July 19, 1946

1. A meeting of the faculty was held at 4:10 p.m. on the call of President James A. McCain, who presided.

Present: Alsorn, Ames, Armsby, Arnold, Atkinson, Badgley, Beaver, Edna K. Bennett, E. E. Bennett, Castle, Clapp, W. P. Clark, Cagswell, Coleman, Crow, Crowder, Dahlberg, Davis, Diettert, Dugan, Emblen, Ford, Gleason, Hathaway, Donald M. Hetler, Hoffman, Joseph W. Howard, Jeppesen, Jesse, Lory, McCain, Marble, McGinnis, Marvin, Maucker, Merriam, Miller, Moore, Noble, Paton, Peterson, Phillips, Rineheart, Sappenfield, Severy, Shallenberger, Leo Smith, Theodore Smith, Sherman, J. B. Speer, Tascher, Thomas, Turney-High, Waldon, White, Wilson, Wolfard, Wright, Wren.

Accounted for: Armoldson, Bateman, Bell, Berg, Brownell, Browman, Campbell, Fay Clark, Ely, Fessenden, Flint, Fritz, Freeman, Garlington, Gates, Gillespie, Gulbrandson, Hovee, Joseph K. Howard, Hubbell, Jacobs, Leaphart, Lowell, Merrill, Mirrielees, Mollett, Nelson, Nutterville, Pope, Ramskill, Russell Smith, Florence Smith, Sorenson, Lucille Speer, Van Vorous, Waters, Weisberg, Worden.

2. The minutes of the meeting of June 6 were approved.
3. President McCain announced an invitation from the Spokane Air Service Command for members of the faculty or student body to visit the airport at Spokane.
4. Professor J. E. Miller introduced Professor Paul C. Phillips who has returned to the campus.
5. President McCain read the following excerpt from the minutes of the Local Board of Education.

"Excerpt from Local Board minutes re out-of-residence leave, March 14, 1946:

'13. The President reported the results of efforts he had made to clarify the matter of when faculty members of the University began accumulating quarters toward the eighth quarter out-of-residence provided for under the twelve-months contract. He talked with former President Melby and with Dr. Renne, President of Montana State College, over long distance telephone. Both of these men expressed the opinion that the fall quarter of 1943 and subsequent quarters counted toward the eighth quarter out-of-residence. This interpretation was consistent with some of the leaves granted by President Melby to staff members. On motion of Jacobs, seconded by Stepanzoff, the board voted unanimously that this interpretation be recommended to the State Board of Education".

6. The Committee on Admission and Graduation, Dr. Ames, Chairman, reported that in addition to the candidates for degrees and certificates approved by the faculty on June 6, 1946 (List N. 28) the following candidates (not on list No. 28) were also certified by the Registrar as having complied with all requirements for their respective degrees. These candidates were recommended to the faculty as a seconded motion and were unanimously approved.

I. For the degree of Bachelor of Arts in Business Administration:

Frank A. Denny	56 credits in Major	188 total credits
----------------	---------------------	-------------------

II. For the degree of Bachelor of Science in Forestry (granted posthumously -- as per faculty action May 31, 1946):

Frederick Charles Beyer	82 credits in Major	196 total credits
Glenn Van Bramer	81 credits in Major	184 total credits

7. Dr. R. H. Jesse, chairman of the Curriculum Committee presented a summary of changes recommended by the various divisions, departments and schools for the catalog for 1945-46 with announcements for 1946-47 which had been approved by the Curriculum Committee.

Supplementing this report and also recommended by the Curriculum Committee as a seconded motion is an agreement between Dean James L. C. Ford of the School of Journalism and Dean Theodore Smith of the School of Business Administration, acknowledging the joint interest of their respective schools in the field of advertising and agreeing that both schools should offer work in advertising, avoiding duplication wherever possible, with reciprocal listings and recommendation of desirable courses to each others' majors.

