Service Committee
App't. & Elections

4. The President announced the re-appointment of Dr. G. D. Shallenberger as the President's appointee to the Service Committee, and the re-appointment of Dr. D. M. Hetler as the appointee of Executive Secretary Swain. The President then called for the election of the faculty representative to the Service Committee. The President announced that absentee ballots of Mr. Weisberg and Mrs. Ramskill were in the hands of the Secretary: that at a previous election (October 23, 1934) the faculty had accepted the ballot of an absent member. On motion duly made and seconded the faculty voted unanimously to accept absentee ballots in the elections of the Service and Budget and Policy Committees.

The President stated that the procedure followed in the previous election (June 2, 1939), that a majority on nominating ballot would result in an election; otherwise, a vote would be taken on the three highest, would be followed.

The faculty then proceeded to cast a nominating ballot for a representative to the Service Committee. The ballot resulted in a majority for Dean Leaphart, and the President therefore announced his election by the faculty to the Service Committee for 1940-41.

The faculty then proceeded to cast a nominating ballot for Chairman of the Budget and Policy Committee. The ballot resulted in a majority for Dr. Merrill, whereupon the President announced his election as Chairman of the Budget and Policy Committee for 1940-41.

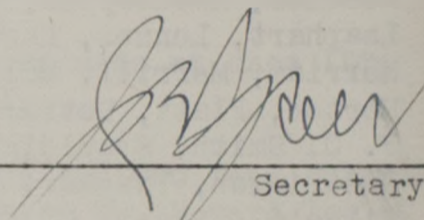

The faculty then adjourned to its respective groups and elections for two-year terms on the Budget and Policy Committee were subsequently reported to the Secretary; as follows:

Arts Group: B. E. Thomas (hold-over member, Freeman)

Science Group: J. W. Howard (hold-over member, Hetler)

Professional Schools Group: C. W. Leaphart (hold-over member, Spaulding)

5. There being no further business before the faculty the meeting adjourned.

(4) In order that members of the staff may be easily reached during the Christmas holidays, if the necessity should arise, all members of the administrative staff, as well as those on the teaching staff who are leaving early, are asked to file requests for leaves of absence in the President's Office. (e) By Dr. Waters, NYA Projects Committee:

Enlarged
Committee
report

4. At the suggestion of Mr. Swearingen and on motion of Mr. Carey, the faculty voted unanimously that half the cost of Christmas tree lights be paid from the Faculty Affairs Fund (estimated not to exceed \$7.00).

5. The Committee on Admission and Graduation Enlarged for Administrative Action: Jesse, Chairman, reported the following exceptions to faculty rules granted during the Spring and Summer Quarter, 1940.

(a) Re: Jennie C. Bovee. Miss Bovee petitioned to be allowed to satisfy the restricted elective requirement in science or mathematics by offering 9 credits of mathematics in college and 4 units of mathematics from high school. Since she offered this amount of high school mathematics in addition to a 4 credit non-laboratory course in Physiology from the State Normal College, and since her adviser had understood that her requirement was satisfied and did not include additional credits in her schedule, her petition was granted.

(b) Re: Gladys M. Gill. Miss Gill petitioned to be allowed to satisfy the residence requirements for graduation by attending the University for three nine-week and one six-week summer sessions, instead of four nine-week sessions. Since Miss Gill will offer the required 45 credits in residence and since she has made a good record at the University, her petition was granted.

(c) Re: Esther Enseleit. Miss Enseleit petitioned to be allowed to satisfy the residence requirements for graduation by offering 33 instead of 35 credits in residence of the last 45 required for graduation and by attending three nine-week and one six-week sessions, instead of four nine-week sessions. Since Miss Enseleit will offer 51 credits in residence and since she has made an excellent record at the University, her petition was granted.

(d) Re: Douglas F. Brown. Mr. Brown petitioned to be allowed to satisfy the restricted elective requirement in science or mathematics by offering 5 credits of Zoology and 5 credits of Geology in residence and 3 credits of Geology by correspondence. Since Mr. Brown has completed all the other requirements for graduation and since he cannot return for further residence work due to financial circumstances, his petition was granted.

(e) Re: Ben Holt. Mr. Holt petitioned to satisfy the restricted elective requirement in science or mathematics by offering 5 credits of Geology in residence at the University, 5 credits in Laboratory Astronomy in residence at the University of Washington, and 5 credits of Geology in extension from the University of Washington. Since the extension work was taught as a laboratory course and since Mr. Holt was not able to include residence work in science with his Law schedule at the University, his petition was granted.

(f) Re: Julia Arthur. Miss Arthur petitioned to be allowed to offer 32 instead of 35 credits in residence of the last 45 required for graduation. Since Miss Arthur has attended the University for six summer sessions and made a very good record, her petition was granted.

The above candidates were unanimously approved by vote of the faculty.

8. The President asked for an expression of opinion concerning attendance at classes on the Wednesday before and the Monday following Thanksgiving. It appeared that there was no change from preceding years in Monday attendance but that a few more cases of absences occurred on Wednesday, probably due to distances necessary to travel.

Teachers Retirement

1. A special meeting of the faculty was held on the call of President Simmons at the request of the Retirement Committee (Professor Merrill, chairman). In the absence of President Simmons, Vice President Severy presided.

2. The status of the teachers retirement laws was discussed by Professor Ames, chairman of the Retirement Committee of the Montana Education Association. Professor Merrill then explained the relation of the University faculty retirement to the law, and proposed an assessment from members of the faculty for payment of expenses of delegates whose services might be necessary for support of the teachers retirement plan. On motion made, seconded, and unanimously adopted, the following plan of assessment was approved:
