## Adams Asserts Athletic Board Passed Measure

## GRIZZLIES WILL BATTLE IDAHO TOMORROW NIGHT

Game Will Count in Both Conferences—"Jinxes" to Feature Game

Montana basketball fans are assured of a hoop classic when the Grizzlies meet up with the Idaho Vandals in the gym at 8:30 tomorrow night. The Idaho game is always one of the best from the spectator's point of view, and this contest promises to be all that past Grizzly-Vandal battles have been. This game will count in both Northwest and Pacific Coast conferences.

An odd feature of this game will be that "jinxes" will play an important part. Idaho's jinx is that, no matter how good a team they have, they can rarely win on the Montana floor. The Vandals in past years have brought much superior and sometimes even championship aggregations to Missoula but have almost invariably lost to weaker Grizzly teams. Montana has a "jinx" to overcome in Miles, the cross-eyed Vandal forward, whose spectacular and unexpected stunts on the basketball floor make him a tough problem for opposing teams to cope with.

Coach MacMillan has Nedro at the other forward position. He is a fast, shifty player, a good dribbler and an accurate passer. At center he has the veteran Neal Nelson, a three-year man, who is said to be playing a bang-up game. The Idaho guards are Penwell, who was used at forward last year, but works in well with the Idaho coach's style of play, and Lamphere. The latter is a new man but is holding down his job like a veteran.

**Week-End Games May Help Montana**  
Although the Grizzly team was far from its best form in both the Whitman and W.S.C. games, they can always be depended upon to be on edge for the Vandals. The team is out to redeem itself for its recent slump. Should Montana defeat Idaho and should Washington lose this week-end, the standings in the Pacific Coast conference will be approximately the same as at the first of the season. The conference abounds in strong teams this year, many of which are very evenly matched and it is probable that no team will finish the season with a clean slate. It would not be strange if even the winner of the conference should suffer three or four defeats.

**Grizzlies Primed for Vandals**  
The Grizzly squad is in good shape for the coming game judging from their workouts in the past week. Coach Stewart made several substitutions in the Washington State game, the second string finishing both first and second halves. Because of the spirit of competition among the members of the squad this year, the lineup that will start the game is more uncertain than usual. No man has a job cinched on the Grizzly five. However, Coach Stewart will probably start Captain Jiggs Dahlberg at one forward, with either Baney or Kelly as Dahlberg's running mate. Nilman will likely be the pivot man, with Carney ready to step into the Chief's shoes at any time. Sweet and Oscar Dahlberg will undoubtedly be Stewart's guard selections. A number of reserve men are able to fill the places of the starting lineup at any time.

**Montana Won Last**  
The Grizzlies, after losing to the Vandals on their first western jaunt last year, turned the tables on them in the Montana gym, defeating MacMillan's men in two games by scores of 35-20 and 36-17 in the closing games of the season.  
The probable lineup:  
**Montana** Idaho  
G. Dahlberg Miles  
Left forward Nedro  
Right forward Nilman  
Center Penwell  
O. Dahlberg Penwell  
Left guard Sweet  
Right guard Lanphere

## STUDENT SUSTAINS INJURIES FROM FALL

Mrs. Winifred K. Muckler, a junior in the Educational department, slipped on the ice near North hall yesterday morning and sustained a sprained ankle and wrenched knee. She was removed to her home at 237 Woodward street. It is expected that she will be recovered within a few days.

## SCRIBES PLAN REVEL TONIGHT

T. Hawley Tapping Will Give Speech; Dean Stone Toastmaster

The annual Press Club banquet will be held at the Tavern cafe tonight. Theta Sigma Phi, honorary women's journalism fraternity, is in charge of the entertainment.

Dean A. L. Stone of the School of Journalism will be the toastmaster for the evening. Several speakers have been secured for the affair, among them President C. H. Clapp; T. Hawley Tapping, past president of Sigma Delta Chi, men's honorary journalism fraternity; J. Earl Miller of the History department; W. E. Christensen, editor of The Northwest; M. J. Hutchens, editor of The Missoulian; and Grover Housh of the class of '25. Other guests will include French Ferguson and E. C. Mosby of The Sentinel, and George Masters '22, who has just returned from the Orient.

Place cards of new and original design will be on the tables. Tables of six will be used instead of the usual long banquet table. During the course of the banquet various musical numbers will be given. Fern Johnson, Solway Anderson, and Aubrey Housh will render songs, accompanied on the piano by Winifred Wilson.

The menu will include fruit cocktail, lettuce salad, turkey with oyster dressing and cranberries, whipped potatoes, green peas, hot biscuits, brick ice cream, assorted cakes and coffee.

Immediately following the dinner Sheridan's orchestra will furnish music for dancing until 11:30.

## Montana Co-Ed Dies After Long Illness

Marjorie T. Redle, 21, a sophomore in the School of Music, died at a Missoula hospital at 4 o'clock Wednesday afternoon of heart trouble, after an illness of about four months.

Miss Redle is survived by her mother and two sisters, Mrs. Michael Gauer, of Chicago, and Marian, a student at Missoula County high school. Miss Redle was graduated from Missoula high school in 1923. Last year she attended school in Chicago, registering in the University of Montana last fall.

Funeral services were held at the St. Francis Xavier church at 9 o'clock this morning.

Harry Adams, freshman coach at the University last year and alleged to have been present at the Athletic Board meeting that passed on Captain Cummings' pay, wired the following from Chicago this morning, upon inquiry by the Kaimin:

ATHLETIC BOARD APPROPRIATED NOT TO EXCEED THREE HUNDRED DOLLARS TO PAY FRESHMEN FOOTBALL COACHES TO BE APPOINTED BY DR SCHREIBER

HARRY ADAMS

## WOMEN TO ABOLISH ORGANIZATION GAMES

Will Eliminate These Games for One Quarter, Decried of Co-Ed Meeting

Inter-organization basketball has been abolished for this quarter, as a result of the AWS election held in Main hall Wednesday. Inter-organization athletics will not be done away with, however, and after this quarter they will be resumed.

