# MONTANA KAIMIN

STATE UNIVERSITY OF MONTANA, MISSOULA, MONTANA

FRIDAY, NOVEMBER 4, 1927.

VOLUME XXVII. NUMBER 13.

## SOPHOMORES HONOR FROSH AT ANNUAL DANCE TONIGHT

Sheridan's 10-piece Band to Furnish Music for Annual Ball at Elite

Traditional treatment of the freshmen by the sophomores will be reversed tonight when the class of '30 will entertain the class of '31 at an informal dance at the Elite.

"Freshman men will receive complimentary tickets in Main hall this afternoon," according to Jane Chapple, who is in charge of the dance, and upperclassmen can obtain their tickets from the Bear Paws for one dollar.

Sheridan's 10-piece orchestra will furnish the music for the occasion. The chaperones will be Mr. and Mrs. Robert C. Lines, Mr. and Mrs. H. G. Merriam and Mr. and Mrs. Brassil Fitzgerald.

Due to the fact that Jimmy Gillan, resident of the sophomore class, left Wednesday morning with the football team for California, Jane Chapple, co-president, has charge of the dance.

## PROFESSORS ELECT MADDOCK PRESIDENT

Professor J. W. Severy Is Elected Secretary of Faculty Association

Professor W. E. Maddock, of the department of Education, was elected president last week of one of the least known faculty clubs on the campus, the National Association of University Professors. Professor J. W. Severy, of the Botany department, was elected secretary, the only other office, at same meeting.

**400 Members Elected Last Year**  
The existence of this club is known by few students and it is composed of those professors who have had at least five years' teaching experience. Its purpose is the furthering of the teaching profession. Four hundred new members were elected to membership in the United States last year and the total membership is several thousand.  
**Dr. Elrod President Last Year**  
Dr. Elrod, chairman of the Biology department, was last year's president. He acted in that capacity until last week's election. Two meetings are held each year, when some member of the faculty gives a talk on a subject of his own choosing. Professor E. Miller of the History department spoke last week about Austria. Mr. Elrod recently returned from a year's study abroad.

## Music School KUOM Program Postponed Until November 10

Last night's radio program, which was to have been broadcast from KUOM by the faculty of the School of Music, has been postponed due to illness of Dean DeLoess Smith. The program will be broadcast from station Thursday, November 10, at an evening program will include vocal solos by Mrs. Myran Dunlap, violin solos by Forrest Schini, Missoula high school student, and selections by a vocal trio consisting of Mrs. Dunlap, Mrs. L. E. Gent and Mrs. Aurelia McAllister. A regular Sunday evening sermon will be delivered by a town minister. Monday night the entire program will be presented by Sigma Alpha, the women's national honorary fraternity.

## COND TRYOUTS FOR RATES OF PENZANCE WILL BE HELD FRIDAY

Tryouts will be held again for the "Pirates of Penzance," this evening at 7:30 o'clock in the music room in Main hall. Those who wish to try out should bring a song which they can sing. DeLoess Smith, chairman of the School of Music, said that a solo and tenor singers are

## ASUM TICKETS GOOD FOR GAME

Those Going to Butte Game Should Sign in ASUM Office by Nov. 14

All University students must take their ASUM coupon books with them to present at the gate in place of an admission ticket at the big game in Butte, November 19. The coupons will be taken at the gate by Carl Blair and Mike Thomas. The backs of the coupon books will have to be presented inside the gate for the students to get in the reserved section of the University seats.

Students planning to make the trip must sign up in Main hall, beginning Monday morning at 9 o'clock. Each student must sign up for himself in order to have a seat reserved at the game.

**University Awarded East Bleachers.**  
The University was awarded the east side bleachers, and the State College the west side bleachers. The schools will alternate each year in the seating arrangement.

There will be 550 seats reserved for the student body of the University and 200 seats for the Missoula townspeople. It is very necessary that all students who are figuring on making the trip to Butte sign up at the ASUM office so that an estimate may be made as to the number of students who are going on the special train. This estimate must be compiled by November 14. There will be no reserved seats for the students, but there will be a block section of the bleachers reserved for them. The Missoula section for townspeople will be next to the University section.

**Townspeople's Tickets.**  
Townspeople of Missoula who intend to see the game can get their tickets at the ASUM office. These tickets have not yet arrived, but are expected in a couple of days.

November 14 has been set as the final date of the ticket sales to the

(Continued on Page 5)

## WAA to Give Party Featuring Dancing, Stunts and Program

WAA will give a party Tuesday evening at 8 o'clock at the women's gym for all members of WAA, freshmen women, and any others interested in the organization. "We want to see all the girls who are interested in WAA come out," said Zura Gerdcia, chairman of the party.

The entertainment will consist of dancing, stunts and a program given by Solway Anderson, Isabel Matthews, Frances Elge, Evelyn Clinton, Dorothy Cohen, and Kinga Gayek. There will be a charge of 10 cents for each person to cover the cost of the refreshments.

"WAA parties have been big successes in the past and we want to make this one go over like the rest," said Lesley Vinal, president of WAA. She urges freshmen girls, especially, to come to the frolic.

## Josey's Theory Is Discussed by Smith

Professor F. O. Smith, chairman of the Psychology department, led discussion on "Race and National Solidarity" by Josey at the Colloquium meeting Wednesday afternoon in the New Science hall.

The value of internationalism and the disappearance of race and national consciousness was contrasted with the advantages of nationalism, race discrimination and imperialism. Professor Smith spoke of the presence of dominant groups, such as the white race, and their superiority, according to Josey, over the more backward races. He also spoke of Josey's idea that ideals of democracy are valuable as principles of behavior within a group but perhaps not so important in more universal application.

There was lively discussion of Josey's theories among the score of persons present at the meeting, according to Professor Smith.

## MERRIAM WILL ADDRESS ASSOCIATION AT BOZEMAN

Professor H. G. Merriam, chairman of the English department, will speak on "American Culture" before the meeting of the American Association of University Women in Bozeman Monday afternoon.

## NUMBER OF YELLOW SLIPS ON DECREASE

Figures Show 335 Sent Last Fall Quarter Compared to 330 for This Year

Students who have made a grade below passing in their subjects this quarter are fewer in number than the fall quarter of 1926, according to figures given out by the registrar's office yesterday regarding the number of yellow slips sent out the first of the week. During the mid-term of last fall quarter 335 slips were sent out for poor work, and this quarter 330 were issued by the instructors. The reason for this slight decrease is that slips were sent out for only E and F grades this quarter, while last fall D's also warranted yellow slips. This quarter 170 men received 230 slips; last fall the number receiving slips was lower, but the number of slips to the individual higher, 157 men receiving 247 slips. Eighty-eight women received 100 slips this quarter; last fall 53 women received 88 slips.

## VARSITY DEBATERS CHOSEN AT TRYOUT

Edward Pool, Steiner Larson, Clarence Wohl and Ernest Lake have been chosen as members of the two Montana teams to participate in the triangular debate with the University of British Columbia and the University of Idaho November 30.

Eight men were competitors in the tryout, which was held Tuesday night in Main hall. Judges were Professor Calvin Crumbraker, of the Economics department, Frank Kelly, debate coach at Missoula high school, and N. B. Beck, University debate coach.

Of the men chosen for the team, Larson, Wohl and Lake have each taken part in one Varsity debate, while Pool has had experience in several debates at Intermountain before enrolling here, and is a member of Pi Kappa Delta, debating fraternity.

Varsity debate team tryouts are scheduled for the night of Tuesday, November 15.

## THOMAS SPEAKS TO PRESS CLUB

Subject of Talk Is Mexico; Fear of United States Is Present Attitude

That the Mexican people are sincere in their efforts to remedy the present situation in their country is the belief of Professor B. E. Thomas of the Foreign Language department. He spoke on "Mexico" at the meeting of the Press club Wednesday night. Professor Thomas, who attended the summer session at the University of Mexico at Mexico City, gave the Mexican view as well as that of America.

