VANDALS DEFEAT GRIZZLIES IN FIRST CONFERENCE GAME

Montana Outclassed by Fast Idaho Eleven—Fitzke Stars for Gem Staters

Long runs by the fleet footed Fitzke and the hard-hitting backfield of the University of Idaho Vandals defeated the Grizzlies, 40 to 0, Friday at Moscow. Fumbles by Montana's team proved disastrous. Time and again the Grizzlies had an opportunity to advance the ball but would lose their chance by muffing the ball. Montana was unable to gain much ground through the Gem Staters' line, though she had more weight to the man.

The first touchdown came when Bucklin recovered a fumble in Montana territory. Then the Vandals began a series of line plunges that advanced the ball within scoring distance and Kinnison plunged over. In the last minutes of the initial period Idaho carried the ball to within a few yards of the line by straight football tactics. Fitzke, on the first play in the second quarter, ran 25 yards for the second touchdown.

Two long runs around the wings by Fitzke and a terrific line plunging attack for good gains made it possible for the third touchdown, with Fitzke carrying the ball over after a 14-yard sprint. In the third period Plummer attempted a punt from the 20-yard line which was blocked by Huefner, Idaho end, who recovered the ball behind Montana's goal line for a touchdown. Idaho made its last counter when Fitzke squirmed over from the one-yard line after the ball had been carried down the field by a slashing attack on the Grizzly line by Kinnison, Vesser and Davis.

During the contest Coach Stewart made numerous substitutions. Illman played a spectacular defensive game, stopping many of the Idaho line plunges. Spokane sport dopesters give much credit to the playing of Christie, G.

First WSGA Assembly To Be This Afternoon

The first WSGA convocation of the year will be held this afternoon in the auditorium of Main hall at 4 o'clock. This is an important meeting, according to Helen Newman, president, and every girl in the University is urged to be present.

This convocation will be held primarily for the purpose of acquainting the new girls on the campus with WSGA regulations. Short talks will be given by Harriet R. Sedman, dean of women, and Helen Newman, president of WSGA.

Rita Jahnke, president of the Women's Athletic association, will explain the purpose and benefit of the association. Solvay Andresen, chairman of the census committee of WSGA, will explain the point system which is being inaugurated this year to encourage more girls to take part in activities on the campus.

BIG AND LITTLE SISTERS INVITED TO YWCA MEETING

Convocation for All Women Wednesday at Four

The YWCA will hold a meeting in the auditorium in Main hall Wednesday at 4 o'clock, for the purpose of bringing big and little sisters together. Each girl who has a little sister is expected to bring her to the meeting, which is to be held for all University women.

Short talks will be given by Dean Harriet Sedman, Helen Newman, president of WSGA, Ann Beckwith, chairman of the big and little sister movement, and Miss Maude Gwinn. Marjorie Wilkinson will preside.

BORLESKE APPOINTS CAPTAIN TO TAKE TILTON'S PLACE

Whitman College, Oct. 15.—Wyman Rathford, two-year letter man, was recently appointed captain of the 1923 football team by Coach "Big" Borleske, to take the place of Earl Tilton. Tilton was forced to drop football because of injury to his knee.

Upperclass Yell Duke Applications Wanted

"We want more applications for upperclass Yell Duke," said Yell King Gid Boldt yesterday. "There is a lot of talent in school and we want the best man to have this position." Three applications from the freshman class are now in for the underclass position. The upperclass Duke will be chosen by the central board after the next S. O. S., when tryouts will be held.

WOMEN WILL HEAR TALKS ON HYGIENE

Dr. Edith Swift, National Authority, Opens Lecture Series Saturday.

Dr. Edith Hale Swift, lecturer for the American Social Hygiene association, will give four lectures to University women in Main hall auditorium, beginning Thursday morning, it was announced yesterday by Dean Harriet Sedman.

Dr. Swift speaks at 9 o'clock Thursday morning, at 11 and 4 o'clock Friday, and 10 o'clock Saturday. Classes during these periods, attended by women, will be excused, but an attendance check will be made at the door of the auditorium.

