VOLUME XXVI. NUMBER 7.

# FIRST ASUM CONVOCATION SET FOR TUESDAY

## Five Hundred Sign for Butte Trip

### STUDENTS SHOULD SIGN UP FOR TICKETS BEFORE GAME

#### Mining City Prepares for Enthusiastic Crowds of Students

Tickets for the Grizzly-Bobcat game, to be held in Butte October 23, are here. A total of 877 tickets were sent, 350 for townspeople and the rest for the students.

Contrary to first reports, the students who go to the game will have to exchange their tickets in the ASUM book for tickets held by the business manager. The exchange cannot be made until after the Northern Pacific special leaves, on which train the exchange can be made. Later, in Butte, those who have not exchanged will have to do so at the gate. Mike Thomas, business manager, asks that all who intend to make the trip sign up in the ASUM offices at once, so that the number of tickets necessary for the students can be found. As every ticket is accounted for in the final financial statement, it is imperative that all who intend to go sign up. Students cannot make reservations in Missoula.

**Townspeople Get Tickets**  
Townspeople can get tickets now at Kelly's, the Smoke House or the ASUM business offices. The price of the tickets is \$2.00, all reserved seats. The best seats on Clark field have been set aside for the visitors from both schools.

Complete plans for the program in Butte are not yet completed, but will be ready for explanation at the student convocation next Tuesday. A rally through the streets of Butte is to be featured. All students who are going to the game will get all instructions in regard to the rally at this convocation.

**Butte Chamber Working**  
The Chamber of Commerce of Butte reports that plans are taking shape, assuring a successful game, both from financial and entertainment standpoints. They say that the city of Butte is making ready for a horde of wild college students, and that they expect a lot of pep and enthusiasm from the visitors.

The round trip fare is \$4.32, usable from October 22 to October 25 for return. The Northern Pacific special leaves Saturday morning and arrives in plenty of time for the rally before the game.

#### Geology Laboratory Receives Fixtures

New laboratory tables and a stereoscopic slide case constitute the new fixtures which have been placed in the Geology department during the summer months.

Dr. J. P. Rowe, in explaining the new slide case, said that it is undoubtedly the best on the market. The case is finished in oak with steel reinforced corners. On the interior it has steel slides in which the stereoscopic slides are to be placed. The alphabetic and numerical listing, both added features in slide cases, will make obtaining a special slide a matter of great ease and quickness.

The new laboratory tables, which were made in the University carpenter shop, are designed for convenience. Each student will have an assigned desk and will find that all the materials that are needed are at hand. A set of drawers, on the students right, will contain all of the rocks, minerals and fossils in the sequence of their intended study.

#### Chemistry Students Making Good

Word has been received by the Chemistry department stating that Cal Beeman and Harry Boucher, graduates of the School of Chemistry last spring, are employed in the general chemical laboratory at Akron, Ohio. The manager of the company writes that the boys are both doing satisfactory work.

#### Senior Class Given Last Opportunity to Take Pictures

Alathia Castle and Sam Giluly have been placed in charge of the mixed organizations section of the Sentinel, according to Bob MacKenzie, editor-in-chief.

This is absolutely the last day on which seniors can sign up for an hour in which to have their pictures taken, MacKenzie stated this morning. "So far, only 118 seniors have made their appointments, and the rest of the class must snap into it at once," said MacKenzie. No sittings will be taken tomorrow, so Sunday is the last day allowed for the last year students to be snapped.

Sororities and fraternities must see Jack Ryan today to make an appointment for their group. All members of the social organizations, except seniors who have been photographed, must appear at the Dorian studio at the same time, although the pictures are to be taken individually. These pictures will be taken first on Monday.

#### WAA CONSIDERS SCORING REVISION

Members of WAA and girls of the University attended a meeting held Wednesday afternoon in Main hall auditorium to discuss a new honor system, by which girls may win points for an "M" sweater without making a team.

Miss Bigelow explained this new system. A girl not making a swimming team may win points by swimming five different strokes perfectly, and by making several different perfect dives. A similar arrangement has been made in all of the other sports. Under the new system it is hoped to do away largely with individual honors and to make class rivalry keener.

A discussion was also held on higher honors to be earned after a girl has won an "M" sweater.

Managers of sports are as follows: Swimming, Betty Peterson; Basketball, Elsie Brown; Tennis, Stella Skulason; Track, Margaret Sterling; Hiking, Annabelle Desmond; Riffery, Anne Stephenson.

Everyone was reminded and urged to attend the Hobo hike next Sunday afternoon.

#### Club Members Discuss Chinese Difficulties

"Social Problems in China" was the subject of discussion at the Student Fellowship meeting last Monday night.

Mr. Gilbert Lovall, for 15 years a resident of the province of Hanan, China, was guest of the club for the evening and told of the educational, political and religious aspects of the country and means of bettering the conditions.

About 20 students attended, with Miss Leona Baumgartner and Mr. Lovall guests. Refreshments were served at the close of the meeting.

#### SOPHS ELECT OFFICERS; HUGHES IS PRESIDENT

Charles Hughes of Miles City was elected president of the Sophomore class at a class meeting held in the Natural Science hall Tuesday afternoon.

