## RECITAL BEGINS COMMENCEMENT WEEK FOR LARGEST U GRADUATING CLASS

### ANDRUS TO REPRESENT MONTANA AT CHICAGO

tries from 35 Universities Will Participate in Stag Meeting.

Andrus ("Scotty") Andrus of Miles, Grizzly sprinter, leaves tonight for Chicago, where he will represent Montana in the National Intercollegiate track and field meet, at Stagg field, June 15 and 16. Andrus broke the state record for the 100-yard dash in spring when he did it in 9:9 seconds and tied the state 220-yard record of 22:1.5 seconds. He performed both of these feats in one afternoon against the Washington State track team.

Entries from 35 universities and colleges scattered all over the United States will participate in the national meet at Chicago was the announcement made by Coach Alonzo Stagg, director of athletics at the University of Chicago, this week. Andrus won further honors by placing in two events at the Pacific Intercollegiate track meet at Pullman, Wash., on May 26. After being set back a yard in the 100-yard dash he was defeated by a margin of one foot by Captain Vic Hurley of the University of Washington, who was forced to run this race in 9:9 seconds to earn a victory. Andrus came in fourth in the 220-yard at this meet. This was his first year of track work for the Grizzlies, as he was ineligible for the varsity last year.

After the meet Andrus plans to return to Missoula for a short time while en route to Lewiston, Idaho, where he has secured employment for the summer months.

### FEW SENIORS DECIDE ON LIFE WORK AS YET

The future of the present graduating class is varied and in some cases doubtful. Many will follow the profession for which they have been studying, while many are uncertain as to what they will do next year.

Ritchey Newman is not, positive, but it is probable that he will be in the vocational bureau at Helena. Ted Ramsey will be on the staff of the Democrat-News in Lewistown. "Ole" Bue is taking a position on the Picket-Journal in Red Lodge.

Harold "Tick" Baird expects to enter Harvard next fall.

Earl Duffy has a position in Boulder on the Boulder weekly which will take him to many parts of western Montana.

### ALPHA CHI OMEGA WINS MAY DAY FLOAT TROPHY

Sigma Chi Centipede Takes Prize for Comic Appearance in Parade.

Alpha Chi Omega won first prize for the best float in the annual May Day parade, held last night. Alpha Phi was awarded second and Omega Xi third. First place for the comic floats was awarded to Sigma Chi. Phil Delta Theta got second place and Alpha Delta Alpha third.

The Alpha Chi float was in the form of a slipper, the occupants riding in the heel. The Sigma Chi monster was a lengthy affair, boasting 12 pairs of legs. His body was of purple decorated with King Tut hieroglyphics. He was led by a small boy.

The floats for the parade formed in front of Main Hall at 7 o'clock. Headed by the band, they paraded down town to the Northern Pacific station and back again.

### Sentinel to Be Off Press June 11 Says McKown

Twelve hundred copies of the University of Montana year book, the Sentinel, will be off the press Monday, June 11, according to Nat McKown, editor.

This year's book is not the largest edition yet published, but is said to be particularly interesting because of the number of feature pages and clever cuts it contains.

Men going to Camp Lewis and seniors who have subscribed for the Sentinel may obtain their copies Saturday, June 9, in Main Hall from Bill Aho. The rest of the students will receive their copies Thursday, June 14.

## SPECTACULAR PAGEANT PLEASES LARGE CROWD

Elaborate Costumes, Dances, and Lighting Effects Make May Fete a Success.

Three thousand people witnessed the most spectacular May Fete ever staged by W. S. G. A. Wednesday evening. Elaborate settings, costumes and music were used in the production under the direction of Knowles Blair, who wrote the manuscript for the pageant, and Frances McKinnon, who was in charge of producing it. One hundred and twenty girls took part in the dances on Dornblaser field, which ended with the crowning of Irma Stark, who was chosen May Queen by the women of the University.

The dances started a little after 9 o'clock, the stage representing the interior of a cavern, being lighted by twenty-five colored automobile lights installed as footlights, several arc spot lights and 8,500 watt overhead lights.

