The meeting was called to order by Pres. Bob Liffring at 7:00 p.m. in the Territorial Room. The minutes of the previous week were corrected to read that the sophomore delegate positions open are one one-year term and one two-year term. Liffring introduced Al Himman from the Pistol and Rifle Club who asked for approval and support in building a pistol and rifle range. He said that the University and ROTC Department will meet the costs of construction. Motion passed with Cromwell and Field abstaining.

Ross opposed this amendment, too. Behan said that when this committee is formed, a statement of policy will be expected to be set up, and also, some type of Board of Advisers should be formed. Hibbs moved that Central Board table this motion. Seconded by Edwards. The motion was tabled with Assellistine, Christian, Cromwell, Edwards, Field, Hibbs, Larson, Brownman in favor; Behan, Cole Ross, Tangen, and Weggenman opposed.

**SPECIAL COMMITTEES**

**Teacher Evaluation** - Bob Worcester reported to Central Board that he would like to see support of an experiment in teacher evaluations. He said that Montana Forum has been working on this. The forms would be handed out by the individual professor, and he would go over it himself and assess the results. He asked that Central Board establish an ad hoc committee for this purpose, but that this could not be put into effect until Administration approval was given. Cole suggested that Liffring appoint a committee of five to look into this. Liffring agreed to this.

**Off Campus Reserve Fund** - George Cole, Chairman, reported that he had talked with Dean Cogswell, Jerry Murphy and Mr. Cromwell to discuss three possibilities for the use of the reserve fund: 1) NDEA Loans; 2) USAF loans; 3) establishment of an ASMSU loan fund. He said that his committee would meet to discuss this further.

**NEW BUSINESS**

**Elections** - George Cole spoke in defense of student government against the Charlie Brown campaign for ASMSU President. Cole cited accomplishments of this year's administration. He said that opinion groups should make use of the proper channels in student government to let their needs be known, and should offer constructive suggestions in addition to their criticism. He said that Central Board can broaden their responsibility beyond that of an "Accounting Club" and expressed the hope that proposals will be made by the various opinion groups. Ross asked for any suggestions of new ideas in student government.

**Model United Nations** - Stacy Swor reported that the Executive Committee of Model United Nations was incorporated at the past session. He said that under California laws, incorporation would allow this organization to declare bankruptcy for any liabilities that they could not meet, and could have the power to sue any party who broke a contract. He said that in the past, the Secretary General of the host school was held solely responsible, but by this act, the organization would be responsible. Therefore, Swor said that the MSU delegation had voted in favor of the incorporation but had explained their vote by saying that they were acting as trustees of their school and could not obligate the school in an incorporation. He said that the vote would be invalid if state laws prohibited our involvement in incorporation. Swor said that he would confer with Mr. Cromwell on this matter.
