STATE UNIVERSITY OF MONTANA, MISSOULA, MONTANA

FRIDAY, JUNE 4, 1926

VOLUME XXV. NUMBER 61.

## TRACK STARS TO REPRESENT MONTANA AT CHICAGO MEET

Today Will Be Last Chance for Students to Subscribe for Fund

"Every one must have a tag by Friday night," said Jake Miller, in referring to the drive for the Sweet and Gillette fund which is in progress at the present time. The "M" men have charge of the downtown district and the Bear Paws and Tanans are canvassing the campus.

"We'll get our share of the fund," said Andy Cogswell, who is in charge of the downtown drive. Between \$300 and \$400 is the amount that is expected from the business district. "We won't stop until we get all we can," said Andy. "Our main drive starts today."

The Bear Paws and Tanans are in charge of the campus drive. The tag sale was started Monday with \$200 expected from the University students. So far only half of that amount has been collected, the students not backing up the drive as had been anticipated. The remaining amount of the fund is expected to be received before this evening.

The two sophomore organizations held a joint meeting yesterday afternoon and every one was given tags. Those that haven't any tags are certain to be nabbed before the day is over.

### HALL HONORS BIRTHDAYS.

A formal birthday dinner was given at Craig hall Wednesday in honor of the girls whose birthdays had occurred since January 1. Jessie Taylor, president of the hall, acted as toastmistress and short talks were given by Margaret Daly, Marion Hart and Cyril Van Dusen.

## KUOM GOES OFF AIR WITH LONG CONCERT

Station Swamped With Calls for Encores; Music Lasts Four Hours

With a musical program four hours long, KUOM, the University radio station, wrote the final "30" on its activities for the 1925-26 school year last night. The numbers on the program were well applauded over the phone by radio fans in Missoula and the surrounding country while the station was in operation. At one time during the evening the calls came in so fast that the University phone operator was swamped for a short space of time with most of the outside lines calling the station to ask for applause numbers.

More than 25 people appeared on the recital during the evening, the choice of selections being left up to the performers for the most part. Judging by the favorable phone reports the numbers were well received by the local audience who seemed loath to let the station go off the air.

### Successful Year Passes.

The past year has been an unusually successful one for KUOM. During the active season a national transmitting range which practically blanketed the entire nation was established. Reports came in all the way from Alaska to South Carolina. All of the Pacific coast states were reached without exception and most of the Atlantic states as well. The range in between coasts was also touched.

With an increase in financial aid, G. D. Shallenberger, director of KUOM, hopes to put the station on an even better plane than has been possible in the past. Plans under consideration at the present time allow for the betterment and further expansion of the station to a point not easily realized.

That the station betterment would aid in the further advertising of Montana, is easily seen, according to Mr. Shallenberger. According to the director, the interest shown in the radio station itself is enough to stimulate interest in the State University by its close association.

Minor Shoenotham, ex '26, of Yakima, Washington, visited at the Sigma Phi Epsilon house this week. He went on to Huntley to visit his parents; from there he will return to his work in one of the Yakima banks.

### FINAL EXAMS SCHEDULE COMPLETED BY COMMITTEE

Final examinations for the spring quarter will take place June 15 to 18, according to the following schedule:

Tuesday—9-12 a. m., 3 o'clock classes; 1:30-4:30 p. m., 1 o'clock classes.

Wednesday—9-12 a. m., 9 o'clock classes; 1:30-4:30 p. m., 10 o'clock classes.

Thursday—9-12 a. m., 8 o'clock classes; 1:30-4:30 p. m., English 11a and 11b.

Friday—9-12 a. m., 11 o'clock classes; 1:30-4:30 p. m., 2 o'clock classes.

Classes meeting Monday, Wednesday, Friday at any hour have the first two hours of the examination period assigned to that hour. Classes meeting Tuesday and Thursday have the third hour. In classes for which no time is assigned by the above, arrangements will be made by the instructor in conference with the schedule committee. (Thursday afternoon is suggested as a convenient time.)

Classes will be held as usual through Saturday, June 12.

## THESPIANS WILL DINE AT FLORENCE HOTEL

Masquers to Produce Three-Act Gustatory Feature at \$1.00 a Plate.

Plans for a dinner to be given one week from Sunday were considered at a meeting of the Montana Masquers in Main hall Tuesday evening. A committee composed of Lawrence Ulstad, chairman; Adolph Still, Bill Garver and Nan Walsh, was appointed to take charge.

The dinner will be given at the Florence hotel Sunday evening, June 13, at 5:30. This will allow the banquet a chance to attend both the banquet and the Baccalaureate service, which will be held in the Men's gymnasium at 8 o'clock. Each Masquer may bring a guest. The charge will be \$1 a plate. All who plan to attend are urged to inform a member of the committee as soon as possible.

The Masquers decided not to initiate the 14 new pledges until fall when the producing staff in connection with the Little Theater will be announced. The Masquers' organization at present has a membership of 39 students, 15 of which are graduating seniors and six are new members this year.

### UNDERWOOD LEAVES FOR EUROPE SOON

Dr. J. H. Underwood, head of the Economics department, will leave shortly after the termination of the school year for a three months tour through England, France, Italy and Spain.

This will be Dr. Underwood's third trip across the Atlantic ocean in view of the fact that in 1913 and 1914 he made an extensive trip to the Far East visiting such places as Damascus, Jerusalem, Balkan states, Greece, Constantinople, Budapest, Hungary, Austria and Italy. Mr. Underwood visited Austria and Italy after coming up the Nile river and crossing the Mediterranean sea.

Dr. Underwood's sailing date from New York is the latter part of June.

