SPECIAL MEETING
December 11, 1964

The meeting was called to order by Pres. Bob Liffring at the ASMSU office at 5:00p.m.

SKATING RINK
Hibbs reported that we cannot get the insurance policy for $100, and that we would have to get a $370 non-cancellable policy instead. Cole reported that the Spurs would help with the ice rink, but he had not gotten any word from the Bear Paws. Edwards said that Coe proposed a new structure for the rink that would be collapsible with hinges and braces, and therefore, would not require digging holes in the ground. He said that it would cost more, and the estimate is around $400 for construction, maintenance, disassembly and storage. He said that the allocations could be made annually for the rink, and the excess would be kept in a fund. Hibbs suggested that the ground be gested before we got all the expense of the rink. Cole proposed that the committee continue to work on this over the vacation and search out all insurance policies.

FACULTY ATHLETIC COMMITTEE
Liffring reported that the Faculty Athletic Committee passed a new policy stating that the students would have to pick up game tickets prior to the basketball game, and only 2500 tickets will be distributed. He said that they would be distributed up till noon of the day of the game. Liffring said that the reason for this new policy is the overcrowded conditions at the games due to the large increase in enrollment this year. He said that this type of policy is characteristic of many colleges and is inevitable because of the increasing enrollments every year. Cole expressed opposition to the policy on the grounds that it is a violation of student rights since we should not be deprived of seats that we pay for through student activity fees. Behan stated that townspeople should be refused admission before the students are, and that additional sections in the Field House should be opened to student seating. Hibbs reported that this policy will go into effect at the MSU-MSC game. He said that if Central Board wished to express opposition to the policy, a list of arguments should be drawn up and presented to the Faculty Athletic Committee. Bowler, Behan and Cole volunteered to work on this.

Present: ASSELSTINE, BEHAN, BOWLER, CHRISTIAN, COLE, EDWARDS, FIELD, Hibbs, Knight, Larson, Liffring, Mead, Ross, Weggenman, Davis.

Absent: TANGEN, ULYATT, CROMWELL

Respectfully submitted,

Lela M. Weggenman