Personal or group conferences will be welcomed by Dr. Swift, according to Dean Sedman, who is in charge of the arrangements for her visit. These will be held in Miss Helen Gleason's office in the home economics department.

Dean Swift is a graduate of Radcliffe and Johns Hopkins and has done post-graduate work at Harvard and in Berlin. She has had 10 years of general practice and is considered a national authority on social hygiene.

Dean Sedman, who heard Dr. Swift at the national conference of deans of women in Cleveland last winter, says "she is a good speaker and the type of person who would appeal to women."

CLASS OF '23 AND WSGA GIVE TO STUDENT FUND

\$350 Is Left to Student Loan Fund for Use of Juniors and Seniors in University

The Class of 1923 and the Women's Self Government association have in the past year left \$350 to the Student Loan fund. The graduating class gave \$150 and WSGA \$200, according to J. B. Speer, registrar.

These amounts will be added to the general fund that was started by the Montana Bankers' association and the alumni of the University of Nebraska residing in Montana. This money is available to the members of the Junior and Senior classes who are unable to continue their courses because of lack of funds. The money may be obtained only after the applicant has been approved by the dean or director of his major department, as to character and scholarship.

The loan to any one student is limited to \$200 during his course, and not more than \$100 in any year. These loans must be repaid within one year from the time of borrowing, or, in exceptional cases, one year from graduation. Loans bear two per cent interest.

Application blanks and a statement of detailed regulations governing these loans may be obtained at the business office.

EIGHT STUDENTS WIN PRIZES DURING FAIR

Prizes were given to eight of the eleven entries made by students of the eleven department at the Western Montana fair last week.

Blue ribbons were awarded to Bill Hughes for an oil painting of Kathleen Andrus; Mary Kirkwood for a charcoal figure; Mary E. Mechling for still life pastel; Mary Hoff for an illustration in wash and a still life wash, and to Irene McMahon for a batik scarf. Mary Hoff also won two second prizes for pen and ink work.

MINERS AND GONZAGA WIN SATURDAY GAMES

Butte Team Beats Wesleyan While Bulldogs Vanquish Washington State

Opening up with a thrilling attack in the final minutes of play the Montana School of Mines defeated Montana Wesleyan last Saturday, 13 to 7. The Panthers led the visitors, 7 to 0, until the Miners put on the brilliant spurt. Harvey, end for the Butte school, snared a 33-yard pass which put the ball on the Missionaries' 2 1/2-yard line and after being held for three downs Walsh slipped through for the winning touchdown.

Gonzaga won a hard-fought game from W.S.C. Cougars Saturday afternoon by a count of 27 to 14. The Spokane team uncorked a brilliant array of forward passes during the first quarter that completely swamped the visitors. They completed eight passes in a row during the first ten minutes of play for the first touchdown. Garriety plunged through the line for the second counter after the ball had been advanced down the field by the air route. Stockton scored the third touchdown with a terrific line plunge. Gonzaga's final counter came after they recovered a W.S.C. fumble on the Cougars' three-yard line and Stockton carried the ball over on the first play.

The Grizzlies play both the Montana State School of Mines and Gonzaga, the former next Saturday at Butte and the latter October 27 at Missoula.

WHITMAN HOMECOMING GREATEST IN HISTORY

Whitman College, Oct. 15.—The Homecoming at Whitman on October 16 was the best one staged in years. Yell Leader Shaugnessy conducted a spectacular pep parade Friday night which roused the whole town, including the fire department. Saturday the grads took in the Utah game and the "W" club dance, and on Sunday spent a lot of time at the fraternity houses.

METHODISTS MEET.

The Methodist students of the University held a meeting last night at the residence of Reverend W. L. Young. Plans were made for the coming year.

NINE GREEK SOCIETIES OWN THEIR OWN HOMES

Fraternities and sororities on the University of Montana campus have a total investment of \$140,900 in houses and real estate, according to a check made by the Kaimin.

Nine of the seventeen Greek letter organizations own their chapter houses, and others contemplate building homes in the near future.