"The present attitude of Mexico toward the United States is that of fear," said Professor Thomas. "President Calles and his ministry are endeavoring to provide a means of education for the populace of the country and are trying to teach the people who have recently been granted tracts of land how to raise crops. Public schools have been established; radio sets have been distributed among the communities and a large amount of farm machinery has been purchased by the government and distributed among the people."

Mr. Thomas said that the reason for the action taken against foreign investors was to protect the natural resources of Mexico against exploitation by foreign capitalists. Rather than sell the crude products of their mines and oil wells they prefer to wait until their industrial condition is such that they are able to sell the finished products to foreign countries.

Following the talk by Professor Thomas refreshments in the form of "hot dogs" and pop were served. The meeting which was held at the Journalism shack was attended by about 80 students. The next meeting of the club will be Wednesday, November 16.

## CO-EDS FEATURE STUNTS AT PROM

Decorations to Be Different from Traditional Scheme; Lots of Sustenance

"Everything from an Indian powwow to the history of osculation will be dramatized in the stunts at Co-ed Prom tomorrow night," says Mary Brennan, the manager.

Every group of girls on the campus is planning to compete for the \$10 cash prize offered by AWS for the best six-minute act. "New and amusing stunts are being prepared by the girls and we are sure of a good, live program this year," Miss Brennan stated when asked about the entertainment. Three impartial judges have been chosen to decide who shall receive the prize but their names are to be kept secret until after the announcement of the winner. Any unusual lighting effects may be obtained through Paul Kinnefek who will have charge of the lights for all the stunts. While the program in the Little Theater is going on some of the Tanans will keep guard at the gymnasium to see that no men enter.

"Plenty of refreshments will be on hand to supply those who raise an appetite dancing," according to Roxie Copenhaver, chairman of the committee, who reminds everyone "not to forget their nickles and dimes with which to secure sustenance."

Gertrude Maloney, chairman of the decoration committee, claims that "something entirely different from the traditional Halloween trimmings" will be used but no hint as to their nature has escaped. The orchestra's costumes and the refreshment booths will be in keeping with the general scheme but this general scheme, contrary to custom, has remained a secret.

"Every girl in the University should be there," said Mary Brennan and she especially urges that "all big sisters make arrangements to go with their little sisters."

## Phi Sigma Meets; Flock Gives Talk on Walking Fish

Phi Sigma, national honorary biological society, met last Tuesday evening in the Forestry library. After a short business session at which new members were considered, a talk was given by Kester Flock, forestry student, on the Axoloti, a walking fish. According to Flock the Axoloti is latly related to the salamander, and can live in water or out, for a period of six months. This odd fish-like creature lives in high altitudes of 5,000 feet or more and has a range from Mexico to Canada. Small streams and alpine lakes are favorites for the fish. The reason for its identity as a walking fish is that when water is low in its habitat the fish walks from one body of water to another.

According to Flock the Axoloti is found in Montana, several specimens having been found in the Madison national forest.

## Interesting Photo Is Received Here

Dean A. L. Stone, of the School of Journalism, has been presented with a picture of members of the Montana Press association which was taken in Yellowstone park in 1886. The picture was found in the building occupied by the River Press Publishing company at Fort Benton by J. R. Overholser, who sent it to Dean Stone.

The picture is a relic of the days in which journalism in Montana was just getting a start. Among the members of the association who are found in the picture are Jere Collins of Great Falls; Major Alderson of Bozeman; Matt Alderson, George F. Boos, Sam Langhorn and A. H. Hershey of Helena; Captain James H. Mills of Deer Lodge; L. O. Leonard of Anaconda; and others who were well known in pioneer newspaper work in Montana.

## DOLPHINS HAVE SOCIAL MEETING IN GYMNASIUM

Dolphin club held a social meeting Thursday evening in the men's gymnasium. About 30 girls spent the evening swimming in the University pool. Dolphin club was organized a few weeks ago to promote swimming among the women of the University who enjoy that sport. The club meets every two weeks on Thursday evening.

## STUDENT BODY MAY APPOINT FULL TIME ASUM MANAGER

GAME REPORTS

All students of the University and townspeople who are interested in the outcome of the Grizzly-California Bear football game, which will take place tomorrow afternoon in California, can receive the reports of the last conference game of the season for the Montana men, by calling the University telephone operator. Jimmy Morrow, ASUM business manager, has made special arrangements at Berkeley to forward the progress of the game, at the end of each quarter.

## WORK OF STUDENTS TO BE IN FRONTIER

"I'd like to have as large a representation of student work as possible in the November issue of The Frontier," said Professor H. G. Merriam, chairman of the English department and editor of the magazine.

He stated that at least one story by a student would be printed in the coming issue, and that any contributions which have not been turned in already should be presented by November 7 since the copy for the magazine goes to press November 10.

According to Professor Merriam, manuscripts have been submitted by writers in Colorado, Utah and Oregon. He is much gratified by the response to the change in the Frontier's policy so that it has become a center of publication for the West instead of merely for campus writings.

## DELTA PSI KAPPAS PLEDGE TWENTY-ONE

Delta Psi Kappa, national physical education sorority, held pledge services for 21 girls Wednesday evening in the Women's gymnasium.

The new pledges of the organization are the junior majors and minors of the department, sophomore majors and a few minors, and also a few seniors who have been outstanding in athletics.

**Girls Pledged**  
The girls who were pledged include: Harriet Graham, Madison, Wisconsin; Mary Emily Elliott, Dillon; Dorothy Kiehl, Frances Nash, Kinga Gayek, and Catherine Leary, of Butte; Hazel Hanson, Mildred; Ruth Belmer, Glasgow; Thelma Bourget, Bridger; Eileen Barrows, Buffalo; Marian Hart, Melville; Marjorie Richardson, Missoula; Ruth Nicky, Harriet Johnston, Frances McGrath, of Billings; Ruth Hughes, Pompey's Pillar; Clare Flynn, Miles City; Helen Buneau, Great Falls; Adeline Platt, Helena; Esther Edwards, Malta; and Freda VanDuzer, Custer.

**Mu Chapter Organized in 1920**  
Mu chapter of Delta Psi Kappa was organized on this campus in 1920 by a group of physical education majors who wished to promote the interest and welfare of physical education among college women. This year it was decided to include in the membership those who were minor in the department and a few seniors particularly active in athletics.

**Active Chapter Members**  
Actives in the chapter are: Ann Kramer, Elizabeth Veach, Zura Gerdcia, Gertrude Tebo, Leslie Vinal and Jack Crutchfield. Mary Laux, head of the women's department of Physical Education, was a charter member of the organization.

## NEW YORK APPROVES OF PHARMACY SCHOOL

Dean C. E. Mollett has just received a letter from the assistant commissioner of education of New York which says that the School of Pharmacy here has been placed on the list of registered schools of New York.

This will enable students of the Montana pharmacy school to transfer to any like school of New York without loss of credits due to changing institutions.

"The news comes as a compliment to Montana's college of pharmacy," Dean Mollett said.

## Coach Stewart Advocates a Salaried Manager in Charge of Affairs

Appointment of a general manager to take charge of all ASUM business is advocated in a plan outlined and proposed for discussion by the student body, by Coach Jim Stewart.

The proposal provides for the appointment of a graduate as business manager. He would have a full-time job 12 months of the year, receive a salary paid by Central Board and the Athletic board, and possibly by the University, and be held responsible for the transaction of all ASUM business.

**Duties of General Manager**  
The duties of the general manager, according to Coach Stewart's plan, would be to attend to all activities such as debate, athletics, dramatics, music organizations and publications. He would assist the athletic director in correspondence and act as alumni secretary. He would help students to

(Continued on Page 5)

## MISSOULA TO HAVE INDOOR GOLF SCHOOL

J. Judson Boon, Instructor, to Conduct School November 15 to March 15

Golf fans in Missoula and University will be able to keep in form this winter and novices will have opportunity to learn the game correctly through the efforts of J. Judson Boon, golf professional from Ohio, who is starting an indoor golf training school. The school will be opened on or about November 15, and will be located in the basement of the First National bank building.

**Fifty Sign for Course**  
Fifty prominent Missoulians have already signed up for the course, and according to Mr. Boon many more will likely subscribe before the opening date.

