The meeting was called to order at 8:15 p.m. by President John Ross in the Ravalli Room of the Lodge. The minutes were approved as written.

PRESIDENT'S REPORT
Ross said that he talked to Dean Cogswell about the jurisdiction the administration had over students appointed by ASUM. No conclusions were reached. Ross said that he would talk to President Johns.

Mr. Chapman gave a report on the new student union building. The preliminary plans are almost completed. They have to get approval from the Board of Regents or through the office in Helena. The letting of the bids should be early in the summer with construction beginning some time this summer. The actual construction will take about 2 years. He said that a student planning commission was appointed by Central Board. This committee, which worked with Mr. Chapman and a little with the architect, was composed of 12 to 15 students. The committee made a couple of trips to look at some of the better student centers in the West. They developed ideas on what should be included in the new SUB and submitted a written report to the architect and the administration for their study and recommendations. The student commission will also help on the interior design. Mr. Chapman said that the project will cost about $4 million which includes furnishings. He then showed the board the floor plans and explained them.

AUXILIARY SPORTS BOARD
Stockamp said that the board okayed an allocation to Women's Intercollegiate Sports. Mrs. Sheriff said that the money would be used for transportation and lodging for the swim team to compete in Idaho this week and for the basketball team to compete in Moscow on February 26. STOCKAMP MOVED THAT CENTRAL BOARD APPROPRIATE $400 OUT OF THE EMERGENCY FUND OF AUXILIARY SPORTS BOARD TO COVER TRAVEL EXPENSES FOR THE WOMEN'S INTERCOLLEGIATE SPORTS ORGANIZATION. SECONDED BY BEHAN. Cosman said that since it was a recommendation of Auxiliary Sports, he did not feel that there needed to be much discussion. THE MOTION PASSED WITH CROMWELL ABSTAINING.

Ross recommended Central Board members to attend the Planning Board meetings which are at 4 on Wednesdays.

FACULTY EVALUATION COMMITTEE
The floor was opened to this committee for discussion and questions. Osborne said that of the $125 allocated to the committee, $113 had been used to print the forms. If there is a good turn in of forms, the committee would like to make a book and might come before Budget and Finance to ask for money or a loan. He said that at the present time there are not adequate forms turned in. Anderson wanted to know how many forms would have to be turned in in order for the book to be made. Osborne said that there would have to be at least a 20 per cent return. Thompson said that if there were not enough forms for each teacher, the book might be made with only the evaluations of some teachers. Osborne said that the deadline for the forms has been set for the 15th. Behan wanted to know if it would be possible to distribute the forms in the classes. Osborne said that this was the ideal way, but it would take too much class time. He also said that the committee has more control over the forms being turned in than did some other studies in other schools. COSMAN MOVED THAT THE DISCUSSION BE LIMITED TO TWO MORE SPEAKERS. SECONDED
BY HAARR. MOTION PASSED WITH CROMWELL ABSTAINING, AND BEHAN, FAIRLEY, AND KITZENBERG OPPOSED. Haarr wanted to know how the forms were going to be processed. Thompson said that there were about 10 students who would like to help. The more people they had, the less time it will take. Osborne said that the students have to be really interested in the project. Anderson wanted to know what the guidelines are for the evaluation. Osborne said that the forms that have been turned in so far have been from serious students and none of them have been trying to slam a teacher. Ross said that he would like to commend the members for their effort, but he would question the worth of a book published from the forms that have been turned in up to this time.

Asselstine said that Loren Haarr has applied for Planning Board. COSMAN MOVED THAT CENTRAL BOARD APPROVE LORREN HAARR AS A MEMBER OF PLANNING BOARD. SECONDED BY HAARR MOTION PASSED UNANIMOUSLY. ASSELSTINE MOVED THAT JIM RUFF BE APPOINTED TO PROGRAM COUNCIL. SECONDED BY FAIRLEY. MOTION PASSED UNANIMOUSLY. Asselstine said that the chairmanship applications for Program Council will be available next week.

OLD BUSINESS

Behan wanted to know if there had been a reply from Lamar Jones. Ross said that so far he had not received one. He also said that only replies he gets to letters that Central Board directs him to write, he will acknowledge at Central Board.

FAIRLEY MOVED THAT CENTRAL BOARD ADJOURN. SECONDED BY STOCKAMP. MOTION DEFEATED.

NEW BUSINESS

Kitzenberg said that one problem that exists for the FM radio is that not enough students own FM radios. He would like to see a system installed in the dorms and perhaps in the lodge. It would consist of a FM tuner and a carrier circuit transmitter. The radio station announces football games and basketball games. They have been getting the money by decreasing the amount that goes to TV. He thought maybe Central Board could allocate some money to this. Ross said that it was the chair's recommendation that any financial matters go to Budget and Finance first. ROSS APPOINTED KITZENBERG TO LOOK INTO THE POSSIBILITY OF SETTING UP A FM SYSTEM IN THE DORMS. Kitzenberg said that he would like to know the feeling of the board. Cosman said that he did not feel that we could give tentative approval until there were some figures and information. Behan said that the cost would be about $900 per dorm. Kitzenberg also pointed out that this was a service to the students.

Cosman said that he has had several people come up and ask about the Sentinels. He called the publisher last night and the book should be shipped late next week. The final copy was received by the publisher in mid December when it should have been received in mid July. The final proofs were not received until about 3 weeks ago. The publisher said that the cover was not as complete as they would have liked it, but they used it anyway. Cosman felt that there should be some way to solve this problem. One way is to set controls on the Sentinel staff and another is to have the mailing date for the publisher in the contract. He presented a bylaw addition that will be considered next week. The addition is: Division II, Article II, Section 13. It shall be the responsibility of the chairman of Publications Board to keep in written contact with the publisher of the Sentinel and to notify Central Board whether the Sentinel staff has been meeting their predetermined copy deadlines, of which there shall be four set by
the Sentinel Editor and the publisher. These copy deadlines shall fall within the months of January, March, May, and July respectively. If it is found that the Sentinel staff is not meeting their copy deadlines Central Board shall have the responsibility to take action it sees fit. Cosman said that some action Central Board could take would include: call the people before the board, dock their pay or withhold it until the deadlines are met, or take disciplinary action with the staff members.