The lines of the characters were transmitted to the audience over a loud speaking apparatus, half telephone and half radio.

The one solo dance was given by Mabel Smith. Her grotesque interpretation of awakening to greet the sun, started the fete. Her dance was followed by the appearance of the gnomes, who danced around the rock forge where Ann Beckwith, as chief gnome, enacted a difficult part in pantomime.

The costumes for the gnomes, flowers, wheat, corn, silver, copper and gold dances were all designed by Alice Hershey and made under her direction. Those used in the silver, copper and gold dances were covered with a metallic paint and were the most effective in the lighting.

The orchestra, part professional and part university students, was secured by Isabelle Skelton and has been practicing for two months.

### BOLDT WILL MANAGE NEXT YEAR'S ANNUAL

George Boldt of Stevensville was chosen manager for the 1924 Sentinel by the Central Board at its last meeting.

He will succeed William Aho, who handled the business of the year book for 1923. Boldt was assistant manager of the Sentinel this year. Three names were approved and submitted by the Sophomore class to the Central Board. The selection was made from these names.

Debate, Aber oratorical contest, and yell king are among Boldt's other activities.

## PLANS FOR CLASS DAY PROGRAM COMPLETED

Junior Mock Ceremony, Water Fight, and Free Dance Will Feature Day.

Class day promises to be the most exciting day of its kind in the history of the University. Ceremony, mock ceremony, a water fight and a free dance make up the program.

Mock commencement exercises by the juniors will follow the senior meeting. Letters and athletic prizes will be awarded.

Initiation of new members into the "M" club will occur on Dornblaser field at 2:30 in the afternoon. A hose fight between the sophomore and freshmen to decide the liquid championship succeeds the initiation.

A reception and dance will be given in the new gymnasium by the Associated Students in honor of the graduating class. Everybody is invited to attend. It's free!

### Senior Class Inaugurates Loan Fund for Students

The inauguration of a student loan fund, for the aid of succeeding senior students, will form the memorial of the present graduating class to the University of Montana.

The class is starting it out with \$130. This amount, representing practically all the surplus of the senior treasury, will be placed in the hands of the faculty committee handling student loans.

### COMMENCEMENT BRINGS OLD GRADS BACK TO CELEBRATE

Expecting a regular caravan of visitors and old grads in Missoula for Commencement week, the University folk are making preparations to take care of the visitors.

Some of the alumnae who have arrived are Murriel Gallagher '18, Steve Sullivan '22, Lillian Goff '22, Beryl Burfening, '21, and Larry Higbee '22.

Gallagher has been teaching chemistry in a Detroit high school and stopped over enroute to Yellowstone park. Mr. Gallagher is accompanied by J. Jungbluth, Wisconsin '19.

Miss Goff has been visiting in California since her graduation in 1922.

## MIDWEEK DATES BANNED FOR FRESHMEN WOMEN

Proposals to limit freshman girls to three dates a week and no mid-week dates and to inaugurate an activity point system for girls were passed at the W. S. G. A. convocation Tuesday at 11 o'clock in Main hall. The meeting also went on record as favoring a Sunday afternoon study period in the library and longer evening study hours.

Mrs. Sedman, dean of women, gave a talk on the co-operation of the girls during the past year.

A point system is to be tried the coming year to encourage a greater number of girls to take part in activities. Solvay Andresen was elected chairman of the committee to work out such a system, and three more girls will be elected to assist her.

It was decided that Mortar Board will select three candidates for May Queen and that there will be but one election. It was also decided that W. S. G. A. ask the president that the library be kept open until 10 o'clock on school nights and as a reading room on Sunday afternoon from 1 o'clock to 5 o'clock under a W. S. G. A. proctor.

Published semi-weekly by the Associated Students of the University of Montana.  
Entered as second-class matter at Missoula, Montana, under act of Congress of  
March 3, 1879.

## PUT 'ER THERE.

The Kaimin takes this opportunity to congratulate, in behalf of the student body, all who worked to make the May Fete the success it was. It was with a feeling of pride that Montana students witnessed the beautiful pageant of nymphs and gnomes, in the presence of hundreds of townspeople. They were proud of their University and its most beautiful tradition.

