The meeting was called to order by President Kirk Jones at 7:30 p.m. in the College Inn.

Letters
1. Jones read a letter from Turtle International stating that the International Turtle Race had been postponed due to the death of President Kennedy. It has been re-scheduled for February 28, 1964.
2. Jones read a note from Mrs. Seldon Trusso, secretary of the Committee for Quality and Efficiency in Higher Education, thanking Jones and Central Board for their effort in sending the resolution opposing the Lander Eastern to the Board of Regents.
3. Jones read a letter from Harriet Miller, State Superintendent of Public Instruction expressing her appreciation for "your showing your views on the proposed expanded liberal arts program at Eastern Montana College of Education with me." She also sent a copy of the resolution.
4. Jones read a letter from P.J. Hill, President of Associated Students of Montana State College, asking if anyone on this campus knew where the Treasure Chest is because they do not have it at Bozeman. He also mentioned that he has some items (pair of trousers and a Grizzly Bear from the Lodge) that might be offered at the bargaining table. John Ross said that he would check on the Treasure Chest.

Prior to the meeting, Reverend Lawrence Gruman of the Congregational Church gave a prayer after the following words regarding the assassination of the late President John F. Kennedy:

John Fitzgerald Kennedy 1917-1963

President Kennedy represented the best in aggressive and brilliant American youthfulness. He allowed neither his prestigious family nor his Catholic religion to separate him from the mainstream of American life. Now, deprived of its most promising leader, the world mourns.

A man of peace, he had known war and was immersed in efforts to frame a structure of peace through mutual trade, prosperity and respect. A man of courage, he approached the most complex problems with an attitude of dedicated optimism. A competitive man, he stood aside from no battles where principles or progress were involved. An intelligent man, he honed his mind as a fine tool to shape the program of his government. A cautious man, he marshalled facts and secured a welter of informed opinion before committing himself. A man of faith, he pursued his religious convictions with diligence.

On November 22 a shot rang out, echoing through all space and lodging finally in every American heart. That we continue to live thus becomes less of a privilege and more of a responsibility. But our responsibility will be imposed and heartened by the ever-present image of a dynamic president whose life requires some fulfillment in our own.

May God bless His family with the recurring Spirit of His Son and with the gift of able servants like John F. Kennedy. Lawrence L. Gruman

Student Union Report
Watts and Asselstine visited the unions at Idaho, Moscow, and Washington State Univ. at Pullman, Wash. Watts commented that the music listening rooms at Idaho were used for both studying and listening. The building was well-rounded, suitable for anyone, centrally organized, and used also by the married students. Asselstine said that it had a free atmosphere, was pleasant and cheerful. Watts added that they had space for seven conventions at one time and the facilities were in use all the time. Ross reported that the MSC union operates at a profit. Watts said that one of the most important things that they learned was the use of an interior decorator. At first glance, the union at Idaho seemed a bit luxurious but they were obtained at a cheaper price because of the planning and wholesale buying.
CENTRAL BOARD—December 4, 1963

Student Life Committee—Bob Worchester, Chair.

Worchester stated that the Student Life Comm. requests that CB send the following resolution to the Board of Regents:

Resolved:

I. That the question of hours for women students between the ages of 18 and 21 be a matter to be decided by these women and their parents or guardians and that the question of hours of women students of 21 or over be a matter of their own decision.

We urge that a system such as the key system be initiated to assure this policy. We resolve that such a program should apply to women students 21 or over and to women students between the ages of 18 and 21 who present evidence of parental permission.

II. That women students of 21 years or over be allowed to determine their own place of residence, and they be allowed to choose their own type of housing.

III. That these proposals be adopted by the Board of Regents in all cases where they do not contradict state law.

Ulmer asked if these decisions were not up to the deans of students. Worchester explained that the Board of Regents decides the age for women students to live off campus that the deans office sets the hours of the women students. Watts commented that the freshman girls should live in dorms. Worchester said that the request was asking for the shift of responsibility from the University to the parents in granting permission or not. Behan stated that freshmen men should also be included in living off campus if they are 21 or over. Watts suggested that there should be a scholarship stipulation required to obtain a key when living in a dorm. Pantzer stated that the Board of Regents through the state constitution had the power to make the rules.

ASSELSTINE MOVED TO TABLE THE REQUEST FOR THE RESOLUTION UNTIL THE NEXT MEETING. SECONDED BY SCHWANKE. McCaig said that he couldn't find any real authority for existence of some of the rules but that they were based on precedent. He said that the matter of social regulations concerning women had come up five times before and that this was the farthest that CB had ever gotten it. Worchester said that the rules were based on the fact that the University expects the students to take on the responsibility and that the authority is with the dean's office. MOTION PASSED (10-2-0) WITH BOWLER AND RICHARD OPPOSED.

Montana Students' Presidents' Association

Bob Hoffman reported that the committee was in the process of formulating a student directory including the officers of all the college student bodies in the state. He said that there would be a meeting next quarter of the officers of the different student bodies to clarify the purposes of MSPA. He stated that there had to be problems that would interest all the schools and the problems would not be static but would change from year to year with the different administrations. It would not be to set up a constitution of specific ideas but of general ideas.

Planning Board

Jones talked to the new freshman members of Planning Board and told them of the operation of Planning Board.

Curriculum Committee

Speck, via a letter to Jones, reported the committee's purpose and policy for the first year will be to lay the groundwork and basic structure for the committee to function from in succeeding years. They discussed the many areas the committee could possibly
investigate and work in such as the addition and dropping of courses from curriculums honors programs, grading, etc. They are planning to reorganize immediately at the beginning of next quarter.

Visiting Lecturers Committee
Jones read a letter from Governor Wallace's staff stating that Gov. Wallace was going to be making some speaking engagements in the West and might possibly like to speak at MSU. The committee stated that there was no moral objection but that if he charged any fee for speaking, it would be impossible.

Vice President's Report
Richard reported that T-Board chairman was going to be selected next quarter. Also Homecoming chairman and committee would be chosen next quarter.

Auxiliary Sports Board—Brett Asselstine, chr.
Asselstine said he had talked to Hartley about keeping the gym open on the weekends.
ASSELSTINE MOVED THAT CENTRAL BOARD APPOINT BOB ULVEDAHL AS THE MEMBER AT LARGE OF AUXILIARY SPORTS BOARD. SECONDED BY TAYLOR. MOTION PASSED UNANIMOUSLY.

Budget & Finance—Bonnie Kositzky, chr.
Kositzky reported that the budget for the All-School Show will be brought for approval next week.

Traffic Board Investigation Committee
Kositzky reported that the $10,000 penalty was lowered to $3.00 providing the offender is over a freshman and has a legal drivers license. Dennis asked if the campus police were giving warnings and Kositzky said that it would be too much book work for them.

Respectfully submitted,

Bonnie Bowler, Secretary

ASMSU

Absent: CRUMP, SPECK, COLE