### MURPHY URGES SENIORS TO SUBSCRIBE TO FUND

W. L. Murphy, a graduate of the class of 1899, spoke to the senior class at their meeting Wednesday morning about subscriptions to the new athletic field, pointing out that the class of '24 had subscribed \$1,858, and the class of '25 \$2,357. A campaign was outlined to recruit subscriptions, each graduate of the class of 1926 being urged to sign a subscription to the athletic fund. Several subscriptions were signed by members of the class after the meeting.

Senior class day exercises were outlined by Helen Newman, and plans for commencement week were explained.

## MONTANA EDUCATOR CLAIMED BY DEATH

Member of State Board of Education Dies After Long Illness.

James H. T. Ryman, Montana pioneer, whose death occurred Tuesday evening in Missoula after a long illness, has been closely associated with the state history of education and has always been deeply interested in the University. "He has been the private benefactor of many individual students," said Dean A. L. Stone of the Journalism department.

Governor Rickards named Mr. Ryman a member of the local board when the Montana State University was organized in 1895. He continued in this capacity by appointment until 1923 when Governor Dixon named him western Montana member of the state board of education, with supervisory control over all of the state educational institutions.

Mr. Ryman came to Missoula from Bellefonte, Center county, Pennsylvania, in November, 1879, to assume the principalship of the Missoula public school. After two years he resigned first becoming an employee in the old Montana National bank, a fore-runner of the present First National bank of Missoula, and later going into the insurance business. He was elected county superintendent for Missoula county, which position he held for two years, declining re-election, and in the meantime became associated with G. A. Wolf in the insurance business which continued until the organization of the Western Montana National bank in 1889, by these two men. Mr. Ryman and Wolf continued an active interest in the bank until 1915 when interests were sold to the present owners.

## FORESTRY STUDENTS END LOGGING STUDY

Field trips for the juniors and seniors in the School of Forestry have been completed for this school year. The purpose of the trips has been to study logging operations, cut-over timber areas and wooded tracts. The classes have averaged one trip a week for the three quarters.

Dorr Skeels stated that the trips have been quite extensive, the students having covered most of the territory at the head of the Clearwater river above Seeley lake, a large area extending to the shores of Flathead lake, and most of the territory between Missoula and Stevensville.

Mr. Skeels further stated that few Universities were as fortunate as Montana, in being located in the center of a large lumber territory, having extensive operations and mills, which enable the students to obtain first-hand information and observe actual conditions.

### FORESTRY STUDENTS GO ON TRIP TO BLACKFOOT

Homer Anderson, Lou Vierhus and Buck Merrill of the School of Forestry went up the Blackfoot Tuesday to aid in fighting a forest fire.

The students are under the employment of the Blackfoot Forest Protective Institution, a co-operative association maintained by timber owners in western Montana.

The fire was small, extending over ten acres.

### HOME EC CLUB ELECTS PETERS NEW PRESIDENT

Blanche Peters, of Stanford, was elected president of the Home Economics club for the ensuing year at the picnic held yesterday evening in Greenough park. Other officers elected at that time are Alda Torgerson, vice-president, and Roxie Copenhaver, secretary-treasurer.

About 40 members of the club attended the annual picnic last night.

### SCABBARD AND BLADE HONORS MAJOR SMITH

Local company of Scabbard and Blade gave a farewell dinner-dance in honor of Major and Mrs. George L. Smith Wednesday at the Chimney Corner. Seventeen guests were present. Dancing lasted until 10 o'clock. Captain and Mrs. Caulkins and Lieutenant La Croix chaperoned. Major Smith is an honorary member of Scabbard and Blade.

### BAND WILL MAKE LAST APPEARANCE SENIOR NIGHT

Montana's Grizzly band will make its last appearance of the year June 12, Alumni-Senior night. The band will also play for the ROTC review the same afternoon.

Under the direction of A. Hoelscher the band has had a very successful season. Several new novelties were introduced as well as the usual appearances at athletic contests, rallies and other University functions. At all times the enrollment has exceeded 60.

## MAJOR SMITH WILL APPOINT NEW OFFICERS

### MEN TO BE ANNOUNCED AT REVIEW MONDAY

### President Clapp Will Be in the Reviewing Stand for Last General Formation of Grizzly Battalion.

"It will be of special interest to the student body to know who the newly appointed cadet major and officers for 1926-27 will be," said Major G. L. Smith in an interview yesterday, regarding the last general formation of the Grizzly Battalion of ROTC to be held Monday afternoon June 7. "At the Parade Review given on the oval about 5:10 o'clock announcement of appointments will be made and the old officers will turn the battalion over to those newly named."

This announcement of the final parade was made in contradiction to a previous announcement that a general assembly of the battalion and parade would be held on Junior-Senior day, June 12. The reason for the change was because of the forestry students who are leaving for Flathead lake next week. The unit will form at 3 o'clock in the afternoon as usual. At that time, according to the ROTC instructional staff, the final test for all men in the battalion will be given. This, it is said, will have an important bearing upon their grades. Those absent from formation will be given a written examination. At the close of this period the unit will march to the oval where new officers will be appointed and graduating officers turn over their present posts. President C. H. Clapp will be in the reviewing stand for the parade.

### Men Urged to Sign.

"We are in hopes that all sophomores intending to sign up for the advanced course will do so before the formation Monday," said Major Smith. "This will enable us to assign them cadet offices for the review." Students are allowed to sign for the advanced course until the opening of the fall term next September, according to a ruling. Requirements are that a student must complete six basic quarters of ROTC to be eligible for the advanced course. At graduation they will receive a commission as Second Lieutenant in the Organized Reserve Corps, the third line of defense in the United States army. It has been pointed out that the advanced course has assisted many in paying their way through school. Each student receives a daily commutation of rations amounting to thirty cents or \$180 while taking the advanced course. One summer camp is required which pays \$22. Summer excursion rates are on at the time of the camp and by buying a roundtrip ticket students have succeeded in clearing \$40 or more above the railroad refund. Instructors of ROTC are endeavoring to get \$30 commutation for clothing this year, which will bring the total received through the advanced course to \$201. Two and one-half credits a quarter are received for the advanced course. These can be used towards graduation. Students in the course with an average grade of C plus are exempt from examination.

