Planning Board
1. Linda Phillips, chairman, reported that a group of University students had talked to Mr. Burns at Missoula County High School regarding ASMSU's participation in the high school student council convention next fall. They told him explicitly that the purpose of ASMSU's participation was to interest students in attending MSU. It will be checked into immediately next fall because there is now a possibility that ASMSU could have all or part of the meetings on campus.

2. By-law Changes: There was discussion concerning what constituted a quorum: those present at the CB meeting or all members of CB, present or not. He said that more publicity would be needed but that Special Events would do the best job they could. Bowler moved that Central Board obtain Henry Mancini for $5,500 against 60% for Oct. 12, 1963. Seconded by MacDonald. Motion carried (6-5-2) with Speck, Richard, Dennis, Bowler, Ross, and Ross for; Schwanke, Stone, Ulmer, Asseline, Watts against; and MacDonald and Turner abstaining.

ASSOCIATED STUDENTS' BUDGET
MONTANA STATE UNIVERSITY
-----------
1963-1964
-----------

Budget allocations for the year are based on a student activity fee of $48.00 per student (item 185-115 of State Board of Regents, 11 March 1963), and an estimated average activity-fee-paying enrollment of 3600 students.

The student fee is divided into two portions for bookkeeping convenience—$27.00 which goes directly to Intercollegiate Athletics, and $21.00 which goes to the remaining ASMSU activities. This latter allocation is divided on a percentage basis among the remaining activities, using a base of 3600 students or a total anticipated income of $75,600.00. The total anticipated income from the Intercollegiate Athletic portion of the ASMSU fee is $97,200.00.

After consultation with each group included in this budget, and after careful consideration of their previous financial operation, Budget and Finance Committee has prepared the following budget, with explanations and supplementary policies attached.

ATHLETICS The allocation for Intercollegiate Athletics shall be 50% of the annual activity fee of $30 in effect prior to the activity fee increase of May 1959. In addition, Intercollegiate Athletics shall receive $12 a year from the activity fee increase of May 1959 and as changed March 11, 1963. (Refer to attachment, providing a reduction to $9 in 1964-65 and to $6 in 1965-66). 2% of this shall be used for accounting purposes for the Athletic program. Note that the third alternative for retirement of the Field House bonds is a pledge of 50% of the activity fee in effect at the time of the bonding agreement.

The Department of Intercollegiate Athletics borrowed $5000 in 1950, $5000 in 1951, and $5000 in 1952 from the Associated Students. Central Board of
1953-54 decided to make $7500 of this $15,000 loan an outright gift, and specified in its 1954-55 budget that the Athletic Board would pay back to the ASWSU Reserve Fund $750 a year for ten years. However, it was specified that during the 1954-55 fiscal year that $750 be budgeted for intercollegiate skiing and that any amount so expended be offset against the repayment of the loan for that year, with any amount of the $750 remaining after the fiscal year to be deposited in the ASWSU Reserve Fund. This was complied with during the years 1954-55 through 1962-63, with the exception of 1958-59, when the payment was deferred one year. During the 1963-64 fiscal year, the Student-Faculty Athletic Committee may again make payment of the current installment in the same way as provided for during 1954-55.

In 1959, ASWSU borrowed $25,000.00 from the First National Bank of Missoula, which it in turn gave to Intercollegiate Athletics. Profits from the student book store were used to pay of the loan for this gift; the loan was paid in full by June of 1962.

It is assumed that in conformance with the new conference that for 1963-64, and succeeding years, intercollegiate wrestling will fall under this allocation.

ACCOUNTING The 1963-64 budget allocation will be 6.6%. In addition, 2% of the Intercollegiate Athletics appropriation will go to the Accounting Office.

ASSOCIATED WOMEN STUDENTS The 1963-64 budget allocation will be 1.8%. It is recommended that office supplies and parties be reduced.