At the AWS convocation held Tuesday, both issues were presented by Doris Kennedy, president, and discussed by the assembly. Those in favor of athletics advocated that more than a limited number could participate in the games if inter-organization athletics, as well as class tournaments, were continued. Those opposing the issue said that class spirit was weakened by inter-organization contests, and that to work up an efficient team required more time than could be afforded.

Two motions were made—one that inter-organization basketball be abolished this quarter, and another that inter-organization athletics be continued, only those organizations entering the tournaments who wished to. Both motions carried in the election held in Main hall the following day.

## NORTH HALL CO-EDS TO DANCE TOMORROW

The residents of North hall will entertain at their annual winter quarter dance tomorrow night, which will be informal.

The decorations committee, of which Valma Judge is chairman, has planned a unique decorative scheme. Gertrude Ward, chairman of the program committee, says that the programs will be in keeping with the decorations. Punch will be served during the evening, and a five-piece orchestra will furnish the music.

## MASQUERS' PLAY WILL BE GIVEN FEBRUARY 6-7

HAVE OBTAINED ONLY AMATEUR RELEASE

Nelson Fritz, Helen Ramsey to Be Leading Characters in Major Production of Winter Quarter.

"Expressing Willie," a successful Broadway production, will be presented by the Montana Masquers February 6 and 7.

It is a comedy of metropolitan life in which a group of near-intellectuals do their bit towards making the entanglement more involved. Incidentally the play casts a bit of satire on the modern self-expression movement. The narrative deals with Willie Smith, a tooth-paste king, and Minnie Whitcomb, a small town music teacher. Nelson Fritz, who directed "The Pot Boiler," plays the part of Willie, and Helen Ramsey, a familiar figure on the University stage, will play the part of Minnie. All members of the cast have had considerable experience in dramatics. Stark, Roach and Desmond all had parts in "Fashion." Doris Levins played lead in "The Boor," a one-act play produced by the Masquers last quarter.

"Expressing Willie" has just completed a successful ten months' run in New York, where it was presented by the Equity Players. It recently went on the road and is now playing in Boston. The Montana Masquers hold the only amateur release on the play.

"The Proposal," a one-act play by Tchekoff, will be used as a curtain-raiser for "Expressing Willie." Howard Doggett, of "Fashion" fame, plays

## GLEE CLUB TO SING AT BONNER FRIDAY

Halvorson Leaves Sunday to Arrange Schedule for State Tour

The University Glee club will appear at Bonner Friday night, January 30, in their initial concert of the year.

Theodore Halvorson, Glee club manager, will leave Missoula Sunday night, as advance agent for the club, to arrange the schedule for the first tour of the club to make. He will return to Missoula February 5, in time to accompany the club on its trip. The Missoula concert will be given at the Wilma February 21.

Programs will be given in Stevensville, Hamilton, and Lone Rock in the Bitter Root valley soon after the return from the state trip. The Flathead region will be covered in April, the probable schedule including St. Ignace, Roman, Polson, Kalispell, Whitefish, and Columbia Falls.

The leading role. It is a comedy dealing with the trials and tribulations of a lover, in which the girl, her father, a piece of land, and a dog figure prominently.

T. HAWLEY TAPPING

## T. HAWLEY TAPPING ADDRESSES MEETING

Past President of Sigma Delta Chi Speaks at Fraternity Luncheon

T. Hawley Tapping, past president of Sigma Delta Chi and president of Aeneas, was guest of honor at a luncheon of the local chapter of Sigma Delta Chi at the Chimney Corner yesterday noon. Besides the members of the fraternity, Dean Stone, Professors Applegate and Miller, and about a score of journalism majors were present.

Mr. Tapping talked about the ideals of the fraternity, and traced its growth. He said, "Sigma Delta Chi has developed beyond the hopes of its founders. Its alumni members are receiving more and more recognition from the bigger newspaper leaders."

Questions relative to the "Quill," the publication of the organization, were discussed at length. Mr. Tapping also attended a smoker given at the Templar house last night. He will address the Press club at its banquet tonight.

## UNIVERSITY ALUMNUS GRANTED STATE JOB

Fred Buck, '06, has been appointed chief engineer on the state railway commission, according to word received from Helena.

Before his appointment, Mr. Buck was the state irrigation engineer.

## Storms Threaten as Students and Faculty Members Give Opinions

An investigation of the minutes of the ASUM athletic board shows that the pages containing the minutes of the three meetings between the dates April 5, 1924, and September 25, 1924, have been clipped from the book, pages 27 to 38, inclusive. According to the ASUM meeting of Tuesday, the minutes that were removed from the book were presumed to have contained a motion to pay Captain Cummings \$300 for his services as freshman football coach.

The students of the ASUM voted 266 to 143 to pay the captain, at Tuesday's meeting.

When interviewed last night, the following statements were made by the persons interested:

Winifred Wilson, Secretary of ASUM Athletic Board

"The minutes for three meetings have been removed from the book. The last two meetings of last year's athletic board and the first meeting of this year's board, of which I am secretary, were clipped from the minutes. The books are in the ASUM offices, above the campus store, where they have always been kept."

Coach Stewart

"Last spring Doctor Schreiber asked me if I would coach the freshman football team for the following fall, for a stipulation of \$300, and I agreed that I would. Dr. Schreiber said that he would present the matter before the athletic board for approval, and if the motion passed, he would accept my services. Sometime later Dr. Schreiber called me, with the information that the board had approved of the motion, and for me to take charge of the fresh squad that fall. When payment for my services became due, Dr. Schreiber said that a squabble in the board had arisen, and that I would have to wait a while for the money. That is my part in the affair."

Coach Stewart

"An authorization for the payment of \$300 for coaching the freshman team was made to Captain Cummings by the athletic board. Dr. Schreiber, Harry Adams, Tom Swearingen, the alumni member, and myself were present at that meeting of the board. With the minutes missing, the written authority is also gone."

"In regard to the sweater argument, no written authority has been presented to the athletic department to guarantee the purchase of the sweaters. The athletic board passed the motion for the purchase of the sweaters, but it would be silly to order them and be responsible for their payment under the present conditions, as the minutes might disappear again."

Dr. Schreiber

"I believe the students will agree with me that only a very poor business man would expend money of any considerable amount without the sanction of the proper authorities."