GRIZZLY CUBS WIN FIRST GAME FROM HAMILTON, 67-0

BITTER ROOT TEAM IS EASY FOR ADAMS' SQUAD

Kelly, DeVeber and Sweet Star—Will Meet Bobkittens Here Next Saturday.

The Grizzly Cubs won their first game of the season by smothering the strong Hamilton high school team, 67 to 0, Friday afternoon. The Cubs ran wild on Coach Madsen's eleven, scoring almost at will and piling up a total of nine touchdowns on the Bitter Root boys. Hamilton only threatened to score once, when a 40-yard gain placed them within striking distance of the Cub goal, but the frosh line could not be penetrated.

The biggest feature of the game was an 80-yard run by DeVeber, Cub end, although Kelly and Sweet played spectacular football. With Kelly passing and Sweet receiving, many passes were completed for long gains. The performance of the Cubs was marred only by a little fumbling. Four forward passes were lost on fumbles near or behind the Hamilton goal line.

Coach Adams used all the members of the squad in order to get a line on the men for the coming games. With the exception of the fumbles and a few mistakes in signals, the Cub machine showed excellent form.

Another scrimmage game with the Varsity this afternoon should put the Cubs in the best condition possible for Saturday's battle on Dornblaser field with Coach Jones' Aggie Bobkittens, who nosed out the Grizzly Cubs last year, 3 to 0, at Bozeman.

COLORADO PLAYER ON LINEUP; SOUTHERNERS WILL NOT PLAY

Washington and Lee Refuses to Go on Field

Washington and Lee university, at the last minute, refused to play Washington and Jefferson because the latter had a colored player on the lineup for the game scheduled for October 6.

Washington and Lee is a southern university and out of courtesy to southern schools all teams that have had negroes on the team have kept them out of the lineup when playing a southern school. Washington and Lee states that this is the first case when this courtesy has not been granted.

Washington and Jefferson refused to remove the player in question and the southerners returned home without going on the field.

TENNIS CELEBRITIES IN CALIFORNIA MATCH

Berkeley, Cal., Oct. 12.—Tennis fans of the University of California are offered a rare treat tomorrow afternoon, when the Kinsey brothers will meet "Phil" Bettens '25, captain of the varsity net squad, and Irving Weinstein, a senior member of the team.

The teams are evenly matched, inasmuch as the players are all of national fame or rank. The Kinsey brothers are the third ranking doubles combination in the United States and are Metropolitan doubles champions.

Bettens holds the fifth ranking place as intercollegiate singles player, and Weinstein collected the assorted championships of Oregon, Washington, and British Columbia this summer.

Miss Gwinn Appoints Five YWCA Captains

Imogene Newton, Helen Kennedy, Mattie Grace Sharp, Marjorie McRae and Catherine Roach have been appointed captains for the YWCA drive which is being conducted this week.

University girls and faculty members are to be called upon for contributions to raise a fund of \$2,750. An initial donation of \$225 has already been received, according to Miss Maude Gwinn, secretary. The captains for the drive will meet daily at 4 o'clock.

FRESHMEN TO GIVE DANCE FOR SOPHS

Will Be Held in Winter Garden Friday Night—Thompson Is Chairman

A Frosh dance in honor of the sophomores and the Cub and Bobkitten football teams will be given Saturday night at the Winter Garden, it was decided by the Freshman class at a meeting in Main hall last night. Freshmen, Juniors and Seniors will be charged admission at the door. Sophomores and the football teams will be admitted free.

A committee under the leadership of Reynolds Thompson of Twin Bridges will make all preparations for the dance. This committee is composed of 20 members which represent practically all the organizations on the campus.

At last night's meeting the Frosh decided not to publish a proclamation. They also selected black and white as their class colors.

Three Frosh made application for the appointment of Freshman Yell Duke. These men will have an opportunity to try out before Yell King "Gid" Boldt, who will select one as a representative of the Freshman class.

LAWYERS' ASSOCIATION HAS NEW CONSTITUTION

A new constitution was adopted at a meeting of the Law School association last week. It was also decided to continue the use of the honor system in the law school.