AUXILIARY SPORTS BOARD Groups included under this budget are Men's Intramurals, Women's Intercollegiate Sports, Women's Recreation Association, and those student clubs that Auxiliary Sports Board shall deem worthy of student financial support. It is recommended that the existing equipment of intramurals, ASWSU supported organizations, and intercollegiate athletics be pooled as soon as it is feasible.
The 1963–1964 budget allocation will be 9.2%. Recommended for distribution as follows: $2,500 for Men's Intramurals, $800 for Women's Intercollegiate (plus $200 carryover), $325 for WRA plus $366.87 from reserve funds plus a self-sufficient steak fry, Bowling $500, Rodeo $731, Hockey $250 (if the ice rink is not repaired, this money shall carry over to 1963–64 budget), Parachute $580, Rifle $800 (plus $200 carryover), Pistol $100, and Judo $200, with an additional $170 for emergency appropriations. This money is allocated with the understanding that these clubs must be open to all students (except where limited by sex) and with the additional understanding that participants subsidized under this fund will be ineligible to compete in the Intramural program in that sport in which they are subsidized.

**BAND** The 1963–64 budget allocation will be 2.8%. This amount includes $900 for the biennial football trip to MSC. There will be no gold pens purchased.

**DEBATE AND ORATORY** The 1963–64 budget allocation will be 4.0%. An additional $100 for high school demonstrations is allocated to the Travel Coordination Fund. Detailed trip reports must be filed within one week after return; further funds will not be granted by the Accounting Office until this is complied with.

**FACILITIES USAGE ALLOCATION** The 1963–64 budget allocation will be 6.3%. From this fund, $2,000 will go for pool usage, $750 for rink usage, and the remainder for reduction of bowling charges. The ice rink allocation will be made only if the rink is in operation by fall, 1963. These allocations provide for free usage of both ice rink and swimming pool upon presentation of the Student Activity Card, and a reduction of $.05 a line for league bowling and $.10 a line for open bowling. It is hoped that by 1965–66 the University Golf Course will be in a suitable financial position to start repaying the $47,000.00 that ASHSU loaned it thru 1956–1959 in terms of reduced rates for students.

**FRESHMAN CAMP** There will be no budget allocation in 1963–64 since there is a carryover of $150 which is judged sufficient to operate the camp.
GENERAL FUND The 1963-64 budget allocation will be 7.0%. During 1963-64 all groups seeking special appropriations shall appear before Budget and Finance Committee, who will make recommendations to Central Board.

The balance remaining in the 1962-63 General Fund as of 30 June 1963 will be transferred to the local ASMSU Reserve Fund at Main Hall. Any amount in excess of $1,000.00 in the Local Reserve Fund at Main Hall will be transferred to the ASMSU Reserve Funds at the Western Montana Building and Loan and at the Missoula Building and Loan Associations as of 30 June 1963, equally to each.

HOMECOMING COMMITTEE There will be no budget allocation this year as there is a $700 carryover, which is more than sufficient to cover expenses.

LEADERSHIP CAMP The 1963-64 budget allocation will be 0.4%, assuming a carryover of at least $200.

M BOOK The 1963-64 budget allocation will be 1.4%, with the understanding the Missoulian Publishing Company will print it to fulfill the two-year contract made in 1962-63.

MODEL UNITED NATIONS The 1963-64 budget allocation will be 1.7%. This assumes one carload to the Montana MUN and two carloads of students to the Regional MUN.

MONTANA KAIMIN The 1963-64 budget allocation will be 17.0%. Cuts in travel, office supplies, and promotion are recommended. Additional expenses, beyond the 17.0% allocated by ASMSU and the $14,000.00 in advertising are recommended to be drawn from the $5,000 surplus.

MONTANA MASQUERS The 1963-64 budget allocation will be 5.1%. It is recommended that more visiting high schools be asked. Ticket reports must be turned in no later than one week after a performance. Revenue collected must be deposited no later than one week after the performance.

