morris, Plevna; Ruth McQuay, Butte; Ruth James, Corvallis; Aaron McDougall, Pablo; Theresa Gay, Dillon; Inez Tiedt, Fromberg; Mary Farrell, Melrose; Mary H. McCarthy, Butte; Sylvia Bakkeby, Moccasin; Mary Vedder, Lodge Grass; Hilda Benson, Logan; Perry Armstrong, Warland; Helen Fitzgibbons, Hamilton; Elsie Thompson, Washtucna, Wash.; Charles Spiller, Pocatello, Idaho; James Harris, Boulder; Catherine Craighead, Park City.

Several of the men are engaged in coaching athletics in the high schools. Steve Sullivan is with Butte Central, Fred Daylis in Billings, and James Harris coaches at Boulder.

### Many in Journalistic Work.

Phoebe Walker is taking nurses' training at the Presbyterian hospital in Chicago. Arthur Jacobson is business manager for a mission in China. Kay McKoin is employed in a Los Angeles brokerage office and Lawrence Higbee is in the A. C. M. offices in Anaconda. Mildred Himes has taken charge of the public library at Plentywood, Margaret Henderson is working at the state capitol, Lillian Goff is doing stenographic work in the office of the County Superintendent of Cascade county, Kelsey Smith is selling insurance in Helena, and Margaret Barto is working in the Missoula Electric Shop.

Students holding down journalistic positions are Ann Wilson with Town Topics, Great Falls; Ronald Kain, editor of The Montana Banker, Great Falls; Robert McHattton, Denver Express, and Gladys Robinson with a Havre newspaper.

A few students are taking graduate work at other schools. Among them is William Allen, who is at Harvard; John Southwick, University of California; Daisy Forrest, University of Chicago, and Virginia Yegen at the University of Virginia.

Eugene Harpole is practicing law at Culbertson and Paul Smith has a law office at Helena. The latter is also a candidate for the legislature from Lewis and Clark county.

## NO CHANCELLOR CHOSEN FOR GREATER UNIVERSITY

Dr. Swain is Acting as Chancellor Until Further Action by Board of Education.

No appointment of a chancellor for the Greater University has been made by the State Board of Education. The board convened recently in Helena for its quarterly meeting, but no action was taken toward choosing a successor to Dr. E. C. Elliott.

Vice Chancellor F. J. Kelly of the University of Kansas was in Helena to attend the meeting, but it was not made known that he was an applicant for the position. Dr. Kelly is among those whom the board addressed several weeks ago concerning the chancellorship when Dr. Elliott resigned to accept the presidency of Purdue College at Lafayette, Ind. Dr. H. H. Swain, executive secretary for the State University of Montana was appointed by Governor Joseph M. Dixon several weeks ago as acting chancellor until further action in that regard by the board. He served in that capacity at the meeting.

Willamette University claims eleven men in "Who's Who in America" for 1922-23.

## SOPHOMORES DESTROY FROSH PROCLAMATION AND PUNISH CULPRITS

A proclamation answering that of the sophomores, which appeared last Friday, was issued Wednesday by the freshmen.

Very few copies were seen, however, as most of the posters were destroyed, presumably by some of the sophomores. The poster was printed in red ink and was calculated to attract considerable attention. Much of it was devoted to a declaration of what the frosh thought of the sophomores and could hardly be called complimentary.

The frosh made answer to the sophs in this wise:

1. Yes, the "M" shall be painted before 6 p. m., Friday, Oct. 13th, that your warped, dirt-covered dissipated faces shall burn with shame when you see how our attempt compares with that of yours.

2. We shall wear green caps so that we may be distinguished from the foul smelling garbage picking Sophomores.

3. We will not cut the campus because we prefer to dirty our pedal extremities on the logical sidewalks of the town—the Sophs.

4. We extend our heartiest thanks to you for forbidding fussing on the campus, because up to date we have had to throw rocks at the homely dollies of your class to keep them away from us.

5. Our women will meet with your request because they know that only heathens, cannibals and Sophomores are low enough to make war on women.

Jimmy Murphy made his belated appearance on the campus Tuesday.

"Ek" Mosby, a former Montana student, who went to the University of Minnesota last year, is back again studying law.

## SOCIAL WORK CLASSES OPENED TO OUTSIDERS

Now Possible for Them to Enter Sociological Courses as Specials or Visitors.

Courses in social economy which will be open to outside people this year include Social Work, Social Pathology, Social Legislation, Crime and Its Treatment, Rural Community Life, and Problems in Child Welfare. Instructor C. Walker Hayes, who is giving these courses, announced today that because of the interest people outside of the University had shown in social work it would be possible for them to enter the courses as visitors or as special students.

Mr. Hayes commented on the demand for instruction in social work. Last year only one course in social work was offered, but this year four new courses have been added to the curriculum. He remarked that if the demand continued the University would soon have a special department of social work. "When that time comes we plan on adding research classes in social work which will include field work in that line," he concluded.

Bert Guthrie, a student in the school of journalism, returned Thursday evening to continue his studies.

## MRS. DELOSS SMITH TO DIRECT ORGAN COURSE

A pipe organ course under the direction of Mrs. DeLoss Smith, has been added to the School of Music curriculum. The fees are practically the same as for piano lessons, and include for the quarter, one lesson a week and three practice hours a week. The organ at the Methodist church is being used.

Mrs. Smith studied the pipe organ in the University of California and in New York. She held positions in churches in both of these places.

Florence Sanden is expected to arrive in Missoula this evening. She has been forced to remain at home on account of the illness of her mother.

### Gloves and Kerchiefs

### Neckwear

A delightful assortment

## A Woman's Ears

Fashion has decreed of late years that a woman hide her ears. It is not for us to say that this has proven an advantage for some women. It is the fashion, anyway, and now every woman is using her ears to add to her attractiveness and to her beauty, while still keeping them partially concealed.

Earrings! And then more earrings!! A woman no longer has just one pair of handsome diamond or pearl earrings. To these desirable properties she has added a variety of other stones in many color combinations. It is not too much to say that a woman may today acquire style through earrings alone. You should see our newly-received Parisian novelties in this kind of jewelry. Beautiful and wonderful and in superb style.

A great range of prices.

"Always Something New"

### When a Soldier Expressed Surprise

—that a great philosopher among the ancients should amuse himself at a childish game, the wise one asked him why he carried his bow unstrung on his back.

"Because," answered the bowman, "if it were constantly under a strain it would soon lose its elasticity."

"So would my mind," said the sage.  
Our efficiency during working hours depends largely on our capacity for "letting down" during leisure hours. Let's give our minds light refreshment between the periods of heavy duty.