The constitution provides for a committee of three senior law students to be appointed for the purpose of educating new law students as to the functions of the honor system. The committee will also investigate any breach on the part of students and report to the dean. With his consent such matters will be referred to the association, which, in turn, will act on the matter and refer its decision to the dean, recommending that he enforce it.

At last week's meeting the following officers were elected: Miles O'Connor, president; John Mahan, vice-president; Forrest Rockwood, secretary, and Clark Brown, treasurer.

The association plans to give a smoker during the quarter for the Missoula Bar association, the faculty and students of the law school.

DRAMATIC SKETCHING CLASS PREPARES TO COMPOSE PLAYS

Plays Will Be Produced Under Auspices of Masquers' Club

The class in dramatic sketches under Professor Roger Williams is now adapting short stories for plays. This work is preparatory to the writing of one-act plays which will be presented under the auspices of the Masquers' club during the year. Five people are enrolled in the class and a co-operative system of criticism is used.

Class Fights, Dancing, Tub and Sack Races Being Arranged

The first Varsity day in the history of the University will be held October 24, according to Bill Cogswell, ASUM president. The Central Board has appointed Ronald McDonnell manager of Varsity day.

"Whether we shall have Varsity day in the future can only be determined by the support given this first one. It is the duty of every student to be on the campus October 24. The faculty has agreed to have Varsity day on a week day and it's up to the students to make it a success," said McDonnell.

The day will begin with dancing in the gymnasium from 8:30 till 10:00. Immediately following the dance, the class fights between the frosh and sophs will take place. The tub rush, sack rush and obstacle race will be the attractions.

A football game between two super- varsity elevens, the Sheiks and Cake Eaters, will be held in the afternoon. A parachute jump by Frank Wiley will be another afternoon attraction if the Brennan-Stevenson airplane is repaired by that time.

The new Varsity day has replaced the old Sneak day. The difference between the two is that only the seniors knew beforehand when Sneak day was to be held, while the date of Varsity day is known to all students some time before it takes place. The faculty was much opposed to Sneak day, due to the fact that very few students ever came near the campus but regarded the day simply as a holiday and did as they pleased.

"We should not regard Varsity day as a holiday," said McDonnell. "It is our duty to be on the campus to take part in the program and help make Varsity day one of our best traditions."

MONT. SONGSTERS PREPARE FOR WORK

Glee Club, Choral Society, and Orchestra Plan Big Year.

The Glee club and University orchestra, in connection with the Missoula Choral society, a town organization, are practicing regularly.

"Thirty men are out for the Glee club and the majority of them play musical instruments," said Dean De Loss Smith of the school of music yesterday. Several departures from the programs of the past will be made during the season. The membership of the club will be cut for the state trips and the names of the successful candidates announced later.

The University Symphony orchestra rehearses every Wednesday evening in Main hall auditorium. It is starting its fourth season with a membership of 40. Professor A. H. Wiesberg states that there are openings for wind-instrument players, especially for skillful players of the saxophone and flute.

Professor Wiesberg is also conductor of the Missoula Choral society, which presented "The Messiah" last Christmas and "Judas Macabbeus" in the spring. Twelve members of the University Symphony orchestra played the accompaniment for these presentations. The society has 65 members. It is planned to make the presentation of "The Messiah" an annual event in Missoula musical circles.

WHITMAN DEFEATED ON HOMECOMING DAY

Whitman College.—Fighting on a sloppy field that gave Utah every advantage, Whitman's light team went down to a 16-0 defeat last Saturday. The Missionaries came back in the second half and held Utah scoreless after having two touchdowns and a field goal scored on them in the first half.

Varsity Day

THE University's first Varsity day is scheduled for a week from Wednesday. At the ASUM elections last spring the student body voted to have a Varsity day during the fall quarter instead of the usual Sneak day in the spring. This action was taken because the last two or three Sneak days were far from successful because students went hiking, fishing, or did almost anything except take part in the celebration on the campus.

