The meeting was called to order by Vice President Greg Beck at 7:00 p.m. in the Montana Rooms of the University Center.

Implementation of the Caucus's Resolution: Bruce Swenson, chairman of this committee with Mike McKenzie, Chris Servheen, Tom Mozer and Cynthia Schuster will meet after Central Board tonight.

Kaimin Funding Committee: Chris Servheen, chairman of this committee, with Leroy Berven, Bill Paddock, Bob Sorenson, Greg Beck and Bryan Thornton will meet next (over)
Tuesday, February 15, at 4:00. This committee will meet every Tuesday at 4:00 p.m.

Loan Fund for Overseas Study: Paddock reported that the basic cost to study overseas would be $945.00. This amounts to $500 over what it costs an out-of-state student including books. If CB set up a loan or scholarship fund for $500 per student it would cost about $15,000 for 230 people. Paddock said CB should decide if they want to set up a fund to bring overseas students here to study or students to go overseas to study. Vice President Beck said that there is insufficient funds to appropriate to this program this year, but that it could be recommended to the next CB. BERVEN MOVED THAT CB DO NOTHING ABOUT OVERSEAS STUDY AND THAT CB RECOMMEND NEXT CB TO DO NOTHING. DANA SECONDED. MOTION CARRIED WITH ALL IN FAVOR.

National Student Lobby: Bruce Swenson reported on the National Student Lobby as follows: "The NSL is a lobby for students, run by students on the national level. The NSL has 82 member colleges, community colleges, and universities in 36 states and represents over 460,000 students in Congress." The NSL is urging more students to join in order to "fully realize the potential of the NSL to influence legislation in behalf of 8.6 million college and university students. The students on 2,753 campuses across the nation have the vote. Together we can seize this opportunity to change the politics and institutions of this country." This information comes in an open letter to students written by Layton Olson, Executive Director of NSL. Olson said that "staff members have made many contacts in Congress and the Executive agencies. These contacts have made one thing obvious: Students who are informed and knowledgeable about the issues carry an amazing degree of influence with the Congressional representatives from their state. We must see that each of the 435 Representatives and 100 Senators hears the voice of students both from a lobby in Washington and from students on campuses in every local Congressional District in the country. Working together we can make student votes count." CB members will study this organization to decide whether or not it would be beneficial to join. It will be discussed at next CB meeting.

NSL Lobby Conference on The Higher Education Act: The Lobby Conference on Higher Education will be held March 22, 23, and 24 in Washington D. C. Students are invited and urged to come to Washington D. C. as a registered lobbyist with the U. S. Congress. According to information sent by Layton Olson, Executive Director of NSL, "Without a massive student lobbying effort on the Higher Education Act the funding for the following programs will again be substantially cut this year: Student grants, NDEA Loans, E.O.G. program, Federal Scholarship Programs, Work-Study, Matching Grants for State Scholarship Programs, Anti-Sex discrimination in hiring, Special Assistance provisions for colleges and universities enrolling large numbers of black, Spanish-speaking, native Americans and other minority students, also programs for financial assistance to small colleges, and G. I. loans." The cost for each student to attend the Lobby Conference is $10.00. Bruce Swenson has the information on this and it will be brought up again at the next CB meeting.

Faculty Ethics Committee: People appointed to this committee should be here next year. Vice President Beck appointed Servheen and Thornton to serve on this committee. SMITH MOVED THAT CB ACCEPT SERVHEEN AND THORNTON TO BE ON THE FACULTY ETHICS COMMITTEE. BERVEN SECONDED. QUESTION CALLED. MOTION PASSED WITH ALL IN FAVOR.

Curriculum Committee: Vice President Beck appointed Judy Gilbert to replace Dan George on the Curriculum Committee.

Academic Welfare of Student Athletes Committee: Servheen and Cannon said that this committee will meet Monday, February 14 at 5:00 p. m. in the Gold Oak Room.
Sports and Policy Committee: Beck and Grande said this committee is just getting started. They will meet every Wednesday. The next meeting will be February 16 in Science Complex 428.

Publications Board: Thornton said that Conrad Yunker is the newly elected editor of the Kaimin with a vote of 4 to three.