Other officers of the class are: Vice-president, Alice Mapes, Helena; secretary, Ann Ferring, Missoula; treasurer, Thomas Angland; representative to the Central board, Carl Blair, Billings.

#### STATE HIGH SCHOOLS ASK AID IN DEBATE

More New Books Are Added to University Library This Week

There have been requests for periodicals and pamphlets for debate work from six high schools thus far this year, according to Miss Buckhous, librarian. These requests have all been from small high schools who have not sufficient material in their own libraries, and who are benefited greatly by the use of the University debate material. The Child Labor Amendment is the question which the state high schools will debate this year.

More new books, numbering 51, have been received by the University library this week. These books cover a diversified range of subjects, including Home Economics, History and Mathematics. Three volumes on "The New Knowledge of Nutrition," by E. V. McCollum, Ph. D., Sc. D., have been received. Some books that are especially interesting are: "The World Court," by Antonio S. de Bustamante which, incidentally, is the first authoritative and intimate story of the World Court to appear; a book on "Calvin Coolidge, the Man Who Is President," by William Allen White; and "The Ancient History of the Near East," by H. R. Hull. Many new plays and essays were also in the shipment.

#### Co-ed Prom Manager Appoints Committees

Florence Marigold, manager of the Co-ed Prom, has appointed the following committees to work with her: Decoration—Nan Walsh, chairman, Peggy Veeder, Bill Kester; refreshments—Blanche Peters, chairman, Jack Crutchfield, Francis McGrath, Kathleen Hainline; music—Elsie Gusdanovich, chairman, Elsie Brown, Francis Elge.

Chairmen of the various committees will meet with Miss Marigold next Monday afternoon in the rest room in Main hall at 4 o'clock. Plans for the Prom, which will be held in the men's gymnasium October 30, will be completed at that time.

The Co-ed Prom is an annual event on the campus, and is a get-together for Montana co-eds. The girls attend in costume, and a program of stunts, put on by each sorority, North hall and Craig hall, is a feature of the evening. A prize is awarded to the group putting on the best stunt.

#### UNIVERSITY WOMEN FORM ORGANIZATION TO PRESENT VARIOUS DANCE PROGRAMS

Eight University women have formed an organization for the presentation of programs consisting of natural interpretative and pantomimic dances.

The charter members are Elsie Brown, Maureen Desmond, Elizabeth Ann Irwin, Alice Lease, Ruth Rae, Dorothy Norton, Mary Jo Dixon and Kathleen O'Donnell. Miss Mary Laux, head of the Physical Education department, is the sponsor. Officers and the name of the club have not yet been chosen.

The group will put on several programs during the year. The first will be given this quarter for the benefit of the Little Theater.

#### PRESIDENT AND DEANS GO TO EXECUTIVE MEET

President C. H. Clapp, Dean R. H. Jesse and Dean Leapheart left last night for Helena, where they will attend a meeting of the Executive Council of the Greater University of Montana.

Following the meeting, President Clapp will go to Eugene, Oregon, to assist in the inauguration of Dr. Arnold Bennett Hall as the new president of the University of Oregon. He will then return to Montana, stopping at Great Falls and then Butte to attend the Aggie-University game.

#### YELL KING WILL HAVE ASSISTANTS

#### FRESHMAN FOOTBALL MANAGER RESIGNS

Central Board Will Underwrite the Equipment Expenses of Little Theater.

On the recommendation of a special committee, Central board voted to enlarge the traditions committee to about 15 members. The main purpose was to help the yell king arrange SOS programs, help on rallies, and assist in student convocations. It is planned to assign other duties of this nature when the need is felt.

The members of the committee are Spot Sanford, chairman, Larry Sweetman, Jake Miller, Art Burns, Fred Ironsides, Steiner Larson, Andy Cogswell, Bob Worden, Annabelle Desmond, Henry Miller, Eloise Vinal, Margaret Maddock, Bus Graham, Eddie Reeder and Burr Smith, ex-officio.

On petition from Carl Glick, the board will underwrite the equipment expenses for the Little Theater, to be later reimbursed from proceeds of plays to be given during the year.

Because of the resignation of Otto Bessey as Frosh football manager, the athletic board has recommended that Henry McFarland and Tom Angland, present assistant Varsity managers, be eligible for Varsity manager next year, and that for the rest of the season, McFarland will act as assistant Varsity manager and Angland will be Frosh manager. These positions will in no way affect the selection of Varsity manager next year. The selection will be made on a basis of merit and ability.

#### Forest Fire Film Will Be Shown by Forestry Club

Films showing the disastrous fires of 1923 and other scenes enacted in the life of a forester, will be shown at the meetings of the Forestry club this winter. Room 206 of the Forestry building will be used to project the films.

These films have been obtained through the United States Department of Agriculture, and a machine will be secured from the Forest Service, as the School of Forestry does not possess a projection machine.

Five or six films will be shown, according to plans, the first showing to take place about November 1. Two of the films give an intimate understanding of the serious forest fires that occurred in Idaho during the summer, and reveal their great risks and problems. The rest of the pictures will be of a general nature.

The public will be invited to attend those meetings of the Forestry club at which the pictures will be shown.

#### FAICK WILL TEACH AT SMITH COLLEGE

Helen Faick of Missoula, a junior at the University in 1923, has been chosen as an art instructor on the faculty of Smith college, according to a letter received by Dean Sedman, who expressed her pleasure on learning of Miss Faick's success.