In the United States there are 224 colleges and University who have a senior military course.

Dean Mollett plans for study and research at University of Kansas

Dean C. E. Mollett of the School of Pharmacy will leave Monday for Kansas University, Lawrence, Kansas, where he will do advanced study and research on Montana drug products during the summer. He will attend the meetings of the National

Pharmacy Research conference; American Association of Colleges of Pharmacy, American Pharmaceutical Association at Philadelphia, Pa., during the first and second weeks of September.

Mr. Mollett plans to return to Missoula about the middle of September, to prepare for the work of the fall quarter at the University.

Professor Dorr Skeels of the School of Forestry will be in the employment of the government this summer, working for the Bureau of Plant Industry. Mr. Skeels will make a pathological study of White Pine timber stands in Idaho and western Montana and will leave Missoula June 15.

## SCHEDULE FOR NEXT YEAR TO BE CHANGED

School Will Commence and Close a Week Earlier Than Formerly.

The schedule for next year will be changed, according to Dr. R. H. Jesse. Classes will open a week earlier than in the past and the advancement in dates will be carried on through the rest of the school year. The freshmen will enter school September 20 and the upperclassmen will start registration September 23 and 24. The upper classes will begin on the 27th.

With this new schedule the last examinations before the Christmas vacation will be held Friday, December 17. This will allow eight days before Christmas. Dr. Jesse says that there will be no need for any one to petition for early leave in order to reach home. There will be no early examinations allowed. The winter quarter will start January 3, and will be shortened one week.

### Spring Quarter to End Early

The spring quarter will end one week earlier than it does this year and has in the past. The last examination will be June 10. The purpose of this move in closing school early is to allow students to go to summer jobs earlier. Most of the Yellowstone park positions must be filled before school closes and all the students attending Citizens' Military Training camps must leave early now. Practically all the Forestry school students are ordered to report by June 15. Dr. Jesse says that at least 90 per cent of those petitioning for examinations spend the summer in these three places.

## MISSOULA GIRL WINS GOOD ROADS CONTEST

Miss Christian Kurtz of the Missoula high school, was selected by the English department of the University as having written the best high school essay in the state for the national good roads essay contest for 1926, conducted by the Highway Education board.

The topic chosen this year by the board was "The Relation of Improved Highways to Education." Students who received first place in their respective states receive engraved certificates of honor besides having the opportunity of winning the H. S. Firestone Four Years' University scholarship which provides tuition and all reasonable expenses at any college or University in the United States.

The winner of the state last year was Miss Beatrice Hoffman of Columbus, Montana.

### ART FRATERNITY GIVES INITIATION AND BANQUET

Delta Phi Delta, national art fraternity, held formal initiation Friday for the following: Arnold Gillette, John Allen, Eva Hewitt, Lydia Maury, Edward Wight, Ann Ross and Louise Hickey.

Immediately afterwards a banquet was held at the Blue Parrot. Dr. T. T. Rider was toastmaster. Those attending in addition to the active members were Professor and Mrs. F. C. Scheuch, Dr. and Mrs. T. T. Rider, Mrs. Sidney H. Cox and Ruth Smith. John Allen of Billings was chosen as delegate to the Delta Phi Delta convention at Minneapolis, June 14 to 17, inclusive.

Dean Mollett plans for study and research at University of Kansas

Dean C. E. Mollett of the School of Pharmacy will leave Monday for Kansas University, Lawrence, Kansas, where he will do advanced study and research on Montana drug products during the summer. He will attend the meetings of the National

Pharmacy Research conference; American Association of Colleges of Pharmacy, American Pharmaceutical Association at Philadelphia, Pa., during the first and second weeks of September.

Mr. Mollett plans to return to Missoula about the middle of September, to prepare for the work of the fall quarter at the University.

## EDWARD SISSON WILL GIVE COMMENCEMENT ADDRESS

### SENIORS OF BATTALION TO TURN OVER POSTS AT FORMATION MONDAY

Senior officers of the Grizzly battalion will turn over their posts to the junior officers and newly appointed cadets on Monday, June 7, at the last general review of the entire unit this school year. Major G. L. Smith states that until that time the newly appointed cadet major and officers will not be made known.

Those graduating from the military unit are as follows: James Powell, who will receive a commission in the organized reserve and will be sworn in at that time; Robert Rea and Phil Ring, receiving certificates for a commission when they become of age; Everett Richards and Harold Graven, to receive commissions when they have completed this summer's course at Camp Lewis. The juniors from whom the new officers will be chosen are: Donald Moore, Edwin Booth, Russell Sweet, William Kelly, Maynard Torrence, Tyler Straley, William Orton, Richard Davis, and Robert Alling.

## AUGUST T. ANDRESEN KILLED IN ACCIDENT

Injured When Struck by Falling Timbers From Truck He Was Unloading.

August T. Andresen, an employee of the Interstate Lumber company, was fatally injured yesterday morning at 11 o'clock, when several heavy timbers fell from a truck which he was unloading, pinning him beneath. He died five minutes after his arrival at St. Patrick's hospital.

The accident happened while Mr. Andresen was unloading a truckload of green timbers, weighing approximately 200 pounds each. He was working from the back of the truck, when several of the timbers fell from the load, pinning him to the ground. Other laborers released him, and he was taken to the hospital, where he died at 11:41. A fracture of the vertebrae was the cause of his death.

### Father of Sol Andresen.

Mr. Andresen was a resident of Missoula, and lived at 217 Blaine street. He is survived by a daughter, Solway, who graduated from the University in 1924, and a sister. He was 65 years old, and had been employed by the Interstate Lumber company for more than 18 years.