Dean's Study Group: Thornton resigned from this group but said that he would chair the next meeting on Tuesday in which Vice President Mitchell is invited to attend. The Dean's Study Group will then disband until after spring elections when a new chairman will be appointed.

Academic Affairs: Paddock said they are working on a study of incorporation and placing students on Faculty Senate.

OLD BUSINESS

ASUN Proposed Bylaws, Divisions I through V: At the last CB meeting the proposed bylaws were referred back to Planning Board for further action. Berven passed out copies of the bylaws with all changes having been made at Planning Board. FLAHERTY MOVED THAT CB ACCEPT ALL 5 DIVISIONS OF THE BYLAWS. MCKENZIE SECONDED. MOTION CARRIED WITH ALL IN FAVOR EXCEPT PADDOCK OPPOSED.

Constitutional Review Board: As brought up in last week's meeting, Owens again asked that Article VI A, Section 3 of the Constitution regarding the Constitutional Review Board, be referred back to the Constitutional Review Board to have them clarify it and set up procedures for petitioning the board, to make it more accessible to students. Also Constitutional Review Board should advise how long the term is for CB members elected in the fall. OWENS MOVED THAT ARTICLE VI A, SECTION 3 OF THE CONSTITUTION BE SENT TO THE CONSTITUTIONAL REVIEW BOARD FOR CLARIFICATION AND THAT CB BE ADVISED THE LENGTH OF TERM FOR CB MEMBERS ELECTED IN THE FALL. DANA SECONDED. QUESTION CALLED. MOTION CARRIED WITH ALL IN FAVOR.

NEW BUSINESS

MONTPIRG: No one present to report.

Student Government Convention in Great Falls: Vice President Greg Beck presented a letter received by President John Christensen from Mary Opitz, President of Associated Students, College of Great Falls and Al Sorensen, President, Associated Students, Northern Montana College, informing him of the possibility of holding a Student Government Convention. Dates tentatively selected are February 25 and 26. Workshops would begin probably at 9 a.m. and continue throughout the day on Saturday. Suggested workshops would cover such areas as publications, committee workings, cultural plannings, cheerleading, athletics-auxiliary and varsity, enrollment deficiencies and academics. Special interest items include clubs, drama and music groups and bookstore policies. Each school is invited to prepare statements and seminar monitors in fields of particular interest to them. Beck thought it would be a good idea for CB to run a workshop on registering students at this convention. Anyone interested in attending this convention should contact President Christensen or Vice President Beck.

Student Handbook: Berven said that the last handbook was put out in 1969 and he hasn't missed it since. Beck said that if they put a handbook out like the issue of '69 it would cost about $2,000; however, it could be done for less. Thornton said that Pub Board would look into this and they might possibly try a combined (over)
book covering everything. This will be studied to recommend to next CB.

Students meetings with President Pantzer: President Pantzer extends a standing invitation to all students to meet with him every Tuesday at 3:00 p.m.

Delegate Proposal: Christine Anderson, Tom Mozer, and Chris Servheen submitted a proposal to support the following delegate proposal: "Be it resolved that the Associated Students of the University of Montana do support the following delegate proposal: DELEGATE PROPOSAL NO. 162 Section 1. THE PUBLIC TRUST. The state of Montana shall maintain and enhance a high quality environment as the public trust. Such obligation shall apply to all aspects of environmental quality including, but not limited to, air, water, land, wildlife, minerals, forests, and open space. The sole beneficiary of the trust shall be the citizens of Montana, who shall have the duty to maintain and enhance the trust, and the right to enforce it by appropriate legal proceedings against the trustee. Section 2. CITIZEN SUIT. Citizens of the state shall have the right to protect the quality environment by appropriate legal proceedings against private entities. Section 3. LEGISLATIVE RESPONSIBILITY. The legislature must provide by law for the implementation and enforcement of such legislation as may be necessary to more fully protect this public trust. Section 4. EMINENT DOMAIN. Private property shall not be taken, damaged, or the use thereof impaired for public use without prior payment of just compensation to the full extent of the loss. Prior to the condemnation of any such land the individual shall have the right to a judicial determination as to whether the contemplated use is a necessary and public use. Section 5. PUBLIC USE. The highest of public uses of any property within the state shall be only those uses consistent with a high quality environment; accordingly private and public efforts at the preservation of environmentally significant lands shall be a public use." Anderson asked that a telegram be sent to Natural Resources and Agriculture Committee signed by every CB member, CB officers and faculty representatives informing them of CB's support of Delegate Proposal No. 162, and urging them to support it too. FLAHERTY MOVED THAT CB SEND A TELEGRAM TOMORROW MORNING TO NATURAL RESOURCES AND AGRICULTURE COMMITTEE ADVISING THEM THAT THE ASUM HAS PASSED A RESOLUTION SUPPORTING DELEGATE PROPOSAL NO. 162 AND URGING THEM TO SUPPORT IT TOO. THE TELEGRAM BEING SIGNED BY CENTRAL BOARD OFFICERS AND MEMBERS AND FACULTY REPRESENTATIVES. MCKENZIE SECONDED AND MOTION CARRIED WITH ALL IN FAVOR.