During her course at the University, Miss Faick was a member of Delta Phi Delta, national art fraternity, and of Penetralia. She was on the Sentinel staff and took an active part in AWS affairs, being in charge of the decorations for the Co-ed Formal during her sophomore year. She is a member of Alpha Chi Omega sorority. After leaving Montana she attended Radcliffe college, where she graduated last June.

#### HOME EC STUDENTS WILL SEW CURTAINS

Little Theater Draperies to Match Decorations, States Glick

Members of the Home Economics club have volunteered to make the window curtains for the Little Theater, according to Miss Ann Platt, acting head of the department. The curtains will reach from the top windows to the bottom in a long panel effect. They will be of a mulberry shade to harmonize with the stage curtain, which is to be placed soon.

All work on the curtains will be done by the older club members. Materials for the curtains have been obtained and work will start sometime the latter part of this week or the first part of next week. According to the theater director, the main drop is to be placed sometime in the near future. It will be of a deep mulberry shade.

The lights for the building have not arrived up to this time, but they are expected within a few days.

#### Staff to Be Picked

Tryouts for the places on the producing staff of the theater will be held tomorrow morning at 9 o'clock in the theater. Men and women both are eligible for these positions. They include electrician's assistant, carpenter's assistant, stage manager's assistant, costume manager, property man and assistant and general workers. All University students not now connected with the staff are requested to appear for these tryouts.

Considerable progress has been made on the fall play. The first act is well on the way toward completion. According to present plans, the play will be given on November 11.

#### Schenck to Conduct Lumberjack Lectures

Dr. C. A. Schenck, noted German forester, has accepted an invitation to again conduct some lecture courses in the University Forestry school during the winter quarter. Dr. Schenck was on the Forestry school faculty last year.

Since leaving the State University last spring, he has been studying forestry problems in Europe, during the summer doing research work in most of the countries from Italy to Finland. He will arrive in Missoula January 4, coming direct from Europe, stopping in the east only for a few lectures at Yale and Syracuse.

Dr. Schenck is probably better acquainted with inter-relationships and advancements in the lumber industry and its related forestry, on both sides of the Atlantic, than any other forestry expert.

#### NOVICE MILITARY MEN GET RANGE INSTRUCTION

Instruction in the preliminary steps of firing is being continued for the benefit of the ROTC Rifle team, according to Lieut. H. J. LaCroix, in charge. This instruction will last until the last of the month, when firing will be taken up. At that time, when the team is practically ready to meet opponents, some challenges will be sent out to other teams.

There are 32 men out for the team this year, and it is expected that more will turn out soon. Those who intend to do so should report to Lieut. LaCroix at once, however, as the instruction which is now being given is of basic importance.

#### COLORADO UNIVERSITY INVITES SMITH TO TEACH

Professor F. O. Smith, of the Psychology department, has recently received a letter from Milo G. Derham, director of the summer session at the University of Colorado, stating that Mr. Smith is invited to teach there during the next two terms of summer school to be held at Boulder during the coming summer.

Professor Smith has accepted the offer. He has conducted classes in various branches of psychology at the University of Colorado for two summers.

## CLAPP WILL EXCUSE CLASSES; SNAPPY PROGRAM PROMISED

#### Pharmacy Students' Sweetmeat Stand Proves Popularity

Local members of Kappa Epsilon, national pharmacy fraternity for women, are conducting a candy stand in the old Science hall again this year. Their stock includes all of the popular 5 and 10 cent bars, and has thus far proven very popular with students in the Pharmacy and Chemistry schools.

Due to the small number of girls registered for pharmacy work, it has been necessary to raise money on the side to help defray expenses of a delegate to the national convention of Kappa Epsilon held each year. All profits from the candy sales help toward this end. The chapter here has twelve active members.

Last spring Miss Florence Melchior and Miss Ollie Koss, now Mrs. Donald Owsley of Anaconda, represented the local chapter at the national meeting held at the University of Minnesota. The next national meeting will be held in May at the University of Wisconsin.

#### CRACK ROTC SQUAD TO PERFECT DRILLS

#### Cadets to Do Intensive Training For Exhibition Work

"Training for a crack squad at the University is being held every day now," says Captain Caulkins, of the ROTC department. At a meeting held Wednesday evening for the purpose of seeing how many men would be interested in forming such a unit, 18 men turned out, and these are now training in two sections, one at 1 o'clock and another at 4 o'clock daily.

The idea of the crack squad is to have a military unit capable of going through all the maneuvers of the squad in a perfect manner, so that exhibitions can be made when the occasion offers. More men are expected to report within a few days. At present, mostly advanced course students are in the proposed squad; sophomores and freshmen are encouraged to come out.

The members of section I of the training group consists at present of Bob Alling, Booth, Lennes, W. C. Orr, G. K. Larsen, G. M. Lewis, S. F. Giluly, Torrence and P. J. Marks. Section II contains the following men: Rhude, Frank Alling, Tom Herring, M. L. Ridstrup and W. C. Reiner.

#### Glee Club Members to Present Program

In two weeks the Varsity Glee club will make its first appearance, when the faculty mixer is held in North hall on October 26, according to De Loss Smith, director. Rehearsals are being held twice a week in preparation for this occasion, although a rather short program is to be presented then.

