STATE UNIVERSITY OF MONTANA, MISSOULA, MONTANA

TUESDAY, MAY 29, 1928 VOLUME XXVII. NUMBER 61

DOCTOR ELLIOTT PRAISES UNIVERSITY'S DEVELOPMENT

Former Chancellor Inspects Building After Six Year's Absence

I am agreeably gratified to note the effective way in which plans for the physical advancement of the university, which were devised in my office, have been carried out under the able direction of President Clapp," said Ex-Chancellor Elliott during an interview last week.

On Tour

Dr. Edward C. Elliott, former chancellor of the Greater University of Montana and present President of Purdue University, passed through Missoula Friday on a tour of the larger cities in the United States in the interest of the Purdue Alumni Association. According to Dr. Elliott, the Purdue Alumni gives the University the average of \$100,000 a year. They also gave \$1,000,000 for the Student Union building.

of the beginning, as they would know their men and women far better. Thus, the fraternities would profit in the long run.

Dr. Elliott seemed to favor the fraternity idea, and told the writer of the chapters on the Purdue campus. He said that the only difference between the Purdue campus and the Montana campus was that at Purdue they have 50 buildings, where Montana has 15. He also said that it was his hope in time to have all the freshmen at Purdue University lodged in dormitories.

AUTHOR'S CLUB TO HAVE BOOK SHELF

A book shelf, to house the works of members of the Author's club, is now being considered by members of the club, according to N. J. Lennes, secretary.

Books and journals which have been presented before the club members, will be catalogued as they are presented and put away in the hope that by so doing, a collection of valuable material by Montana men will be accumulated.

"Montana has a faculty that is hard to surpass, their writings are worth collecting and are a credit to this institution," said Dr. Lennes when commenting on the plans for a book shelf for Montana writers.

KUOM PICKED UP IN PHILADELPHIA

E. N. Little, program director of the University radio station KUOM, recently received a letter from a radio enthusiast in Philadelphia, who stated that he heard the International club orchestra broadcast its program April 23.

The letter stated:

"On April 23, I picked up station KUOM. At that time I heard the International Club orchestra playing 'The Glow Worm Waltz.' Then due to fading, I lost the station, but later picked it up again. At this time the reception was very good and I could hear every sound very well. Would like to receive an echo stamp from KUOM."

The letter was signed, Frank J. Berthelot, 910 No. 45 Street, Philadelphia.

Thursday evening the Radio Chorus will broadcast a program over KUOM. Members of this chorus include Edward M. Little, director; Lowndes Maury, pianist; Helen Smith, Mrs. Gertrude Hassler Mitum, Mrs. R. Coleman, soprano; Mrs. A. J. Mosby, Mrs. C. H. Riedell, Mrs. E. M. Little, alto; Millard Peterson, Mr. Foster, tenors; Rufus Colman, M. R. C. Smith, E. M. Little, bass.

Fritz Will Head Student Interscholastic Committee

Group Appointed To Enlist Co-operation For 1928 Track Meet

Nelson Fritz, junior in the School of Forestry, has been appointed general chairman of the Student Interscholastic committee for next year. Fritz who served on this years student committee as chairman of the decoration committee succeeds Homer Anderson as general chairman. John Rankin who served as assistant to Fritz, will have charge of campus decorations in connection with Interscholastic next year. Harold Johnston who aided in directing the Tannans and in sorority competition will serve on next years committee in the same capacity. This committee also has a representative from the Bear Paws and of the Tannans sophomore, honorary groups, the School of Journalism, who seek publicity and a member to look after all clerical work of the organization.

The committee has charge of all student participation and co-operation in the Interscholastic track and field meet, which is held at the Uni-

versity each year. The committee supplies the honorary groups with train lists and data as to when visitors will arrive in Missoula, and as to the number expected on each train. This information facilitates the handling of Interscholastic visitors, enabling the organizations to have adequate transportation on hand.

The committee also arranges for the decoration of the various fraternity and sorority houses as well as the decoration of the campus and bleachers. Each year the committee offers prizes for the best decorated fraternity and sorority houses. The men's prize was won this year by Kappa Sigma and Delta Gamma placed first among the women's houses.

This year's committee was composed of Homer Anderson, chairman, Lillian Shaw, Harriet Johnston, Nelson Fritz, Curtis Brittenham, Mary Brennan, Unrose Flannery and Henry Miller.