Suit against Governor Anderson: Sorenson talked about the possibility of bringing a lawsuit against Governor Anderson to get him out of office. Berven said that if we use state funds for this we would stand a good chance of losing some or all control of student funds. Vice President Beck appointed Sorenson, Servheen and Anderson to look into this before any action would be taken by CB.

Meeting adjourned at 9:00 p.m.

Respectfully submitted:

Ruby Biondich
ASUM Secretary

Dear Al:

I read with interest your letter concerning the possibility of a Student Government Convention and Workshop to be held on the College of Great Falls campus February 25 and 26. I think that it would be a very good idea and would help alleviate some of the feelings that now exist between the big schools and the small schools. Especially in regard to the fact that the smaller schools feel that they have little or no say in the operation of MSPA.

Many of the suggested topics would be of interest to our school, others would not. For instance, cultural planning is handled by Program Council and cheerleading is handled by the Alumni Center. However, there are some issues that I think all the schools share and could very well benefit from a group discussion on them. One would be the bookstore policies, another would be athletics both the auxiliary and intramural and varsity sports, another would be committee workings and, finally, publications.

I think that if there was one topic we were particularly interested in and one that we could possibly help the other schools with because of our extensive work here on it, it would be in the area of Voter Registration and Reapportionment. The topic, voter registration and reapportionment, covers the various cities in which that particular campus is located in order that one man - one vote does not exclude transit people (this includes low income people and students) from voting in various elections. I think we would have an interest in this subject and would be more than willing to prepare a program to explain what we have done and what has been done at other schools in this area.

Also, since I attended the emergency conference of New Voters in Chicago I may be able to draw some materials from that to help with this program.

I haven't as of yet taken the idea of the convention to my Central Board but I am sure that many of them would be interested in it and our whole school would be able to benefit from such an event.

I think it is very commendable for both of you to have taken the initiative to set-up such a program and I look forward to having it take place and will be more than willing to do anything I can to make the whole convention a success.

Again I thank you.

Sincerely,

John R. Christensen

Dear Conrad:

I want to congratulate you on your success in attaining the Kaimin Editorship for the coming year.

I think that, without a doubt, it will be a very interesting experience and probably in the long-run, a very rewarding one. Even though, as judging from the office I have held this past year, it can become very tiresome.

I would like to say a few things in regard to the Kaimin editorship as opposed to the ASUM presidency. I would sincerely like to see some type of communication set up between these two in hope of ameliorating the feeling that now exists. Perhaps with your assistance and that of the new Student Body President a program could be worked out to earmark funds out of the Student Activity Fees or something like this, in order that ASUM will no longer be the publisher of the Kaimin. I think that this would be in the best interest of the student body as a whole and would be a commendable attribute on your record. This would help eliminate the constant friction between the publisher and the Kaimin.

I think it is also important that you understand my position in regard to the Kaimin editorship even though I will only be under you for about two weeks; I decided to stay completely out of the Kaimin editorship selections. The important thing being that I hope the future ASUM presidents stay out of the selections and let the independent Publications Board operate as such if they are willing to do their job. In the past, officials tried to set up a Kaimin editor to further themselves politically or in hopes of getting along with the student newspaper.