All the necessary golf equipment such as balls and clubs will be furnished free to the members of the school. The only charge incurred by the members during the entire course, which will run from November 15 till March 15, will be a \$10 membership fee.

The hours for the school will be from 8 o'clock a. m. till 10 o'clock p. m. every day except Sunday.

One of the main purposes of the school is to stimulate golf interest among the students of the University.

## Fines Must Be Paid Before November 7, According to Speer

Many students have failed to pay their library fines, according to Miss Gertrude Buckhous, librarian. Notices have been sent to these students concerning payment of these fines and those who do not respond will be excluded from classes beginning Monday noon, November 7. Payments are to be made at the library loan desk before that date. Following is a list of students owing fines, according to the registrar's office:

Anley, Bertha; Allen, Robert; Barto, Elizabeth; Bell, Lillian; Booth, Margaret; Calder, Catherine; Cameron, Jessie; Chidister, Hortense; Clark, R. L.; Conway, Gertrude; Cooney, Melbie; Cunningham, Dorcas; Dodds, Alice; Duncan, Robert; Egert, Roland; Flatsbury, Raymond; Francis, Evelyn; Gustafson, Gertrude; Hendon, Robert; Ironside, Fred; Johnson, Pearl; Johnson, Ruth; Larson, Reynold; LeRoux, Georges; Macfar, Sallie; McGrath, Frances; Mario, Pedro; Maury, Lydia; Morris, Catherine; Morrow, James; Nash, Frances; Negherbon, William; Nelson, D.; Norton, Dorothy; Robertson, Vivian; Scheid, Carmo; Schwalm, Hazel; Shanklin, Harold; Stewart, Emily; Thibault, Nelda; Tamm, Edward; Walker, Mary A.

**Jack Wheatley in Missoula**  
Jack Wheatley, '27, of Anaconda, was in Missoula this week visiting with his mother, who is ill. Wheatley was prominent on the campus last year and was president of Kappa Psi, men's national Pharmacy fraternity.

### General Manager

THE general manager plan as outlined by Coach Jim Stewart might prove a solution to many of Montana's problems. While the University has many loyal alumni, the group as a whole do not show interest in the school. A large percent of Montana graduates are living in the state. A general manager could organize these graduates into Alumni clubs

similar to the one in Butte. By this means we could have a more concentrated effort to build up the University.

This manager could also serve in the capacity of publicity agent. Most of the coast schools have organized publicity departments. Montana has been sadly lacking in this phase. The manager-office could combine with these duties an employment bureau for students needing work. At present there is no one who is in a position to look out for jobs for students. We have an employment bureau that secures some work; but with a man in charge whose business it was to locate these positions, the bureau could function more efficiently.

The general manager would not be limited to any one department, but would have charge of all ASUM activities. The employment of one man on full time for the year around would eliminate many of the part-time jobs. His salary would be paid out of the ASUM and Athletic Board funds, with perhaps some aid from the University. This office would not conflict with ASUM officers and managers but would be advisory to them and directly responsible to the students.

According to Mike Thomas, ASUM president, Montana is the only school in the Conference that does not have some form of the manager system.

### SIGMA NU PLANS TO HONOR THEIR WAR DEAD SUNDAY

Sunday, November 6, the local chapter of Sigma Nu, men's national social fraternity, will hold a service of remembrance for their war dead. W. L. Young, head of the Department of Religion, will conduct the memorial service.

Sigma Nu National Memorial Sunday was created after the war as a yearly custom to commemorate fraternity brothers who lost their lives in the World war.

At this service it is traditional for members of the Sigma Nu fraternity to wear the white rose, the fraternity flower. The men from this chapter for whom the services are held are Marcus Cook, Claude Simpkins, James H. Haubensack and Ward N. Woodward.

### SIGMA DELTA CHI TO MEET SUNDAY

Montana chapter of Sigma Delta Chi, men's international journalistic fraternity, will hold its first professional meeting this year at Bill Garver's home, 408 East Front street, Sunday afternoon at 3 o'clock. William Angus, play coach of the Montana Masquers, will speak.

Speakers Scheduled  
The men have several speakers well known in collegiate and journalistic circles of the state scheduled to appear at the meetings this year. Included among the speakers of last season were Editor Davis of the Daily Missoulian, Dean Stone, Professor Clifford Riedell, Robert L. Housman, and Dr. Emerson Stone.

Professional meetings were held the first Sunday of each month during 1920-27, but it is planned to hold additional ones on special occasions this year, when newspaper men from other cities in Montana and the northwest are guests of the local chapter.

### THETA SIGMA PHI HOLDS MEETING TO DISCUSS TEA

Theta Sigma Phi, woman's honorary journalism fraternity, held a meeting for activities and pledges in the journalism shack Wednesday evening.

### TANAN BANQUET

All old and new Tanans are invited to the annual Tanan banquet which is to be given at the Florence hotel Sunday, November 6, at 5 o'clock. Those wishing to make reservations please call Ethel Patton, 1891-J, before noon Saturday.

### ENGINEERING CLASS INSTALLS PHONES

Members of the class in elementary forestry engineering, accompanied by Dean Spaulding and Professor Clark, made an inspection of the new Anaconda Copper Mining company camps in the Blackfoot valley over the week end. At the present time there are from 400 to 500 men employed in the camps.

The class installed a switchboard at headquarters and the whole telephone system was gone over in detail. Connections with the Milwaukee at Sunset station and several other units were made which were needed by the operators.

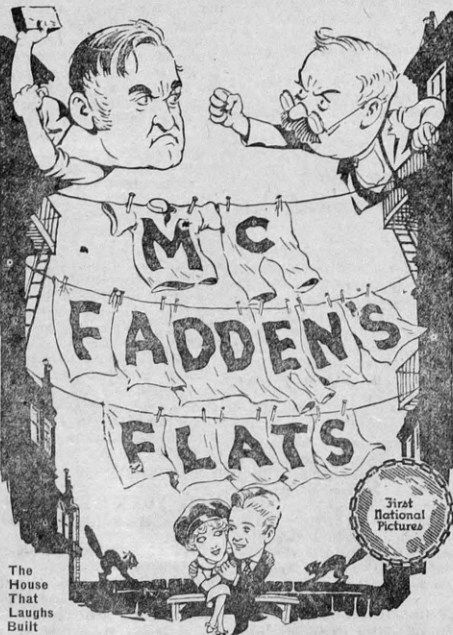

This is part of the work in forestry engineering and was of much practical value to the men in the class, according to Dean Spaulding. Those who made the trip were Stewart Carlson, Howard Dix, Quinton Boerner, Leonard Ashbaugh, Albert Yokelson, and Donald Nelson. The party returned Sunday evening.

RENCH HEROIC, SAYS ARNOLDSON

French Instructor Relates Her Experiences During Tour in Europe

"Newspaper accounts of the restoration of the great churches of France, particularly the Rheims cathedral, have been greatly exaggerated. Most of them have been only partially restored, and it will take years to completely repair them," is a statement of Mrs. Louise Arnoldson, who spent more than three months last summer in France and Switzerland.

**Devastated Areas Partly Restored**  
Not only are the devastated areas still largely unrestored, but France as a whole is still suffering from the economic depression which followed the war, according to Mrs. Arnoldson. She added that she was much impressed with the heroic spirit of the French in carrying their war burden and restoring their fields and cities. "Business as usual" is the slogan which the French, like the English, are carrying out, Mrs. Arnoldson said.

**Sailed From United States June 10.**  
Leaving the United States June 10, Mrs. Arnoldson went direct to Paris, where she met Maud Polley, formerly an instructor in the Foreign Language department of the University. Miss Polley had just returned from Spain, where she had spent a year. Mrs. Arnoldson spent about two weeks with Miss Polley in Paris, until the former University instructor left for America.

**Meets Friends in Paris**  
Among the University people she met in Paris were Miss Gertrude Housh, University librarian, Mrs. Theodore Brantley, North hall social director, and Professor and Mrs. A. S. Merrill. Mrs. Arnoldson spent five weeks in Paris, sightseeing and visiting with old friends, most of whom she had not seen for 13 years.