### ALCHEMISTS' CLUB WILL PICNIC SUNDAY

General plans for the Alchemists' club picnic to be held Sunday were discussed at a meeting of the group in Old Science hall yesterday afternoon. The members and their guests will meet in front of the hall Sunday morning at 10 o'clock, and will go from there in a large Forestry truck and several cars to Orr's park.

The general committee in charge of the picnic is composed of Donald Kvalnes and Maynard Torrence, Cal Beaman and Harry Boucher have charge of transportation. Dr. and Mrs. W. G. Bateman and Dr. and Mrs. J. W. Howard will be chaperones.

Prospective members of the Chemistry department are invited to attend as guests.

### EDNA MORRIS WILL MARRY JOHN CHADWELL JULY 21

Announcement was made yesterday of the engagement of Edna Morris, '24, of Missoula, to John Chadwell, of Chicago. The wedding will take place July 21.

Miss Morris, who received her degree in English, has been in Chicago for the past 10 months and returned to Missoula only recently. She is a member of the Delta Gamma sorority.

Mr. Chadwell, who is a practicing attorney in Chicago, was a member of the Montana Law school faculty for one year.

### "Whence and Whither in Higher Education" To Be Subject of Speech

Dr. Edward O. Sisson, R. S. B. A., Ph. D., will give the commencement address for the graduation exercises in the Men's gymnasium Monday, June 14. The exercises, according to Helen Newman, will start at 10 o'clock in the morning with the Processional March. The University Symphony orchestra, under the direction of A. H. Weisberg, will play the Grand March from "Aida." After the procession, "Montana, My Montana," will be sung. The Reverend T. W. Bennett of Missoula will give the Invocation. The University Choral Society, under the direction of DeLoss Smith, will sing two songs, "A Spring Song" by Pin-suit and "The Lost Chord" by Sullivan.

Was Former President.

Dr. Sisson will use as his subject for the commencement address, "Whence and Whither in Higher Education." Dr. Sisson served as president of this school from 1917 to 1921. His talk will be followed by a selection by the Symphony orchestra.

The prizes for achievements in the different departments will be presented to the different winners.

The conferring of the degrees will follow. Dr. C. H. Clapp will present the candidates and Chancellor Brannon of the Greater University will give the diplomas. The presentation will be followed by the hymn, "America," and the Benediction by Reverend C. M. Donaldson. The Recessional by the Symphony Orchestra will close the exercises.

## ASUM ALTERS SPORT MANAGERIAL SYSTEM

Automatic Succession to Take Place of Annual Appointments.

Managers for the four major sports, football, basketball, baseball and track, will be chosen by a new system in the future, according to a plan decided upon at a meeting of Central Board Tuesday night.

In the fall ASUM will call for petitions for Frosh managers and as many assistants as are needed for the various kinds of sports. These petitions will be received by Central Board, who will make recommendations to the Athletic board, and this body will render the final decisions. Then upon the termination of his office the Frosh manager will automatically succeed to Varsity manager of the sport which he has been handling during that year.

### Assistants Managers Next Year.

This year's assistant managers will be managers next year, and those who served as Frosh managers this year, will hold over next year, and the year following they will become Varsity managers.

This system has been put into effect in order to create more interest and to stimulate competition for the positions of sports managers. The plan will also serve in making the Varsity managers better fitted for their jobs by having had experience with Frosh squads. The system will take effect next fall.

### GIRLS SIGN UP FOR BIG SISTER POSTS

"One hundred thirty girls have accepted the privilege of being Big Sisters to the freshmen next fall," said Roxie Copenhaver, chairman of the Big Sister movement, at a meeting Wednesday in Main hall at 4:30 o'clock.

Although only half of this number were present at this time, the rest had been interviewed earlier. Dean Sedman explained the duties of the students, which consists of writing to the new girl during the summer and looking her up as soon as possible in the fall. As each student sends in her application to the dean's office for rooms, a big sister is appointed and both parties concerned are notified.

The system used at the University of Montana has proven very satisfactory and no improvements over last year were thought necessary.

### Your Help Is Wanted

STUDENTS are not responding as enthusiastically as was expected, in regard to the tag campaign that was launched on the campus last week to send Sweet and Gillette, two of the best Pacific Coast conference's track stars, to the National field and track meet in Chicago next week.

Tags will remain on sale today and possibly Monday if the required amount is not raised before then. It will be necessary to secure at least \$600 before Montana can attend the meet. Certainly the University wants these two men to go east, for they are the best possibilities that the west will have to offer, in a field of more than 300 collegiate stars from practically all of the larger schools in the United States.

Don't forget to buy a tag when a Bear Paw or Tanan approaches you, for every member of the student body should support this movement. It is the first Tag day the campus has had during the school year and its success, and the success of Montana at Chicago, will be determined by the way in which students respond to the call. Buy a tag now!

Military training is growing in the Universities and colleges all over the country. Each year sees a great deal of interest shown in military work in our schools. Montana has always been proud of her Grizzly battalion and her Grizzly band, and student interest and pride has increased until now the Grizzly unit has developed into a real military body.

The Military department of the University is anxious to have students who are completing their second year in the ROTC take the advanced course of training. Cadet commissions will be granted to those men who sign up for the advanced course. Not only that, but the government offers student officers compensation for their services. And then, upon their completion of the two year advanced course, commissions are given the men in the Officers' Reserve Corps of the United States.

This is well worth the consideration of every male member of the student body. Better training cannot be obtained anywhere. Experience in military science and tactics is of considerable value to every citizen of the country, and University students are especially lucky since that knowledge can be gained while attending school.

Anything is worth a trial, and generally speaking, University students are willing to give a proposition a chance. It seemed, however, that they were not even willing to do this when a vote was taken last week on the proposed student self-government plan. Perhaps they will be willing to accept it when they are tired of faculty proctoring.

