STATE UNIVERSITY OF MONTANA, TUESDAY, OCTOBER 31, 1922

NO. 9

BOBCAT ROOTERS WILL ENGAGE SPECIAL TRAIN

Half of Student Body Plan to Visit University for Joint Cenebration.

"Trains to carry Bobcat rooters across the divide are now a reality, half of student body ready to go," is the latest report from the Agricultural college. Former students of both the schools are writing Tom Spaulding assuring him of their presence here, on November 11.

"To make Homecoming day a success, we need the co-operation of the entire student body," said Tom Spaulding, chairman of the celebration committee.

Dean Stone and Professor Colvin are the faculty members that will help E. J. Mosby take charge of the parade, while Professor E. A. Atkinson, Mrs. Harriet R. Sedman, and J. B. Speer, are the faculty members who will have charge of the reception and dance.

Twenty-five hundred copies of the advance edition of the Kaimin have been sent to former students all over the country. Follow up editions of the Kaimin will be sent later.

"Although it was not originally intended to charge admission to the dance an assessment of 50 cents will be made to cover expenses of the orchestra and decorations," said Tom Spaulding.

Students will be able to obtain programs for the dance at the campus store for half a dollar and these will admit the bearer to the gymnasium on the night of the dance.

MANY STUDENTS SECURE WORK THROUGH AGENCY

Thirty-four men have secured permanent positions through the Student Employment office, states a report rendered by H. H. Badgley, secretary. This report covers from the beginning of the school year until last Saturday. During this period 116 men have applied for jobs. Thirty of these men have not yet made the acquaintance of the secretary and 54 have been doing odd jobs. Sixty-six calls for odd jobs were received.

Three men report that they have made an average of \$20 to \$25 a month. These jobs last from two or three hours to ten days. The average wage received is 40 cents per hour. Four men left school, giving their reason as lack of funds. Two had applied for jobs. All came to school with less than \$100.

There is a demand for odd jobs at the office at the present time, stated Mr. Badgley, but many of the men can secure work raking lawns by applying at different houses in town.

PLANS FOR BUYING PICTURE DISCUSSED AT MEETING

Plans for buying a picture for the art department were discussed at a meeting of Delta Phi Delta recently. Two years ago the fraternity presented the department with "Mount Lanier at Dawn" by Mrs. E. O. Sisson. So far the only picture under consideration is an original of a Sharp landscape, valued at \$200. The picture is owned by Rosalind Reynolds, a sophomore at the University.

Miss Elizabeth A. Kelley, who is teaching in the high school at Superior, will return to Missoula for Homecoming. She was a student here last year.

NATIONAL FORESTRY CLUBS TO MEET HERE

Definite plans for the entertainment of the convention of the International Association of Forestry clubs to be held in Missoula next spring will be announced in a short time, according to Dean Skeels. The new Forestry building will be dedicated at this time.

Dean Skeels expects to go to Portland next month to arrange for several lumbering organization conventions which will be held here during the same week if present plans do not fail. It will be a big opportunity to put the University and the School of Forestry before the whole country, according to Dean Skeels, and the local club is making preparations accordingly.

FORESTERS' RIFLE TEAM LOSES TO R. O. T. C. TEAM

MacDonald of the Foresters Has a Score of 175 of a Possible 200.

The R. O. T. C. rifle team won by a margin of 25 points from the Foresters rifle team in the match shot over the Fort Missoula range last Saturday. Charles McDonald of the Foresters was high man with a score of 175 points of a possible 200. Slaughter of the Foresters was second with 166 points and R. C. Graham of the R. O. T. C. was third with 160 points. The average of the R. O. T. C. team over the four ranges was 154½ points as compared with 151-2/5 of the Foresters.

At the 200 yard standing and at the 300 yard sitting and kneeling ranges, Charles McDonald was high man, with 44 points out of a possible 50 for each range. R. C. Graham of the R. O. T. C. was second at the 200 yard range with 42 points and Slaughter was second at the 300 yard range with 41 points.

Shooting from the prone position at the 500 yard range LeBrun Beckwith of the R. O. T. C. tied McDonald for first place with 46 points. At 600 yards A. G. Linde tied with Beckwith with 45 points and McDonald and R. C. Graham were tied for second with 41 points each.