This year's club works together very harmoniously, Mr. Smith states, and it is expected that by the time the club takes its trip next spring, it will be one of the best ever produced by the University.

About 30 men are reporting at the freshman Glee club rehearsals. They meet every Monday at 7:30, and it is Professor Smith's plan to try them all out, a few at a time, with the Varsity club. It is possible that a few men may be moved to the upper-classman organization. Programs will be given by the freshman group later in the quarter, when they have had more time to work together.

#### Guthrie Opens Store

Robert Guthrie has opened the South hall store and is selling candy, chewing gum, peanuts and cigarettes in the clubroom in the east basement.

#### Final Plans for Butte Trip to Be Made; Music and Rally Will Feature

Next Tuesday, at 2 o'clock, a student convocation will be held in the auditorium in Main hall. This is to be exclusively a convocation, sponsored by the students, and will be of a musical nature, as well as a pep meeting for the Grizzly-Bobcat game at Butte the following Saturday. The president has given authority to excuse classes at this hour.

This is the first of what is hoped to be a quarterly custom, at least. On the turnout and enthusiasm of the students depends the continuance of student convocations. If the result of this convocation is satisfactory, the president may extend the student body the privilege of at least one convocation a quarter, and perhaps two. Burr Smith, president of ASUM, asks everyone to get behind this initial effort and make it a success. A spirited program has been arranged and offers the students something different in convocations.

#### A Real Pep Meeting

The meeting will be opened by songs led by De Loss Smith, followed by yells led by the yell king. Coach Stewart will then introduce each member of the Grizzly football squad, and Coach Milburn, who will make a short talk. Harry Adams will say a few words and will introduce Lieut. Hinton, who has been assisting the coaches. These introductions will be followed by more yells and songs.

A pep orchestra, composed of Oliver Malm, Fred Ironsides, Buck Stowe and the Hunt brothers, will play a few snappy numbers, following which Washington J. McCormick will address the students on passed Aggie games. Professor Atkinson will then speak to the students, followed by final yells and songs. Burr Smith will complete the program by explaining everything about the Butte trip and the Grizzly-Bobcat game.

The committee in charge of the convocation promises something spicy, something attractive. They ask that the students get behind this and put it across. As a final explanation of plans for Butte will be given, it is practically necessary that all who intend to go to Butte be there.

The committee is very anxious that the students make this a success, as the way will be practically paved for future convocations sponsored by the students.

#### Magazine Carries Bradley's Article

Forest and Stream in the October number, carries an article entitled, "The Art of Angling," which was written by Dr. John H. Bradley, Jr., professor in the Geological department.

Forest and Stream is the oldest outdoor magazine in America. It was instrumental in the forming of our National Parks and took sides with the migratory bird laws which have become so popular. Forest and Stream is the founder of the Audubon society which studies all birds and their habits. Theodore Roosevelt have become so popular. Forest and Stream is a magazine of definite ideals and definite accomplishments in the preservation of our natural resources.

Dr. Bradley's article on fishing is another piece of work which is told in an interesting manner, although it is based on science which has been proven by laboratory experiments.

#### North Hall to Entertain

The girls of North hall will entertain at a dance tonight in the hall parlors. Music will be furnished by Sheridan's orchestra. The parlors will be decorated in black and orange for the occasion. Chaperones are Dr. and Mrs. C. H. Clapp, Mr. and Mrs. J. H. Brady, Mr. and Mrs. E. L. Freeman and Mrs. Sedman.

Lucille Brown, '29, of Red Lodge was the dinner guest of Edith Keating, '29, of Great Falls at the Alpha Xi Delta house Tuesday.

### Self-Government

TO BE or not to be, is not the question. Last year towards the close of the spring quarter a little enthusiasm was stirred up on the Montana campus in regard to a student self-government system, to be used during University examinations. It seemed that through general misunderstanding on the part of many undergraduates, that the plan, as presented to the student body, failed. It failed by only a few votes, many not voting because they did not realize just what the purpose of such a plan might be.

It occurs to us that the idea was started a little too late in the quarter and that the student body did not have the opportunity to grasp it before a vote was taken.

There seems little reason to believe that Montana cannot handle a system of this sort. Surely faculty proctored examinations do not meet the approval of a majority of students in any university or college.

The quarter has just started and it is the belief of many students and others interested in the affairs of the University that this may again be brought to light and thoroughly gone over and reconsidered by the students of the University of Montana.

The problem requires serious thought—and after once talked over and discussed should again be brought to a head by a general vote of the student body.

Last spring the faculty granted the students much leniency along this line, but because of the lack of time it was almost impossible to acquaint everyone with the situation at hand. It is hoped this year that the student body will consider such a plan again.

There seems little reason to think that the University of Montana cannot support a student self-government plan. Other schools have had marked success along this line, and pass the good work on.

Plenty of time is left between now and the close of the present quarter for due consideration of such a plan, and we hope that we are not too optimistic when we say

that if such a plan were presented with due time for thought on the matter, that Montana students would accept such an idea—and carry on the responsibility with great success.

At any rate it's something for all of us to think about. The Kaimin would appreciate communications at such an occasion, for the only way to find out whether or not it's worth while is to bring forth much student thought and reaction.