The University of Wisconsin Men's Glee club won again this year the championship of the Midwest in the annual Intercollegiate Glee club contest held at Chicago last month. Might be a good idea to start something like this out west. No doubt Montana would place high if such an event was held in the Pacific coast region.

Due to the sharp advance in the cost of building materials and labor in Florida, the University of Florida fears that its building program will have to be temporarily curtailed. Too bad that the big boom had to affect the educational system of the state.

## Muscle Bound

He who sleeps feels not the toothache.—Shakespeare.

One by one the upper lip adornments gathered during the year are disappearing.

But no ed ever graduated from college without trying at some time or other to raise one.

They all say, however, that when they grow 'em, it's quite a strain when they eat soup.

And changing the subject, we called him "One-gear Charles" 'cause he was sorta shiftless.

Some of the frosh say they like ROTC because it feels so good when it stops.

A few more weeks and the world will be able to tell a senior from a human being.

Which makes us consider that around Commencement time you can't blame all the hot air on the weather, man.

Free Facts for Frosh  
Something a whole lot worse than a man without a country is a country without a man.

Who said the co-ed swimming meet was all wet?

That all-gone feeling—when the Kollum editor sez, "YOU do it this time."

So we did, but our foolish contemporaries weren't very funny this week.

## Superstition Attends Volcanic Eruptions

Letters from Bill Cogswell, former president of the student-body and editor of the Kaimin, who is now working with the Hawaiian Tourist Bureau at Honolulu, reveal some strange superstitions regarding the recent volcanic activities in the Islands.

The natives tell of having seen a mysterious old woman walking around an old lava flow, and sitting down near the road to rest. While she sat there, three Fords came along the road, and just as they drew opposite her, the engines of all three stopped dead. The Japanese drivers could not get their motors started again until they headed back in the direction from which they had come. The natives said that this was a sign—that the old woman was the goddess Pele, whose appearance was a sign that some volcanic activity was about to take place.

Later, another story came out to the effect that the goddess had been seen in a taro patch in another part of the island. This was a second sign. About a month after these appearances of the goddess, the lava began to flow. Every time there has been a period of volcanic activity, it has been preceded by other similar stories of the mysterious appearance of Pele.

Another strange story: It seems that during a lava flow on Hilo, an old Hawaiian's house was in the direct path of the lava. When people tried to get him to move he wouldn't budge, saying that Pele would never hurt a Hawaiian. The lava came to within fifty yards of the back door of the house, then branched off into two streams, went around the shack, and then joined again. This story has been verified by prominent business men of Hilo.

The natives are full of such stories, and they believe in them absolutely. They furnish a great deal of amusement when the volcanoes begin to cut up, and the natives have great times with their warnings and predictions and ceremonials.

## JOURNALISM GROUPS HONOR DEAN STONE

More than 30 people attended the joint banquet of Theta Sigma Phi and Sigma Delta Chi, national honorary journalism fraternities for women and men, which was held at the Blue Parrot Wednesday evening, in honor of Dean Stone.

Robert L. Housman was toastmaster for the evening. Guests who responded to toasts were: Walter Christiansen of the New Northwest; Eck Mosby and French T. Ferguson of the Missoulian. Hulda Miller spoke on behalf of Theta Sigma Phi and Wilfred Fehlbauer for Sigma Delta Chi. Ben Quessel presented the Dean with a billfold and a key-ring, gifts from the seniors of the two organizations. A committee to organize a Dean Stone club among alumni of the School of Journalism was appointed from both organizations. Dean Stone was called upon for the closing talk of the banquet.

## Do You Know

THAT

Way back in the hazy distance of 1920, four Montana track men left the campus in a trip to Seattle for the relay carnival which was to be held there with schools from all of the northwest states in competition. Hopes for a Montana victory were slight. The coast teams were for the most part stronger. Other schools had more men to pick from.

Shortly before the trip Toole, one of the mainstays of the team, strained a ligament. To add to the run of hard luck, the weather had been all against Montana, a run of cold had kept the team from making the best possible time. However, reports were that Seattle was in the best run of

warmth to visit the city in some time. The team left with Sterling Adams and Sullivan. Romney, a man who had shown considerable promise in the interscholastics, was taken along in the place of Toole.

Saturday, April 25, came around to find the various teams eager for the contest. O. A. C., Idaho, Washington and the rest were lined up on Denny field waiting for the starter's gun. At last the start! Four hundred yards in 40 2-5 seconds later

Adams of Montana flashed across the tape, winner.

In the Seattle Times of that date we find, "The time of 40.4 seconds made by the Montana team—establishes a world's record for the 400-yard relay, since it is the first time in history that this event has been made one of the official races of a meet."

George Keil, '29, is ill at St. Patrick's hospital with the grippe.

## Straight Stuff

Nowadays a shoe has to make good on three counts. It must be ace high in looks—a bear for comfort—and the price has got to go easy on a fellow's pocketbook. Been searching for such a shoe? You won't find many—but of the few which fill the bill, Florsheims lead the list. Get yourself a pair and learn why they're so everlastingly popular.

## A SUCKER

College Professor Proves to Be Good Bait

He had never fished before, but then college professors have little desire to abandon themselves to that lust that drives men to the most distant lakes and rivers. He wouldn't have touched a pole on this occasion, only a sportsman whom he had been observing had very kindly urged him to try. So he rather reluctantly waded into the river and began casting wildly at every ripple he saw, and in a short while amateur luck weighed the end of his rod. No heart could have beat with such proud violence, and he began voicing cries that drove the birds to flight and the rodents into their holes.

"Good," exclaimed the sportsman. "By the way, have you a license?" and he whipped his coat back and exposed the official badge.