The summary of the match at the various ranges follows:

	R. O. T. C.	Foresters
200 yards	210 points.....	222
300 yards	212.....	220
500 yards	249.....	240
600 yards	246.....	210
Total	917	892

TO SEE OURSELVES AS OTHERS SEE US

(By Scoop)

"You fellows are going to win this game." This was the statement of a representative of the Seattle P. I. made to a Kaimin reporter in the middle of the first quarter of the game at Spokane Saturday. It sounded pretty good to hear this from a neutral observer. Then he asked us, "Did you come over here expecting to win?" And we replied that we had hardly entertained such hopes. We also told him of the night spent by the team. He looked surprised and shook his head.

"Well, I would hardly believe it. In that case, I'm afraid you'll never win the game but you've sure got a fighting game bunch of men out there."

And that concurred identically with our opinion.

Miss Helen Higgins went to Spokane to see the Gonzaga game.

GRIZZLIES DEFEATED BY GONZAGA BULLDOGS

University Team Outweighed and Montana Men in Poor Condition.

Montana's Grizzlies were defeated by the Gonzaga Bulldogs Saturday in the new Gonzaga stadium in Spokane, 37 to 6.

The Varsity was out-weighted and in poor condition to play a game of football. The railroad company did not supply a Pullman car as it had agreed to do and the team was forced to travel in a dirty day-coach. A freight wreck in the Idaho mountains held up the train carrying the team and it did not arrive in Spokane until Saturday noon. Most of the members of the squad were forced to spend the night walking along the railway track in order to keep warm. The dining car officials refused to feed the men. They were without food from Friday afternoon until Saturday noon. Many of the team contracted severe colds and all were weary when the game started.

Montana's score came in the last minute of play when Silvernale, substituting for Plummer, picked up a fumble and ran 32 yards for a touchdown.

First Quarter Hard Fought.

For the first quarter and well into the second period the game was a spectacular battle. Montana was holding Gonzaga for downs and repeatedly throwing her back for losses but was unable to penetrate the Bulldog's defense for any consistent gains. Gonzaga's ability to complete forward passes was the deciding factor of her victory.

In the first quarter both teams threatened touchdowns but lacked the punch to put the ball over. Montana held for four downs on her six-yard line, when Plummer attempted to punt the kick, was blocked and recovered by Montana behind the goal line for a safety. The ball was put in play on the Grizzly 30 yard line. After three tries had netted three yards, Plummer punted 40 yards without return. Hodges was thrown for a 5 yard loss by Madson and MacGowan. Punts were exchanged. Then Gonzaga again punted 35 yards to Johnson who dodged back 40 yards. A pass to Coleman brought 20 more. Kershner hit center for four, placing the ball on Gonzaga's six yard line as the quarter ended. Here the

(Continued on Page 3.)

PIPE ORGAN COURSE IS FOUND DIFFICULT

"Although most of my students have had a great deal of practice with the piano, they find it difficult to manipulate their feet at the same time as their hands in playing the pipe organ. The class is very small; but every one seems to be interested," said Mrs. DeLoss Smith, director of the pipe organ course, yesterday.

Mrs. Smith plans to give a recital some time before the Christmas holidays. She will be assisted by a vocalist. Mr. and Mrs. Smith will give a short program at the Methodist church on Friday, November 10th.

"The students are unusually fortunate this year in getting an organ at so reasonable a figure. One lesson with three practice days a week is given for \$32 a quarter. So far, due to the fact that the warm weather has made it unnecessary to heat the church, the use of the organ has been given to the class every day, and in that way they accomplish about twice the work that they would otherwise," Mrs. Smith said.

SIGMA DELTA CHI TO OFFER NEW SERVICE

A resolution for a news service by which the various high school papers in the state will be provided with stories concerning the activities of their alumni at the University was adopted last week at a meeting of Sigma Delta Chi, journalism fraternity.

Each member of the fraternity was appointed to furnish copy for a certain number of high school papers. In this way it is hoped that an active interest in the University will be created among the high schools.

The news service will concern itself generally with University activities but more particularly with the activities of graduates of each school to which the stories are sent.

UNIVERSITY WILL HAVE MODERN HEATING PLANT

Rush to Complete Work Before Cold Weather Sets in.

Equipped with a pair of Coxie automatic stokers, Ric Will steam distribution pipes and boilers with a minimum capacity of 350 H. P. apiece; the new heating plant at the north corner of the campus will be one of the most modern in the United States.

Present work on the plant is being delayed by the shipment of fire brick for the boilers. As soon as these arrive, work will be rushed in an attempt to complete the plant before cold weather sets in.

The Ric Will system of steam piping is the latest thing in heat distribution systems. The pipe itself being composed of a double layer of caked asbestos pipes surrounding cast iron steam conveyors. The cast iron pipes are set on rollers and are equipped at intervals with expansion joints to counteract the pressure of the steam at different temperatures.

A set of vacuum pumps will be installed to maintain an even pressure at all times. Under the old system the radiators must either be clear open or closed. The new system will allow the steam to be controlled to meet the weather conditions.

The 150 foot stack is made of Lewistown brick and will be equipped with ladders inside and out. On the top a lightning rod will be installed. The boilers will be fired by the forced draft system, a turban type of fan capable of stirring up 33,000 cubic feet of air per minute will be installed in the basement.

The water heater and water meter to register water capacity in the boiler will be combined under the new system. Many labor saving devices such as automatic ash dumpers, coal conveyors and automatic smokers will be installed as well as a shower bath and locker space for the fireman.

RIFLE CLUB WILL COMPETE IN INTERCOLLEGIATE SHOOT

University of Nebraska Rifle club and North Western Rifle club have issued challenges to the rifle club of the local R. O. T. C. to be held March 24 and 31 respectively. According to Sergeant W. H. Truman the challenges will be accepted and the matches arranged. Scores will probably be handled by mail.

U CLUB TO HOLD ELECTION

The University Club will hold its annual election of officers November 18th. It was decided at a meeting of the board of directors held in the offices of Mulroney and Mulroney Friday night.

STUDENT ASSISTANTS APPOINTED FOR YEAR

Thirty-three Students Named by Department Heads and Approved by President.

Thirty-three student assistants have been appointed to assist in the work of the different departments of the State University. These assistants are chosen by the heads of the various departments and approved by President C. H. Clapp.

The names of the assistants and the departments to which they are assigned are: Physics, J. J. Roche; English, Richard Underwood, Burt Teats; Economics, Raymond Garver, Bertram Guthrie; History and Political Science, Genevieve Petzoldt, Agnes Brown; Business Administration, Mary X. McCarthy; Law, Lois James, George Howard; Botany, H. H. Hoyt, Esther Larsen, Persis Matthews, Howard Rottler; Geology, Arthur Yenson, George Sampson, O. S. Blackburn; Chemistry, Pearl Degenhart, Norbert Sager, Reba Malin, Nelma Maclay, Marguerite Thibeau-deaux; Biology, Otis Benson, Elizabeth Eggleston, Russel Lewis, Charles Graham; Pharmacy, Hazel Vaughan, Frank Stoddard; Physical Education, Eleanor Fergus, Tom MacGowan; Journalism, Cella Anderson, Ovidia Gudmunson; Psychology, Marie Leary.

STUDENT MISSIONARY TO SPEAK THURSDAY AT FIVE

Miss Louise Herrick, student volunteer for missionary work from Washburn College, Topeka, Kansas, will address the girls of the University at the next Y. W. C. A. meeting, Thursday at five o'clock in Main Hall. Her subject will be "The World a Field for Christian Service."

Miss Herrick is a graduate of Washburn College and is now taking a pre-medical course at the University of Montana in preparation for her future work abroad. From here she will go to Cornell Medical College and later will study abroad before taking up her work as a doctor in Turkey. Miss Herrick was a home missionary last year in Kansas and is carrying on part-time work here. She was the Kansas representative on the National Council which was composed of under-graduate students.

Miss Herrick will tell the girls about the many fields which are open for volunteer workers and for those interested in outside work.

MCCARTHY AND ANDRESEN CONFERENCE DELEGATES

Mary X. McCarthy and Solvay Andresen will be University delegates to the northwest conference of representatives of University Women's Self Government Associations to be held in Salt Lake City, November 8, 9 and 10.

Invitations were received from the University of Utah, under whose auspices the convention will be held. While in Salt Lake City the delegates will be the guests of the University girls. Plans of the conference are expected during the week.

Two years ago a similar conference was held in Pullman, Washington, when Helen Little represented the University W. S. G. A.

SOME OPPORTUNITIES.