PARENTS' DAY The 1963-64 budget allocation will be 0.8%. 
**SENTINEL** The 1963-64 budget allocation will be 25.0%. Elimination of travel and cuts in book expenses and miscellaneous are recommended. A portion of the $6,000 Sentinel Reserve may be used to cover expenses if necessary. Any balance in the 1961-62 Sentinel accounts on 30 June 1963 will be transferred to the Sentinel Reserve. Any capital expenditure over $50 must be brought before Budget and Finance and approved by Central Board.

**SPECIAL EVENTS** The 1963-64 budget allocation will be 0.6%. This amount will cover approximately two mixers per quarter. This committee also has a $2,500 reserve for Big Name Entertainment. It needs only the approval of this committee and Central Board to expend these funds. For expenditures greater than this reserve, the committee will appear before Budget and Finance, who shall in turn make recommendations to Central Board.

**TRADITIONS** The 1963-64 budget allocation will be 0.4%. It is recommended that Cheerleaders and Pompon girls make their own uniforms.

**TRAVEL COORDINATION** The 1963-64 budget allocation will be 5.1%. This figure anticipates a $700 carryover and based upon the allocation of $100 to Debate and Oratory for high school demonstrations and $4,400 to the School of Fine Arts for Jubileers, Symphonette, Choir and Opera tours. This money is an underwrite of traveling expenses up to the amount indicated. Each group will take care of its own publicity, using funds outside of this allocation, utilizing the News Service as much as possible.

**VENTURE** The 1963-64 budget allocation will be 2.4%. This figure anticipates a $700 carryover due to the publication of 2 instead of 3 issues in 1962-63. It is recommended that students from other departments than English be encouraged to write expository articles, and that the idea or patrons be definitely encouraged.

**VISITING LECTURERS** The 1963-64 budget allocation will be 2.4%. It is recommended that luncheon expenses for students be eliminated.

---

Note: All carryover figures are only approximate as noted in this budget. For exact amounts, refer to the books of the Student Accounting Office.
POLICY
(regarding budget allocations)

Except as otherwise provided herein, any balance remaining in the accounts of organizations operating under this budget, after all outstanding bills are paid, will remain in their accounts.

All organizations that receive funds for their operational use from the Associated Students' Activity Fee will use requisitions for major purchases. If this policy is not abided by, penalties will be levied against the organizations according to the magnitude of the infraction. The organization's financial manager is to see that this policy is adhered to. Furthermore, he is the only person who has the authority to sign a requisition.

For a detailed budget of all funds authorized for expenditure herein, reference should be made to the individual budget of each organization. It is strongly recommended that each organization appoint as early as possible a treasurer or financial manager responsible for the proper disbursing of such appropriations.

Each treasurer or financial manager of activities receiving appropriations under this budget shall, immediately after the start of Fall Quarter, submit for approval to the AS SU Business Manager and to the Auditor of Student and Auxiliary Accounts a detailed itemized budget, on a form to be provided by the Student Accounting Office. Information relative to the date that budgets are due will be provided by the auditor. No funds appropriated under this budget shall be expended until such approval is granted.

Item 185-115

Student Activity Fee Reduction, Montana State University

That, the state Board of Education, ex-officio Regents of the University of Montana, approve reductions of the Student Activity Fee at Montana State University as follows:

From $17 per student per quarter to $16 per student per quarter for the academic year 1963-64, effective Fall Quarter, 1963;

From $16 per student per quarter to $15 per student per quarter for the academic year 1964-65, effective Fall Quarter, 1964;

From $15 per student per quarter to $14 per student per quarter for the academic year 1965-66, effective Fall Quarter, 1965

Further that each reduction in the fee mentioned be a decrease of the portion of such fee that is presently allocated to Athletics.

NOTE:
The Board on 12 May 1959, by Item 170-112, approved an increase of the Student Activity Fee from $10 per student per quarter to $17 per student per quarter, with the allocation of the $7 increase being divided so that $5 thereof was allocated to Athletics and $2 to other student-financed activities. The present item provides for gradual reduction over a three year period of the portion allocated to Athletics.

This action was the subject of discussions in Spring, 1962, between the President of Montana State University and representatives of the student body governing board, and it was agreed that this item would be presented at the March, 1963, meeting.