Mrs. Arnoldson was studying in France at the outbreak of the World War, and left Europe during the first battle of the Marne.

**Visits in Tours**  
After leaving Paris, Mrs. Arnoldson went to Tours, in the chateau country, where she spent a month visiting with her war god-children, whom she "adopted" during the war, and whom she is still caring. There are three of them, ranging in age from 12 to 18. The time she spent with them was delightful, and she and the French people around Tours were hospitable and gracious.

Leaving Tours, Mrs. Arnoldson, accompanied by her daughter, who had met her in July, visited the cathedrals at Chartres, Mont St. Michel in Normandy, Amiens, Beauvais and Rheims. The Amiens and Rheims cathedrals were among those the path of the war, and while the walls were left standing, they were most entirely demolished. The famous statues were also mutilated. Only the nave, which constitutes less than half of the Rheims cathedral, has been restored. Mrs. Arnoldson is fortunate in hearing the great bell of the Rheims church ring. This bell is now rung only on special occasions. It has a melancholy sound reminiscent of past ages, Mrs. Arnoldson said.

**Sees Old Friends in Switzerland**  
Two days were set aside for a visit to old friends in Switzerland, where Mrs. Arnoldson stayed near Lausanne, the shores of Lake Geneva. She returned to France via Lyon, where she saw hand-carved puppets now being shown on the campus were purchased. Paris Mrs. Arnoldson saw the grade of the American Legionnaires under the Arc de Triomphe during her convention there, and attended the impressive ceremony of the Legion of the famous cathedral of Notre Dame, at which General Pershing and Marshal Foch were present. Mrs. Arnoldson sailed for the United States within a few days after the Legion convention had ended. She was gone for three months and six weeks.

Shade of Beethoven Visits Women's Gym

Music—real music—was issuing from the women's gym! Not the usual music, but real honest-to-goodness music! It was real enough to draw crowds of music majors to the gym, even the lofty Law seniors bent in inquiry, and the campus dogs ed toward the edifice from which delicate tones were issuing. The old piano has taken a back seat—for it stands in the corner with its cover closed—and Sh-h-h—Mary Laux whispered confidentially to her best friends that a new upright among the most prominent and appreciated additions to the equipment her department.

UDENT STORE BOARD HOLDS REGULAR MEETING

The ASUM Store board held a meeting Thursday afternoon at 5 o'clock, discussing pending business of the month. The board is composed of faculty members, Professors Thomas and Sanford, and three student members, Carl Tysel, Rodney Barry and Frank Chichester.

...Society...

Ruth Johnson was a dinner guest of Margaret Shoup at the Kappa Kappa Gamma house Wednesday evening.

Dorcas Cunningham was a dinner guest at the Delta Gamma house Thursday evening.

Dr. and Mrs. C. H. Clapp, Dr. and Mrs. R. H. Jesse, Dean Harriet Sedman, Miss Monica Burke and Miss Margaret Maddock were guests at South hall for dinner Wednesday evening.

Emily Stewart, Helen Rawn, Frances Nash, Harriet Macpherson, Gertrude Tebo, Katherine Leary, Zedie Ray Jackson, Emma McCormick, Marian Cardwell, Rose Regan, Valma Judge, Marie Regan and Barbara Terrett were dinner guests at North hall Wednesday.

Margaret Sharpe, Gwen Pharis, Zelma Hay and Virginia Griffith were dinner guests at Corbin hall Wednesday evening.

Mary Brennan was a luncheon guest of Mrs. W. F. Kester at North hall today. She talked about the Coed Prom to the girls in the dormitory.

A birthday dinner was given at the Alpha Phi house in honor of Sara Earl Thursday evening. Miss Earl is a pledge of Alpha Phi.

Miss Hazel Tallman was a dinner guest at the Alpha Xi Delta house Thursday evening.

Members of Kappa Epsilon, women's national Pharmacy fraternity, entertained at a bridge party last Friday evening in honor of the freshman girls of the Pharmacy school. The party was held at the home of Elsie Jakways in the University apartments. At the end of the evening refreshments were served to the guests.

Members of the Math club entertained the freshmen enrolled in the Mathematics department at a dancing party held in Craig hall Wednesday evening. Refreshments were served at the close of the evening. About forty people attended the party, including several faculty members.

CHRISTIAN UNION MEMBERS MEET AT CHIMNEY CORNER

Former members of the University Christian Union held their first meeting of the year at the Chimney Corner Thursday noon. Plans were discussed for the possible reorganization of the Union and at the next meeting officers will be elected.

LE ROUX IS PRESIDENT

George LeRoux was elected president of the French club at a meeting held Thursday night. Other officers are: Vice-president, Andre McDonald; secretary-treasurer, Mildred Anner. Forty members were present at the meeting, which was held at the home of Mrs. Flora Weisberg.

TO DRIVE TO BOZEMAN

Everett Bruce will drive to Bozeman this evening to witness the Cub-Bobkitten game.

PROFESSORS ADDRESS COUNCIL'S MEETING

Mirrielees, Freeman and Angus Talk to Assemblies in Great Falls, Bozeman and Miles City

Professors Lucia Mirrielees, Edmund Freeman and William Angus of the English department addressed meetings of the Montana Council of English Teachers last Friday.

**Successful Meetings Held**  
According to Miss Mirrielees, who is president of the council, two highly successful meetings and a get-together luncheon were held in Great Falls. The program there consisted of the presentation of one act of a three-act play, "The Rose of Old Plymouth Town," by students of Great Falls high school; greetings by Miss Mirrielees; talks on aims in English, composition, public speaking, declamation contests and Little Theater tournaments; an address on "Making Literature Live," by Miss Rachel Jordan, a Montana graduate now head of the Kalispell English department, and a round table discussion led by Miss Mirrielees. She met many former University students, among them Cyril Van Dusen, Blanche Taylor, Olivia O'Leary, Helena Wright, Ruth Boran, Kathleen Munro and Harold Gray, who are teaching in various places throughout the state.

**Freeman Speaks at Bozeman**  
Mr. Freeman, who spoke at the Bozeman meeting, reported the sessions there as being enjoyable and marked by fine spirit and good attendance. He discussed "English for Life." Talks concerning the English council, oral English classes, modern poetry, the prospective teachers' preparation in English, and phonetics were also given.

"The Little Theater Movement" was the subject of Mr. Angus' speech before the section of the council which met in Miles City. Round table discussions and an address on large-unit assignments and laboratory in English teaching were other features of that meeting.

FRESHMEN HIKE TO RATTLESNAKE CREEK

Eight boys from South hall made a trip up the Rattlesnake creek last Saturday on a hiking expedition. The party hiked the greater part of the day, going about 15 miles before making their camp for the night. They hiked back Sunday. Those making the trip were William Gunterman, William Iventhal, H. Gilson, F. Long, J. Beach, T. Rudolph, O. Olson, and Robert Linke.

Donald Flint, also of South hall, went deer hunting Saturday but was unable to shoot one.

**No Matter How Much You Learn**  
YOU KNOW ONLY SO MUCH AS YOU REMEMBER. Your mind will obey you just in proportion to the requirements you place upon it if you give it a chance. You can always remember if you train your mind to serve you when and as you want it to serve. You can think and talk better and clearer with training that will take but a few minutes of your time. Prof. M. V. Atwood, formerly of the N. Y. College of Agriculture at Ithaca, now Editor of Utica Herald-Dispatch, wrote: "I have all memory courses and yours is best of lot. You owe it to the public to publish it in book form." In response to this and other demands this course has been issued in a handy little volume to fit your pocket and the cost is but Three Dollars postpaid until December when Five Dollars will be the price. LIFE AND HERALD, Johnson City, N. Y.

## WOMEN JOURNALISTS ARE MAKING GOOD

The advertising field as well as the reportorial side of journalism has drawn into its ranks a great many women who have graduated from the Montana School of Journalism.

Most of these women started their journalistic careers as straight news reporters and have since taken up varied phases of advertising. Many are responsible for all the advertising of the firms they represent.