That evening a worried face hung over a lone fish on a large platter. "Ah! I'm a sucker," he sighed. "So's the fish," said the unsympathetic wife and she threw it to the cat.

## NORTH HALL GIRLS GIVE DEPARTING GIFT

"The Home of the Heron," a landscape painting by George Inness, was presented to North hall by the residents.

dents of the class of '29 at a formal birthday dinner Wednesday evening. Billie Kester, president of the hall, made the presentation and Edith Tash, assistant house director and senior at the hall, accepted it. It has become a custom for the freshman girls living at the dormitory to leave some parting token of appreciation with the hall each spring. Last year the gift was a victrola.

More Than 40 Attend.  
More than 40 girls who have had birthdays since January 1, were seated at a long table in the center of the attractively decorated dining room and four smaller tables were occupied by the remainder of the girls and Dean Harriett Sedman and Mrs. Theodore Brantley. Althea Castle presided as toastmistress for the occasion and called upon Gertrude Warde, Margaret Yeeder, Ruth Rae and Mary Lynn Corby for toasts and Winifred Matthews for a song.

The dinner consisted of four courses. Two large birthday cakes, containing the usual novelties, were features of the affair.

## AGNES GETTY WINS M'LEOD RIFLE CUP

Changes in the constitution, regulations and the addition of an Eligibility System, were accepted at the AWS convocation Wednesday afternoon in Main hall.

The McLeod Rifle cup was awarded to Agnes Getty of Missoula as the winner in a special match. Individual cups were presented from AWS to the girls receiving the highest scores in the final shoot. In order of points they were: Kathleen O'Donnell, Pearl Leonard, Agnes Getty, Anna Pederson and Adelaide Platt.

Marcia Patterson gave a report of the various business sessions at the AWS conference at Los Angeles. Helen Chaffin informed the meeting of the social side of the trip.

Our wishes to our guests be these—  
Warm welcome and a lunch to please.

Into the making of this one cigarette goes all of the ability of the world's largest organization of expert tobacco men. Nothing is too good for Camels. The choicest Turkish and Domestic tobaccos. The most skillful blending. The most scientific package. No other cigarette made is like Camels. No better cigarette can be made. Camels are the overwhelming choice of experienced smokers.

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price.

Ruby James, '26, has returned to Missoula. She has been teaching in Superior.

## Economy the Basis of Prosperity

Economy has been preached as a cardinal virtue to every succeeding generation. Back in the Stone Age a hoary ancestor walked miles to a cave dweller who bartered some coveted article for one skin instead of the two demanded by the neighbor tradesman.

Economy is a principle held in common by the people of all nations.

Economy is the paramount principle of our merchandising throughout our chain of hundreds of Stores and has been during the many years of our service to the public.

Every purchase in our Stores involves a saving to the purchaser.

## DE MOLAY CHAPTERS WILL HOLD PICNIC

Hamilton, Stevensville, Polson, Kalispell, and Missoula to Be Represented

Members of the DeMolay chapters from Hamilton, Stevensville, Polson, Kalispell and Missoula will hold a picnic Saturday, June 5, on Melita island in the Flathead lake. More than 200 are expected to attend.

The DeMolays and their guests will leave Missoula in cars for Polson Saturday morning at 8 o'clock from the Masonic Temple. Dr. and Mrs. Craddock, Mrs. Harry Rawn and Mrs. Grover C. Johnson, all of Missoula, will accompany the party, as well as parents and Masons from the other towns represented at the picnic.

**Booth in Charge**  
Edwin Booth is in charge of the picnic and any DeMolay on the campus who wishes to attend must see him about transportation.

Games and contests, a short business meeting and eats have been arranged for the program on the island, while there will be dancing on the barge on the return trip to Polson.

It is planned now to make this an annual affair, thereby bringing the members of the various chapters in western Montana into closer association.

Melita chapter of Missoula will entertain the members of the Hamilton and Stevensville chapters at a breakfast Saturday morning at the YWCA before the trip to Polson.

## Students in Spanish Use Foreign Tongue in Two Part Comedy

Amusing situations resulting from a young student's indebtedness to a deaf money lender, formed the nucleus of the plot for "Zaraguetta," two-part Spanish comedy presented in the Main hall auditorium Wednesday evening. A well-balanced cast, whose actions and expressions were admirably suited to the Spanish words, enabled members of the audience to closely follow the trend of the play.

Language plays have been ever increasingly used in the United States to project the languages of other countries before the students and people interested. It is an excellent method for "vitalizing" language, making it live for the student—and it has been found that the reading ability of those who take part in the experience is very much improved by the play. For this purpose, Zaraguetta was a success from every angle. Too much credit cannot be given the students who took part considering the play demanded dramatic ability and fluent speaking of Spanish.

Jess Lee Hall played a violin selection preceding the play. During intermission, Miss Helen Terry, Spanish instructor, and Elsie Eminger danced "La Jota Aragonesa," and Fred Ironsides sang "Ay, Ay, Ay," accompanied by Maurice Driscoll on the piano. Mary Shope played "La Paloma" on the violin. All pieces were in keeping with the Spanish program. B. E. Thomas, assistant professor of foreign languages, coached the play.

Those who took part in the play were: Elsie Eminger, W. J. McCormick, Myrtle Dunks, Olga Bakkeby, Eva Hewitt, Jane Holmes, Alois Himsi, Don Blakeslee, Ed Simoni, Thomas Johnson.

## NOTICES

Lost—A Kester volume 1 Accounting book, and green note book. Left on steps of Marcus Cook hall. Finder please return to Telephone booth.

Newman club members will hold their regular monthly breakfast and meeting in St. Anthony's parish hall Sunday morning after the 9 o'clock mass. All Catholic students are urged to be present for the last meeting of the year.

Ted Hodges, President.