### Your Co-operation Needed

NEXT Tuesday afternoon at 2 o'clock, all University classes will be excused for the first ASUM convocation, to be held in the Main hall auditorium. This is the first affair of the year to be conducted by the students and all are urged to attend and help make it a great success, for if this get-together is not a big one the University officials are likely to refuse permission for another.

Student convocations at Montana have been too few and far between is the opinion of many, and it was with this in view that the meeting was called. It is hoped by the officers of the student body that similar meetings may be held at least once each quarter or perhaps twice, depending a great deal on the attitude of the student body members.

President Clapp has indeed been grateful in giving the students this hour for such an occasion. Its success, of course, will determine whether or not we have more of such hours.

President Burr Smith of the student body and members of the ASUM traditions committee have planned a very attractive program for the event, an outline of which may be found elsewhere in the paper. Student officials are very desirous of a large turnout for this meeting. Many angles on the Butte trip will be discussed at this time, as well as an interesting and varied program of music, songs, yells and short talks. Spread the news and make Montana's first student gathering of the year a success.

### Good Luck, Grizzlies!

LAST night Coaches Milburn and Stewart, with twenty-four Grizzly warriors, departed for Pullman, Washington, where tomorrow they meet the strong W.S.C. team in the third Pacific Coast conference game of the season.

Montana has a hard game ahead tomorrow, but from present indications we are sure that they are in for all they have. There seems to be no let-up in the fight and pep of the Varsity team this year, although lighter than most of their rivals, and in many cases a greener team; they seem to have a fight and spirit that is unbeatable.

A week from tomorrow they journey to Butte for the classic tilt of the year—the Bobcats. We cannot help but feel that the Grizzly winning streak is about to overtake them—at least we hope so.

## The Hell Box

By AUNTY DELUVIAN

**Our New Name**  
Please Take Notice: A Hell-Box is that receptacle incident to a print shop wherein are thrown all the pearls of wisdom, a little of this and a little of that, which are deemed unfit for publication.

How d'ya like it?

**Psych Pstypes**  
"Plus 4's" are in much demand this season.

Free translations usually cost money.

**Our Girl**  
Is in the uplift business. She begins with her nose.

"I'll smack you down," said the girl about to embrace her moustached hero.

**We Nominate**  
Ourselves for the Hall of Fame. We have never published a "Whosthe-ladyisawaywithlastnight" joke.

**Faculate Fantasies**  
ANNE  
If you want to know how to cook or sew,  
Or to furnish up a flat,  
Or how to begin to get fat or thin,  
See the Home Ec. prof.—Miss Platt.

**Our Fraternities**  
Home Ec.: Pie Beety Kappa.  
Biology: Alpha Fly Amoeba.  
Agrics: Sigma Cheese.  
Clothing: Cappa Cappa Gamma.

Cabaret: Awful Seducers.  
Warm Springs: Sigma Nuts.  
Mississippi Engineers: Delta Delta.

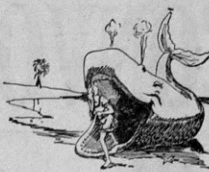

Who wants to join the new one?

Tota Sigma Dog-on-em.

**Christening Ceremony**

Amid a shower of fire and brimstone, we now and hereby christen this Kolum "The Hell-Box" with a bottle of —ink.

## Bedtime Bunk

BY WALT

Once upon a time (only once) Chesty Chester, huge-headed and popping proud son of the big sofa man from Davenport, was called from a hot-hand game to the phone. As he limped to the booth he felt particularly warm, for he was like that,—tender.

"Mr. Chester?" cooed a crooning voice into his ear, shoving his heart into his shoes.

"Yes, ma-am," chattered Chester, his boiling blood making the circuit in nothing flat.

"This is Myrtle; remember me? Our mothers went to different schools together," mused Myrtle, mendicantly.

And he did—a paragon of brunette beauty, at all angles. Slowly it slid down to him that the girls were having their dance that week. At least a date, he happily mused. And wouldn't the rommie like it—he there with mirthful Myrtle. None too good, of course. He knew he'd gather in the grandest, soon's the femmes found his name on the list. Yes, and he'd stall Myrtle for a while, then finally accept, carelessly enough.

"Well," she Sheba'd, "we're having a dance this week-end, and a—". She paused as if selecting her words, while Chesty

kept shouting to himself, "I knew it, I knew it; I knew she'd ask. 'Anyway, I'm on the punch committee,' Myrtle managed, 'and since you've been so nice, I've decided to let you serve—' But Chesty heard no more, as slowly he sank to the floor, mumbling apologies to the fly in the corner. And unhappily he lived, till Myrtle married the garbage man.

HELEN FAICK APPOINTED INSTRUCTOR AT SMITH

Helen Faick of Missoula, a junior at the University in 1923, has been chosen as a member of the teaching staff of the Art department of Smith college, according to word received by Mrs. Harriet Rankin Sedman, dean of women.

Miss Faick was a member of Penetratia, Delta Phi Delta, national art fraternity, and the Sentinel staff during her course here. She belonged to Alpha Chi Omega sorority. She graduated from Radcliffe last June.

Donald Moore, student assistant of the Economics department, is ill with scarlet fever.