Margaret Garvin Stone is now associate fashion editor of the Good Housekeeping magazine. Doris Kennedy White is doing department store advertising for Strain brothers in Great Falls, while Miriam Weyman writes ads and illustrates them for the Great Falls Gas company. Ann Nilson is doing general advertising work in Spokane, as are Gretchen Muckler Averill and Alice Hankinson in Seattle. Miss Hankinson has been unusually successful in her work, and has won several prizes. Margaret Anderson is doing all the publicity for the Kindergarten Normal at Evanston, Illinois. Annabelle Desmond is doing advertising work for Macy's department store in New York, and Celia Anderson is with the Emporium department store in San Francisco.

## Origin of Play Title Found in Night Club

Once upon a time (but this is not a fairy story) a dairy man came to New York from some-place-in-the-acticks, with a lot of money, to revel in the glories of night life. One night at the club of the inimitable Texas Guinan, he became so recklessly elated that he began throwing his money away, literally sprinkling it around the floor and tables. Tex pointed him out with, "Oh, look at the big butter and egg man!"

After that night, anyone who threw money away either literally or figuratively was referred to as a "butter and egg man". New York adopted the expression at once, and finally tacked it more definitely to designate the man who was sucker enough to sink money into worthless shows and musical comedies.

The foregoing is the generic origin of the title and leading role of George F. Kaufman's sparkling New York success, "The Butter and Egg Man," which will be presented at the University Little Theatre November 10, 11 and 12, under the direction of William Angus. Kaufman is well known for his work with Mark Connelly in writing "Dulcy", "Merton of the Movies" and "Beggars on Horseback". In the Masquers production he shows a youngster who, with no experience in financing, sinks his entire fortune in a worthless undertaking. "The Butter and Egg Man" is rich in burlesque and satire, done in Kaufman's best style.

## MORPHEUS

Doomed Soprano Gives Life for Science

The zero hour was at hand. The sentence had been passed. The judges had decreed that the prisoner must die.

It was a motley group of people which was assembled in the death chamber. Some had calloused expressions—they were obviously bored by the proceedings. Others looked on with awe and fascination, watching every move of the executioner with bated breath. Some gazed compassionately at the prisoner. To them she was so small and frail—too innocent to be so heartlessly condemned. Tears were of no avail. The tender-hearted could only hope that death would come quickly to the doomed one.

The executioner stepped forward. Gently but firmly he assisted the prisoner into a boxlike affair. He paid no attention to the cry of alarm that the frightened victim gave, but deftly dropped a vessel of vile-smelling liquid into the chamber with the prisoner.

There was a sudden, violent scratching and a frantic struggle which grew weaker and weaker and finally ceased. The executioner reached over, took off the cover, and lifted the lifeless form from the box.

"All over," he said laconically, and the watchers breathed naturally again. Another kitten had been sacrificed to provide a specimen for the comparative anatomy class.

## DAUGHTERS LEAVES FOR EDUCATION BOARD MEET

Dr. Freeman Daughters, head of the Department of Education, leaves for Helena today to attend a meeting of the State Board of Educational Examiners. Dr. Daughters will return to the campus Sunday.

## ALUMNUS PRODUCTION IS NOW ON THE PRESS

The October number of the Montana Alumnus, a quarterly publication, is now on the press and will be ready for distribution at the end of this week, according to Carl McFarland, managing editor.

## Women Have Better Scores Than Men in Psychology Tests

Individual ratings of freshmen who took the aptitude tests made by the psychology department at the beginning of the fall quarter will be given out by the registrar's office Monday afternoon at 1 o'clock. Each freshman is urged by Professor F. O. Smith, chairman of the Psychology department, to call personally for his rating as it will be given only to the student himself and will be sealed.

**No Comparison Yet With Last Year**  
The aptitude tests which are prepared by the American Council of Education, Washington, D. C., were first given here two years ago. So far no comparison has been made between the ratings of this year's class and other years, but will probably be made later. According to Professor Smith the primary object in giving these tests is to give administrative and advisory departments data upon which to base educational guidance. "These ratings serve not only to show the student's intelligence but also serve as an indicator of those lines of endeavor for which he is most adapted or in which he is most apt."

**Women's Average Better**  
This year 444 students, 246 men and 198 women, took the tests. In the tests as a whole the women had an average of 125 as against the men with 123, the average of the whole class being 124. The maximum individual score was 268 while the maximum possible was 363. The women also led in the artificial language test with an average of 27.2 compared with 20.2 by the men and a total of 23.3 while the men had an average in arithmetic of 29.5 as against 22.2 by the women with a total of 26.3. The figures for the other tests are: Completion test, men, 26.6; women, 24.9; total, 25.9. Analogies, men, 25.8; women, 27.3; total, 26.5. Opposites, men, 21.1; women, 23.8; total, 22.3.

## Unemployment Survey Conducted

Easton, Pa., (IP)—Lafayette college is to conduct a semi-official investigation of the conditions of unemployment in the United States. The investigation will be made along practical lines and will be centered in the city of New York. When a decision finally is reached by the experts, an important wage between Professor Miller D. Steever of the government department of the college and Roland S. Finley, '28, will also reach a settlement, to the satisfaction of the class in socialism.

## SMITHSONIAN EXHIBIT ON DISPLAY SUNDAY

Lithographing in its various types and processes is being shown in the mats of the Smithsonian exhibition which are now hanging in the Art studio, Main hall. The exhibition will be especially open to visitors on Sunday from 3 to 6 p. m.

The exhibition shows the steps in developing engravings, etchings, woodcuts, lithographs, bank notes, aquatones and photogravures. The processes with the successive steps are pictured while each mat carries an explanation of the work and a history of its development. The exhibition follows the history of such work from the earliest wood-cuts used in China in 175 A. D. down to the latest photogravures of the Sunday supplements.

In speaking of the exhibition Clifford Riedell, head of the Art department, said, "This exhibition is primarily of an educational nature. All of us see the results of lithographing in magazines and newspapers, but few understand the processes which have made it possible for them to be made up speedily and artistically."

## "Y" Receives Good Support in Annual Membership Drive

"Results of the YWCA membership drive are very encouraging," according to Emily Stewart, who is in charge. The response this year has been generous but we are extending the time until next week in the hope that more students will contribute to the fund," she continued.

Price of membership in this organization is 50 cents a year. This money is used to pay for a Christmas party for the poor children of the town. Other activities of YWCA on the campus include an annual "wienie" roast, a get-together tea, and vesper services at Christmas and Easter. In addition to these social functions, the organization, with financial aid from AWS, is remodeling the women's rest room in Main hall.

## PHARMACY FRATERNITIES HOLD MEETINGS; KAPPA PSI PLANS FOR A SMOKER

Kappa Psi and Kappa Epsilon, men's and women's national pharmacy fraternities held their regular business meetings last Tuesday. Both organizations took up routine business matters and members of Kappa Psi discussed plans for a smoker to be held in the near future.

## Pipe paths lead to P.A.

YOU can take the long, circuitous route and come to P.A. by degrees, as you eventually will, or you can cut corners and start right with The National Joy Smoke. Open a tidy red tin of Prince Albert, drink in that rich, rare aroma, and you will decide on the quick route.

Your first taste of P.A. in a pipe will clinch the decision. What a smoke, honestly! Cool as a conference in the Dean's office. Sweet as getting back on unlimited cuts. Mild as tea, but with that tobacco-body that satisfies your most

deep-rooted smoke-hankering. No matter how fast you feed it, P.A. never bites your tongue or parches your throat. Just cool contentment and solid satisfaction with this long-burning favorite of experienced jimmy-pipers. Ream out the old pipe and give it a brand-new deal with good old P.A.—today.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and punch removed by the Prince Albert process.

# GRIZZLY SQUAD PICKED TO WIN

Powerful Bobcat Team to Meet Tri-color Squad in Butte November 19

Although the bulk of football interest centers in the Berkeley stadium where the Grizzly of Montana and the Golden Bear of California play this Saturday, there are many who look forward to the Bobcat struggle in Butte. The Montana State squad, twice defeated, yet doubly dangerous because of defeat, are better bets to win than they have been in many years. The strongest team ever to wear the Blue and Gold is awaiting the trek to Butte and the chance to hurl themselves at the throat of the Grizzly.