Quadrans, senior women's organization, will meet in the auditorium of the Natural Science building Tuesday afternoon at 4 o'clock. All Junior women are cordially invited to attend. An election of officers will be held, and Phi Beta and Sigma Kappa will entertain.

Final examinations for the men and women's glee clubs will be held in the form of a rehearsal of the club program for Baccalaureate and Commencement exercises, in DeLoss Smith's studio in Main hall next Tuesday night at 7:15. Those not appearing for the examination will receive flunks in the examination and in the course.

Sigma Delta Chi are requested to arrange schedules so as to be able to attend the final meeting next Thursday evening.

**WILFRED FEHLHABER,**  
President.

All student health bills—doctor, hospital and drug bills—must be turned in at the health service not

later than Tuesday, June 8. No bills will be accepted which are not itemized and receipted.

Mrs. A. F. LeClaire,  
University Nurse.

International club and Student Volunteer group will hold a joint picnic this afternoon in Greenough park. All members are asked to assemble at the home of William L. Young at 5 o'clock.

## You Can Be a Better Cook than Mother

**Westinghouse**  
"The Range with the Clock"

Mother was a good cook. Her way of satisfying ravenous appetites was remarkable. How much easier she would have found the task if there had been electric ranges in her day. Mother never had your

chance. With a Westinghouse Automatic Electric Range you can cook and bake deliciously—with less time, less work, less help. Will you let us prove our statement? No obligation.

**Missoula Public Service Co.**

## Electricity levels the Mountains

In Mexico, romantic land of pretty señoritas and languorous minstrelsy, practical American engineers have harnessed streams so that mountains may be leveled.

The winding thirty-mile Maltrata incline on the road from Vera Cruz to Mexico City is now electrified. Ten electric locomotives replace twenty-three steam engines. The electric haul twice the tonnage of the steam locomotives—and in half the time, with obvious benefits to traveler, rail-roader, and shipper.

Yet Maltrata is but an example of electrical progress. For electricity is conquering the grades of railroads and of industry alike, the world over.

Impressive, no doubt, but still modest when compared with the possibilities of electricity in years to come. And it remains for college-trained men, with trained capacity for initiative and leadership, to become ambassadors for further electrical conquests in foreign lands.

The General Electric Company required but eighteen months to electrify Maltrata incline—locomotives, power plant, transmission equipment complete. Engineering skill, backed by vast manufacturing facilities, has enabled G-E to serve humanity in many ways.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.

GENERAL ELECTRIC COMPANY, SCHENECTADY, NEW YORK

# BROWN PITCHES MONTANA TO SECOND WIN OVER BOBCATS

## Short Game Reveals Best Work Grizzlies Have Done This Year

Once more those Bobcats fought gamely and lost. This time 4-3 with Milton Brown hogging the limelight by whiffing 11 Montana starters, fielding five chances flawlessly and scoring the winning counter with his long sacrifice to center.

A Mr. Babcock aided the Grizzly

cause nobly when he strolled seven, but he certainly was stingy with his offerings, Doc Schreiber's gang being able to collect only four safeties. Danta Hanson got the lone extra-base clout, a double, for the Grizzlies. The boys from Bozeman nicked Brownie for only one long hit, too, but that was a four-bagger by our basketball friend, old eagle-eyed Hartwig.

### Brown Pitches Great Game.

The Grizzly chucker displayed some of his city league work in the eighth when, with the score 4-3, and a man

on third and second, he fanned the hard-swinging McGuinn. Although Brown's support was the best accorded this year, he went right to work in the pinches and clamped down the lid.

The battle was easily the classiest seen here this season, both sides fielding nicely. Berg and Morrow made opportune grabs in the garden on none too easy chances. Drew did a nice job of backstopping in place of Kelly, who was out with a split nail, while his mates stole the shoes and cap off Cranston, Bobcat catcher.

### Game Called in Eighth

The game was called before the Grizzlies got their turn at bat in the eighth so that the visitors could catch a train. The next two-game series will be played Monday and Tuesday of next week at Livingston and Bozeman.

Here's the rest of the tale:

Bobcats—	A.B.R.H.P.O.A.E.

## SORORITY BASEBALL WILL END TONIGHT

Phi Beta and Alpha Xi Delta to Play for Intersorority Championship

Phi Beta will play Alpha Xi Delta for the championship in the women's intersorority baseball series, according to the outcome of the games played Tuesday and Thursday evenings. On Tuesday evening Phi Beta defeated Kappa Kappa Gamma by a score of 21 to 23. Stella Skulason umpired, and Kappa Alpha Theta won from Alpha Phi 40 to 20, Helen Groff umpiring. Thursday evening Phi Beta won from Kappa Alpha Theta by a

## SPORTY-VENTS

Heroes of the Bobcat-Grizzly series—Obbie Berg and Milt Brown. These boys came through at the opportune times. Berg got the hit you read about in the eighth when the sacks were plugged and Brown mowed 'em down when mowing was necessary.

The football men met in the gym last night and received some of Major Milburn's gridiron instructions and an inkling of the new mentor's style of coaching. About the plays the boys say, "They certainly look hot from the way they are mapped out." Summer addresses of the men were taken at the gathering.

Practically the entire Copper, Silver and Gold ball club finishes its collegiate competition this spring. Captain Cammie Meagher, Jimmy O'Connor, Danta Hanson, Scorp Anderson, Bus Tarbox, Chief Ilman and Obbie Berg will not be with us next season. Several of the boys will take stabs at playing ball this summer with teams in the Treasure State and Canada, but none knows just where he will locate.

