STATEMENT OF SENATOR MIKE MANSFIELD (D-MONT)

" ANNA NUGENT "

COPY

Mr. President, since the fall of 1952, when I ran for my first term in the United States Senate, among my closest associates and supporters I have been proud to include Mrs. Anna Nugent and her late husband, Jim. The Nugents have lived in Miles City, Montana, since early 1900 and have been active participants in the development of their community and the State.

Just recently, a fascinating feature article appeared in the Miles City Star discussing Anna Nugent's early experience as a child in eastern Montana. In fact, Anna Nugent's experiences include being kidnapped by Indians. The newspaper outlines the many different and varied experiences she and Jim encountered as some of eastern Montana's most active citizens. I wish to take this opportunity to extend Maureen's and my personal regards and good wishes to Anna Nugent during her 86th year and to state that we feel that Montana is a better place to live because of such fine people like Mrs. Nugent.

Mr. President, I ask unanimous consent to have the January 24 story from the Miles City Star printed at the conclusion of my remarks in the Congressional Record.