We have heard something of the freedom from restraint and conventions which is traditionally supposed to exist in American colleges. There is a great deal said, too, about the spirit of youth, and that the four years of a man's college existence are a continuation of his juvenile days—to which conclusion these persons usually add the cynical observation that the modern youth clings frantically to every departing shade of the kindergarten period.

We are not at all certain that college life is free from restraint. Certainly there are strong conventions to which we conform with all the fidelity we extend our athletic teams. We agree, too, that college is often an extension of the high school period only, with no apparent evidence of further development. However, we have no doubt whatever that in our campus life exist opportunities for self expression in one line or another that receive more encouragement and genuine stimulus than will ever be accorded the student when he leaves the institution.

There is a unity here that tends to waive obstacles that assume a greater relative importance in the outside world. We have in common interests, youth, the future, expectation. Outside we meet with indifference, age, the past, realization.

TRACK WORK IN FOOTBALL.

"The man worth while, is the man who can smile, when everything goes dead wrong."

And two dozen football men are now smiling over the showing made at Spokane Saturday.

Not because it is a laughing matter, of course, but because it goes to show how that old Fortune dame will desert a fellow once in a while.

It is bad enough to go to a class when you have lost a night's sleep, much less a couple of meals, but to step into a football suit to engage in an hour's frolic on the gridiron under the same circumstances, must carry with it a sensation which is at least a novelty.

However, any football team can win a victory if it has a freight train to run interference for it.

FOOD FOR THOUGHT.

While we were at lunch recently in the cafeteria, an individual across the table bemoaned the fact that selection of food required such a degree of mental effort that the ultimate consumption lost whatever charm it may originally have possessed. Someone suggested that cafeterias be abandoned and that the future human race receive its nourishment via the capsule route, the opinion being ventured that by so doing much brain fever would be avoided. The disease, it was intimated, would be checked and limited to a few persons whose responsibility lay in the manufacture of the capsules, and possibly, their distribution.

We incline most favorably to the capsule idea with its attendant train of interesting possibilities. Only consider the saving in time, money and energy which would inevitably result. Take the matter of time. No necessity for quitting a play in the middle of the third act because the tower clock just booms twelve. A capsule from your vest pocket and the hero can go on lording it over the villain. You are taking her to dinner and your laundry falls to show up. It is of no consequence. Your dinner is in your pocket, —and moreover, it will keep. And if

you are very late, still no matter. She will probably have a "cap" or two lying around in her Spanish grammar, thus precluding any gallant fear on your part that she may starve in the interim.

The financial aspect is not without its comforts also. The dismissal of the cook would undoubtedly be one of the first joys and will rank in importance in family annals with the war records and the picture of Grandfather in his first long trousers. In this connection would come also the gradual evolution of the dining room from its present use as a scene for family brawls in a china atmosphere toward a place which we visualize as a glorified, drug-store sort of region with glass jars instead of Havelin and inscriptions instead of cut glass.

The economy in energy expended cannot be too strongly emphasized. We would have French verbs and a capsule where before we had but ham and eggs. A wee capsule under the type-writer and we would have our editorial done in time.

Having ventured thus far afield in the van of a glorious invention we hesitate to again take up the problem of existence in a world without a capsule.

The Grist

"The mills of the gods grind slowly, but they grind exceedingly fine."

GALILEO SEZ:

Feeding 5,000 people with seven loaves and two fishes doesn't look like much of a trick after seeing the latest edition of the open house sandwich.

Maybe they didn't have as sharp knives in those days.

Poetic License.

Jimmy Jones, she thought,
Was dum;
He asked her to the
Co-ed prum.

"What kind of a prof is Coon?"
"He's all right, but you've got to treat him white."

Royal Order of Kerosene Burners.

The woodpecker that tries to make a hole in the new gym.

"I've seen some pretty raw stuff in my day," said the old butcher.

Our Girl.

She can't see why so many Montana athletes go to other schools when we have such wonderful climate to offer here.

The Co-ed's Prayer.

Dear Lord, I don't ask anything for myself, but please give mother a son-in-law.

Bleacher Athletes.

"Pretty good kick."
"Yah, got a cigarette?"
"Dam rite; who's got the ball?"
"Smithy's got the ball."
"Old Smithy doesn't seem to have the pep this year."
"Ruin 'em, Bruins! Got a match?"
"Dam rite, who's have at the dance last night?"
"Lucille. Who caught that pass?"
"Dunno. Knida dizzy, ain't she?"
"Wicked line. Touchdown, ain't it?"
"Yeah, Montana! Not a bad dancer either."
"Good dancer. Half's over."
"Dammit. Gotta snake dance."