I feel that you are very qualified for the Kaimin editorship and I think that you have done a commendable job with the exposure of the Athletic scandal by doing very little editorializing throughout your articles as compared to the article you and Gary South wrote last spring on the Optional Athlete. I think you have done the campus a great service and an all-around good job.

Again, I would like to congratulate you and wish you the best of luck in the coming year and hope you and the new Student Body President can bridge this gap of a lack of communication. The two of you should be able to work out a better arrangement as far as publisher versus ASUM and the problems that have arisen from this.

Sincerely,

John R. Christensen

Associated Students of

Dear John:

During the past few weeks the College of Great Falls and Northern Montana College have been considering the possibility of holding a Student Government Convention. Dates Tentatively selected are February 25 and 26.

The Convention would begin Friday with registration followed by a concert by Kevin Odegard in McLaughlin Center and later by a post function of some sort. On Saturday, workshops would begin probably at 9 a.m. and continue throughout the day.

Topics for the workshops have not been finalized as yet. Suggested items have covered such areas as publications, committee workings, cultural plannings, cheerleading, athletics-auxiliary and varsity, enrollment deficiencies and academics. Special interest items include clubs, drama and music groups and bookstore policies.

We would like to see each school offer prepared statements and seminar monitors in fields of particular interest to them. To keep from duplication of topics we suggest that you send in more than one topic of interest to you. From the lists to be prepared after consideration of the various subjects you will be notified of your field.

If you have any question pertaining to any aspect of the convention please feel free to contact either Mary Opitz or Al Sorensen. We would appreciate a quick response to our request.

Sincerely,

Mary Opitz, President
A.S.C.G.F.

Al Sorensen, President

Open letter to students:

On October 4, 1971 a group of students began a nationwide campaign to organize the first permanent student lobby in Washington. It was an idea whose time had come: A lobby for students, run by students on the national level.

As of January 24, 1972 the National Student Lobby has 82 member colleges, community colleges, and universities in 36 states and represents over 460,000 students in Congress.

Acting in accord with a mandate from the member schools (through the mechanism of an annual referendum), the NSL staff has taken lobby action on the following bills:

1) Lobbied for the Mansfield Amendment for a 6 month date for withdrawal of troops from Vietnam (Passed Senate, failed House).
3) Lobbied for Child Development and Day Care Program (Passed Senate and House, but vetoed by Pres. Nixon).
4) Lobbied for increased authorizations and appropriations for student loans (NDEA and Insured Programs) and Work-Study Programs in Higher Education Act (Pending).

Right now the NSL research staff is preparing testimony for Senator Ellender's Appropriations Committee Hearings on National Priorities. This testimony will comment on the "budget priorities as reflected in the new budget document." (Pres. Nixon's proposed budget for the new fiscal year).

We have made a beginning. However, it is only a beginning. Now we need your help to fully realize the potential of the NSL to influence legislation in behalf of 8.6 million college and university students. The students on 2,753 campuses across the nation have the vote. Together we can seize this opportunity to change the politics and institutions of this country.

We invite your student government to become a member of
the National Student Lobby --- an organization which will (1) fight for student interests in Washington, (2) communicate by phone and mail current information so that you may pressure the Congressmen and Senators from your state and (3) help foster state and local lobbies and other projects.

A permanent organization: The NSL is a non-profit, registered lobby in Washington, D.C. and is the only national student organization with a tax status which allows it to lobby Congress in behalf of student interests. It has a permanent staff and offices in the Nation's Capital to monitor the activities of Congress and the Executive, and to make the needs and interests of students known throughout the government.

This permanent mechanism makes students a constituency to which Congressmen will listen, for it will not disappear in the summer, nor will its memory be only one to four years long.

The NSL does not endorse any candidates, but it takes positions on the issues, and seeks to affect government policies related to those issues.

Annual referendum: The positions taken by the NSL are adopted through an annual ballot to be sent to each member student government. The ballot is then put before the student body as a referendum, and the results of such referendum on campuses across the nation determines the policies of the NSL.

Every effort is made to time such referenda to coincide with scheduled student government elections so as to avoid the needless cost of an extra balloting. If, however, it is impossible to hold both the student government and the referendum balloting simultaneously, the student council is authorized to cast the student body's votes. Each student government casts a number of votes proportional to the number of students at that college.