**Bobcat Backfield Strong**  
Comparative dope indicates a balance of strength. The Bobcats have a great backfield in Chaz, Eikrem, Gardner, and Babcock. Their line is one of the best in the west, as witness the Purdue contest, in which the western forwards consistently outplayed the Boiler-maker line-men. The Grizzly line and the Bobcat line are parred. The backfields are most evenly matched. There is little to choose between and that team will win which most consistently is on the alert and seizes those peculiar opportunities during the play known as the breaks.

**Both Strong on Passes**

Both teams depend to a great extent on a pass attack. It was the poor handling of passes that enabled the Purdue backs to intercept a number of them for victory over the Bobcats, and the Romney crew is determined that no bothersome Grizzly will be allowed to snare a toss meant for Bobcat hands and convert it into a score. The Grizzly aerial attack, promising at the start of the season, slumped woefully and proved ineffectively later. If it reaches the peak of efficiency which it boasted in early season it will be a most effective weapon to turn against the Aggies.

**Lines Evenly Matched**

Ground-gaining attempts through either of the opposing forward walls will probably prove futile. Two heavy, powerful lines will face each other on Clark field that afternoon and light backfield forces will avail little against them. Sweeping end runs and passes will predominate in the offensive tactics of both teams, a type of game very pleasing to the spectator.

## INTRAMURALS START WITH ROTC TEAMS

Intramural basketball will begin November 20, and as a starter a tournament will be held for members of the ROTC battalion. Each company will have a team to compete for the championship of the entire unit. According to Harry Adams, captains for these teams should be elected at once so that the teams will begin functioning by November 20.

Following the expiration of the schedule for the ROTC, the class games will be held, and if time permits a schedule will be played to determine the championship of the professional schools and departments of the University.

## FINAL TRYOUTS FOR RIFLE TEAM TODAY

Competition is strong in the tryouts for the girls' rifle team this year, according to Captain Caulkins. Many very high scores were made during yesterday's practice. "In fact," said the Captain, "they are doing as well as the boys."

All but two of those trying out this year are beginners. These are Billie Kester and Leslie Vinal, who are shooting better than they did last year.

The final scores will be made today, after which the twenty girls having the highest scores will be chosen for the team.

## ASUM Tickets Good for Game

(Continued from Page 1)

townspeople of Missoula. After that date all Missoula fans who have neglected to buy their tickets or are undecided whether they are going to Butte will have to buy them at the Butte Chamber of Commerce.

**Bear Paws and Fangs to Usher**  
The ushering for the game will be taken care of by Bear Paws from the University and the Fangs from Bozeman. There will be 20 Bear Paws and an equal number of Fangs.

The Butte Chamber of Commerce is taking care of the advertising and publicity end of the game, and the Montana Power company of Butte is getting out a novelty program that will be free of charge. This program will contain the names of the men on both teams, their weights, and the numbers on their sweaters.

The editor of the Kaimin will be admitted to the press box, and the official school photographer will be admitted on the field. All others

must sit in the Missoula section.

There will be a special stand for the band, built outside the bleachers, and during the intermission between halves the bands will give a joint demonstration.

### Special Rates

Window cords and posters advertising the game will be sent to the various cities in the state by the Butte Chamber of Commerce. The railroads are offering a special rate from all points in the state, of a fare and a third. This special fare is good from November 18 to 21. The one-way fare from Missoula is \$4.32 on the Milwaukee special train, which leaves Saturday morning at 8:00. The train will return from Butte at 7:00 instead of 7:30 p. m., as was first announced. A stop will be made by the special train at the VanBuren street bridge to take on students who do not care to go to the depot. The special train will also stop at the bridge on returning to Missoula, for those students who live in the dormitories.

## Student Body May Appoint Manager

(Continued from Page 1)

find jobs, and provide for University publicity throughout Montana and in other states.

Student managers' jobs would not be done away with, but their work would be handled under the supervision of the ASUM manager. He would attend to general affairs and would be aided by students in working out details in connection with University affairs.

**Arguments in Favor of Plan**  
The following arguments in favor of the plan are given by Coach Stewart and by Mike Thomas, ASUM president:

1. The general manager plan would be a means of accomplishing a big saving in time and money. Since the manager would have a full-time job he would be solely responsible for all ASUM transactions. Instead of the present division of the duties necessary for the carrying on of affairs, with its resulting inefficiency, the centralization of work would make for greater ease in organizing activities and for better control of all ASUM matters.

2. Since the general manager would be a graduate he would be better able to bring about cooperation between the people of the state and the students than if he were a student, with a prejudiced viewpoint. In acting as alumni secretary he would organize Montana graduates into live-wire booster clubs and get their active support for the University.

3. Through his work as employment secretary, the ASUM manager would improve the student employment situation. He would spend part of the summer months getting jobs for athletes who must work their way through school. Instead of the present system, whereby there is only an advertisement in the papers stating that University students are in need of work in order to finance their education, the inauguration of the general manager plan would bring about contact between the manager and the townspeople, to whom he would talk and with whom he would draw up a schedule of the kinds and number of jobs to be offered to students.

4. Acting as publicity director, not only for athletics, but also for all other student body affairs, the general manager would send out news stories about the University. This work should tend to make the University better known in the state and to provide for its advertisement nationally.

5. Most of the other colleges and

universities of the West have already adopted this plan and have found that it results in more efficient management of student body affairs and in a big saving in time, money and the possibilities of making mistakes. According to Mike Thomas, the plan was one of the subjects for discussion at the conference of student body presidents, representing 30 colleges of the West and the Pacific coast, which met in Los Angeles last June. Those who discussed the idea there seemed unanimously of the opinion that the general business managers more than earned their salaries and that the transaction of affairs of the student bodies was being much improved.

### MORTAR BOARD MEETS

Mortar Board held its regular meeting in North hall parlor Wednesday night at 7:15.

## NOTICES

International club will meet at the Chimney Corner, 8 o'clock tonight.

Newman club members will meet in St. Anthony's parish hall Sunday morning after 9 o'clock mass. Dance plans will be discussed following the breakfast. All Catholic students are urged to attend.

# How will your office look?

Not like this, of course

Yet you will find in it a dozen jobs that can be done more quickly and effectively by electricity—and done so quietly as to be practically unnoticed. In fact, electricity has completely revolutionized many office methods.

**YOUR FATHER** probably will recall the days of high stools, eyeshades, and evenings overtime.

But visit a modern office! A thousand letters to go out by four o'clock. A new price list to all customers in to-night's mail, without fail. Enter electricity. Two or three people turn switches, and the finished letters come out of an ingenious machine. Another motion and they are sealed and stamped. Only electricity could get that job done.

Here's a statistical job. The reports are in; thousands of figures to analyze. Looks like overtime for fifty clerks. "Certainly not," answers electricity, as a button starts the

motor-driven sorters and tabulators. Key cards are punched with lightning fingers. Electric sorters descend 24,000 cards an hour. Tabulators add quantities and amounts in time, and print the totals.

Go to almost any bank today. Hand in your account book. Click, click, click, goes the electric book-keeping machine and back comes the book to you. Five operations performed in that brief moment. Everybody saves time,—you, the clerk, bank,—when electricity is the keeper.

In the office of to-morrow you will find "electrical fingers" doing more work than even to-day.

This familiar mark appears on many electrical products, including motors that drive time- and labor-saving office machines.

## MONTANA GRIZZLIES LEAVE FOR GAME WITH CALIFORNIA

### Twenty-five Make Trip: All Regulars Back in Lineup After Two Weeks' Rest

After ten days of intensive preparation, Coach F. W. Milburn and 25 of his Grizzly athletes left Wednesday morning for California, where they will attempt to halt the brilliant rushes of the southern Bruin in Saturday's game. The Grizzlies will enter the Berkeley stadium fortified with the acquisition of all their regulars for the first time since the opening of the conference season.

