RIFLE CLUB
UNIVERSITY OF MONTANA
Missoula, Montana 59801

6 January 1971

TO: University of Montana Central Board
FROM: Rifle Club

Request for Special Allocation, University of Montana Rifle Club for Silver State Invitational Rifle Match, University of Nevada, Reno, Nevada.

DATES: March 4 - 8, 1971

REQUIRED FUNDS FOR FOUR MEN:

FOOD ALLOWANCE:
-$5.00/Day/Man $100.00
Team Coach 20.00

MOTEL:
$4.00/Day/Man $80.00
Team Coach 20.00

MATCH FEES:
$22.00/Team $22.00

TRAVEL:
$102.00/Ticket/Man $408.00
Team Coach

$650.00

Reason for Request:

A special appropriation is needed since all of our funds are required to compete in the five area tournaments fired in Cheney (2), Pocatello, Moscow, and Bozeman. We take two teams to three of our matches but present funds will not allow any further expenditures.

The Silvers State Invitational is a tournament which offers a possibility of national ranking. Since we tied for first place at the match last year, we feel an appearance and competition is practically required. Also since our present team is the same as last year's team we feel a win is more than a likelihood.
Justification for requested funds:

Food Allowance:

Five dollars is a very minimal request for an allotment for three meals per day.

Motel Allowances:

A basic rate of $4.00 per man per night has been arranged by the University of Nevada Rifle Club. This is $8.00 per night below normal charges.

Match Fees:

All teams are assessed $22.00 to cover official charges, target cost and trophy fees.

Travel:

Student rate for air travel to Reno is $102.00 per man. Team coach's travel pay will be furnished without expense to the club. Other methods of travel were investigated but found to be almost equally expensive or much more time consuming. (Usually an entire day more either direction of travel.)

Present membership in the club consists of 35 men and 11 women. Approximately 12 individuals have fired in competition this year. Others have not yet reached a stage of firing ability necessary for tournament competition.
Pre-Med Club is planning a series of seminars presenting speakers who are doing current scientific research in areas which concern man as an organism. These speech-and-discussion sessions will not be directed merely to the medical field but will include topics of broad general interest. We feel a seminar series encompassing many newly opened areas of research would be beneficial to all students interested in man's organic nature. Pre-Med Club will provide the speakers and make all arrangements for these seminars. But for them to be successful, it will require the participation of many more students than the relatively small membership of our club. Adequate publicity will achieve this goal. We hope Central Board will help us gain the publicity. Although we are willing to do the work—we need (at least) forty dollars for materials to make posters during winter and spring quarters.