They recognize the great amount of work which was spent in arranging the lighting effects, in making the sparkling costumes, and in teaching and learning the dances. They recognize in it a new departure in the magnificence of the May Fete.

They congratulate you and themselves upon your able expression of the talent of our students.

## TALK IT UP.

School will soon be out and you will go out among the people of the state for the three months' vacation. You will receive many inquiries about the university, its students, its teams, its buildings and its parties.

Let them know the truth. Tell them of our new gymnasium, library and dormitories which will measure up to the best buildings of any western or mid-western university. Tell them of our student life, our traditions: Singing on the Steps, May Fete, Varsity Vodvil, Homecoming, Aber Day. Tell them of our high educational standing and our efficient schools and departments. Tell them of our social functions and of the parties that do not make front-page stories in the state newspapers.

Give them the straight goods on university life, so that our high school graduates may know the advantages which we have to offer.

Talk it up.

## TO THE SENIORS.

It is with a feeling of regret that we see you leave, but we owe it to the world to let you go. It has long been waiting such an able group of youths to solve its problems and set it aright. The cold, cruel world is at your mercy. Go get 'em. We're all for you.

## GOOD LUCK, GOODBYE, ETC.

With the publication of this issue, The Kaimin staff lapses into study. Examinations, like the landlady, are inevitable. The grade curve is ever at the door, so we get out the midnight oil and see if we can't slide through. To those who are victorious in next week's fracas, we say "au revoir." To those less fortunate, "Goodbye, and may you have a pleasant trip home."

From the looks of her face she was bored.

Bang went the gun, and down she run,

Thinking it was she who scored.

But—  
The man at the gun was a sordid one.

The man at the tape wasn't blind;  
But the girl ahead, to him looked dead,

So he gave it to the loser behind.

## Hite of Satisfaction.

A student sent Doc Jesse a graduation announcement.

The student loan fund started by the graduating class is just enough to give each senior ninety-eight cents next year.

## I'm a Co-ed.

I'm a co-ed. Not one of the kind that you see in the ads for girls' school dresses, if you know what I mean. I try to be a square-shooter. When I hear of something that the Dean of Women puts a ban on I try to try it out. I always envy the girl that the rest of the co-eds talk about and don't like, for as soon as it is known that she is disliked all the boys try to get dates. I wear low shoes in the winter and don't give a darn if some one tells me there's a run in my six-bit pair of last year's silk hose. I know as well as the rest that the wind blows out of Hell-Gate pretty hard sometimes, but who the dickens wants to wear their sox clear up all the year round. Besides why cheat the library-step serpents. I know what a touchdown is and I ain't one of the kind that is averse to petting. I believe in calling a shovel a spade and a necker a necker. I'm a co-ed. I know that the test of keenness is whether or not he asks for another date.

I'm a co-ed.

Kenneth Cruickshank, who was operated upon for appendicitis recently, is out of the hospital and reported to be doing nicely.

## LARGE CROWD ATTENDS LAST SINGING ON STEPS

A large crowd attended the last singing on the steps of the year last night. Harold Baird, President C. H. Clapp and Dr. R. H. Jesse were the speakers.

The Grizzly band led off with a snappy march. Baird delivered the farewell address for the graduating class. He emphasized the fact that he wasn't inspired by an emotional feeling at leaving the University at this time. Dr. Jesse spoke about the baseball game to be held Monday afternoon at 2 o'clock between the faculty and the graduating class. President Clapp said that a college student can be of most value to his community by spreading the ideals inculcated in him by the University.

Gid Boldt led the songs and yells.

## TRAVEL ORDERS FOR CADETS RECEIVED AT HEADQUARTERS

Travel orders for R. O. T. C. men going to Camp Lewis have arrived, according to Sergeant Truman, and the men are advised to get them at once.

These orders must be presented at Camp Lewis when the cadet applies for his travel pay or he will be out of luck, according to a statement made by Sergeant Truman yesterday.