There will be a joint meeting of Silent Sentinel men, "M" Club members, active and inactive Bearpaws, and Frosh football players will be held to-night in room No. 108 (eGology) Main Hall. IMPORTANT.

RODGER DEENEY.

J. P. Hohn, from the Thompson Memorial church in Chicago, will hold services next Sunday at the University church.

Communication

October 30, 1922.

To the Editor of the Kaimin:

I wish to state my position regarding some recent happenings which have taken place on the campus in which it seems I was made the butt of certain jokes, perpetrated by students who seem to have no desire to help a fellow get started right at the University.

I will admit that I am a green freshman. I came here from a Montana high school, and upon arriving received advice from older students to get into the spirit of the University and take a part in University affairs. I heard much about "doing your bit" for the school, and immediately became interested.

During the past few weeks I have put on a campaign to be elected president of the Freshman class. I was entirely sincere in my motives for so doing, thinking I could "do my bit" toward getting the Freshmen organized, and getting them to show school spirit, a thing which I think is lacking in that class at the present time. However, students whom I thought were helping me get into the campus life, have made me the butt of jokes such as getting me to put on speaking tours at the various fraternity houses, as well as appear before the students at the Freshman game last Friday. At the time I thought I was doing the proper thing, but recent developments have shown me that I was not.

Therefore, I wish to say that I have withdrawn from the race for Freshman president. I will continue to work however, for the best interests of the class and at all times keep the welfare of the University at heart. Can a Freshman do more?

In the meantime I would like to suggest that those students who have the time to hinder the progress of others in the school would be of more benefit to their fellow-students and the institution as a whole, if they would confine their efforts toward building up school spirit instead of tearing it down.

Very truly yours,
JAMES C. DONOHUE.

LOSS ON FROSH GAME MADE UP AT GONZAGA

Student Auditor's Report Shows Net Gain for A. S. U. M. of \$70.45.

The football game between Montana and Gonzaga showed a net gain of \$366.45 and the game between the Montana frosh team and the W. S. C. freshmen showed a net loss of \$296., according to Ritchey Newman, auditor of student organizations.

The itemized statement is as follows: State University Freshmen vs. W. S. C. Freshmen at Missoula.

September 27	
Receipts—Gate	\$295.00
Disbursements	
Guarantee	\$500.00
Officials	55.00
Loss on game	296.00
	555.00 \$555.00

State University vs. Gonzaga at Spokane

Sept. 28	
Receipts—Guarantee	\$900.00

R. R. Fare to Spokane & Return	\$297.18
Meals	111.40
Hotel	24.00
Misc. Expense	2.47
Transfer	4.50
Supplies	9.75
Medical attention	5.00
Pullman	89.00
Returns	356.70
	\$900.00 \$900.00

Gross Returns \$356.70
Plus Supplies purchased..... 9.75

Net gain \$366.45

Bill Allen, one of last year's law school graduates, is taking a post graduate course at Harvard.

Page Tanner

Sleep Triumphs Over Feetball

"When the roll is called up yonder, I'll be there."

However, this beautiful old hymn has no place in the repertoire of Doc Tanner, apparently.

It must be admitted that Doc had lots of provocation, especially after missing a night's sleep and two meals but at that he should have been more considerate of our beloved Jim Stewart's nerves. Jim had, as he thought, his gang of raw-meat eaters rounded up in the dressing rooms at Gonzaga at the timely hour of two bells. To make sure, he called the roll.

"Tanner," came the call. "Tanner." Long pause. "—, where's Tanner?" His accents were agonized this time. But the gentleman paged was A. W. O. L. Finally someone suggested that Jim call the hotel. This sounded intelligent and he acted thereupon.

"Yes, Mr. Tanner is up in his room asleep. Shall we call him?" finally came the life-saving words of the clerk. And Coach Jim heaved a great sigh and wiped tiny beads of perspiration off his weary brow.

Iota Nu entertained thirty-five couples at a Hallowe'en party in the chapter house Saturday evening.

CUBS LOSE FIRST HOME GAME TO W. S. C. FROSH

Show Good Stuff in First Half and Third Quarters but are Unable to Hold Pace.

The Grizzly Cubs were defeated by the W. S. C. freshmen Friday afternoon 40 to 0.