Glid Boldt

"The letter from Bill Aho, last year's ASUM manager, reads as follows: 'I can vouch that no such action was taken by the athletic board last year, and I believe that you will find that the other student representatives will bear me out.'"

Boldt added: "The sweater argument is a matter of record and can be proven by turning to the minutes of the board, at a meeting just before Christmas, when Dr. Schreiber presented the coach's recommendation for the purchase of monograms and numerals. The motion was accepted as presented, and Dr. Schreiber was ordered by the board to buy the sweaters. This is the usual procedure by which all supplies are ordered by the athletic department, and no written order is given. I don't understand why a written order should be given for the purchase of these sweaters."

Marian Fitzpatrick

"While secretary of the athletic board of the ASUM as action, to my knowledge, was ever taken in regard to the payment of \$300 to Captain Cummings for his services as freshman coach. I attended all the meetings, called all the meetings, and took all the minutes."

## NOTICE!

There are 10 extra tickets reserved for the Press Club banquet tonight. If YOU want to go, now is your LAST chance.

### Have an Airing

WHO clipped the minutes from the ASUM records? There is something radically wrong and rank about the procedures and insinuations made at the last ASUM meeting. Student opinion has recognized the justness of the claims of Captain Cummings and voted to pay him for his services. But this matter should not be dropped there. There is entirely too much secrecy and mystery about the whole proceedings. Someone is in the wrong. There was a purpose behind the clipping of the minutes from the ASUM books.

The Kaimin, as the student organ, demands that the whole matter be given a thorough airing before the students. The University can not progress with any rot at the core. Our athletics are just at the threshold of assuming their rightful place in the northwest. If there is any slightest lack of co-operation between the students and coaches and departmental heads we can get nowhere. Let's have this thing out now.

There are conflicting statements given by students and faculty members in our news columns. Tangible evidence to prove the truth of one or the other of the sides given is missing. The Kaimin wants a thorough investigation of both sides of this question for the benefit of the whole student group and the betterment of the University. The only way to get rid of friction is to expose some of the causes to the light of day. An investigation by students would hardly be satisfactory. An investigation by faculty members would be equally undesired. The Kaimin suggests that President Clapp appoint a committee of unprejudiced judges to clear up the matter thoroughly and remove the causes. There has been too much sussing and salving in the past.

\*Let's have this matter out for an airing.

### A Correction. We Apologize!

Editor of the Kaimin:

Through some error, the report in last Tuesday's Kaimin on the ASUM convoca-

tion credited me with "suggesting that a resolution be drawn up condemning Doctor Schreiber for his action in sanctioning the payment without student opinion." I wish to call your attention that such was erroneous and not the impression desired to be conveyed by the author. My remarks merely consisted of the following: "It seems that the purpose of this discussion is twofold, first, to pay Captain Cummings the \$300.00, and second, if such action had been taken without student authorization, where such authorization was necessary, a committee of three or five be appointed to draw resolutions condemning such action as has occurred in the past and against such as may occur in the future." No personal attack or insinuation was directed against Doctor Schreiber or any individual in particular.

LOU ARONOWSKY.

### Show Your Appreciation

MISSOULA and western Montana merchants make possible every year the publication of University publications. The cost of the Sentinel, yearbook, as well as the Kaimin and other University publications would be almost prohibitive to students were it not for the generous support given by these merchants. University students read these advertisements. A small notice printed in a recent edition of the Kaimin brought startling results to one advertiser.

But students should do more than read the advertisements. They should bear in mind the people who appear in the Kaimin, Sentinel and other publications when they go downtown to buy. Give these people your trade. They show that they want it. If you have a choice between the non-advertiser and the advertiser, show that you appreciate the support given the University publications.

Booing at games is indicative of poor sportsmanship. It is easier to know more than the referee, but remember that he is paid for his work, and the only returns that booing brings to Montana students are occasional fouls on the crowd and a poor reputation.

A member of the faculty will be incapacitated for some time because of a fall on the icy walks of Missoula. Students, faculty members and townspeople can't expect ice to be cleared off walks, but they can expect that slush and snow be cleared off as a precaution before freezing. Many expressed this wish yesterday as they picked themselves up. If city officials are too busy wrangling on procedures to enforce this ordinance, University students may prevent injury by keeping their own walks clear.

## B. E. THOMAS SPEAKS AT FORUM MEETING

University Professor Tells About Educational Conditions in the Philippines

B. E. Thomas, professor in the department of Foreign Languages, addressed the Open Forum at the University church last night on "The Educational System in the Philippine Islands."

"Education brought happiness and contentment to the inhabitants of one of the richest spots on the globe, but we are in the danger of discontinuing our efforts too soon. As a result of persistent efforts in the furtherance of education, the Islands' standard of agriculture has been considerably raised, but their industrial developments have been sadly neglected. Many are under the impression that they are a burden financially, when in truth they pay their own way," he said.

Professor Thomas was employed as

a teacher on the Islands from 1901 to 1910 and for a number of years served as principal in one of the high schools. He cited a number of his experiences, illustrating many of the characteristics and conditions which they had to take into consideration.

"Crude forms of architecture were necessary to cope with the elements of the district, such as typhoons and earthquakes. Health conditions were very poor at the time, but thanks to co-operative organizations such conditions were soon remedied. One big thing in the favor of their locality is that the children really center themselves on their school work and there was not much outside attraction such as jazz, auto rides and parties."

It was announced that French T. Ferguson, editor of The Sentinel, would speak next Thursday night in regular session of the Open Forum.

### MERRIAM REQUESTS LEAVE OF ABSENCE

Professor H. G. Merriam, head of the English department, has applied for leave of absence from faculty duties during 1925 and 1926 for the purpose of studying at Columbia University.

## THE GRIST

"The mills of the gods grind slowly but they grind exceedingly fine."

Shaman Sez:

Icy sidewalks sure give a person a blue feeling.

If the student that sent the following note to the Kaimin would like to see his name in print he should have signed his query:

Why has the honor roll of the U for the fall quarter not been printed as in previous years?

(Signed) Interested Student.

### Royal Order of Kerosene Burners

The forester that thought our girl was young 'cause she had only two rings under her eyes.