Four copies of special orders No. 121 are given to each man. Two copies must be given to the camp authorities. One is for the student's use and the other one is an "extra," in case he loses any of the others.

The Finance Department will reimburse the men at the rate of five cents a mile over the shortest possible route between here and Camp Lewis. Four of the 24 men from Montana will take the basic course and the other 20 men will take the advanced course.

## NOTICE D. A. V.

There will be a special meeting of the Garden City Chapter of the D. A. W. of the W. W. Friday evening, June 8, at the Masonic Temple. All members should make it a point to attend as training questions and other problems will be discussed, so as to instruct the delegates that will attend the national convention.

## NO BOTANY PICNIC.

The Botany picnic was called off on account of the women's track meet. As the end of the quarter is so near and everyone is so busy, it was decided to give up the picnic entirely for this year.

# FREE DANCE TOMORROW NITE

# NOTHER GREAT SCIENTIFIC DISCOVERY MAY RESULT FROM CO-EDS' BISCUITS

Perhaps scientists exploring Spring  
which some thousand years hence will  
earth a petrified wheat biscuit and  
rich the world by another volume on  
History and Customs of Our Fore-  
thers" or something of equal value.  
ut little will they know of the real  
uth!

Nor will they guess that a humil-  
ited co-ed of the Woodcraft class,  
023, buried that biscuit. But she  
d, and she isn't alone in her guilt.

Nineteen students there were, and  
ne Dean of Forestry, one Saturday  
orning, as they eagerly hiked up  
ellegate canyon to learn how to over-  
come that most puzzling problem in  
amp life—the bread problem. Some  
ad all the necessary ingredients in a  
scuit, such as flour, baking powder,  
hortening, etc., and some didn't.

Fires were made—eight of them—  
nd amid a heavy smoke screen, opera-  
ions began. Soon the "biscuits" were  
eady to bake—and eye witnesses re-  
ort that never before have they seen  
uch a sight—as to variety, of course  
—some being thick, some thin, some  
at and others skinny. Colors varied  
rom the snowy whiteness of those  
made by the Home Ec student to a  
eep tan, the masterpiece of an inex-  
perienced but eager football halfback  
who has, perhaps, tasted of the soil  
before.

After patient holding of the pans,  
ver smoking, struggling fires for some  
ours, more or less, the biscuits were  
at last done—done to different stages,  
to be sure—among them pale tan, deep  
rown and black. Everyone partook  
with a growing appetite, and all re-  
ported a good time, especially Ring,  
the campus dog, who secretly received  
contributions from every pan—except  
from those of the more humane, who  
buried theirs.

The fires were at least quenched and  
the Dean declared the class over. All  
started nimbly homeward. It was no-  
ticed, however, that the boys, who had  
sprinted on ahead coming out, lagged  
with somewhat pained expressions,  
while the girls forged cheerfully  
ahead, seemingly in perfect condition.  
Even the Dean, acknowledged winner  
of the boys' baking contest, seemed  
somewhat listless in his walk. Sta-  
tistics show that few men are born  
cooks, occasionally it is thrust upon  
one, and only rarely do they attain it.

Ring seemed to be in quite a cheer-  
ful frame of mind, but doctors tell us  
that poison, if taken in a large enough  
quantity, will act as an antidote to  
itself. We hesitate to quote this as a  
possible explanation of the dog's re-  
markable fortitude.

The Dean did not announce the date  
of the next trip.

## DIRECTORS CHOOSE NEW STORE MANAGER TODAY

The board of store directors will  
meet tonight to elect a manager for  
the A. S. U. M. store, according to  
E. R. Stanford, a member of the  
board.

The applicants are Harold Seipp,  
Morris McCollum, and William Per-  
rior. The new manager will take  
charge July 1, and will serve for one  
year for the time specified in the  
contract.

Arthur Redding, who has served  
for two years, is the retiring man-  
ager.

### THIS IS THE LAST KAIMIN.

Because of approaching examina-  
tions, this issue of the Kaimin is the  
last of the year.

