2. The minutes of the meetings held April 16 and April 25 were approved.
3. Dr. Jesse announced that a mimeographed statement will be sent to the faculty in a few days to the effect that classes will be dismissed on Thursday and Friday of track meet. Offices will remain open in the morning, but members of the clerical staff will be given half holidays on Thursday afternoon and Friday afternoon. He also announced that contracts for the coming year will be placed in the mail boxes on the afternoon of May 6, or the morning of May 7.
4. Dr. Jesse presented the report of the Curriculum Committee in the form of a seconded motion. The report was previously distributed to the faculty. A motion was made by Dr. Browman and seconded by Dr. Lowell that the words "and the permission of the registrar" be deleted from the next to the last paragraph on Page 1 of the report and that the words "and the registrar" be deleted from the last paragraph on Page 1. After a short discussion Mr. Harvey moved that the statement in the sixth paragraph on Page 34 of the catalog "with the consent of adviser and instructor and the permission of the chairman of the Board of Advisers" not be changed and that in the last paragraph on Page 1 of the report the words "chairman of the Board of Advisers" replace the word "registrar". Dr. Castle seconded the motion. The motion was carried.

A motion was made by Dr. Browman, seconded by Dr. Lowell, that the course number 100, Conservation of Natural and Human Resources in Montana, be transferred from the Division of Biological Sciences to the School of Education. The motion was not carried.

There being no further discussion the faculty passed the motion that the report of the Curriculum Committee be adopted as amended.

5. The meeting was adjourned.
