"(2) Students in the short course in Forestry known as the Forest Rangers' Course may be admitted under that age.

"(3) Music Specials who, under 20 years of age and without entrance requirements, may take private lessons and register in courses not carrying credit toward a degree or certificate.

"(4) Summer quarter students who, without entrance requirements and at the age of 18 years, may enter teachers' certificate courses which carry no credit toward degree."

The above recommendation was adopted.

*Special

Moved by Bonner and seconded by Farmer that students under 20 and over 18 years of age not having the necessary entrance qualifications may be admitted to certain Forestry courses, for which they will receive no credit, upon the recommendation of the faculty of the Forest School and approval of the Committee on Admission and Registration in each individual case. The motion was adopted.

*Special Students in Forestry*

The following recommendation from the Committee on Admission and Registration was presented by Mr. Daughters and unanimously adopted:

"Recommendations to Chancellor for action by University Organization concerning residence and transfer requirements for students coming to the State University from other units of the University of Montana.

*Residence requirements students transferring from State College, et al*

"(a) Residence.

A student transferring from the State College, State Normal College, or School of Mines, may satisfy the residence requirement at the State University for the bachelor's degree by one quarter and one summer term, or three summer terms, of attendance in actual residence, provided, (1) that the student carries a full normal schedule of work (15 hours) and his scholarship record in such work entitles him to a place on the honor roll (grades not lower than B in at least 12 credits and no grade lower than C); provided, (2) that such residence work shall be the last college residence work done by the candidate prior to the granting of said degree by the State University; and provided (3) that he shall have met the requirements for the degree as announced in the State University catalog.

"No student shall be considered qualified to receive this modification of the usual residence requirement of one academic year from the State University, unless he shall have previously spent a minimum of two quarters as a residence student in either the State College, the State Normal College, or the State School of Mines, and shall have been honorably discharged therefrom.

"(b) Transfer of Credit.

"Credits of college rank brought to the State University from the other component units of the University of Montana will be accepted year for year, and pro rata for fractions thereof, provided (1) students shall have carried the normal amount of work in the years when such credits were accumulated, provided (2) that in the aggregate of credits brought to the State University and made at the State University the requirements for the degree from the State University must be satisfied before the degree is granted; and provided (3) that the student transferring from another component part of the University of Montana to the State University shall have met all regular college entrance requirements prior to receiving the college credits which he wishes accredited at the State University.

It is understood that students taking the three-year and the four-year courses at the State Normal College begin their work of college rank in the second year of said courses. Hence, stu-

The President ruled that a curriculum required by a major department does not need approval of the faculty provided such curriculum complies with all faculty regulations concerning registration, required courses, restricted electives, major department requirements, and degrees.

President Sisson was called from the room and Vice President Scheuch took the chair at this point in the meeting.

The following recommendation from the Scholarship Committee was presented by Mr. Kirkwood and unanimously adopted:

"The following recommendations are excerpts from the Report on Honors and Prizes by the Scholarship Committee and are proposed for adoption by the faculty.

*Faculty Procedure - Major Dept. requirements*

Scholarship  
and Prizes

"I ADMINISTRATION:

"The Scholarship Committee in conference with the President is authorized to administer all matters connected with prizes and scholarships subject to the condition of gift and any actions by the Faculty.

"Where the award of a prize is conditioned upon performance in, or in relation to, the work of a department of the University the award shall be made by the committee upon recommendation of the department concerned.

"A prize of \$50.00 given annually by John M. Keith shall be awarded to one of the high school debaters chosen by the President of the University in consultation with the President of the High School Debating League from representatives in the final district championship teams of the League. Each championship high school is entitled to submit one application.

"The Annie Lewis Joyce Memorial Prize shall be awarded upon recommendation of the English Department. The proceeds of the Joyce endowment of \$200.00 shall be bestowed in the form of a medal or otherwise at the option of the winner.