The establishment of Varsity day as an annual event depends on the attendance of students at the program on the campus. Saturday and Sunday of each week are days set aside for you to take her hiking. Varsity day is a day set aside for a campus celebration. Get the distinction. If you are not on hand at the University next Wednesday you will be helping to cheat Montana out of one of its finest traditions.

The Special Train

IT IS only about a month until the Aggie game at Bozeman. No one who has ever seen a Grizzly-Bobcat football game ever misses an opportunity to see another one. Opportunity is knocking at the door of every

University student. A special train is being chartered to carry University rooters to the annual football classic. At the first of the month lay \$15 aside for the trip and be on hand at the depot November 16. The trip to the country will do you good.

Communications

THE KAIMIN is the students' paper. Its purpose is to give them the news and to allow them to express their opinions on subjects relative to the University and its students. The editorial writers cannot express the student opinion unless they are given the opportunity to learn what opinions the students have.

An editorial writer often overlooks subjects which should be discussed and fills up the columns with stuff, the value of which lies only in its ability to take up space. Often the writer takes the wrong point of view and will keep that point of view until someone calls him on it and shows him where he is wrong.

The columns of the Kaimin are open to all communications which have a bearing on the University or university life. Any student or faculty member who has an idea which he thinks should be brought before the student body is welcome to space in which to express his ideas. The communication has a greater value than the regular editorial in that the readers realize the sincerity of the writer, while they know that the editorial writer is editorializing professionally and many of his ideas come only after he sits down at the typewriter to fill his columns.

SOPHOMORES, we call your attention to the two pillars of the old library building, disfigured by Sophomore "proclamations". Such indifference toward the appearance of University property is hardly becoming to a class whose traditional duty it is to see that new students learn to respect their University.

What are you going to do about it?

Annabelle

Has a Fair Time

Dear Maw:

Here goes another one,
To tell you all about the fun
I had with that wheat raiser's son
That took me to the fair.
He came around 'bout five to eight;
That shows you just how high I rate,
When he came up to meet his date
A wee bit early.

We seemed to like each other fine.
We rode out on the street car line,
The slugs we used were some of mine,
He left his in his other pants.
We walked just seven blocks from there
To the main entrance of the fair.
You'd ought to see my feller stare
When they wanted four bits to get in.

Maw, they had a great big steel
Thing they called a ferris wheel,
And on the thing we tried to steal
A ride.
They charged us twenty cents for seats,
And when they locked us in complete,
The ground just seemed to leave our feet;
Just seemed to sink away.

Gee Maw, it sure gave me a scare,
As I went up I felt my hair
Raise on my head, then the darn chair
Began to rock.
Then as we started down to land
I felt my feller grab my hand,
In spite of height, it sure was grand,
Us two a'sittin' there.

That night it was one merry whirl,
I'm glad that I'm somebody's girl,
And now I know that I must hurl
Myself in love.
He treated me so doggone nice,
He bought me heaps of orange ice,
He treated once, I treated twice,
I mean, Maw, to ice cream cones.

He was nicest when he said "good night,"
The evening's thrill had reached its
height,
But I didn't want to make a sight
On the steps of the new dorm.
I kept within Dean Sedman's rule,
Like all nice girls who go to school,
And yet I think it was a fool
Who wrote that kissin' regulation.

But never mind, Maw, time will tell,
There's nothin' in the world will quell
The flame of love. Yours,
ANNABELLE.

Michigan.

Student automobiles are prohibited from parking in the campus driveways, as space is needed for cars of men having business in the university.

Rochester.

A scholarship to be awarded "to an Italian born man or woman, or of Italian descent," which is known as the Dante scholarship, has been given the University of Rochester by the Italian Women's Civic club.

Colorado State College.

The girls of the college put on a tag day, the proceeds from which will be used to provide a training table for the school football team.

Columbia.

Ten club-swinging policemen broke up the annual freshman-sophomore rush of Columbia students who blockaded subway entrances in Morningside Heights, and held up surface cars for half an hour. As the crowd dispersed, torn coats, bloody noses, black eyes and freshmen's blue caps were in evidence, where 250 first-year men claimed to have beaten off 200 sophs.

