The meeting was called to order at 7:00 p.m. in the Montana Rooms of University Center by President Bob Sorenson.

Minutes were approved as presented.

REPORTS OF OFFICERS AND STANDING COMMITTEES

Legislature: President Sorenson spent this day in Helena at the Legislature. He reported on House Bill No. 21 dealing with statutory implementation of the Constitution in regards to the Education Article. Sorenson said "With the implementation of the Constitution according to the Legislative Council, the ex officio member has been removed. Section 65-7601 of the Revised Codes of Montana, an ex officio student non-voting member of the Board of Regents is included. This has been repealed with the Legislative Council's recommendation of House Bill No. 21. House Bill No. 21 does not provide for a voting member on the Board of Regents. It provides for 2 and 4 year terms rotating every 2 and 4 years. Tom Behan and I testified before the subcommittee on the Education Bill for two hours; the result being a unanimous recommendation for a voting member on the Board of Regents. The subcommittee was impressed with our justifications for a voting member on the Board of Regents and will recommend this to the Education Committee when they meet. Next week, Tom Behan and I will testify before the Education Committee next week. Anyone wanting to look into House Bill No. 21 may pick up a copy in my office." President Sorenson said that 4 legislators were among the people who unanimously recommended a student voting member be included on the Board of Regents: Mr. Cotton, Mr. Cox, Mr. Ainsworth from Missoula, and Mrs. Holley. Sorenson said that with the Education subcommittee, the legislators and several representatives in favor of the student voting member, it looks hopeful for getting this student voting member on the Board of Regents. Another issue reported on by President Sorenson was the hearing on the House Joint Resolution No. 6 to end the war. Tom Behan testified on this and a copy is available in Sorenson's office. He said there is no indication as to how this will turn out. Dr. Wicks brought up the Resolution for Administrative Control of intercollegiate Athletics which was introduced in the Montana Senate yesterday. The resolution is sponsored by Senate Minority Whip Herbert Klindt of Billings. The resolution would place the ultimate responsibility for managing for intercollegiate athletic programs with administration officials. If passed, students would have no control over the sports. Sorenson said that it was merely a joint-resolution and had no weight other than a recommendation. Sorenson said it would still have some impact on the Regents in case they sometime needed to use it for ammunition. Sorenson felt that it would probably pass the Senate but in no way could it pass the House of Representatives. The hearing on this has not been scheduled yet, but President Sorenson assured everyone that he would watch for it and definitely be there to testify. Debra Hartigan, chairman of the Child Day Care Center on this campus, was present and inquired as to the success of the Day Care Center becoming state-wide at the Legislature. Sorenson said that it might get past the House but would be impossible to get past the Senate.

Sports Committee: Brian Flaherty introduced proposed revisions in Faculty Senate Bylaws. President Sorenson advised that copies be made available to all Central Board members to be studied before the next CB meeting. Flaherty explained that this proposed revision consisted of making up 2 committees: 1. Faculty Athletics with 10 members: 4 faculty members, 1 administration member, three students, with the Director of Athletics as an ex officio non-voting member, and a faculty athletic representative, also an ex officio non-voting member. The functions of the committee is to formulate policies governing the level and ethics for funding intercollegiate athletics. 2. A subcommittee consisting of 3 students, 1 administrator, and 1 faculty member. The subcommittee will submit their recommendations to Central Board for approval. If CB disagrees with the subcommittee, they will have 45 days to dis-
liberate; if they continue to disagree, then the administration takes over. Berven asked if this would be put into the ASUM Bylaws as well as Faculty Senate's. Sorenson said that it would. Berven expressed disfavor with this committee:

1. It puts the committee in a position to bind Central Board or take the decision out of CB's hands. 
2. If we are going to stick with the precedent that has been established the last couple of years, the incoming Central Board does the budgeting and this proposal is tying the hands of the incoming Central Board."

Flaherty said the purpose of this committee is to alleviate the burden on Central Board of having to allocate the next Central Board some of their funds and also the burden on the Athletic Committee as they have to present their budget by October 1. Tennis said this committee would take the politics out of the athletic issue in that it would be a smaller group discussing the issue. He said the student subcommittee would do all the research and submit the entire budget from the Athletics Department to Central Board for their decision. President Sorenson said having a report from a committee including administrators and faculty would bear more weight than a decision from CB alone.

Standing Legislative Committee: President Sorenson said it would be a good idea to set up a standing Legislative Committee to look at possible legislative issues that would come up during the next session, to draft bills that students would be interested in and to do the necessary research to carry on an effective lobbying and legislative campaign during the legislative session. Sorenson asked Planning Board to work out the formation of this committee and report back to Central Board.

OLD BUSINESS

Counseling & Testing Center Committee: Tennis reported that they are continuing to meet with people concerned with the Counseling Center through Friday of next week and that a final report would be ready to present to Central Board the end of January.

BERVEN MOVED THAT ASUM SUPPORT THE DAY CARE CENTER AS LONG AS ASUM WAS NOT OBLIGATED TO GIVE FUNDS. SORENSEN SECONDED. MOTION CARRIED.

Dropping Traditions: Sorenson asked Planning Board to check around the campus to see what the feeling is on old traditions that have been dropped by ASUM, such as Homecoming parade, the Sentinel, etc.

Committee to interview applicants for appointment to CB: President Sorenson appointed Anderson as chairman, Sorensen, Flaherty and Beck to be on this committee. TENNIS
MOVED TO ACCEPT THESE APPOINTMENTS TO THE CB INTERVIEWING COMMITTEE. SORENSEN SECONDED. MOTION CARRIED. BERVEN MOVED TO ACCEPT ANDERSON AS CHAIRMAN OF THE INTERVIEWING COMMITTEE. SORENSEN SECONDED. MOTION CARRIED.

Announcements: President Sorenson announced the following openings available:
10 Publications Board Seats, 1 Campus Recreation seat, 1 Campus Development position, and 3 Central Board seats open for appointments.

The Book: Tennis suggested in lieu of The Book that a student commission be started to evaluate faculty members upon request of department chairmen or groups of students. Dr. Schuster expressed the belief that The Book was a very influential publication within the departments in making decisions for promotions, raises in pay and encouraging faculty to stay. She will do some checking and report on just how effective The Book has been and then perhaps go ahead with Tennis's plan.
