June 3, 1927

A meeting of the Faculty was held, pursuant to adjournment, at 4:10 P. M., with President Clapp presiding.

The following members were present: Adams, Ames, Atkinson, Badgley, Baumgartner, Bennett, Bradley, Burke, Carey, Caulkins, Clapp, F. P. Clark, Colvin, Cook, Coon, Crumbaker, Eminger, Finch, Fitzgerald, Freeman, Glick, Hahn, Hapner, Harbaugh, Howard, Howd, Jesse, Kirkwood, LaCroix, Leaphart, Lennes, Little, McKenzie, Maddock, Merriam, Mirrieles, Milburn, Mollett, Morris, Munro, Peterson, Phillips, Platt, Medell, Sanford, Scheuch, Schreiber, Sedman, Snallenberger, Skeels, DeLoss Smith, F. O. Smith, Spaulding, Speer, Stimson, Stone, Suchy, Perry, Thomas, Toelle, Tanning, A. H. Weisberg, Flora Weisberg, R. T. Young, W. L. Young.

The following members were accounted for: Arnoldson, Berry, Sigelow, Buckhous, Hoffman, Laux, Rhyne, Rowe, Waters.

The minutes of the meeting of May 31st were corrected by inserting in paragraph #5 "proposed by Merriam", and approved.

The President introduced representatives of the Central Board of the Associated Students, who had requested permission to address the Faculty on the penalties imposed relative to "Sneak Day". After remarks by the student representatives, assurances from them of a desire to cooperate with the Faculty, and discussion by the Faculty, the following recommendation of the Deans' Conference and Absence Committee was made by Jesse: *Sneak Day*

1. That candidates for graduation at the end of the spring quarter (June) be permitted to graduate without any penalty on account of absences on "Sneak Day".
2. That Seniors not candidates for graduation at the end of the spring quarter and Juniors be assessed two grade points for each absence on "Sneak Day".
3. That Freshmen and Sophomores be assessed double cuts for absences on "Sneak Day".
4. That absences from eight o'clock classes, and from nine o'clock classes, providing the nine o'clock class was the student's first class for the day, be not subject to these special penalties providing the students concerned were not absent from later classes.
5. That the Absence Committee be empowered to hear excuses for absences on "Sneak Day" and to exempt students from the penalties provided in this action.
6. That the above recommendations substitute the action of the Faculty relative to "Sneak Day" taken at the previous meeting.

A motion by Kirkwood and Phillips to amend by making the approval of the Faculty subject to assurances of cordial cooperation from the Central Board relative to suppression of "Sneak Day" was lost by a vote of 43 to 13.

The recommendation was approved by the Faculty with a substantial majority.

The Committee on Admission and Registration, Phillips, Chairman, recommended that the faculty approve the following candidates for degrees and certificates at the end of the spring quarter, 1927, the Registrar having certified that they had completed the requirements for their respective degrees and certificates in accordance with faculty rules. The recommendation was unanimously approved by the faculty. *Candidates for Degrees & Certificates*

7. On motion of Leaphart the following candidates for the degree of Bachelor of Laws were recommended for graduation with honors, these candidates having a scholarship index of 2 or above in the School of Law:

<u>Name</u>	<u>Grade Received in Senior Examination</u>
Acher, Arthur	A
Simerson, Eugene	B

The recommendation was approved by the Faculty.

8. On the recommendation of Merriam, Chairman of the Department of English, the faculty by a vote of 23 to 21 approved the graduation with honors of Gladys Torgerson on a scholarship index of 1.96 on 76 credits earned at the State University, and an index of 2.21 on 95 credits earned at the Montana State College, or an average of 2.10.

9. Re: James D. McDowell. Petition to satisfy restricted elective requirement in Language by two units of Latin, one unit of German and fifteen credits in Spanish, waiving the requirement of ten additional credits in Spanish. Reasons: Unavoidable difficulties in registration, and age - 42. *Petition (Individual)*

Recommended by Committee on Admission and Registration, Phillips, Chairman. Approved by Faculty.

Faculty Minute Book
June 3, 1927

10. The Committee on Admission and Registration, Phillips, Chairman, recommended that, in the case of students required to meet the admission regulations effective September 1, 1927, the restricted elective requirements of three entrance units in science or mathematics and of two units in social science be dropped. This change will not affect the restricted elective requirements which must be satisfied by credit earned in college, as follows:

Entrance
Requirements

Physical education - 6 credits
Military science - 6 credits
English composition - 8 credits
Foreign language - 25 credits. (This may be satisfied by a combination of high school and college work according to the regulations listed on page 60, 1926 catalog.)

Science or mathematics - 12 credits, 8 of which must be in one science or in mathematics.

Economics, history, political science, sociology - 8 credits.

English literature, philosophy, psychology - 8 credits.

(Explanation: After September 1, 1927, students seeking admission to any of the institutions of the University of Montana will be required under the rule of the State Board of Education to offer three units of English, one unit of American history, and at least two other units from each of three of the following groups: (a) mathematics, (b) history and social science, (c) laboratory science, (d) foreign languages.

At the present time the restricted elective requirements for the Bachelor of Arts degree at the State University of Montana specify that students include the following in their high school course: three units of English, two units of a foreign language; three units of science or mathematics; and two units of social science, including one unit of American history and government.

Under the new requirement students may so arrange their course as to include only two units of science or mathematics, or only one unit of social science. Hence they may satisfy the new admission requirement without meeting the restricted elective requirement.)

The recommendation was unanimously approved by the Faculty.