During the first and third quarters of the game the local yearlings played real football. In the opening period they rushed the ball down to the Washington 10 yard line where the Patouse boys recovered a Montana fumble. The rest of the period was spent in an exchange of punts with the Washington men having a little the best of the kicking.

During the second period the visitors shoved over three touchdowns and the half ended 21 to 0 in favor of W. S. C.

The second half opened with the Montana frosh fighting hard. The Cubs advanced the ball but were unable to score. Near the end of the period the Washington men began tearing through for big gains and the last quarter was a succession of scores by the visitors.

Carney, the little quarter of the local team, played good football. He returned the first kickoff of the game 45 yards and would have gone for a touchdown if he had not stumbled after passing the last W. S. C. tackler.

The lineup:

Cubs	W. S. C.
Johnson	Johnson
Quinlan	Henderson
Wilcox	Young
Plummer	Henry
McIver	Barter
Meagher	Berium
Crowley	Mitchell
Carney	Waldorf
Illman	Marker
Sugrue	Grain
McKenzie	Norton

UNIVERSITY MEN WILL HAVE CHANCE TO REST NEXT FRIDAY NIGHT

It was pretty darn lonesome, not a broad was in sight,
A heck of a thing on a keen Friday night.
We search high and low but no dame do we glaum,
For they're all making merry at the Co-ed prom.

The evening of November 3rd might well be called Women's Night, for on Friday night the annual co-ed prom will be given. This date is given over entirely to the women of the University who frolic in the gym all evening. There will be popcorn balls and ice cream, and all girls are asked to bring their nickels and dimes along. Music for dancing will be furnished by Sheridan's orchestra.

There will be no burlesque this year, but all girls are expected to be there, dressed in some clever costume. Prizes will be given for the most characteristic and original costume. In order that every girl may be there, each big sister must see that her little sister is taken. Stunts will be given by all of the sororities and several organizations. Those in charge of the various stunts are: Alpha Phi, Charlotte Knowlton; Delta Gamma, Gladys Price; Kappa Alpha Theta, Eloise Baird; Kappa Kappa Gamma, Virginia Bartles; Chelys Club, Ruth Bryson; Delta Sigma Chi, Margaret Kley; Beta Zeta, Gretchen M. Coats; Omega Xi, Jean Cowan; Eldridges, Martha Reichle; Faculty women, Miss Geyer.

Miss Mattie Shaver of Glendive, Montana, is visiting Miss Edetta Sawyer,

GRIZZLIES DEFEATED BY GONZAGA BULLDOGS

(Continued from Page 1.)

Bulldogs held for three downs and Elliott's place kick was blocked.

Gonzaga Begins Passing.

Montana's line continued to hold, throwing Gonzaga back for frequent losses. Then the Bulldogs opened with their passes. Three consecutive passes gave them the first touchdown. Near the end of the first half a 20 yard run by Stockton and an off-side penalty gave the Bulldogs another chance. Stockton carried the ball over the line.

Montana started the second half of the game with a rush but was unable to keep pace with Gonzaga's heavy line. The hard hitting Bulldog backs wore down the tired Grizzly team. During the third quarter the Montana team made most of their first downs from scrimmage. The Varsity spurt was stopped when Skeate intercepted a pass and made a touchdown. Gonzaga scored one more touchdown in this quarter.

The last Gonzaga score came in the fourth quarter when Ashmore, the giant Bulldog tackle, intercepted a pass and ran 32 yards for a touchdown.

At this point the Grizzlies began an aerial attack in an effort to cross the Gonzaga line. Five passes were completed. Then Gonzaga intercepted one on the Montana 38 yard line. Stockton dropped the ball on an end run and Silvernale passed three Bulldog players for Montana's lone score.

Johnson and MacGowan were the outstanding performers for Montana. Big Tom broke through the Bulldog line in the first half to smash plays for large losses. Johnson's best work was his return of Gonzaga punts and kickoffs. The Montana ends allowed Gonzaga only slight yardage on the return of punts.

Lineup and summary:

Montana (6)	Gonzaga (37)
Coleman	Needles
Elliott	Cahoon
Ramsey	Busch
Shaffer	Murray
Maudlin	A. Grant
McGowan	Ashmore
Madsen	Flaherty
Johnson	Pecarovich
Tanner	Stockton
Plummer	Hodges
Kershner	Skeate

George Kenyon of Laurel, Montana, who attended the University the last two years, will be here for Homecoming.