The Kansas Agricultural college advises tobacco for poultry. The announcement does not say whether the hens are to chew, use snuff, tobacco or cigars. This is a timely reminder that forty years from now the country will be flooded with smoking hens.

Don't throw away that bottle of undrinkable liquor. Give it to the chickens and enjoy an egg-nog once in a while.

### Who Nose?

Dean Sedman, in a recent talk given to the girls in the dormitories, said: "There is entirely too much kissing going on right under my very nose."

### Sub-Conscious Simpson

He's out to win a maiden fair, He's a guy that's full of activity; But in beating the guy that woos his girl He's showing a fighting proclivity.

He's joined the class in fencing now (The blood in his veins runs cruel). He's going to honor the Simpson name And challenge his opponent to duel.

When an Aggie, he heard of fencing arts And thought it was something you made, So he reported today for fencing class In his working clothes, with a spade.

## IMPORTANT MEETING HELD BY FORESTERS

Will Soon Edit Ninety-Page Book for Foresters of State on Montana Growth

Roy Canfield, editor of the Forestry Kaimin, gave a report of the progress of the book at the Forestry club meeting Wednesday night in the library of the Forestry building. Each year it has been the policy of the club to issue a pamphlet consisting of about 90 pages containing notes of interest to Montana foresters and the growth and development of forestry in Montana. Charles Craig, who was recently appointed editor of the special edition of the Forestry Kaimin, which will be out a week before the Foresters' ball, gave a short talk on the outlook of this year's work in regard to the publication.

Plans and arrangements for the Foresters' ball are about complete, according to Sam Harris, chairman of this year's affair. The ball will take place February 20.

Jack Biggs was appointed manager of the Forestry basketball team, which has started practicing for the games with the short course men next month.

The annual joint meeting of the Rocky Mountain division of the American Society of Foresters and the Forestry club will be held January 28. At this time Dr. C. A. Shenck, German forester, will speak.

Hot dogs, doughnuts and coffee were served at the close of the meeting.

## Delegates Attend De Molay Conclave

James Bates and Harold S. Hepner left for Butte last night where they will represent the Templar fraternity at the annual state conclave of De Molay. The De Molays will be in session Friday and Saturday.

Mr. H. Bielenburg of Deer Lodge was the dinner guest of Mrs. D. A. MacLennan at North hall Tuesday.

## William Courtney Dies in Arizona

William (Pink) Courtney, a former student at the University, died a few days ago in Phoenix, Arizona, according to news received here Wednesday. He was 28 years of age, and spent most of his life in Montana, having been born in Butte.

Pink, as he was known to his friends, attended the University in 1918 during the S. A. T. C. and was a member of the freshman basketball team that year. In 1920 he was a member of the Grizzly football team.

He is survived by his mother, who has gone to Phoenix to bring the body to Missoula for burial, and a sister and brother who reside at Helena.

## CUB TEAM WINS THIRD STRAIGHT

Frosh Win by High Score  
From Inexperienced  
Loyola Team

The Montana frosh won their third consecutive game last night when they trounced the Loyola high school quintet 58-9. The score does not in any way indicate the quality of the game, as the scholastics were all inexperienced players and fell easy victims to the much superior yearlings.

Kain was easily the bright light of the game, having scored nine field baskets. Rottler, Kain's running mate, was a close second with a tally of eight field goals, while Craddock, substituting for Rottler in the second half, scored seven.

The first half opened with Kain registering twice from under the basket, then followed with one from the side lines. Rottler scored on a short try and Kain followed with a sleeper. Rottler hit one from under the basket and Kain followed with a long one from the side. Rottler scored twice from the side and Miller batted one in from under the basket. Rottler scored from a sleeper position. Kain made an overhead shot from the side. Lemieux scored Loyola's first scores as the half ended.

**Cub Reserves In**  
The Cub reserves took the floor at the opening of the second half. Craddock slipped through for a close-up. Boyd and Lacasse scored in rapid succession. Graham, Hodges and Craddock made good on short tries. Dowd made a free throw. Craddock scored twice from the side, then Graham slipped one in from the foul line. Yerkes made good on a long shot, making Loyola's last score of the game. Craddock shot two more and was again followed by Graham. The frosh first team returned to the game, Kain and Rottler adding eight points. Baskets by Smith, Kain and Rottler ended the game.

The summary is as follows:  
Cubs (58) Loyola (9)  
Rottler, Craddock, Lacasse, J. D'Orasi

Left forward.  
Smith, Dragstedt, Boyd, Yerkes  
Right forward.  
Kain, Graham, Lemieux, Henry

Center.  
Miller, Hodges, Lynch, A. D'Orasi  
Right guard.  
Brittenham, Colby, O'Neill

Left guard.  
Field goals—Kain 9, Rottler 8, Craddock 7, Smith, Miller, Hodges, Lacasse, Boyd, Yerkes, Lemieux. Free throws—D'Orasi, Baney (Montana), referee.

### NOTICE!

Kappa Tau, local scholarship fraternity, will hold a special meeting in Room 202 of the Natural Science building, at 5 o'clock Monday, January 26.

OPAL ADAMS, President.

## NOTICE

Get Your Picture Taken  
at Paschal's Monday

All seniors whose names did not appear in former lists printed in the Kaimin, and who have not been photographed for social groups, may have their pictures taken at Paschal's studio any time next Monday.

Many seniors whose names did appear in the printed lists did not respond to the call for pictures. Those who found it impossible to have their pictures taken were requested to call at the Sentinel office, but didn't do so. If you expect to have your picture in the year book, please call at the Sentinel office not later than next Monday evening.

L. STEVENS, Editor.

## PARTICIPATION ASKED FOR ANNUAL CONTEST

Interscholastic Committee Makes  
Only One Change in Usual  
Schedule

Invitations were sent out last week by the interscholastic committee to 150 Montana high schools, inviting them to participate in the twenty-second annual meet to be held here in May under the auspices of the University.

According to Doctor J. P. Rowe, chairman of the committee, no changes have been made in the rulings for the track and field events. Changes will be made for this year's declamation contests, however. Selections have been divided into two classes, serious and humorous, for the declamations of both boys and girls. This will mean that an added number of medals will be awarded.