**Penetratia Meets**  
Members of Penetratia, senior women's honorary organization, met in the parlor of Craig hall Tuesday evening. A short business meeting was held, and plans were discussed for holding a meeting with all alumni members sometime in the near future.

## Smart New Patent Ties

Real Style and Real Value

This very distinctive and clever Tie Pump is developed in patent, with covered Spanish heel. One of the most popular of the new tie effects. Those who seek unusual effects will appreciate the style of this new tie.

New Ties \$4.98 Moderately Priced

## KIRSCHBAUM CLOTHES

"Lower the Cost of Dressing Well"

Right colors—as important as right fabrics!

## What color this fall?

You get authentic  
color facts when  
you come here

Among the important details that make for satisfaction in the clothes you choose this fall is the item of correct color. It is not a trifle. You want the color that becomes your type and personality, meeting at the same time the demands of approved fashion. You will get the favored color tones here—the season's authentic pattern ideas—and the colors will last, because the rich 100% virgin wool fabrics hold colors better than ordinary woolsens.

### Book Reviews

"The Commercial Side of Literature"

By Michael Joseph (with a special chapter by Grant Overton).  
Harpers.

The most thoroughly helpful book that I have ever seen for the person who writes but doesn't know exactly where and how to dispose of his stuff is "The Commercial Side of Literature." The author doesn't pretend to give advice about masterpieces, about standards of work or anything of that sort. He merely tells you what the public wants, how much it wants of it, where material can be brought to the public's notice and such general but helpful things. He is frankly writing about his subject and not about art. He doesn't even miss the usually neglected business of free publicity for books and articles, which, as everyone who writes commercially successfully knows, is one of the most glossy petals in the buttonhole gardenia.

The Appleton Book of Short Plays, By Kenyon Nicholson.  
\$2.50.

Mr. Nicholson, instructor in Dramatic Composition at Columbia university, is the editor of a collection of one-act plays of merit, The Appleton Book of Short Plays, edited by Kenyon Nicholson; D. Appleton and Company, New York, 1926. As a whole, the plays selected make amusing reading, beside having the requisites for successful amateur or professional presentation.

The first play in the book is the weakest. In The Managers, Joseph C. Lincoln has placed the entire strain of interest on three characters who have to re-echo an almost non-existent plot. Immediately following, characterized as a "cynical little slice

of life" is the more mature Finders-Keepers, by George Kelly, who accomplishes an acid satire on a common phase of contemporary life. Social Balance is written in somewhat the same strain, although its implications are social rather than psychological. Tarkington's The Ghost Story and a piece entitled Apartments to Let are both clever and light, and of most interest to amateurs who wish to be sure of entertaining a general audience. The costume plays included in the collection are also of general appeal, although they are not so much fun to read.

Funnier than Falstaff, and sillier than a sophomore's newest love affair is the burlesque, When the Clock Strikes, by John Parrish. It is a rampant plunge into foolishness, with all the mysteries, surprises and credibility of the well-worn thriller of the type of The Cat and the Canary. One Egg is a nicely turned vaudeville-type farce, clever, and easy of production.

The two plays that seemed to me to be most complete, most sincere, and Duffy West's Society Notes and The End of the Trail, by Ernest Howard Culbertson. The first is realistic enough to satisfy the modern taste, and manages to maintain a comedy flavor throughout the social superficialities of Mary Sedgewick's debut. The End of the Trail strikes deep into the well of drama, a tendency that is very noticeable in the younger playwrights. The scene, in the Cascade mountains, Oregon, and the characters, whose lives turn on the fortunes and duties of a railroad company, are all very near to us. The simplicity and power of the drama should appeal forcefully to you who will have the good fortune to read it or to see it presented.

The amusement-seeking reader will find the entire volume more interesting, and more varied than most collections of short stories. The player

or director has an excellent choice of discriminately edited material.

Eloise Patten Goes to Spokane

Miss Eloise Patten, '26, daughter of E. S. Patten, manager of the South Side Pharmacy of Missoula, left Wednesday night for Spokane, Wash., where she will enter training to prepare herself to be a hospital technician.

# GRIZZLY GRIDSTERS TO BATTLE W.S.C. TEAM TOMORROW

## MONTANA ENGAGES COUGAR AT ROGER FIELD SATURDAY

### Milburn to Use Twenty-four Men in Attempting to Down WSC Team

Montana will have a tough time holding her own at Pullman, Washington, this Saturday, when the Grizzlies rush into the Cougar lair for the annual football battle. According to pre-game dope, Coach Hollingberry has knitted together a wonderful team with green material for a base.

Washington State college has a coming aggregation, throwing a scare into the highly touted University of Southern California. The Torjans had a difficult time downing the northern team, and were fortunate to emerge with a 16-7 victory. George Varnell says that he hasn't seen a better defensive team play on the coast this year. The heavy Torjan line outweighed the Cougars nine pounds to the man, but were unable to dent their forward wall. The northern crew failed to get going on the offensive until the last quarter.

### Meeker Is Team Nucleus

Coach "Babe" Hollingberry has built his team around "Butch" Meeker, the 145-pound fleet-footed quarterback. Meeker has a tendency to throw off tacklers and dodge through eleven men to get away for a touchdown. He is a triple threat; a fine goal kicker, a neat passer and a wonderful open field runner. If he had started his flashy playing earlier in the game at Los Angeles last Saturday, the husky southerners would probably be going after third place, instead of first. Meeker is playing his second season as quarterback.

