Student
Petitions

Re: Mosby, Ellsworth C. The Committee on Admission and Registration presented, without recommendation, a petition from Mr. Mosby that further requirements in Literature or Philosophy for the B.A. degree be waived (Mr. Mosby has already completed four and one-half credits toward this requirement). On motion of Cox, seconded by Kirkwood, the petition was denied.

Re: Scherck, George. The Committee on Admission and Registration recommended that Mr. George Scherck be accepted as a candidate for the B.A. degree without fulfilling the language

*Honor Roll Students
Excess Registration*

16. The Committee on Admission and Registration recommends the following rule be rescinded: "Students who have received a condition or failure in any course during the preceding quarter may register for fifteen credits only (in addition to required Physical Education and Military Science.)" Section five under Rules Concerning Registration in the Student Handbook would then read as follows: "Students who during the previous quarter have received grades of A or B. in not less than twelve credits of their work and no grade lower than C may register for eighteen credits (in addition to Physical Education and Military Science.) Courses for which no credit is given toward a degree are assigned a rating for the operation of this rule." This would mean that all students will register for sixteen hours plus Military Drill and Physical Education as a normal maximum registration, whether they have received conditions or incompletes the previous quarter. On motion of Phillips, seconded by Jesse, the recommendation was adopted.