Pay Less and Dress Better This Week

You're fortunate in having a larger range of uncalled-for suits to choose from, some of them in very high-grade wools, silk and wool mixtures, worsteds, tweeds, blue serges and broadcloths.

A few single trousers for small-waisted men.

The discount allowed on this merchandise represents a considerable saving to anyone who needs clothes.

Thuesen's

527 N. Higgins Ave.

NOTICE!
The Catholic Students Association, now known as the Newman Club will attend mass, and receive communion in a body next Sunday morning at nine o'clock at St. Anthony's Parish. Immediately after mass a breakfast will be served and a short business meeting will be held.
Roger Deeney.

NOTICE!
All students interested in the study of the Norse languages please meet in Room 202 in the Library, Wednesday, at 4 o'clock.

NOTICE!
Vocational men attention. There will be an important business meeting at the "Y" hut, Wednesday evening at 7:30.

NOTICE!
A meeting of the Silver Bow county students will be held in the Journalism building Wednesday afternoon at four o'clock.
—Fred Matrin, Chairman.

SEE A LENSE MADE AT THE BARNETT Optical Co. 129 E. Cedar

We are the only ones in this section who make a lense complete from the raw glass, not simply edge grind it. Broken lenses duplicated with absolute precision.
Phone 113

NOTICE!
There will be a meeting of the sophomore class Thursday afternoon at four o'clock in the Natural Science auditorium. All sophs should be there as important business is to come up.
Howard Doget, President.

QUESTIONNAIRES SHOW MANY WILL COME BACK

Beat Aggies Is Sentiment of "Old Uns" Who Are Returning.

"Beat the Aggies" is the sentiment generally expressed on the little cards returned for Homecoming notifications. One person added, "70 to 0." No estimate can be made of the number of "Old Uns" who will be on the Campus for the Homecoming celebration. The questionnaires sent out from the registrar's office are still coming in, and are expected to continue during the next two weeks.

"Regrets," "Sorry," "My heart will be with Montana U." were some of the expressions on the cards of people who find it impossible to come. Several Missoula people announced that they would be present the full time of the celebration.

The following persons have specified that they would be on the Campus November 10 and 11: Mr. and Mrs. H. F. Flaherty, Anaconda; L. R. Daems, Harlowton; Mrs. W. E. Cummings, St. Maries, Idaho; Dorothy Baggs, Stevensville; Gladys Allen, Helena; Alice L. and Jean Napton, Deer Lodge; O. A. Peppard, Arlee; Dorothy Dean Moore, Helena; John C. Frohlicker, Kalispell; Bert Aitken, Kalispell; Lansing D. Wells, Bozeman; Fred E. Buck, Helena; L. Kelsey Smith, Helena; "Blackie" Dawe, Butte; Mr. and Mrs. L. L. Higbee, Anaconda; Ethel Blomgren, Butte; Bonna Pearsall, Thompson Falls; Marguerite Henderson, Helena; Alice Schwefel, Butte; William G. Kane, Billings; Herman Ostermeyer, St. Ignatius; Harry Diamond, St. Ignatius; Mr. and Mrs. E. H. Sauers, Helena; Royal McDonald, San Francisco, California; Florence Walsh, Helena; Harry McFadden, Polson, Eleanor Mitchell, Townsend; E. M. P. Keeley, Deer Lodge; E. J. Cummins, Deer Lodge; Lambert DeMers, Arlee; J. C. Harris, Boulder; August Gudmunsen, Rapelje; J. J. Morris, Great Falls; Lillian Sahinen, Butte; Margaret Spencer, Pablo; Mable C. Olson, Superior; Erie McLaren, Helena; Carol Marjorie Redding, Helena; Cressap McCracken, Livingston; Reba Hauck, Paradise; Ruth McQuay, Butte; Hilda Benson, Logan; Tess Kelley, Butte; Kathryn Kiely, Butte; Mrs. George Taylor; Irene Hathaway; Harry Dahlberg, Butte; George Kenyon, Laurel; Elizabeth Kelley, Superior; Kathryn Broadwater, Havre; Mable Gunn, Helena; Ivan Cahoon, Spokane; Alvin Olson, Havre; Otis Roysdon, Red Lodge; Helen Finch, Dillon; Helen Fitzgibbon, Hamilton; Virginia Yegen, Billings; Anne Cliff, Butte; Alice Neal, Butte; Bill Flaherty, St. Maries, Idaho; Pat Hale, Bozeman; Walter Holkesvig, Helena; Bruce Hopper, Billings; Joe Townsend, Great Falls; Luke Garvin, Butte; Frank Eisinger, Alberton; Milton McMurry, Alberton; Howard Carver, Florence; Dwight Carver, Florence; Stuart Lemon, Florence; Clarence Lake, Great Falls; Claude Kiff, Spokane; Bert Walker, Lewistown; Miles Thomas, Anaconda; William Ehnis, Bozeman; Robert Fredericks, Butte; Merle Thompson, Hamilton; Otis Baxter, Deer Lodge; William Wilson, Frenchtown; Clarence Hanley, Butte; Stephen Sullivan, Butte; Arthur Johnson and Zeke Grant, Pony; Wallace Lynch, Butte; Ina Brockway, Billings; Ethel Brockway, Billings; Mrs. David Van Evans, Helena; Cuf Chaffin, Great Falls; F. G. Mitchell, Great Falls; Charles Timen, White Sulphur Springs; Earl Lockridge, Stevensville; Merrit Owsley, Twin Bridges; Maurice Deltrich, Deer Lodge; Paul Smith, Helena; Charles Buck, Stevensville; Harold Young, Three Forks; Tom Busha, Helena; Mr. and Mrs. Gussie Larkin, Red Lodge; Pat Kelley, Livingston; I. N. Crawford, Forsythe; Stuart McHaffie, Ryegate; MacPherson Gault, Great Falls; James Gault, Great Falls; Justin Bourquin, Butte; William Fahey, Spokane; Peter Ronan, Helena; Herbert Kuphal; Steven Reardon, Butte; James Dingwall, Drummond; Marion Leach, Dillon; Ruth James, Corvallis; Gretchen Muckler, Evaro.