Here are the 1925 and 1926 baseball records of the Grizzlies:

1925	1926
Gonzaga, 6; Montana, 0.	Idaho, 11, 7; Montana, 2, 4.
Washington, 1; Montana, 0.	W.S.C., 12, 16; Montana, 3, 5.
W.S.C., 2; Montana, 1.	Idaho, 3, 7; Montana, 1, 3.
Idaho, 1; Montana, 3.	Whitman, 2, 2; Montana, 7, 8.
Gonzaga, 9; Montana, 6.	Gonzaga, 16, 12; Montana, 7, 16.
Whitman, 4; Montana, 9.	W.S.C., 7, 10; Montana, 4, 6.
Washington, 7; Montana, 0.	M.S.C., 6, 3; Montana, 9, 4.
W.S.C., 3; Montana, 4.	
Whitman, 1; Montana, 4.	
Gonzaga, 11; Montana, 5.	
W.S.C., 13; Montana, 9.	

Today Washington State and Washington begin a three-game series at Seattle to decide the winner of the Pacific Coast conference flag. The Cougars earned the right to play the Huskies by triumphing over the Vandals 19-8 and 17-8 in the eastern division play-off series.

Final standings in the two circuits of the conference were:	Eastern Division	Won	Lost	Pct	Western Division	Won	Lost	Pct
	Washington State	6	2	.750	Washington	8	2	.800
	Idaho	6	2	.750	Oregon	3	3	.500
	Montana	0	8	.000	O.A.C.	2	6	.250

Just one state track record is outside the Grizzly camp. That is in the high jump which is held by Cates of Montana state college. His mark of 6 feet 1-10 of an inch appears good enough to stand for some time.

There is a complete resume of the 1926 track season and a list of the present state records elsewhere in this issue.

Have you bought your tag? It's not a duty to buy one, but a privilege to show your appreciation and respect for the marvellous efforts of these history-making performers.

score of 17 to 10. Margaret Sterling umpired. Alpha Xi Delta drew the bye in the second drawing, which was held Monday, and will play for the championship this afternoon.

Jack Crutchfield has been the baseball manager this year.

Under the direction of the Physical Education department, class baseball teams are being organized, and the first games will be played next Tuesday. Drawings for the schedule will be made before that time. Helen Hammerstrom is manager of the senior class team. Ann Stephenson is captain of the junior team, Thelma Bourret, captain of the sophomore team, and Harriet Johnston captain of the freshman team.

Romeo Lazahn, University of Washington football star, was a guest of Bill Kelly at the Phi Sigma Kappa house Wednesday and Thursday. He left last night for Rochester, Minn.

Adeline Platt was released from the Craig hall sick room Wednesday, after having been confined there since Saturday.

## GETTY HIGH SCORER IN SWIMMING MEET

Peterson Second; Skulason Third; Seniors Win Relay in Co-ed Water Meet

Agnes Getty won individual honors with 22 points in the women's swimming meet held at the gymnasium Thursday afternoon at 4 o'clock. Betty Peterson, with 20 points, won second high honors, and Stella Skulason, with 15 points, won third.

The events and winners are as follows:

Any stroke, one length pool—Betty Peterson, first; Stella Skulason, second; Agnes Getty, third.

Australian crawl, beginners—Gladys Stipek, first; Lydia Maury, second; Margery Richardson, third.

Breast stroke—Getty, first; Sterling, second; L. Maury, third.

Plunge for distance—J. Lentz, first, 45 feet; M. Sterling, second, 41½ feet; S. Skulason, third, 37 feet.

Advanced backstroke, any kind—F. Nash, first; A. Getty, second; S. Skulason, third.

Beginners' backstroke—V. Daily, first; G. Stipek, second; G. Kelly, third.

Advanced underarm side stroke—E. Veach, first; G. Clay, second; F. Nash, third.

Advanced crawl—Peterson, first; S. Skulason, second; E. Veach, third.

Underwater swim—A. Getty, 132 feet, first; M. Sterling, 129 feet, second; J. Lentz, 67 feet, third.

Overarm stroke—R. Peterson, first; S. Skulason, second; F. Nash, third.

Race, two lengths, any stroke—Betty Peterson, first; A. Getty, second; S. Skulason, third.

Dives—A. Getty, first; S. Skulason, second; K. O'Donnell, third.

The senior relay team, consisting of Agnes Getty, who swam two lengths, Gertrude Lemire and Charlotte Trener, won first; the junior team, Betty Peterson, Margaret Sterling, Kathleen O'Donnell and Stella Skulason, second; and the freshman team, Katherine Spence, Alice Mapes, Frances Nash and Lydia Maury, third. There was no sophomore team.

Maureen Desmond was manager of the meet, Pat Sugrue, announcer, Ted Ilman, Milton Ritter, Heman Stark, Russell Sweet, and Dr. Schreiber were judges; Harry Adams, starter; clerk of course, William Kelly.

Those winning points were: Agnes Getty, 22; Betty Peterson, 20; Stella Skulason, 15; Margaret Sterling, 9; Frances Nash, 7; Gladys Stipek, 7; Elizabeth Veach, 6; Isabel Lentz, 6; Virginia Daily, 5; Lydia Maury, 4; Genevieve Clay, 3; Kathleen O'Donnell, 1; and Georgia Kelly, 1.

Eileen Barrows was the guest of Kinga Gayeski for dinner at North hall Thursday.

Gertrude Herrick, 29 of Glendive, is a patient in the North hall sick room.

Audrey Sammel returned to North hall Tuesday from Butte, where she had been visiting friends.

Harold M. Keele, debate coach, will enter the Chicago office of the United States Attorney General in June.

Iver Twilke, member of the Bobcat baseball team, was a dinner guest at the Sigma Alpha house Tuesday night.

Madalene Turck of Moore, Montana, a former student of the University, is visiting here this week. She has been teaching in Hurmiston, Oregon.

Marcia Patterson, during commencement. She is a guest at the Alpha Phi house. Gertrude Zerr, former University student, is in Missoula this week. Florida, is visiting her daughter, She has been teaching out of town.