#### Twenty-Five Making Trip

Those whom the Montana mentor chose to make the trip are Captain Vierhus, Clark Whitcomb, Eddie Chinke, Ray Lewis, Sid Stewart, Clarence Coyle, Jim Parmalee, Lloyd Callison, Reid Harmon, Don Foss, Jake Carlson, Ted Mellinger, Sam Kain, Curtis Brittenham, Bob Tiersan, Kermit Ekregen, Bill Rafferty, Bill DeSnell, Jimmy Gillan, Jimmy Morrow, Gordon Rognlien, Marshall Murray, Frank Spencer and Jim Clark. The starting lineup will probably be the same as that of previous games, although it is almost certain that Clark Whitcomb, veteran tackle, will be at the position that he abandoned when injured.

The Grizzlies will have the advantage of two weeks' rest when they take the field against the Golden Bear. The southerners, badly hammered by the heavy Trojan assault, will not be in the best of condition, and, faced by the Stanford game of November 12, must take the Montana contest in its stride. The Grizzlies, with the aid of the fortnight's idleness, have been pointing for the Berkeley game.

#### Dependent Upon Speed of Attack

Those football enthusiasts who occupy the stands of California's memorial stadium Saturday will be treated to an exhibition of the open game in its advanced form. Both teams are dependent on the speed of their attacks to thwart the opposition, and spectators may witness a thrilling display of aerial thrusts varied with sweeping end runs and off tackle plays. California, placing great faith in the cultured toe of Lom, brilliant punter, will kick often and wait for breaks. Such a game is known to be effective and the Grizzly squad must be constantly alert lest an enterprising and ambitious California back relieve them of the oval. The Golden Bears have won many games through the exercise of such tactics.

#### California Has Varied Attack

Coach Milburn spent the bulk of the practice periods polishing the

Grizzly attack that the northerners may have something with which to counteract the dazzling speed of the California assault. The Golden Bear made the none too pleasant discovery that a good kicker is not the only offensive weapon needed by a winning team and the Montanans may expect a varied and well executed series of powerful plays hurled at them by the native sons. The Grizzlies will meet such an attack with plays basically similar. The air will probably be filled with footballs throughout the game, while the wingmen may expect extensive travel in pursuit of fast-traveling ball-luggers.

While the Varsity perspires under the California sun, the Cubs will engage the Bobkittens of M.S.C. in their third contest of the season. Coach Adams' men are still looking for their first victims, having dropped games to the Idaho and W.S.C. yearlings by topheavy scores.

### "Hoof Ball"

#### Kappa Sigs to Play With Soldiers

If you want to see a knock-down, drag-out, hair-raising, blood-curdling, awe-inspiring and everything else that goes with such an exhibition, it may be called an exhibition, come to the football game that will be played next Sunday afternoon at 3 o'clock on Dornblaser field, that is if the field is allotted to the warriors, between the Kappa Sigs and the Fort Missoula doughboys.

If the players cannot get the University field on which to do the dirty work, the game will take place on the Missoula High school grounds.

The Kappa Sigs will take the field under the leadership of Ken Downs, diminutive quarterback. Mr. Downs is holding regular practice after lunch every day on the nice soft pavement of Gerald avenue, and says that his men are developing into such physical specimens that the pavement is being torn to ribbons.

It is said that the soldiers are practicing hard for the bloody encounter and promise to wipe the field with the Greek lettermen.

So far no referee has been chosen to break the clinches, but it is understood that one man, whose honesty and integrity are to be doubted, will be chosen for the third man in the fight.

Be sure not to miss this battle. It promises to make the Battle of Bull Run look like a Cow Trot.

## SPORT SPURTS

The University of Washington is all "het up" over the Stanford game this Saturday. They do not seem very certain of winning and to make matters worse their siren, cherished rally trophy, is missing. After receiving a tip that Stanford was sending a delegation up to get the siren, a guard of two men was posted with the result that the siren and guard were both missing the next morning.

The Montana Grizzlies tangle with the Gonzaga Bulldogs at Spokane November 12. According to the Gonzaga Bulletin the Bulldogs are rather uncertain whether they are going to take or be taken. Comparative scores of the Mount St. Charles games seem to be worrying them more than anything else.

The Bozeman Bobkittens are pretty confident of a victory over the Cubs this Saturday. The Cubs have been in pretty fast company lately, as their scores can testify. Bozeman has not played many big games yet and Worthington, Worden, Kieffman, and DeFrate may not look so good against the Cubs as they have against the high school teams.

The Minnesota-Notre Dame fray looks like the big game this Saturday. Notre Dame has been fast enough to run away from its opponents so far this season—the question is whether Minnesota can stop them. Joesting, Minnesota's all-American fullback, is all primed for the fray and it's going to take a lot of men to halt him.

Tomorrow the Grizzly of Montana faces its greatest test of the year when it goes into the California stadium to match claws with the Golden Bear.

If the Californians take the invasion of the northerners too lightly, the Grizzly may surprise the native sons greatly. However, comparative dope indicates the Golden Bear's superiority. Montana has been pointed for the California game and may discount the wisecracks.

The Washington-Stanford game holds the greater part of western interest. Here will be a battle of opposites. The Stanford team, coached in the art of deception, will endeavor to win through speed and deceit, while Bagshaw's Husky horde will, as usual, pound straight through the Stanford line, interspersing these assaults with an occasional pass.

Spears, Minnesota mentor, boasts a powerful open attack. He has a set of fast, brilliant runners in Alquist, Nydahl and Hoyde, comparing with the fastest men in the country. The sweeping runs of these men, balanced by the terrific plunges of Joesting, should give the "Giants of the North" the victory they seek.

Stanford, Washington and U.S.C. appear to be easily the superior of the rest of the Pacific coast teams. The Trojans and Huskies, powerful as they are, do not play as smart football as do the Palo Alto men, and this factor may bring the proteges of Warner into the conference lead.

Yale, Harvard and Princeton, that theretofore haughty triumvirate of football, after a long lapse are actually winning some games. Harvard, after the Dartmouth debacle, came back and walloped Indiana last Saturday. This probably means nothing, for Indiana spent herself that frenzied day when they held the powerful Gophers to a 14-14 tie.

Yale, with a really great team, kept up her winning streak. The Blue boasts a mighty backfield in Caldwell and as effective a line as ever ran ahead of a Bulldog backfield.

Princeton, too, is good. The sons of Nassau are playing smart football and "getting the breaks".

Montana looks confidently forward to a successful basketball season. A wealth of good material, the best, perhaps, ever to report to a Montana coach, is in training and the Grizzlies should be a much feared team this year.

## DAILY PRACTICE FOR BASKETEERS

### Sterling Has Charge of Hoop Aspirants Until Coach Stewart Returns

While Coach Milburn and his squad of 24 Grizzlies were making the trip to the land of sunshine and grapefruit to play the Golden Bears, another squad of almost 30 Grizzlies was climbing into suits each night to practice for the time when football will surrender its place on the sport page to basketball. This year the Grizzly basketball squad will be picked from six lettermen from last year, a large field of last year's frosh stars and a number of players who were ineligible last year. The team will make six trips at least and will probably go on a barnstorming trip if games can be arranged.

As yet many of the prospective basketball men are out for football and will not be able to report for practice on the maple court until later in the year. Among these is Sam Kain, who will share with Cloyse Overturf the captaincy of the team.

#### Daily Practice

Later in the season, after everyone has been given his chance to show his stuff, the squad will be cut down to a select few. These men will remain in Missoula during the Christmas holidays to practice. It is at this time that Coach Stewart plans to take the Grizzlies barnstorming. The team will start out around December 26 and return during the first part of January. That is, if the games can be scheduled.

Coach Stewart plans to see his team in action before he takes them barnstorming. The Universities of Illinois and Oklahoma expect to be through this part of the country late in December and seem to want to play with the Montana men. Illinois is scheduled to play the University of Washington at Seattle New Year's eve to dedicate the new Husky gymnasium. Oklahoma is coming through on a barnstorming trip and is looking for any games it can get.