Williams.

Freshmen this year will find their life a much pleasanter one than in the past. The administration requested that initiation activities be limited to carpet cleaning and baggage lugging.

University of California.

In 1922 the University of California, at Berkeley, had 14,367 students, the largest enrollment of any American school. The college of the City of New York was second with 13,744; New York university third with 12,254.

Rice Institute.

A Chinese youth once came all the way from China to enter the Rice Institute at Houston, Texas. He had expected to find an agricultural school devoted to the study of rice culture, whereas the institute in reality is a university with a \$13,000,000 endowment from William Marsh Rice.

Highland College.

Highland college, in Highland, Kansas, with 20 students, had the smallest enrollment in 1922.

A FEW POINTERS.

Under the new ruling of the WSGA, the point system will be the style—peccod, hemstitched and cut away on the bias. For example, if a girl wins a letter in football, etc., she will be granted a certain number of points, regardless of what Tong she belongs to.

The awarding of points will be based on the girls' activities:

1. Any girl, regardless of sex, having more than FOUR dates a week will receive one (1) point for all dates over the certified number.

2. Five points will be awarded for each Fraternity Pin secured by each girl. Points garnered in this manner will be limited to TWENTY-FIVE per quarter. (Girls in this line of endeavor are handicapped, as there are only eight Josh Houses on the campus.)

3. Three points will be granted the girl that captures an athlete. (One point will be deducted if said girl has an automobile.)

4. Girls not attending Winter Garden or Elite Hall will be given one point. (The committee expects to grant few points under this heading.)

5. One point will be awarded to the girl that is the last to wear Roll Socks in the Winter and the first to dawn them in the Spring.

6. One point will be deducted from each girl's standing who fails to get a date at the Library each night.

FIND MAMMOTH TOOTH AT WASHINGTON STATE

A tooth six inches long, and as wide, exhumed in excavating for the new student bookstore at the State College of Washington, has been identified by Dr. Solon Shedd of the school of mines and geology as that of a Siberian woolly mammoth. The scientific name of this creature, which roamed this district at the time the first man appeared on the continent, is *Elephas Primathenius*. It stood about 9 feet high at the shoulders, Dr. Shedd says. It is supposed to have reached North America by way of Alaska, and ranged through British Columbia, Washington, Oregon and east to the Atlantic coast. No other bones were found with the tooth, which will be placed in the geological museum of the college.

YWCA Making Annual Drive; Campus Organization Praised

This year the Y. W. C. A. has been working on the little sister movement, and although the work has been slow, because of a new system that is being introduced, it is thought that it will be efficient. The social service committee expects to give programs at the county poor farm throughout the year as was the practice last year. They will work in connection with Mrs. LeClaire, of the health department, in visiting sick girls. They also plan to have their annual Children's Christmas party. Miss Olive McKay of Great Falls is the chairman of this committee. They plan more intensive work on the campus towards unifying the interests of the girls. The social committee, headed by Lenore Thompson of Twin Bridges, plans to promote friendships and high social standards.

The Y. W. C. A. hopes to raise the entire amount of \$2,750 through subscription without bazaars, etc., by having, as formerly, a budget week, which began on October 15. The budget of \$2,750 is as conservative as can possibly be made, according to the report of the finance committee. This provides for the work of committees, the salary of the secretary, and national work. The city is having a simultaneous campaign, but it is not joint. The field of the University Y. W. C. A. is more limited, being only among faculty, University women, and certain downtown firms. Katherine Keith of Missoula is chairman of the finance committee.

"We, on the campus, are prone to forget that our rewards come, after all, not from the materially indispensable but from the spiritually indispensable. It is the spiritually indispensable that the Y. W. C. A. desires to give and therefore fills an indispensable place on the campus," was the statement made yesterday by President Clapp when asked what he thought of the Y. W. C. A. on the University of Montana campus.