"A book shall be awarded upon recommendation of the several departments in the colleges of Arts and Sciences to one student distinguished for scholarship in each of these departments.

"At the same time that the student is named to the committee the Department shall also indicate the book that is to be given.

"At some time earlier than six weeks before commencement the committee shall notify the various departments as to the equal portion of the fund available for each and shall also notify the librarian of the total amount of the fund available.

"Nominations from the various departments must be in the hands of the committee not later than the 4th week preceding commencement. The department failing to respond within the specified time shall forfeit its privilege for that year.

"Where the award is not conditioned upon performance in, or in relation to any one department of the University specific regulations shall apply as may be determined by the donor, or by the faculty or by the administrative officers.

"The Bonner Scholarship is awarded to a college student at the end of his Freshman year to be held by him for three years, unless forfeited as specified hereafter. In case the use of the scholarship is forfeited, it is awarded to another student in the usual manner for a period of three years.

"To be eligible as a candidate for the Bonner Scholarship a student must not have obtained more than 20 hours credit in this or any other University (including advanced standing for work in secondary school) prior to the year of his candidacy and must have earned at least forty-five (45) hours credit in this University during this same year.

"The Bonner Scholarship shall be awarded to a student ranking among the highest in scholarship. In making the award the committee shall take into consideration:

- (a) The scholarship and the moral qualities of the candidate.
- (b) The conditions under which the candidate's work has been done.
- (c) The probable future usefulness of the candidate.
- (d) The probable difference which the scholarship will make in the life of the recipient.

"The purpose of the Bonner Scholarship is to aid a student of fine mental and moral qualities to obtain a University education who might otherwise find it highly difficult, if not impossible to do so.

"The Bonner Scholarship shall be awarded by a Committee consisting of five members, of which the dean of men and the dean of women shall be ex-officio members. The other three members shall be appointed by the President of the University. This shall be a permanent committee, and its members shall hold office until their successors are appointed.

"The Scholarship may be forfeited by essential change in any of those conditions which made the candidate eligible for it. Absence from the University due to any cause whatsoever, which makes it apparent that the student cannot finish the undergraduate course in three years from the time the Scholarship was awarded, shall cause forfeiture of the Scholarship. The awarding committee shall decide whether or not the scholarship has been forfeited for any reason whatsoever.

"All contests for prizes shall be concluded not later than four weeks preceding Commencement Day.

"Recommendations from departments to the committee in the matter of awards shall be made not later than the third week preceding Commencement Day, unless otherwise specified herein.

"No student may be eligible for an honor or prize awarded in the University who at any time during the same year has been placed upon probation, and any scholarship previously bestowed as an honor or prize shall be forfeited whenever the student holding the same enters upon probationary status.

Moved by F.O. Smith that the State Board of Education be requested to transmit to the Faculty of the State University at an early date a report of the findings of the Service Committee in the case of the suspension of Dr. Levine. The motion was seconded by Wilson and unanimously adopted.

"Be it resolved by the faculty that section 8 of the rules governing tenure of office as contained in Administrative Memorandum 100 should be amended to contain the following provisions:

*Service Com.  
in re Levine*

*Faculty Tenure  
Adm. Memo #100*

"(2) That insubordination shall be interpreted to arise only from official acts of the person charged with the same."

Moved by Lennes and seconded by F.O. Smith that the first clause of the above resolution be adopted. The motion was adopted by a viva voce vote without dissent.

Moved by Underwood and seconded by F.O. Smith that the second clause of the above resolution be adopted. The motion was adopted by a viva voce vote without dissent.

Moved by Elrod and seconded by Daughters that a committee consisting of Lennes, Kirkwood and Whitlock be appointed to draft an amendment to that portion of Memorandum 100, relative to announcing proposed dismissal three months prior to time of ending of contract, so as to give notice earlier, said amendment to be presented at a later meeting, for proposal to the State Board of Education. The motion was adopted without dissent by a viva voce vote.

There being no further business before the faculty the meeting adjourned.