For the coming year it was agreed that there will be a joint listing in both the School of Journalism and the School of Business Administration of the Course in Principles of Advertising, under Dean Smith and Professor Dugan, as a two-quarter course and as a general background course in advertising. This agreement is for one year and the ultimate disposition of the course is to be evaluated and decided by the staffs involved at the end of that time.

It was agreed that the school of Business should offer a course in Problems and Case Studies in Advertising and that the School of Journalism should offer the three courses contained in the summary of catalog changes (41, Advertising Practice; 43, Advertising Layout and Coyp; 44, Retail Store Advertising). Any subsequent courses to be added to either school's curriculum in advertising should be reviewed by both schools before being submitted to the Curriculum Committee. Junior level prerequisites are to be maintained on all advertising courses, with each school setting other prerequisites that may seem desirable for their own students.

The faculty unanimously approved the foregoing recommendations, including the following summary.

CATALOG FOR 1945-46 WITH ANNOUNCEMENTS FOR 1946-47

Summary of Proposed Changes by Divisions, Departments and Schools.

GRADUATE SCHOOL

88-90 A complete revision of the catalog material relating to the Graduate School embodying much additional information has been recommended by the Committee on Graduate Study. Significant changes are indicated below:

Insert the following requirements and provisions: (Only changes over previous catalog material are listed.)

Credit Requirement for the Master of Arts and Master of Science Degrees.

"Before receiving the Master of Arts or the Master of Science degree the candidate must present evidence of intensive study and investigation in his field of special interest. He must present at least 45 credits in graduate courses and a thesis."

The Graduate Record Examination. "The Graduate Record Examination, while not required for admission to the graduate school, has been authorized by the Faculty as a means of supplementing other evidence of proper qualification for graduate study. This examination will be given at the option of any department or school.

Admission. "Official evidence must be offered of the completion of the minimum requirements for an undergraduate major in the field selected for graduate study or an allied field acceptable to the major department and to the chairman of the Graduate Committee. This work must approximate the general requirements for the corresponding Bachelor's degree at Montana State University." (Underlining indicates addition recommended by the Curriculum Committee but not approved by the Committee on Graduate Study.)

In the School of Education, applicants may be admitted to major graduate study who have the Bachelor's degree and who have completed the certification requirements of the state in which they secured their undergraduate degree or of Montana.

At the discretion of a Department or School, qualifying examinations may be administered in order that there may be no question regarding a candidate's preparedness for graduate study. Such examinations may be oral or written or both.

Members of the faculty of Montana State University above the rank of instructor may not become candidates for advanced degrees from this University. This does not prevent such members from taking advanced courses for transfer to other institutions.

Admission to Candidacy for an Advanced Degree. If an applicant's record is satisfactory during his first quarter of attendance he may be admitted to candidacy for the Master's degree at the beginning of his second quarter. At this time, or at least two quarters prior to qualifying for the degree, he must file an application for Admission to Candidacy for the Master's degree, and submit a tentative thesis title. These forms must be filed in triplicate. (Master of Education degree candidates do not file thesis title since no thesis is required.)

Graduate Credit Courses.

An undergraduate of senior standing who needs less than 9 quarter credits to complete the requirements for the baccalaureate degree may enroll in courses for graduate credit. All requests for such enrollment must be submitted to and be approved by the major professor and the Chairman of the Graduate Committee in advance of registration.

Study Load.

Fifteen hours of graduate credit per quarter is considered a maximum graduate study load.

Graduate students employed as teaching assistants, or in other part time employment must carry a reduced number of credits. Such students, of course, cannot fulfill all the requirements for the Master's degree in three quarters.

Transfer of Graduate Credit.

Graduate credit for courses completed in other institutions of approved standing may be transferred in a total amount not to exceed 12 quarter credits. Transfer of such credit does not shorten the period of residence requirement.

Master of Education Degree.

Candidates for the Master of Education degree must have completed a minimum of 3 years' satisfactory teaching (one of which may have been military teaching experience) and offer 45 credits in graduate courses, at least ten hours of which must have been earned following completion of the teaching experience. No thesis is required. Work for this degree may be completed in the minimum required residence of 3 regular quarters or 3 summer sessions of 10 weeks each.

