Dale Schwanke, Student Union Program Council Chairman, explained the joint Student Union-ASMSU cooperation in bringing the Canadian Opera Company's Die Fledermaus on February 27, 1965, and the Paul Winter Jazz Sextet on April 10, 1965. He said that the student tickets will be free of charge up to 1:00 p.m. on the Thursday preceding the weekend performances, and after 1:00 p.m., the tickets will be offered on a first-come-first-serve basis, but still free of charge for the students. Two-hundred and eighteen tickets will be sold to townspeople at $2.50 per ticket, and the first seven rows in the University Theatre will be reserved for them. After 1:00 p.m. on Thursday preceding the performances, the townspeople may purchase tickets at $1.50, although seats will not be reserved. He explained that all purchases and payments would be made through the ASMSU-Student Union Cultural Fund of which ASMSU will contribute $1500, Special Events Committee will contribute $300, and the Student Union Executive Council will contribute $1500. Any money remaining in the fund after expenses, etc., will go to offset the $300 contributed by Special Events Committee, and once this is covered, the rest will be divided equally between ASMSU and the Student Union Executive Council. Schwanke said that the ASMSU-Student Union Cultural Committee would be comprised of Bill Hibbs, ASMSU Business Manager, the Chairman of Special Events Committee, and Dale Schwanke, SU Program Council Chairman. ASMSU will be responsible for stage set-up, theater arrangements, and technical employees, while the Student Union will be responsible for publicity, ticket sales, and hospitality arrangements.

Cole suggested that the OB committee, which was appointed for purposes of investigating this policy, continue their research into the justifications of such a change. Bowler suggested that someone see Earl Martell for explanation of the financial situation involved in this. Behan was appointed to head this committee.
Liffring read a letter from Portland State University informing us of the cancellation of their Winter Carnival.
Liffring read a letter from Martin Luther King, Jr. of the Southern Christian Leadership Conference informing us of a Civil Rights summer program of work in four Southern states for any interested students.

BUDGET AND FINANCE - Hibbs announced that he had reviewed the contract for the New Christy Minstrels with a lawyer, but said that the whole group will not appear at MSU since the two female members and one male member were not included in the contract provisions. Foley, Schwanke, and various CB members voiced disapproval of this because of the New Christy Minstrels' failure to meet their part of the agreement. Hibbs said that he would contact them and demand that the whole group appear as was agreed upon in the verbal contract. Weggenman suggested that CB try to coordinate efforts with Eastern Montana State College in contracting this group since they have made plans to contract them, also. Liffring said that he would contact the President of the Associated Students at EMC in regard to this. Hibbs announced that Gary Cummings will report next week on his trip to West Point.

SPECIAL COMMITTEES

Ice Skating Rink - John Edwards, Chairman. Edwards read a letter from J. A. Parker, Director of the Physical Plant, stating their agreement with ASMSU for the construction and maintenance of the ice skating rink. Edwards said that nothing further had occurred over the vacation with regard to the rink. Behan suggested that this committee continue to research more thoroughly so that a good plan can be drawn up for next year if construction this year is impossible.

OLD BUSINESS

Judicial Council - Liffring read a letter from Gardner Cromwell, Faculty Advisor, giving his views and recommendations for the proposed constitutional change in the purpose of Judicial Council. Cromwell suggested that Planning Board study this situation thoroughly instead of calling a special election and attempting to limit the scope of Judicial Council's functions, and that they make recommendations before the Spring election.

NEW BUSINESS

Student Fee Increase - Cole reported that many of his constituents had approached him about the proposed increase of student fees for in-state and out-of-state students. Cole said that a recent survey in Montana papers showed that Montana's fees were higher than almost all of 10 Western Colleges mentioned in the survey. Cole inquired into the feasibility of conducting a study of the pros and cons of the fee increase, and the possibility of the students acting as a pressure group concerning the increase. Foley reported that Pres. Johns told him that the figures quoted in the newspaper were not up to date for many of the schools. Foley said that he didn't think the decision on the increase was final. Cole, Christian, and Tangen were appointed to the committee to study this problem. Field suggested that they write to the ten colleges mentioned in the survey.

Student Union - Schwanke urged Central Board members to work more closely with the Student Union organization so that more efforts could be coordinated. He then explained in detail the entire Student Union organization.
