RECOMMENDATION TO CENTRAL BOARD FOR THE ALLOCATION OF $50.00 FOR ADVERTISING VOTER REGISTRATION.

JOHN MURPHY
Mr. John Doyle
1192
Missoula, Montana 59801

Dear Mr. Doyle:

This letter is in regard to your vending machines in the residence halls. Through talking with Mr. Carson Vehrs, we, the student leaders, have found out that he has made several requests to improve the service and quality of the products offered. For this reason we have not said anything in hopes that you would comply to these requests. However, it is obvious that these requests have not been fulfilled.

We now feel we should have a voice in this matter and are going to make requests of our own:

1. That there be a constant supply of ice in the Soft Drink machine.
2. Sandwiches and other perishable items be replaced after 48 hours.
3. That something be done with the candy machines so that the chocolate bars are not melted before they are purchased.
4. That machines be services more often for there is far too much money being lost in the machines.

We do not feel that these requests are unreasonable or hard to fulfill, therefore, if you do not comply or reply to our requestes by January 25, 1971, a campus wide boycott of all vending machines will be called until we have satisfaction.

If there are any questions contact: Russell M. Williams

In behalf of dormitory presidents,
Sincerely,

Russell M. Williams
President, Miller Hall

The meeting was called to order by President Jack Green at 7:00 p.m. in the Montana Rooms of the University Center.

The minutes were approved as read.

REPORTS OF OFFICERS AND STANDING COMMITTEES

President's report--Green said that the committee for the Parity Board is still working on this. Parry is working on writing a handbook concerning.

John Christensen is working with traffic security. Green said that they were going to try to arrange more Friday at Fours this quarter. Green also said that he and Dick Eddy had gone over the Student-Faculty appointments and talked with the committee heads to see who had been attending the meetings. Those that did not go to the meetings were being replaced. Green said that if the members were interested and not on two committees already to talk with him. Strong is studying the possibility of reconstruction of Program Council and Lee Tickell's position. Anyone interested in working with Keith should see him. The members of Central Board were asked to fill out a poll being taken by the MSU. The poll concerns the feelings of student governments in the lowering of the legal age to 18 in the state of Montana.

GEOFFREY GIBBS--Talked to central Board and gave them a little bit of the history of MSPA and what he was trying to accomplish and what he had already done. MSPA was originally composed of the 6 state universities. Now it is composed of the 6 state universities, the 3 community colleges and the 3 private schools. Until just recently MSPA was not too concerned with getting to the public. About three years ago the President of the U of M decided to get to the public. Last year, Bob Quinn worked with the 19 year old vote campaign. Gibbs is trying to restructure MSPA. He is a registered lobbyist in the legislature in Helena. He said that he will work for the causes that the student bodies feel are necessary. Mozer asked why MSPA was not set up as an advisory board to the Board of Regents. Gibbs explained that as they proposed it they were to sit in and advise on everything (the 6 University Presidents). The Board of Regents would like to hear their opinion but not on everything. They reached a compromise. The advisory board of the 6 university presidents will be set up but they will only meet when the Board of Regents directs action to them, with the advisory board being able to ask for a meeting. Gorton said that they had been allocated money from the different student bodies and this was for materials so that we could be informed of what was happening at the legislature. He was wondering if this was being done. Gibbs said that it was being done and that the presidents had already received some of the materials he had sent. Strong asked if plans had been made for the constitutional convention. Strong said that he felt that in order to get either on an advisory board to the Board of Regents or on the Board of Regents as a 4 year position, that we should try to work through the constitution.
REPORTS OF SPECIAL COMMITTEES

Off-Campus housing regulations—Pa-ry said that he was writing a pamphlet concerning this and would appreciate any help that he could get from those who are interested. He said that he had sent letters to various schools in the area asking for suggestions.

Voter registration—Murphy said that about 600 students had registered to vote so far and they hoped for 2000 students. He said that he could use lots of help and that all you had to do to register to vote was to fill in the information on the card, get it notarized and either bring it or mail it to the courthouse in their county or the county in which they wished to register.

Women under 21 living off campus—Enzweiler said that they checked into the Constitutionality of the issue and that governments are exempt from the civil rights laws and we are considered a government.

Curriculum Committee—McAllister said that Pantzer had appointed 5 students as members of the committee but not all of them were showing up for all the meetings. One of the faculty members was trying to get two of the student members off the board because there were only supposed to be three students on the committee. They passed the double counting on group requirements last quarter and this quarter they are working on the foreign languages requirements, group requirements, and catalog changes. Dr. Wicks suggested that McAllister go to see Dr. Landini and find where the senate had the ruling and where it was strictly defined that there should only be three students on the committee and work of the change in this ruling.

UNFINISHED BUSINESS

GORTON MOVED TO PLACE THE KARATE CLUB MOTION ON THE TABLE. WALTERMIRE SECONDED. MOVED THAT $540 BE ALLOCATED TO KARATE CLUB. Gorton said that they took 2-5 cars and all their travel was within the state and there expenses were minimal. Therefore, he recommended a DO PASS. WALTERMIRE MOVED TO AMEND THE MOTION TO READ $360.