Candidates for the Master of Education degree must take, during the final month of the quarter in which they expect to secure their degree, oral and written examinations over the course work that they have completed. Arrangements for these examinations are made by the Dean of the School of Education.

Master of Forestry Degree.

Candidates for the Master of Forestry degree must offer 45 credits in graduate courses and a professional paper.

For the Master of Forestry degree, candidates must offer a minimum of 25 credits in the major field of forestry. The remainder of the credits may be in fields other than forestry.

For the degree of Master of Forestry a professional paper is required. This paper is to be prepared under the direction of the major professor. The subject matter must be approved by the Dean of the School of Forestry. After the Candidate's examination one copy of the professional paper must be submitted to the Secretary of the Graduate Committee. Such copy will be deposited in the University library.

Candidates for the Master of Forestry degree must take, during the final month of the quarter in which they expect to receive their degree, an examination, either oral or written, over the course work which they have completed and the subject matter of the professional paper. Arrangements for these examinations are made by the Dean of the School of Forestry.

LAW

p. 98

Requirements for Admission. Last sentence in first paragraph changed to as follows: This work must be done in residence at an approved college or university and have been passed with a scholastic average at least equal to average required for graduation in the institution attended, and this average shall also be attained by the student in his theory courses.

Insert the following paragraph: Furthermore, the applicant for admission must, in his pre-legal work, satisfy the scholastic average requirements for graduation of students of the second period in the College of Arts and Sciences of Montana State University (See page). These requirements are that he must have obtained a number of grade points at least equal to all of the credits for which he has registered and for which he has received a grade. Negative grade points (1 for each credit of Grade I, E, or F) must be subtracted from positive grade points earned to determine the number of grade points acquired toward meeting grade point requirements. When credits are accepted from another institution, grade points are evaluated at the time of transfer; however, where a student has had pre-legal work at Montana State University and at another institution, he must meet the above requirements on credits earned at Montana State University as well as on his entire record.

p. 100

General Information. Insert the following paragraphs in place of third paragraph: Where courses extend over more than one quarter, credit is conditional upon the completion of and final satisfactory examination over the whole course except where, because of unusual circumstances, arrangements have been made in advance for examination and credit at the end of other quarters.

In continuous courses examinations will also be given at the end of the first quarter. Conditions may be removed only in the regular examination at the end of a repetition of the course.

THESIS

For the degrees of Master of Arts and Master of Science a thesis is required. The subject of the thesis must receive the approval of the major professor and the chairman of the Graduate Committee. By the end of the fourth week of the final quarter before the degree is to be secured, the candidate must file with the Secretary of the Graduate Committee three unbound copies of the thesis. He must pass an examination over the whole field of his special study and this examination, either oral or written or both, may be taken only after the thesis is accepted. Final acceptance of the thesis is subject to the approval of a special examining Committee which also conducts the examination. This committee will be appointed by the Chairman of the Graduate Committee, in consultation with the major professor and must, if possible, include at least two members of the staff of the major field.

Three copies of a statement of all graduate courses to be offered, and experience, such as in teaching, research work, etc. must be filed with the Secretary when the thesis copies are submitted.

After the examination, three bound copies of the thesis must be placed on file with the Secretary of the Graduate Committee.

8 SOCIAL SCIENCE DIVISION

Add the following sentence to the foot note under the curriculum outline "See pages (School of Business Administration) for suggested curricula for freshmen and sophomores who plan to major in Business Administration."

-
8. Dr. Jeppesen, acting chairman of the Committee on Research and Graduate Study read the recommendations of that committee with regard to graduate assistantships. There was some discussion regarding the limitation of 12 hours of work per week for graduate assistants.
 9. The faculty meeting was adjourned after which a meeting of department chairmen and deans was held to consider a budget summary to be prepared for the next biennium.