"We have sent out a list of selections which we hope will assist the contestants in choosing their speeches and perhaps avoid a duplication of selection as has occurred in previous contests," stated Doctor Rowe. "However, those having the same selection will not be prevented from speaking. The time limit will be ten minutes as usual and the tryouts will be held the same as last year. As an added feature of this year's meet, we hope to be able to broadcast the results of the meet from the new radio station which is nearing completion."

## STONE WILL LECTURE ON FIRE PREVENTION

Dean A. L. Stone of the School of Journalism will begin Monday a series of lectures to the members of the short course classes on "Fire Prevention."

"Public control of forest fires is a growing problem," says Dean T. C. Spaulding of the Forestry school. "It is the object of these lectures to bring home to the rangers the real need of fire prevention and control. The students will be instructed in the methods of warnings and in sign posting," says Mr. Spaulding.

## RADIO STATION MAY TEST SOON

Microphone, Reception Room  
Aerial and Other Fixtures  
Have Been Installed

The radio super-sending station is waiting for two filament lighting transformers before it will be possible to send out the first test program. In the meantime the studio is being put in shape, and an outline of programs is being arranged to broadcast from the 1,500-watt station.

A reception room has been furnished with a table and several chairs for the use of those awaiting their turn on the radio sending programs and a work shop will be built next to the studio on the east side of Simpkins hall. An experimental laboratory for radio work is now finished and a 50-watt sending station is being built by the students of the Physics department in their experimental work. The automatic switch is now in working order and will act as a precaution from blowing out power sending tubes.

The microphone of Montana's radio station, which is the mouthpiece of the radio artists, is a very sensitive instrument of minute construction. It is a base type about nine inches in diameter and is covered with a fine screen. Inside is a metal frame which holds the gold diaphragm and the polished carbon grains that transmit the vibrations from the diaphragm.

A counterpoise aerial is also being constructed just above the roof of Simpkins hall. This aerial is used in place of the ordinary ground wires and is more effective in selectivity.

Beat Idaho!

## 'M' CLUB PLANNING FIGHT EXHIBITION

Plans for the third annual boxing and wrestling tournament to be held by the "M" club are rounding into shape.

"Skillful fighters will give an exhibition never before rivalled in fist circles of the University or Missoula. Seats will sell at only 50 cents and \$1.00," said Midge Griffiths yesterday.

Veteran fighters such as Cochran, Higgins and Ford will appear on the bill, challenging all comers. Meagher, a frosh in the school, will attempt to capture a crown. The tournament will be open to all students in school. Medals will be awarded the winners by the "M" club. Elimination contests will begin three weeks before the final bouts, which will be the later part of the quarter.

Beat Idaho!

## WHO'S WHO

Do You Know Your  
Faculty?

Clyde Burgee, assistant professor of Economics at the University, first attended college at Western Maryland college, where he received a degree in Economics. At Johns Hopkins university he took post graduate work and received his M.A. degree. During this period at Johns Hopkins, Mr. Burgee was also an instructor in Economics. Later he taught both in high schools and colleges, and at one time Mr. Burgee was high school principal. During the summer of last year Mr. Burgee taught at the University of California. In 1923 and 1924 a leave of absence from the University of Montana was granted him, during which time he visited friends and relatives in Maryland. Professor Burgee came here in 1920 as associate professor in Economics.

John A. Rees, instructor in Economics, has been intimately associated with the University since 1915, when he entered as a student. He left the University a Junior in January, 1918, enlisting in the field artillery for service in the World war. He returned in September, 1919, and received his A.B. degree in 1920. After teaching at the Belmont high school for one year he returned to the University, and in 1923 received his L.L.B. During his last two years as a student at the University he taught afternoon classes at the Missoula high school.

While a student, prior to his enlistment, Mr. Rees was captain of Co. B of the University regiment formed by Colonel Paxton, the artist. He toured the state one year with the Glee club, and played the bass drum in the band.

Beat Idaho!

## Kappa Psi Changes to Pharmaceutical; Will Meet Tuesday

Kappa Psi, men's pharmaceutical fraternity, held its regular meeting Wednesday night at the Pharmacy school.

During the business session, it was decided to give a smoker next Tuesday night at the Pharmacy school for the new men in the department.

Kappa Psi, which was originally a medical and pharmaceutical fraternity combined, was divided into two distinct organizations at its last national convention held at Portland, Oregon. The medical fraternity is now known as Theta Kappa Psi, and Kappa Psi is now a pharmaceutical organization.

The officers of the Montana chapter of Kappa Psi are: H. B. Craig, Missoula, regent; Jack Powell, Boulder, vice-regent; Elmer Carkeek, Butte, treasurer; Melvin Davies, Missoula, secretary; Leonard Parsons, Mitchell, Nebraska, historian; Professor John Suchy, Missoula, chaplain.

## Sport Sparks

If there is any truth in the old saying that history repeats itself, the Grizzlies should hand the Vandals a good cuffing in their coming tangle. Last year the Montana five handed Idaho a couple of rather decisive trimmings on the home floor.

There will be no dearth of excitement when these basket-tossers get under way. Miles, the Idaho forward, with the goo-goo eyes, should alone be well worth the price of admission. This boy feels right at home on the basketball court, too, and Messrs. Sweet and O. Dahlberg will probably put in a tough P. M. keeping track of him, as Miles is liable to take a try for the basket while looking at the score board.

After playing mediocre ball against Whitman and W. S. C., the Grizzly five is due to come out of its slump and go at top speed Saturday night. If that gang ever gets going like it did against the North Dakota Aggies, there should be much weeping and lamenting in Moscow ere long.

Terms have just been completed for a football game between Gonzaga university and the Haskell Indians, to be played in Spokane October 31. It was announced by Coach Dorais of Gonzaga.

Vernon Stivers, of the University of Idaho football team, has been ordered not to play basketball this year. Stivers was elected captain of the basketball team, but the doctor says he had better lay out a while. Montanans will remember Stivers for the brilliant work he did in the game he played against Montana last fall. Stivers expects to take up professional baseball in the spring.