Fritz Sterling is in charge of the Montana squad while Coach Stewart is in California with the football team. Sterling played for Montana in 1925 and 1926. He was elected captain of the 1927 team but was declared ineligible before the season started and was forced to resign.

## TEAMS TO PLAY IN SEMI-FINALS

### Tomorrow's Games to Decide Which Eleven Battle for Championships

After an early-season record replete with upsets, the various conferences face the semi-final games tomorrow with some idea of which teams will decide the different championships. In the east N.Y.U., Pittsburgh, and Washington and Jefferson, all undefeated, will fight to see which ones will be eliminated. N.Y.U. with a tie by Colgate, its only blemish, should get by Carnegie Tech without difficulty. Pittsburgh and Washington and Jefferson, with no ties, face each other, and it will be a bitter struggle before the winner is decided. Harvard and Princeton are meeting strange teams this year in place of their own usual annual game. Harvard will take on a tough foe in Pennsylvania and Princeton will be only a slight favorite over Ohio State. Yale will probably use substitutes against Maryland and win easily at that, while saving the regulars for the Princeton game next week. Army and Navy are expecting easy times with West Virginia Wesleyan and Franklin and Marshall, while Lafayette is out to regain lost prestige by thumping Georgetown.

#### Illinois Strengthening Defense

Illinois, present leader in the Big Ten, is strengthening its defense in preparing for the Iowa game. Michigan, eliminated by Illinois last week, faces Chicago with Louis Gilbert once more in the backfield. Northwestern and Purdue, both defeated, will attempt to further humble each other. Some of the greatest players and some of the smartest football strategy in the world will appear in the Notre Dame-Minnesota clash.

Contenders for the Pacific coast title will be narrowed to three teams tomorrow, Washington or Stanford being slated for the discard heap when they finish their game tomorrow. The standings of Idaho and U.S.C., the other team snow in the running, will remain the same, U.S.C. being idle and Idaho meeting St. Mary's, a non-conference team. California, last week victims of the upset habit, will seek to regain some prestige at the expense of Montana.

Mike Floyd, '27, is taking advantage of a scholarship awarded him by Cornell university. In a letter to Professor J. W. Howard, he states that he likes the work there and is well satisfied with the school.

#### SPECIAL RATES

Students anxious to accompany the Grizzlies to Spokane to witness their battle with the Gonzaga eleven November 12 will be interested to learn that efforts are being made to secure special rates to Spokane. According to Carl Blair, assistant student auditor, if as many as 15 students signify their intentions of going special rates of \$11 for the round trip can be secured. Anyone interested in going should see either Carl Blair or Ruth Nickey at once.

## PRACTICE FOR MEN'S RIFLE TEAM WILL START NEXT MONDAY

Men's rifle team will start practice for the ninth corps area match Monday. The match will be fired in January. The hours for practice will be 9 and 11 a. m., 1 and 2 p. m. on Mondays; 9 a. m., 1 and 3 p. m. on Tuesdays; 10 and 11 a. m., 1 and 2 p. m. on Wednesdays; 11 a. m., 1 and 2 p. m. on Thursdays and 10 a. m., 1 and 2 p. m. on Fridays.

Those in charge will attempt to arrange the individual schedules so that each man will get five hours practice per week.

Only 18 men have signed up for the team. However, Lieutenant LaCroix says that he expects several more who have proved themselves capable of becoming good shots to sign up before the week is over.

A blonde and a red-head have been elected the prettiest girls on the Wellesley campus this year.

## GRIZZLY CUBS LEAVE TODAY FOR GAME WITH BOBKITTENS

### Tough Game Is Expected as Team Is Handicapped by Loss of Men

Montana's Grizzly Cubs leave today for their game against the Montana State Bobkittens. This will be their last contest this season, and the fact that they meet an Aggie team makes it of much more importance.

The Cubs have not appeared to advantage in their two previous games, apparently lacking fire and dash in both the Idaho and W.S.C. struggles. Injuries and ineptitudes have hampered the coaches considerably in their efforts to mold a smooth-driving machine from the squad of young huskies. The frosh have size and weight, and at times the backfield is as flashy as one could want, but the team as a whole does not function smoothly. But if hard work and driving by the coaches will help any, the Bobkittens are going to have a snarl and determined Cub bear to tangle with tomorrow afternoon.

#### Elliot Coaches Line

Harvey Elliot, in coaching the line, has stressed fight and lots of it when drilling his charges for the coming fray. Montana's teams always show more fight when meeting an Aggie team than against any other opponent, but Elliot is trying to double even this amount of scrappiness. Harry

Adams, smoothing out the rough spots in the backfield, is striving to correct the weaknesses shown by the safety men in returning punts. Captain Clyde Carpenter and Tom Moore have worlds of speed, and Davis is a slippery man to handle when he gets started. Jack Yale and Lamar Jones have the weight necessary for hard, smashing drives through the line and are tough enough to take all kinds of punishment backing up the line on defense. Gregerson, quarterback, has been hampered by injuries for some time, but is fit now and ready to play the game of his life.

#### Heavy Line

In the line there are several men whose size should enable them to qualify for any frosh team, but the boys showing the most fight will get the call tomorrow, regardless of weight. In the W.S.C. game Franklin Thrailkill, 165-pound guard and center, and Russell Peterson, 210-pound tackle, were doing all the fighting. Amick and Rathard, ends; Stevenson, tackle; Rom, Prather, Brophy, McGinnis, Williams, Page and Holmes in the center of the line are all big and possess ability enough to give good accounts of themselves when the time comes. Phil Duncan, at end, and Tony Monaco, in the backfield, are lighter but have the Montana spirit down fine.

Bobkittens Expect Tough Battle  
Coach Dyche's Bobkittens consider

#### SENIOR PICTURES

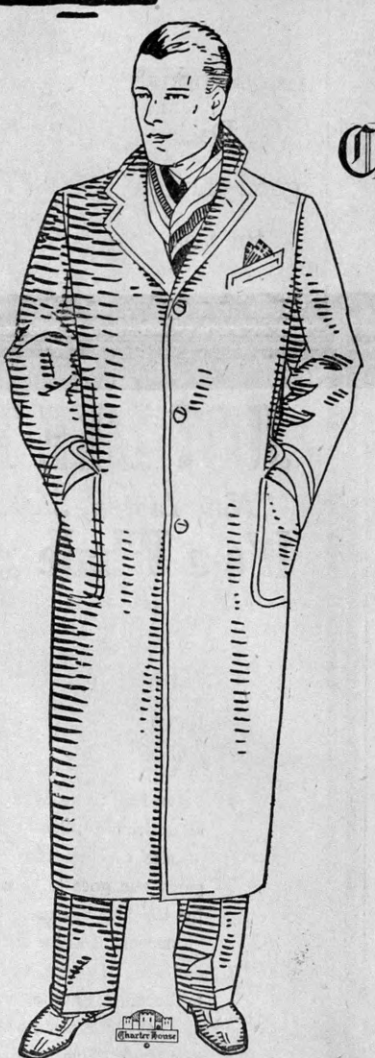

"Seniors must sign up at once at the Sentinel office for a time which to have their pictures taken. So far only 99 of the four-year students have made their appointments, and the rest of the class must snap into it at once," Donias Thomas, editor-in-chief, states today.

The picture section of the Sentinel must be completed as soon as possible, and any seniors who have not had their pictures taken by Monday night may be left out of the senior section entirely.

Sororities and fraternities will be notified before Tuesday at what time their pictures will be taken. All members of the social organizations, except seniors who have been photographed, must appear at the Dorian studio at the same time although the pictures are to be taken individually.

The Cub game their hardest test of the year, and have been pointing it since the Billings Poly game. They have been frightened by tales of Mulich's prowess and will be mighty relieved when the Cubs line up without him tomorrow. Coach Dyche probably uses DeFrate, Worden, Kieffman, Leland and Barnett in the backfield and Worthington, Bohart, Cronson and Brenner at ends. Howell Skinner will appear at center, Bill Hawkins and Johnson at guards, Latham and Wheat, all-state men last year, will probably face Russell Peterson and his mate at tackles.

Virgil Lockridge is confined to South hall infirmary.