Others interviewed made the following statements:

Solvay Andresen—"The Y. W. C. A. is an organization that seeks to promote the all-round welfare of the women in the University. It serves as an agency of the Christian church to prevent cleavage and to close up social gaps."

nomics department—"The idea of the Y. W. C. A. is to establish Christian fellowship among all girls. To help them formulate and live up to all Christian ideals. To help them gain a poise that is only possible through realizing the highest in human relationship. The discussion sponsored by the Y. W. C. A. leads to an interspiritual strength and balance that is bound to show in the inter-relationships of student life. Such thinking through of problems discussed develops a refinement and culture which is richer because of this."

"I think that the Y. W. C. A. has had a very helpful influence and has worked effectively," was the statement made by Dean A. L. Stone of the school of Journalism. Rita Jahreiss said, "The Y. W. C. A., embracing such a large field, gives all girls a chance to take an active part on the University campus."

The greatest aim of the Y. W. C. A., the organization states, is to create an atmosphere and attitude, to help college girls maintain a certain equilibrium. Through the active committee work that the Y. W. C. A. provides the girls are given a closer intimacy among friends. They are also given chances to express themselves in various activities. The members of the Y. W. C. A. believe that no college girl should be illiterate in religious education. There is an attempt to do certain kinds of education in regard to other countries. The attempt is made to work toward the church and in no case has attempted to take the place of the church. The Y. W. C. A. merely supplements the church.

BABSON ESSAY CONTEST OPEN TO ALL STUDENTS

One Thousand and Fifty Dollars in Prizes To Be Given for Best Papers

One thousand and fifty dollars in prizes is offered by Roger W. Babson, founder and president of the Babson Statistical organization, for the best two statistical essays on the forecasting of the price of wheat, of cotton, or of lumber. The contest is open to all graduates or undergraduate students of American universities.

In selecting the subjects named, the donor has in mind the sectional interests that will influence contestants in the choice of one or another of the commodities. "Wheat," he believes, will be chosen not only by students coming from the wheat region, but also by those living in or near cities where considerable milling is done; Likewise "cotton" should appeal to students of Southern universities, as well as to those of the cotton manufacturing districts of both New England and the South; and "lumber," while it has a more or less universal interest, especially on account of the present building situation, should appeal particularly to the West Coast students.

Two prizes are offered: (1) a prize of \$650 for the best essay submitted by either an undergraduate or a graduate student at any American university; (2) a prize of \$400 for the best essay by an undergraduate student at any American university.

Rules.

The following rules will govern the contest:

1. All graduate and undergraduate students who are officially registered in any college or university of the United States or Canada are eligible.
2. Manuscripts must be limited to 12,000 words, typewritten on one side of white paper, 8 1/2 by 11 inches, and double spaced. Any number of graphic presentations may be included in the essay.
3. The manuscript submitted must bear a pseudonym but not the author's name, and must be accompanied by an envelope containing the author's name and pseudonym.
4. No manuscript will be returned. A copy should be retained by the writer, if he or she wishes to preserve the composition.
5. No information bearing on any of the subjects will be given out by the donor through the Babson Statistical organization.
6. The essays must be submitted to Ray B. Westerfield, the secretary of the American Economic association, Yale Station, New Haven, Connecticut, on or before October 1, 1924.
7. The American Economic association reserves the right to publish and copyright for its own use the essays which are awarded the prizes, but will cancel this reservation in case it decides not to publish either or both of the essays. Those receiving no award may be published by the writers.

Irving Fisher, professor of political economy, Yale University; George F. Warren, professor of farm management and statistics, Cornell University; and Alvin H. Hansen, professor of economics, University of Minnesota, will act as judges in the contest and determine the awards.

Public Dances Censured By Dean Harriet Sedman

"University girls do not attend public dances," stated Dean Harriet Sedman in an interview in regard to downtown dances yesterday.

Although there are no restrictions or set rules barring the girls from public dance halls, it has always been understood among the University girls that they should not go. Girls are permitted to go to the University dances which may be held in public dance halls, because these are strictly for University students, Mrs. Sedman stated.