Seniors Must Pose for Pictures

Senior pictures for the annual will be taken immediately, according to Nat McKown, editor.

The contract for student pictures this year has been awarded to the Paschal studio, while the engraving work will probably be done by a St. Paul concern.

"We want the Seniors to go to the photographer right away," said McKown last night. "The price is fixed at \$1.50 for one print or \$2.50 for half a dozen. The money is to be paid at the time the picture is taken."

The other class pictures will be taken as soon as the Senior work is completed.

Kappa Kappa Gamma held open house for all University students at the chapter house at 312 East Pine, Sunday afternoon from 4 to 6.

NOTICE!

Students consulting doctors without permission from the Health Service will not have their bills paid.

Engineering for the Buyer

It is not enough that electrical apparatus should be carefully conceived, skillfully designed, and exactly manufactured.

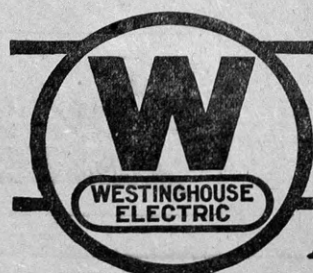

Engineering, to fulfill all its functions, must go beyond these necessary steps and do a still more enlightened service. It must *apply the apparatus to its uses*, so that not only in design and construction but in service as well, all the conditions that must be reckoned with are fully satisfied.

This function of Westinghouse application engineering covers many fields, and charges itself with many responsibilities. It is engineering that concerns itself with almost every aspect of business, central station, transportation, industrial, mining, electro-chemical, etc. It has the buyer's interest constantly at heart.

Westinghouse Application Engineering works with salesmen, with buyers, with consulting engineers, with contractors, and with service and repair men; it finds and investigates new fields; it checks the

behavior of apparatus, old and new; it is a bridge over which information passes freely in both directions between Westinghouse and its thousands of clients and friends.

Be glad that you are to live and work in times when the spirit of service dominates commercial operations. The greatest change that has occurred in business in the last few decades has been in the minds of men. No longer need the buyer beware for it is now known that the seller's obligation reaches beyond the completion of the sale; and that it is both wise and right that every reasonable effort be made to give the buyer full value in both product and satisfaction. The practise of this policy requires engineering of the highest type in research, design, manufacturing and every other phase of Westinghouse operations, but nowhere to greater degree than in the field of application engineering, which is essentially engineering for the buyer.