Charles Erb, football coach at the University of Nevada, has resigned. Erb came to the University of Nevada following the resignation of R. O. Courtright.

## LUTHERAN STUDENTS PLAN SOCIAL FORUM

Arrangements have been made for topical discussion meetings for the Lutheran students on the campus, to be held on the first and third Sunday evenings of each month.

A different leader selected from the Lutheran Students' club will preside over each meeting. These gatherings are planned to be on the order of open social forums. Problems confronting the student on the campus and devotional topics will be discussed.

According to the Rev. O. M. Grimby, a committee will meet next Sunday to make arrangements for the first gathering, which will be held the first Sunday in February. Programs giving the name of the leader, the topic to be discussed, and other information will be sent out regularly. Besides these forums the usual social meetings will continue to be held.

NOTICE!  
All junior girls interested in basketball meet at women's gymnasium Monday at 5 o'clock.

DORA HAUCK,

## MONTANA GRADUATE BACK FROM ORIENT

George Masters Passes a Year in  
Japan—Tells of Disaster and  
Customs of Orient

"Most of the university boys in Japan wear skirts. The skirts are standardized. Naturally the whims of Paris do not affect their lengths. Other than that university life in Japan resembles very much that in the United States." This was one of the things told by George E. Masters '22, a graduate of the University in Journalism, who has just returned from a stay of more than a year in the Orient, where he has been in newspaper work. He is visiting friends in Missoula before going on to Sioux Falls, South Dakota, where he is to become city editor of the Sioux Falls Press.

**Students Go Barefooted**  
"But I must qualify that generalization," said Mr. Masters. "Occasionally the boys go barefooted. But then the Japanese youths are great students and little things like that do not affect them. Education first; clothes afterward seems to be their motto."

**Co-education Unknown in Japan**  
"One does not find co-education there as yet. Until recently it has been felt that girls did not need education. They were taught obedience in the home, from their early childhood, and their parents impressed upon them that they were only in this world to become housewives, to occupy a position in the household where they were to be seen and not heard."

"With the entrance into western civilization, this idea began to lose hold and the Japanese felt the need of giving their daughters fully as much education as their sons. Then came new schools for the girls."

"While in Japan, I visited several of the universities. I never saw a woman there. I did though in the middle schools which correspond to our grade schools."

**Sports Very Popular**  
"All the younger students, whether boys or girls, are great lovers of sports. Tennis ranks first with them, then track sports, baseball, rowing and rugby. Prominent newspapers, because of the poor showing Japanese athletes made during the Olympic games in Paris, are backing a campaign to develop the standards of the athletes. They are paying American

athletes large sums of money to come there and give demonstrations.

**Training Methods Are Unusual**  
"Athletes there train a bit different from those in the United States, that is if one can believe what the generally sensational newspapers of the country print. There is one story which was given wide publicity that was especially novel and interesting. It concerned one of the Olympic athletes, a long distance runner. We'll call him 'Yamamoto', though that was not his name."

"Yamamoto trained to run by eating snakes. Snakes are eaten by some in Japan. They are supposed to make one fleet on foot. That is an old tradition. Just before embarking for Paris, Yamamoto obtained a number of these snakes already prepared to be eaten. They had been pulverized. When he reached Paris he resorted to them and won a few honors. One of the chief supporters of the 'eat a snake a day' movement then came forth and announced that it was because of the snake food that Yamamoto had won his honors."

**Education Cheap in Japan**  
"A Japanese student does not need much money to go to school. He can live on less than 50 cents a day. His diet consists chiefly of rice and raw fish, with a little of the 'smelly' Japanese radish to give it a spicy taste."

While in Japan, Mr. Masters was associated with The Japan Advertiser and The Trans-Pacific newspapers in Tokyo, the first mentioned being a daily and the latter a weekly paper. He arrived in Japan just after the big earthquake which practically demolished Yokohama and seriously damaged the city of Tokyo.

"Yokohama, a city of 2,500,000, was practically demolished and at present it looks more like a mining camp than a modern city. What reconstruction work that has been done, has been of a temporary nature and the city has not yet arrived at a definite plan for reconstruction. Tokyo, which has about 450,000 inhabitants, suffered heavy property damage, although the loss of lives was not as heavy as in Yokohama," Mr. Masters says. "The Japanese government estimates the total amount of lives lost in the disaster at a little over 200,000, almost half as many people as there are in the state of Montana."

Mr. Masters is a member of Phi Delta Theta, and Sigma Delta Chi, men's journalistic fraternities.

The two rows of pine trees between the Law building and the Natural Science building were planted in the spring of 1919 in honor of the students who died in their country's service during the World war.

## SALES ANALYST WILL TEACH SALESMANSHIP

C. P. Brewer, sales analyst, will conduct a two weeks course in extension work in salesmanship and personal efficiency in Missoula during March.

Mr. Brewer will also conduct classes in Butte during February, Great Falls during April, and Helena during May. The classes will be conducted three nights a week. Four University men will assist Mr. Brewer in the work. No textbook will be used.

Mr. Brewer was formerly connected with Washington State college at Pullman, and is now connected with the University of Utah.

## WINA MOORE DIES TUESDAY MORNING

Nina Alice Moore, 24, died very suddenly early Thursday morning at her home in Helena, from an attack of spinal meningitis. She had been ill since Sunday.

Miss Moore entered the University of Montana in the fall of 1920, registering in the department of Physical Education, receiving her B. A. degree last June. She was a member of Alpha Psi, national social fraternity, Delta Psi Kappa, national physical education fraternity, and Penetralla, local honorary fraternity for women of junior standing. Miss Moore was prominent in campus activities, and was president of Delta Psi Kappa for the year 1923-24, secretary of the Women's Athletic association, student assistant in physical education last year, a member of the women's all-star basketball and basketball teams, manager of the co-ed track team during her junior year.

Miss Moore had been teaching in a rural school near Helena this year, until she became ill.

Those who were fortunate enough to know her admired her for her unusually vivid personality, her wonderful disposition, and her versatility.

## DISABLED VETERANS SEEK NEW MEMBERS

The D. A. V. will meet tonight for further discussion on the campaign for the extension of membership, and to talk over the question of rendering financial aid to the many who seek help.