RIEDELH HAS CHARGE OF GYM DECORATIONS

Prof. C. H. Riedell, head of the Art Department, is decorating the gymnasium for the commencement exercises to be held this week.

SIX INITIATED BY MASQUERS

Members of the Montana Masquers held their annual banquet, Thursday evening at the Hotel Margaret. Following the dinner six were initiated into the organization. Those initiated were William Crawford, Martha Rose McKenzie, Melville Rawn, and Fred tSaar, Missoula, Charles Dill, Hamilton, and Mary Brennan, Savage.

Officers for the coming year were elected with Douglas Burns, president; Billie Kester, vice-president; Mildren Gullidge, secretary-treasurer; Robert Jelley and Francis Elge, members of the executive board.

Irene Murphy, Anaconda, Georges LaRoux, Great Falls, and Franklin Long, Eureka, were elected to membership.

Robert Jelley was appointed stage manager for next year.

FRONTIER HAS TWO JOBS OPEN

Two University students have an opportunity to secure good positions on the Frontier, according to Prof. H. G. Merriam, editor.

Professor Merriam is looking for two assistant managers, who will probably serve under Tom Duncan next year. The positions are open to one man and one woman. Those who secure the positions, will be paid a liberal percentage of advertising matter they solicit. It will be necessary for them to do some work for the magazine this summer, and they must return next fall in time for Freshman week, as the Frontier goes to press Oct. 7.

Any one wishing to apply must do so at once, announces Professor Merriam.

CLARK LOCATES TELEPHONE LINE

Fay Clark, associate professor of Forestry, has just returned from Helmsville. Clark located a forest telephone line which connects Lincoln, Ovando and Helmsville. The new line makes it possible to reach this district, through three branches and will materially aid in reporting and combating fires. The line was built in connection with the Mountain States Telephone company.

T. C. Spaulding, dean of the Forestry School, drove to Helmsville and brought Clark back to Missoula.

Spaulding made the trip from Helmsville to Missoula in an hour and 40 minutes. He reported the roads north of Garrison in very bad condition, in some places being covered with water.

Order Blanks Sent to Summer Faculty

Summer School order blanks have been sent to all members of the faculty, who are to teach here during the Summer Session. The blanks are for the purpose of ordering any books, not in stock, that may be needed during the summer.

TENNIS ADDED TO BIG MEET

Tennis will be added to the list of Interscholastic activities, it was decided at a meeting of the Interscholastic committee held Friday. Men's and Women's singles and doubles matches will be held to determine the Montana Interscholastic champions.

The addition of tennis to Interscholastic, will bring even larger crowds to Missoula and to the campus for Interscholastic week. The Interscholastic which is the largest meet of its kind in the country is constantly growing larger. The golf tournament, was held for the first time this year as was the high school annual contest. More than 500 contestants participated in the meet this year.

It was also decided at the meeting to combine the humorous and serious declamatory contests in the future.

BECK SENDS OUT TITLE FOR DEBATE

Are there too many blockheads in college? This question, stated in a slightly different form, may be the subject for next year's high school debates, according to N. B. Beck of the English department.

The question, formally stated, reads: "Resolved, that in the United States we are attempting to give too many people a college education." Mr. Beck has submitted the question to the member schools of the High School Debate League, and yesterday had received 30 answers, of which 23 were in favor of adopting the topic for next year. About 30 more schools have yet to vote on the proposal.

This question was debated by a University team here this winter, when Carl McFarland and Robert Williams upheld the affirmative against a University of Redlands team.

Kappa Psi Members Hold Annual Outing

Picnics were a feature attraction for campus clubs last week. Members of Kappa Psi had their fifth annual outing at Placid lake. Dean C. E. Mollett and John Suchy chaperoned the affair. The Mathematics club went for their annual spring outing Sunday, and honored Grant creek with a visit. Dr. N. J. Lennes, Dr. A. S. Merrill and Professor John Carey were the faculty members who attended.

Members of the Biology club also had a picnic up Grant creek. Dr. M. J. Elrod, Dr. R. T. Young and Miss Leona Baumgartner of the Biology department faculty were guests of the club.

ELROD HEADS STATE CLUB

Ridgway Bird Haven Association of America, has chosen Dr. Morton J. Elrod to serve as chairman of the Montana division. The Ridgway Bird Haven association is an organization of bird lovers throughout the United States. The organization is named in honor of Dr. Robert Ridgway, who has devoted his entire life to the study of bird life. He has been in the employ of the United States government as an ornithologist for more than 50 years.