There will be a special edition dur-  
ing the summer quarter. The Kaimin  
will resume regular publication Sep-  
tember 28 with a six-column paper.  
The contract for printing next year's  
paper has been let to the New North-  
west Publishing company.

### BOOKS MOVED TO LIBRARY FROM BLEACHER STOREHOUSE

150,000 Books in Capacity of New  
Library Building.

It is possible that the new library  
will be ready for use of summer  
school students, according to Miss  
Gertrude Buckhouse, librarian.

"Books which are not in constant  
use are being transferred during  
week-ends, while those which have  
been stored underneath the bleachers  
have already been placed in the  
stacks," said Miss Buckhouse. Be-  
cause of the lack of space in the  
stacks of the old library many books  
have been stored in the sheds un-  
derneath the bleachers for several  
years. There will be ample room for  
all in the stacks of the new library,  
for they are built to hold 150,000  
books, which is 60 per cent more than  
the capacity of the present library.

Part of the furniture and equipment  
has already arrived, but the building  
will not be ready for use until the  
remainder arrive.

### ALPHA KAPPA PSI PLEDGES FIVE BUSINESS STUDENTS

Alpha Kappa Psi, men's national  
business fraternity, announces the  
pledging of the following: Clifford  
Ellis of Great Falls, Donald Bucking-  
ham of Kalispell, Ingolf Strommes of  
Rochester, Minn., Jay Loveless of  
Winnett and Ben Quinn of Missoula.  
A delegate will not be sent to the  
national convention this year.

### BEAR PAWS WILL SEND DELEGATE TO CONVENTION

Bear Paw chapter of Intercolle-  
giate Knights will be represented by  
Bob Dragstedt at the national con-  
vention in Seattle next month. This  
was decided at the final meeting of  
the year last evening. John Cooney  
was a close second in the balloting  
and will be alternate.

Action was taken to restore the  
"M" on main hall tower that was  
damaged during track meet. This  
will be attended to before the clos-  
ing of the school. A new system  
has been adopted for next year  
whereby the failure of any member  
to do his assigned duties will mean  
his removal from the organization.

The local Bear Paws will attempt  
to have the constitution of the In-  
tercollegiate Knights changed so  
that no freshmen may be pledged.

### MILITARY SCIENCE CLASSES HELD OUTSIDE NEXT YEAR

Military Science classes for the  
Autumn quarter next year will be  
the same as this year, two recita-  
tion classes and one general assembly  
each week. Classes will be held out-  
side if the weather permits and uni-  
forms will be issued as soon as pos-  
sible, according to Major G. L.  
Smith.

During the winter quarter three  
regular recitation classes a week will  
make up the program and in the  
spring quarter, one class of three  
hours' duration will constitute the  
week's schedule.

### UNIVERSITY GETS INFORMATION CONCERNING SCHOLARSHIPS

The University has received notice  
of a number of scholarships and fel-  
lowships which are being offered by  
the American Child Health associa-  
tion.

Five scholarships and fellowships of  
\$1000 each are offered to college grad-  
uates now in service as principals or  
elementary school supervisors; five  
scholarships of \$500 each are offered  
to normal school graduates now in  
class room teaching, and five scholar-  
ships of \$200 each to holders of teach-  
ers' certificates now engaged in class  
room teaching.

The scholarships are offered to im-  
prove professional training and to en-  
able teachers to do more effective  
work in health education. One of the  
objects of the association is to im-  
prove the health of teachers, as they  
should be in good health themselves  
in order to effectively teach health to  
the children.

Dear Doc:

Before you go to  
Billings for the sum-  
mer, take Myrtle to  
see **BELL BOY 13**,  
Sunday, because you  
are not going to have  
much chance to take  
her to picture shows  
this summer, for you  
will have seen them  
all at the Wilma.

But, Doc, Wynema  
is spending her sum-  
mer in Stevensville,  
and Gil has his loge  
reserved especially on  
all moonlight nights,  
because it isn't far  
from Stevensville with  
Wynema in the moon-  
light. But Gil only has  
a roadster and I don't  
think it's fair, Doc,  
because Ted hasn't a  
car, and Mary X. will  
be spending her sum-  
mer in Stevensville,  
too. Anyhow, I hope  
you and your friends  
come to see Douglas  
Maclean, the hero of  
Hottentot, Sunday.