"It is difficult to pick out those deserving help. There are many who do not even belong to the organization that apply for assistance," said Alva Rees, adjutant, in commenting on the financial aid problem that is confronting the D. A. V.

According to Mr. Rees, about 45 ex-service men in the University belong to the organization. Membership cards are being sent out in an endeavor to get every eligible disabled veteran in the institution to become a member. He reports that the campaign is having considerable success.

## Art League Meet Wednesday Night

An Art League meeting for all students taking art will be held next Wednesday night at the art studio in Main hall. During this meeting there will be an exhibition of cartoon portraits of people on the campus made by the members of the Art department. A patron of the Art League will speak at the meeting.

## English Department Will Judge Papers for Essay Contest

The English department of the University is handling the Firestone essay contest held by the Highway Educational Board of Washington, D. C. The subject of this year's essay is to be "Economics Resulting from Highway Improvement."

This contest is open to all high school students of Montana. Writers of this state submit their finished manuscripts to the English department of the University, and Mr. Merriam chooses the winning essay from the group. This essay from Montana is sent to Washington, where the national prize is chosen.

This prize is a four years' scholarship to any university of the United States. The national winner for 1924 was John Liska, of Wisconsin Rapids, Wisconsin. Cecelia Grant, of Columbus, submitted the winning essay from Montana.

## Other Campuses

University of North Dakota, Jan. 22.—A successful student campaign has recently been carried on at the University of North Dakota by Peter Burtress, senior in the school of journalism, for the abolishment of fraternity formalities. The idea when first proposed met with little approval, but by a series of editorials, news stories, and personal interviews, Burtress was able to change the attitude of the college in 46 days.

By means of his action, in showing the earnestness and sincerity of the school, recommendations were made by the state board of administration that the state legislature make regular appropriations for the university.

University of Oklahoma, Jan. 22.—Judging from the number of quiz books sold by the book exchange, and allowing only 60 words to the page, it is estimated that 720,000,000 words are written in quizzes each semester.

That many words would fill 7,200 average size novels. One man writing in long-hand ten hours a day, would be more than 200 years old before he could accomplish so much.

University of Washington, Jan. 22.—Fourteen organized houses have signified their intention of immediate entrance into the Student House Managers' Co-operative association at a meeting of approximately 50 house managers recently. Through the system of contracts and bids employed by the association for the buying of staples, a saving of 13 per cent will be made for each house, it is claimed by the supporters of the plan.

University of Oklahoma, Jan. 22.—The preferential system of voting which has been proposed by the state legislature for adoption in Oklahoma, will be given a test in the university mid-year election this week. The voting under this system will have no bearing on the outcome of the university election. It is merely an experiment which was arranged after permission of the student council was secured.

The system calls for the voter's expression of first, second, and third choice candidates in each race, the principle being that if no candidate has a majority of first choices, the second choices will be added to the first choices, and if no candidate then has a majority the third choices will be added. The plan is designed to secure a compromise candidate and to prevent the election of a candidate with only a minority backing.

University of California, Jan. 23.—Failing to pass in the required ten units of work, 391 have been disqualified for re-entrance to the university this semester. This number does not include those who have previously been disqualified or those who have failed to make the required C average, the recorder's office says.

University of Arizona, Jan. 23.—The all-college record for peanut rolling was broken at the University of Arizona when the winner of the annual event rolled a guber around the standard course in exactly nine minutes. The former record was established four years ago and was 20 minutes.

University of Oregon, Jan. 23.—Debaters from the University of Oregon won a popular decision over Oxford university at Eugene. The subject was "Resolved, that the referendum is a desirable part of representative government."

## BASKETBALL GAMES MAY BE POSTPONED

Inter-Mural Tournament Will Be Revived After a Period of Two Years

The inter-mural basketball tournament, which is scheduled to start next week, may have to be postponed until the following week, according to Coach Stewart. Freshmen have to use the floor three times a week, making it practically impossible for the teams of the different schools to get a chance to practice. The Varsity will leave on their western invasion Sunday and will make it possible for the frosh to practice in the afternoons and the school teams at night.

Inter-mural basketball has not been held for the last two years, but previous to that time it proved a good attraction to the student body. The schools that will be represented are Journalism, Business Administration, Forestry, Law and Pharmacy.

## CLASS IN FENCING RECEIVES OUTFITS

Six new fencing outfits were recently purchased by the University for use in the fencing class that was introduced at the beginning of this quarter as an accredited minor department in the School of Physical Education.

The class is made up of 12 beginners and meets every Monday, Wednesday and Friday at 4 o'clock in the men's gymnasium under the direction of Carl F. Beall, '25, and Reinold W. Kulle, '26. The class grew out of the Fencing club which originated early last quarter.

"We will be in a position to favor the student body with a series of contests within the next month if called upon to do so," says Mr. Beall, in charge of the department. The class is small and lacking in experienced fencers but we hope to work up enough interest among the students to make our class one that the school will be proud of.

## Carnival Cancelled by Junior Students

The Junior carnival, which was to be held February 27 and 28, has been cancelled, according to Winifred Wilson, manager.

The purpose of the carnival was to raise money for the Sentinel, but because the gymnasium could not be secured for the affair this quarter, it has been cancelled. Dr. Schreiber stated that "several injuries had been sustained by the basketball men because of the condition of the floor from dancing, and that the only dance to be given there this quarter will be the Foresters' ball."

The carnival was cancelled because the Sentinel will go to press next quarter, and the money must be raised before that time.

### NOTICE

Next week the intra-mural basketball series starts. The Journalists are on the long end of the betting, but the short end of the practice. The old shack has an abundance of material and all it needs is a little interest.

If you're a basketball player, past, present or future, dig up your old jerseys and see Woody Dutton, manager, sometime before Saturday night.

Beat Idaho!

## Bocher Is to Head Rhodes Committee

J. R. Bocher, of Billings, Montana, has been appointed the new state secretary for the Rhodes scholarship, to succeed Professor H. G. Merriam, who has a leave of absence from the University for 1925-26.

Mr. Bocher was a Rhodes scholar from North Dakota in 1918. He attended St. Johns College, at Oxford University, England.

