3. The minutes of the meeting of March 14th were approved.

4. The President gave a resume of the proceedings of the meeting of the Executive Council held at the Chancellor's Office in Helena on March 31st.

The President stated that the Executive Council had repealed the rule permitting students from the other institutions of the University organization to satisfy the residence requirement of the State University by one and one-half quarters' attendance. *Residence Requirements*

5. Mr. Merrill, Chairman of the Schedule Committee, stated that requests for the schedule for next year would be made at an early date. He said that a considerable number of changes in the Spring Quarter schedule had been made; that good excuses were given for most of these changes; on the other hand, three-fourths of these changes could have been foreseen. Mr. Merrill also stated that tardiness in securing approval of new courses was one of the causes for changes in the schedule.

6. The following recommendation was made by the Committee on Admission and Registration: That, concerning the following residence rule, "One year of residence in the State University, during which the student must complete 45 credits of college work; for at least half this time the student must be registered in the college or school in which he is admitted as a candidate for a degree and in which he must complete satisfactorily not less than 24 credits of college work," the part that reads as follows be rescinded: "for at least half this time the student must be registered in the college or school in which he is admitted as a candidate for a degree and in which he must complete satisfactorily not less than 24 credits of college work." On motion of Phillips the motion was unanimously adopted. *Residence Requirements*

7. The Committee on Admission and Registration recommended for approval the following petition of Mildred Zoller: That she be allowed to complete the credit requirement for the Music Supervisor's Certificate by a History course for 5 hours, by correspondence in the summer quarter of 1922, and that the course in History be substituted for further requirements in English for this certificate. (Miss Zoller by the end of the spring quarter will have completed 5 credits in English 11a. The English requirement for the Music Supervisor's Certificate is a total of 8 credits in English 11a and 11b.) Upon motion of Phillips the motion was unanimously adopted. *Petition (Individual)*

8. The Committee on Admission and Registration recommended for approval the following petition of Mary Elizabeth Doerr: That she be allowed to graduate without having the required College

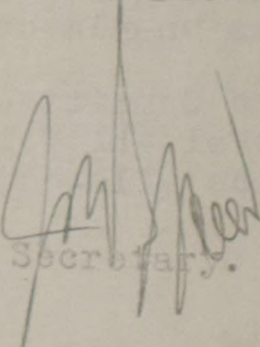

Education. The request was made due to the fact that Miss Doerr entered the University in the winter quarter, was registered in the spring and summer quarters and by the time College Education was given in the succeeding fall quarter she had obtained Sophomore standing. Upon motion of Phillips the motion was unanimously adopted.

9. The Committee on Admission and Registration reported that of the list of candidates for degrees and certificates to be granted at the end of the winter quarter, presented at the faculty meeting of December 15th, all have completed their requirements for the various degrees and certificates with the exception of Helen A. Little.

10. The President presented the following recommendations from the Deans' Conference, all of which were approved:

1. Cancellation of the credit deducted for absences of Clyde F. Murphy. Change made due to the incorrect interpretation of the person's name for whom a leave of absence had been made out by the vocational office.
2. Change of grade of M. Gayle Johnson in Physical Education 11b from "F" to "C". Request made owing to the fact that the attendance record at Swimming was incorrectly reported by the instructor.
3. Change of credit for A. Samansky in Forest Improvements, No. 46, from 3 to 4 credits. Credit for course was changed after schedule was printed. Student's name appeared on class rolls and grade report for 3 credits, the number for which he registered, but was not corrected by instructor.
4. Change of grade of Catherine Skall in American Literature 29b from A-I to A. Change made at request of instructor on account of giving student a longer time to get in paper than instructor remembered at time the grades were handed in.
5. Change of grade of Harry Blanton in Economic History of England from "F" to "E". Request made by instructor on account of error in typing grade report.
6. Cancellation of credit deducted for absences of John Dawes. Change made due to the mistake in dates made by the student in making out leave of absence.
7. Change of grade of Matt Pearce in Economics 14b. "Mr. Pearce's work was of "B" quality, but at the time the grade reports were made he had seven absences which had been excused but not made up. As he had not indicated an intention of making them up, he was given a grade of "C" instead of "B-I." These absences were taken while away on the Portland debate trip, and he says that he was not over that it was necessary to indicate his intention of making up the work. Subsequently to the time of the grade report he has made up his absences in a satisfactory manner.
S. J. Coen."

11. There being no further business before the Faculty the meeting adjourned.

Secretary.