And, Doc, I won't  
be here when you come  
back next fall (if Doc  
Jesse lets you). We  
have had a good year  
at the Wilma, and  
Stump and I want  
you to know that we  
know that our success  
has been due to you  
and your friends, and  
we thank you.

Good-bye,  
Heinie.

## JOURNALISTS CELEBRATE IN HONOR OF DEAN STONE

Dean Stone Night, the annual tradition of the school of journalism, was celebrated in the wilds of Greenough park Tuesday evening. Seventy-five journalists attended.

The picnic was, as announced, merely a frolic. It started at 6 o'clock with the preparation of a camp supper. Several games were played after the food was dispatched. When it became dark a bonfire was lighted and the crowd gathered around while Dean Stone told stories. Olaf Bue gave two recitations, one in dialect, and others responded to the call of Bill Cogswell, master of ceremonies.

The picnic ended with the singing of Montana songs and College Chums.

## VOCATIONAL STUDENTS TO D. A. V. CONVENTION

Those who will represent the state department of the D. A. V. of W. W. are: V. D. Corbly, Bozeman; John Mahan, Bozeman; Grover Johnson, Missoula; Al Griffiths, Great Falls, and Eugene Callahan, Bozeman.

## Senior Class Plans Shrouded in Mystery; Startling Affair; Baird

Mysterious reports are afloat concerning the plans of the senior class' presentation of its prophecy, history and will in the exercises Saturday morning at 10 o'clock, in the University auditorium.

Repeated efforts of sleuths of the junior class have failed to find the smallest leak of information. Matt Pearce is in charge of the staging of the ceremonies. He has refused to issue definite details of the program but, under pressure, admitted that the affair would probably be startling.

"Tick" Baird, president of the class, stated that he believed that the occasion would be long remembered and that new life would be infused into traditions of the day. The only hint that could be obtained was that pictorial and descriptive artists are working intensively upon the effects of the production.

### HISTORY DEPARTMENT GIVES LIBRARY HOUSE WARMING

The history department tea, given yesterday afternoon, served as a house warming for the new library. It was the first event to take place in the new building. Twenty-one history majors and faculty members attended.

Mrs. Burleigh Miller and Mrs. Paul Phillips served. They were assisted by Misses Hazel Rabe and Lucille Jameson, history graduates of last year. The new history seminar room on the third floor of the library was the scene of the affair. The room was decorated in copper, silver and gold, while vases of native flowers carried out the color scheme. Book marks of copper ribbon on which were inscribed "U of M, 1923" in silver and gold were given as favors to the seniors.

### Y. W. C. A. MEETING CANCELLED

The final Y. W. C. A. meeting, which was to have been held on the campus near Craig hall yesterday afternoon, was cancelled because of the co-ed track meet. "No more meetings will be held this year," Miss Gwinn stated last night, "but the last meeting of the cabinet will be held Tuesday."

## ENGLISH CLUB FORMED TO DISCUSS LITERATURE

An English club is being formed on the campus for the purpose of providing means of discussing literature, for all students, particularly those majoring in English and Journalism.

Meetings are being held by the club at present to prepare for a good start next year. Professor H. G. Merriam announced that the policy of the club will be to conduct its efforts along broad lines. The purpose being to acquaint as many students as possible with the value and pleasures of literature.

The only requirement for admission to membership will be an interest in literature or a desire to find out what literature really is. Next year the new library will provide facilities for a seminar room in which the club will hold meetings.

### THETA SIG'S PICNIC.

The final meeting of Theta Sigma Phi, national journalism fraternity for women, was held last night at a picnic at Greenough park. The girls went to the park about 5 o'clock, cooked their dinner, and returned to the campus in time for Singing on the Steps. During the meal a short business meeting was held, at which Helen Newman made a formal report of the national convention, which she attended in Oklahoma last month.