All information regarding the scholarship is to be received from Mr. Bocher instead of Professor Merriam, after June 1, 1925. All communications should be addressed to him at 120 North 30th street, Billings.

### PARKER ILL

J. C. Parker of Avery, Idaho, who was recently elected president of the Forestry short course students, was taken to the hospital last week. Mr. Parker is suffering from an attack of influenza.

### NOTICE

Students who have not called for their checks from the health service will kindly do so within a week. All checks not called for then will revert back to the health service fund.

Beat Idaho!

## On the Campus

Dr. R. L. Bradley, right dentist at right prices. Phone 1854.—adv.

Two vacant rooms are all that are available at Craig hall this quarter. There are 35 rooms in Craig hall. Twenty-five of these are double and eight are single.

Dinner guests at North hall during the past few days were: Solvay Andersen, Helen Chaffin, Dorothy Coleman, Albertine Twitchell, and Dorothy Morrow.

Mrs. N. T. Lease of Great Falls arrived last night and it visiting her daughter, Alice, at North hall.

Miss Marjorie Reynolds, '25, passed the week-end with her family in Stevensville.

Kenneth Liskum, '28, of Malta, who has been in the infirmary for the last two weeks with scarlet fever, is recovering.

Claude Marceyes '03, is a patient at the Northern Pacific hospital.

A. P. Stephenson of Butte visited his daughters, Eleanor and Ann, Wednesday.

H. C. Keith of Kalispell is passing the week-end in Missoula with his son, Francis.

George Masters '22, who has returned from the Orient, is the week-end guest of Phi Delta Theta.

Alet Toftoy, '28, of Corvallis, is fill with flu.

## Craig Hall Co-Eds Entertain for Bride

Craig hall girls entertained Mrs. Elsie Asemann Richmond at a dinner Wednesday.

The tables were arranged in a half circle and decorated with pink and white carnations. The walls were trimmed in festoons of the same color. The place cards were cupids holding hearts. A large wedding cake featured the affair.

Mrs. Richmond was presented with gifts of silver by the girls.

## Foresters Prepare Plans for Banquet

The Druids, local forestry fraternity, held a meeting in the Forestry building last night. Final plans for the entertainment of Dr. C. A. Schenck, who will be on the campus January 28 and 29, were made.

A banquet will be held in honor of the distinguished visitor at the Shapard cafe Wednesday evening, January 28. Dorr Skeels and I. W. Cook of the Forestry school will be guests at the affair. Alumni members of the Druids who are in the employ of the United States forest service in Missoula will be present at the banquet.

The next meeting of the Druids will be held the first Thursday in February.

Beat Idaho!

## SHORT COURSE FORESTERS HOLD BUSINESS MEETING

Discuss Plans Regarding Dual Meet Coming in March

The short course students held a business meeting in the library of the Forestry school Wednesday evening. Plans were discussed in regard to the dual meet between the short course men and the regular students to be held March 4.

Sometime in February a series of basketball games will be played between the regulars and the short course men. The first practice was held after the meeting Wednesday night. Last year the short course men won all of the games played.

Dean Sedman and Mary Elizabeth Sedman were dinner guests at the Kappa Kappa Gamma house Wednesday night.

## Alpha Kappa Psi Initiate Pledges

Gus Newmark, Everett Bruce, Wallace Brennan, Lynn Van Zandt, Herbert Dunn and Karl Gallagher were initiated Wednesday night into Alpha Kappa Psi, business administration fraternity. The initiation was held in the Shapard hotel and was followed by a banquet at which the activities for the year were discussed.

## POWELL AND COULTER SEEK ASSISTANT'S JOB

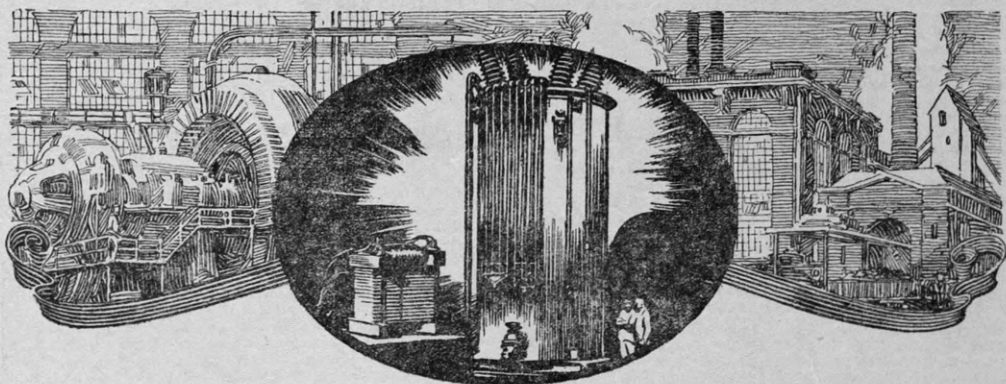

Jack Coulter and James Powell have turned in their names to Winifred Wilson, secretary of the athletic board, as candidates for assistant basketball manager. All aspirants for the position must submit their names before January 27.

## A Toy—a Tool

THE first twenty days in December witnessed a big event in one man's life. They saw a toy grow into a tool—one of the most useful in all history.

On December 1st, 1885 there was brought to George Westinghouse, at Pittsburgh, an uncommercial "secondary generator"—a scientific toy. Westinghouse and associates lived with it day and night, and by December 20, 1885, in a flash of genius, had completed the essential conceptions of the modern transformer. Thus in twenty days they paved the way for alternating current, and the electrical era of the twentieth century.

Here was a brilliant engineering feat—a feat that through the years has been a particular inspiration to a specialized group of "design engineers"

within the Westinghouse organization. These men are electrical and mechanical engineers who are attracted not merely by an engineering problem—but by the technical difficulties of "licking" that problem to narrow and exact practical limits.

These men work continuously with both sides of an equation. On one side are the needs of a customer. For the other side must be developed apparatus which exactly meets those needs. The apparatus may range from a complete system of electrification for a railroad to a new type of curling iron.

Engineering extends a welcoming hand to men qualified for designing. Many of the most constructive services of Westinghouse have been made possible by their leadership.