FIRST LITERARY MAGAZINE
WILL BE OUT IN NOVEMBER

Fall Edition of the Frontier Is Well Under Way

The first issue of the Frontier, University literary magazine, will come out some time during the first week of November, according to Anne Cromwell, editor-in-chief of the publication.

The Frontier staff is trying to make this issue as much of an improvement over previous ones as is possible. Contributions have been coming in from all parts of the campus but, according to Miss Cromwell, most of them are of the heavy variety. More light stuff, comedy, verse and prose is needed to make the publication well balanced.

The advertising is coming along excellently, states Rowland Rutherford, advertising solicitor for the magazine.

WILMA

Oct. 12, 1923.

Dear Doc:

Ken, the Blotter Boy, is back. I wonder for how long? It didn't take him long to show his appreciation 'cause he and Mary Joe were at the fair-grounds dance and Howard was at the show alone; and he didn't look very happy, but he needn't worry about Ken, 'cause Ken never did stay in one place long, and anyhow, Howard and Harold and Mary Joe and Ann Louise (those boys are so much alike that they even pick out two-name girls), were all at the show Sunday, and they certainly saw a good picture, and if you and Myrtle haven't seen "THREE WISE FOOLS" yet, be sure and go tonight, 'cause it will be your last chance.

This "MERRY GO ROUND" picture that starts tomorrow, I guess you all know about. It's the sensation of the year, and you can't afford to miss it.

HEINIE.

P. S.—Since Ronnie isn't back and Sam seems to like 'em young and tender this year, Mas hasn't got any competition at all, and I don't believe Virginia likes it very much.

First Pen made for Students only

Designed by Geo. S. Parker for their special needs and made by Duofold craftsmen—yet offered at only \$3

JUST as the Parker Duofold and Lady Duofold are recognized as the aristocrats of pens priced at \$5 and higher, so this new Parker D. Q. is the blue-blood of pens in the medium-priced class. Indeed the same crafts-guild that produces Parker Duofold makes this Parker D. Q. that we announce at only \$3.

Parker designed this pen based on a study of the students' requirements and desires. Hence it's a pen that is practically made to the students' order. We know of no other with this special ring to link to note-book, and no other this size under \$5 with a special metal girdle to reinforce the cap. Yet no extra charge is made for these features, or for the super-smooth point of 14k gold tipped with Native Iridium.

Insist on seeing this new creation. Any good pen counter can supply you, but look carefully for the stamp of the genuine, "Geo. S. Parker—Lucky Curve."

Campus Store Shows Development Since Founding Five Years Ago

Starting with \$900 capital and a stock of a few hundred dollars, the student store has developed in four years into a flourishing enterprise. The annual business amounts to approximately \$40,000, a large percentage of which is from the sale of books.

In the fall of 1919 the store was opened in half of the building which was recently removed from the site near the north end of the new forestry building; the other half was used as a YWCA headquarters. Stuart McHaffie, the first manager, served until 1920, when he was succeeded by McPherson Gault. Mr. Gault remained until the opening of the winter quarter in 1922, when the store was taken over by Arthur Redding, who remained until last quarter. Morris McCullum is now manager.

The store is located in the old forestry building. The entire first floor is given over to store rooms and offices. The new quarters contain about one and one-half times the floor space of the old and are much better lighted. The force of the store has been increased to five men.

The store was incorporated under the laws of Montana on April 11, 1921, with a capital of \$9,862.68. The annual turnover of the stock amounts to more than \$40,000.

The store directors are Helen Newman, Professor R. E. Mathews, Clifford Ellis, Professor E. R. Sanford, and Frank Nelson. The board appoints the manager and exercises full control over the general policies of the store. All profits belong to the student body and a certain amount is set aside each year for a building fund.

The store handles gymnasium equipment for men and women, green caps for freshmen, and paraphernalia for rooting at games. A complete line of service stripes, insignia and manuals have been secured for the R. O. T. C. men. A theater ticket service has also been installed for the use of University and high school students.

A jazz orchestra made up entirely of co-eds will be a feature of the women's glee club concerts at Washington State College this year.