### Team Declared Speedy

Joe Koenig, the 165-pound Eskimo,

is playing his third season at left halfback for the Cougars. He is a speedy back, good at throwing and receiving passes, and a hard man to bring down if he ever gets away. Horan, a "native son," is a new member of the backfield, filling the full-back position. He is a hard line plunger, and weighs 185 pounds. Rowher of Spokane, who was the mainstay of the 1925 W.S.C. Frosh team, is playing right half. He is a fine passer and a good open field runner. Substitute backfield men are Sweet, a third year back; Gustafson, 175-pound fullback. Turner is a substitute quarterback and a good kicker. He weighs 157 pounds. Cox, 180-pound fullback, and McCord, 170-pound sophomore halfback, are the rest of the backfield material.

### Old and New Men in Line

The Cougars have a hard hitting line, the heavy Torjans failing to penetrate it. Parkhill and Exley, 185 and 175 respectively, are playing their second year at the end position. Hansen and Spiedel are filling the tackle roles, the former is a third year man, while the latter is a new man whom the coach is expecting a great deal from with a little experience.

Two third year men, Smith, 180 pounds, and Captain Kramer, 185 pounds, are the guards. Graham will probably get the first call for the center job. He is a 177-pound sophomore who works nicely at the center position. Dils, a second year man at center, may get the first bid, however. He weighs 178 pounds.

### Material Is Good

Coach Hollingberry has a lot of good substitute linemen material to choose from. Taylor, 185 pounds, and Curry, 170 pounds, ends; Dressel, 180 pounds, and Zane, 195 pounds,

are tackles; Bendix, 178 pounds, Best, 195 pounds, and Jenne, 180 pounds, guards; Timmons, 185 pounds, is out for center.

There may be another change in the Montana team when they trot out on Rogers field. The coach has been putting the squad through a tough workout this week, although they have been handicapped to a certain degree by wet weather. Whitcomb is out of the game for at least two weeks, so a sub lineman will have to fill his position. Tierman may play a tackle or guard position.

Coach Milburn left on N. P. train No. 3 last night, taking with him 24 football men and manager Hollingworth. The team will have a light workout on Rogers field tomorrow afternoon.

The men making the trip are: Coyle, Brittenham, Tierman, Murray, Vierhus, Cogswell, Ostrum, Martinson, Kelly, Kain, Chinske, Ritter, Fogarty, Rognlien, Burrell, Barfell, Rafferty, Wm. Hodges, Parnalee, Sweetman, Callison, Morrow, Tarbot, and Davis.

Coach Milburn has definitely decided not to play Davis in tomorrow's game, saving Montana's fullback for the Bobcat fray, which is considered a much more important game. The injury to Davis' ankle has almost healed, but the coach doesn't want to risk him in tomorrow's fray. The Butte boy made the trip for the experience from watching the game. Ritter will probably be called upon to start at fullback.

The probable starting line-up will find Coyle and Brittenham at ends; Vierhus, Murray and Tierman at tackles; Burrell, Martinson and Cogswell at guards, and Ostrum at center. In the backfield will be Kelly at quarterback, Chinske and Kain, halves, and Ritter, fullback.

## HORSE SHOE PLAYERS TO COMPETE MONDAY

Entries in the individual horse shoe tournament singles will compete Monday afternoon, October 18 at 3 o'clock. Those who still intend to sign for competition will have until Monday.

The following men are competing: Moser, Adamson, Johnson, Spencer, Tucker, Higham, Fritch, Shults, last year's champion, and Huber, runner up.

The contest will be held on the courts just west of the swimming pool. Rules of the tournament are: Pegs placed 40 feet apart; shoes of a specific size to be used; shoes do not count unless within six inches of the peg; in throwing shoes, a contestant's shoe must be placed along side of peg, not in front; if a ringer is made and then topped by opponent, neither counts, but the nearest shoe does; 50 points constitutes a game. Medals of an attractive design will be given to the winners.

Tonight at Rev. Young's residence a meeting of the athletic managers of the different church leagues will be held. They will discuss the rules and regulations, according to the contests.

## SPORT GLIMPSES

Montana versus Washington State college at Pullman tomorrow. Let's have a delegation representing Montana at Rogers field Saturday. We are certain you can get a leave of absence for your sportsmanship.

Gillette and Sweet have been placed on the athletic honor roll. More recognition for Montana.

Clarence Coyle, Montana's fastest sprinter, made a record for himself in his first full game of Varsity football. He played a very neat game at one of the wing positions. Coyle is a good track man and has been cutting his time in the 100- and 220-yard dashes each season. He will very ably fill Sweet's shoes and grab some more honors for Montana during the 1927 track season.

Missoula tryouts for the A.A.U. boxing tournament, which will be held in Butte November 22, 23 and 24, will hold sway at the Liberty theater October 29. Bill Kelly, Joe Cochran and Billy Dugal made the trip to Butte last year, the latter winning the title in his weight. Denn O'Leary of Butte, another winner at last year's tournament, is enrolled at the University this fall.

Here's something on the O.A.C.-Gonzaga game. The first half ended in a tie with Gonzaga having the better of the heavier team in the first 30 minutes of play. Between halves there was a downpour of rain which made the sawdust field soggy, to the advantage of the heavier crew. The light, scrappy Bulldogs were unable to hold on account of the condition of the field.