Regional Caucuses: At this time the NSL is growing and developing. When we reach a membership of several hundred schools, the NSL will be divided into regional caucuses. This will increase communications within an area small enough to make travel and telephone calls financially reasonable to members of the NSL.

Each regional caucus will meet at least once a year to vote on matters such as the Executive Director (the hired staff person responsible for the activities of the national office), the annual budget, and the Executive Committee.

Each regional caucus will elect two members to the Executive Committee, which will act as watchdog of the national office.

Executive Committee: The Executive Committee will make independent reports to the NSL membership, will hire members of the staff other than the Executive Director (who is hired by a vote of confirmation by the regional caucuses), and will assist in the preparation of the annual budget.
Thus, students have both direct and indirect controls over the activities of the office that will be speaking in the name of students.

The National Student Lobby is dependent upon 3 elements:

1) An office in the Nation's Capital with staff and facilities adequate to discover, in the mass of legislation, those bills and issues of key importance to large groups of students; to analyze, follow, and influence such legislation; to initiate and propose new laws; and represent the interests of students before the Executive Branch and other national bureaucracies.

2) A communications network to convey current information to student governments and thousands of students through the biweekly NSL publication, Legislative Report, through student newspapers and by phone. Also, this network will help determine the opinions of students through the annual referendum and aid in the mobilization of pressure by campuses in the home districts of key Congressmen.

3) A network of state and local lobby offices, including voter registration and political intern projects to increase student participation at the grass roots level in the political process - in projects students run and control locally - to involve the greatest number of students in shaping a more equitable and responsive legal and social system.

Extensive challenge though it is, we believe this triple aim is being accomplished through the combination of many competent young people and adequate financial resources.

Finances: In influencing legislation, as in winning elections there are 2 crucial resources, money and people. Of the two, financial resources are by far the more rare in the student community.

Nevertheless, it is essential that the NSL be financially supported by students, for the structural guarantees of student control are only weakened if the NSL is dependent on large, non-student contributors.

During the first year, it will be necessary to depend on some private funds while the membership of the NSL grows, but it is hoped that by its second year of operation the NSL will be self-sustaining.

For the first year, membership fees will be $30 for schools with less than 1,000 students, $40 for schools with between 1,000 and 4,999 students, and $50 for schools with 5,000 students or more. In addition to these membership fees, a subscription to the student newspaper is included. In succeeding years, however, membership fees will be proportional to the number of students.
attending a school, and will be set at a level determined by the membership to cover the annual expenses of the NSL.

We invite your student government to become a member of the National Student Lobby, and ask you to do what you can to convince your student government to join.

This will involve contacting members of your student government and student newspaper who might be interested in the NSL and obtaining their help in placing our proposal before the student council. It may involve a great deal of effort on your part, but this is an opportunity to help build an effective mechanism for the voicing of student concern in Washington, D.C.

Voicing this concern in the first months of operation, staff members have made many contacts in Congress and the Executive agencies. These contacts have made one thing obvious: Students who are informed and knowledgeable about the issues carry an amazing degree of influence with the Congressional representatives from their state.

We must see that each of the 435 Representatives and 100 Senators hears the voice of students both from a lobby in Washington and from students on campuses in every local Congressional District in the country.

Working together we can make student votes count.

Sincerely,

Layton Olson
Executive Director

P.S. Coping with bureaucracy at your school: Student governments and schools have an "educational" tax status with the IRS, and under that status are allowed to join legislative advocacy groups (that is, non-partisan groups not endorsing candidates) such as the National Student Lobby.... as long as the support for such organizations does not become a substantial part of the student government's or school's budget. ($50.00 is hardly a "substantial" amount!!) In fact, most colleges, both public and private, employ full time lobbyists and are members in many educational lobbying groups, all clearly within IRS guidelines. If administrators at your school object to your student government's membership in the NSL, refer them to the above advice from the NSL lawyers. Even in the face of clear IRS rulings, attempts have been made by some administrators to stop their students from membership in the NSL. In these cases the student government has taken upon itself the responsibility for raising the membership fees ... outside the control of the administration.