Five hundred Montana State college students have signed to attend the Bobcat-Grizzly game. More than 1,000 blue and gold rooters will occupy the Bozeman bleachers. About 500 Grizzly rooters have signed up so far. Let's get at least 500 more.

Our co-ed thinks an all-American football player is one whose parents must be born in this country.

Some people can swell up in a short time. Sharkey has already applied to the New York boxing commission for the right to meet Tunney.

There will be no play-by-play wire reports of the W.S.C.-Montana game, according to reports from the business office. Plans are going ahead to make preparations so that the wire reports may be received of the remaining foreign field games. If better support isn't received in the future at these reports, they will have to be abandoned. The Washington game was the only one that paid last year.

"Pop" Warner was right when he said football is becoming too much of an aerial game. The Quantic Marines are flying to Bethlehem, Pennsylvania, to play Lehigh tomorrow.

What a battle it will be when Tunney meets Sharkey. The fighting marine and the husky sailor. Another sailor refuses to swamp decks for a

## CROSS-COUNTRY MEN WILL RUN SATURDAY

Winner Will Compete With Best of Coast Talent at Seattle

Some 14 men will compete this Saturday at 3 o'clock on Dornblaser field to see who will carry the Copper, Silver and Gold at Seattle in competition with six other schools of the Northern division of the Pacific Coast conference.

The course for the cross-country will be started in front of the bleachers, circling around the track twice, then over a route through Greenough Park and back, completing two revolutions to the finish line.

### Montana Chances Good

Nothing has been heard from Washington, Oregon Aggies or Oregon as to what prospects they have to offer at the meet. Washington State has its confidence built around John Divine and Ray Williams, with such men to pick from as Ouillette, McLean, Gee, Weleman, Washburn, R. Jones, Twiss, Hall, Cheney, Darcy, Welch, Van Bascche, Fredrick and Hoon. Idaho's nucleus has formed with Cleaver, Matthews, Myrene, Ashenburger and Gerhke.

"The course is two miles more than I have ever run before, and I am anxious to see what I can do it in," replied Gillette to an inquiry, "besides, Williams is going to give me plenty of competition."

## GILLETTE AND SWEET PLACE ON 1926 ROLL

National Collegiate Association Lists Men for Athletic Honors

Arnold Gillette and Russell Sweet, Montana's two premier track stars, have been placed on the 1926 honor roll of the National Collegiate Athletic association, according to information received from Major John Griffiths, athletic commissioner for the association.

Gillette was placed on the honor roll twice. First, for winning the two-mile and placing second in the mile at the Inter-collegiate meet at Chicago; second, his triumphs in these two events at the Pacific Coast conference.

Sweet, now of the Olympics club of San Francisco, was placed on the honor roll for winning the 100-yard dash at the Coast Conference meet.

"Russ" was unable to compete at Chicago because of injuries. These two men have done much to win Montana a place in the sun. The coming season is Gillette's last in Collegiate competition and the diminutive Bruin star is expected to perform even more brilliantly than he did in the preceding years.

## INJURIES RETARD FRESHMAN PRACTICE

Coach Adams' Protesges Play Washington State Cubs in Two Weeks

Harry Adams' frosh squad has been hindered in its progress for the W.S.C. yearling game by injuries. Several of the men will be out of the game for some time. There are 13 men who are out of practice on account of injuries. These men are Trippett, Clack, Gille, Clark, Hughes, Conglin, Eckergeren, Webster and Hori. Hughes, Forcum, Kennedy, Eckergeren and Webster will be out for some time. Eckergeren was the only one that was injured in the Missoula game.

The main event on the practice with blue stones. Owner can get it program this week-end will be a at the President's office.

scrimmage game tomorrow afternoon. There are 52 men still out for practice, 35 or 40 attending regular drill. There are four men who are holding down the kicking burden. Linville, Sturm, McGillis and Briscoe are averaging between 30 and 35 yards in their punts.

The first string line in the Missoula game averaged 167 pounds, and the backfield averaged around 150 pounds.

Coach Adams expects to have the squad in good shape when they go against the Washington frosh in two weeks.

There are six men from last year's Whitefish team playing with the frosh. The Trippett brothers, Forcum, Webster, Hori and Rice were all Coach Hinderman's proteges.

## NOTICES

FOUND—A novelty bracelet, inlaid with blue stones. Owner can get it at the President's office.

Applications are wanted for assistant football manager. Those desiring the job should file applications, accompanied with certificates of eligibility from the registrar's office, with Elsie Emminger, secretary of ASUM, before Tuesday afternoon.

FOUND—Red Conklin fountain pen with initials W. W. B. engraved on its gold band. Owner may have same by inquiring to Kaimin editor.

All organizations desiring rooms for meeting places must first fill out an application form in the President's office. A date will be assigned and available rooms mentioned after the application is made.

### PRESIDENT'S OFFICE.

Members of the YWCA cabinet will hold a meeting next Thursday afternoon, at 5 o'clock, in the Main hall rest room. Everyone is urged to be there. EDITH DAWES, Pres.

Student Fellowship organization will meet at the William L. Young home next Tuesday night at 7:30.