Dr. Ridgway proposes to donate his home place near Olney, Ill., as a permanent bird haven. The Ridgway Bird Haven association has been formed to raise funds to provide permanently for its upkeep and preservation.

Dr. Elrod, in speaking of Dr. Ridgway, said: "Dr. Robert Ridgway is the most distinguished ornithologist in America. He entered the employ of the federal government in 1867. He is now 78 years old. The ornithologists and bird lovers of America wish to do him honor when he dies. The track of land which he donates as a bird haven represents no doubt, all of his entire accumulation. To perpetuate it in his honor should be a privilege for the American people, and will represent the spirit of love for America's beautiful birds which so many people possess."

Dr. Elrod is distributing letters to bird lovers throughout the state of Montana and he will receive the contributions for the association.

MADDOCK, CLAPP ADDRESS MEETING

At the last meeting of the local organization of the American Association of College Professors, Professor W. E. Maddock, president, presided and President C. H. Clapp was speaker.

President Clapp, spoke on financial problems of the state institutions and stressed particularly, those financial difficulties facing the big schools of higher education in this state. The speaker declared that of the 12 Rocky Mountain states, Montana spent the least on education, even though this state ranks fifth or sixth in wealth among the twelve. The meeting was held Saturday evening.

CLASS MEMBERS CONDUCT MARKET

Members of the class in Investments, in the School of Business Administration have been operating a "Jewish Engineers Brokers Association" for their own instruction. Each member, at the beginning of the quarter was assigned \$10,000 to play the stock markets on the New York Stock Exchange, and to keep record of all investments. Buying and selling of stocks is carried on by each member, who is responsible for his own deals, profits are allowed on the commission basis.

In case there is a loss on one deal it is necessary to make a profit to counter balance it, or else the invested capital is lost. Grades are determined by the result of the investments, so caution is exercised by the student brokers.

A study of the various business forecasting services has also been made, as well as the methods used in determining the fluctuations of the commodity markets.

Gordon McCarty is the broker of the organization and keeps records of all transactions. His profits to date are near the \$3,000 mark.

Garver Has Article in Math Magazine

Raymond Garver, who was a major in Mathematics, is author of an article entitled, "A New Normal Form for Quartic Equations," appearing in the May-June issue of the "Bulletin of the American Mathematical Society."

Mr. Garver is widely winning recognition for his mathematical contributions, which have appeared from time to time in the "Bulletin" of this society.

CLUB HOLDS LAST MEETING

Members of the International club met at the home of Reverend and Mrs. John Hahn, 400 Connell avenue, Friday evening for the last meeting of the school year. After a short program the organization held a short business meeting.

Discussion was held regarding the advisability of joining the National Cosmopolitan organization. At the close of the meeting President-elect Skarda voiced the farewell of the organization to such members of the club who are graduating this year. These members are John Jaruski, Alexander Stepanoff, Richard Romera, one Logan, Pedro Mario, George Borchers and Marjorie Billing.

FACULTY MEMBERS VISIT LINDERMAN

Professors H. G. Merriam and Brassil Fitzgerald spent last Saturday, visiting Frank Bird Linderman, associate editor of the Frontier, at his home on Goose Bay, Flathead lake.

Mr. Linderman, who is a noted writer of Indian tales and poetry has taken up bronze casting, and has produced some remarkable models of wild life, according to Professor Merriam. He performs all the difficult operations of the casting himself, even to the alloying of the bronze.

Professor Merriam returned Friday from Miles City, where he delivered the high school Commencement address Thursday night. His subject was "Why Men Break." The Cluster County high school graduated the largest class in its history, 113 students taking diplomas.

LUMBERJACKS HOLD ANNUAL PICNIC SUNDAY

Members of the School of Forestry, held their annual picnic and barbeque in the Rattlesnake valley, Sunday afternoon and evening. The committee in charge of the picnic consisted of Fay Clark, associate professor of Forestry, chairman; Emil Ernst, Clarence Spaulding and Howard Dix. Mr. Jarnett of Orchard Homes was chief barbequer.

"BIG MEET" IS ON PRESS

Douglas Thomas, editor of the Pacific coast conference program, "The Big Meet," announces that the program has gone to press and will be in readiness for the big event.

This program will contain a full page for each team, besides pictures of captains and many other features. It will also contain complete statistics of previous coast conferences, including those who have established records and when. A complete list of entries and a score card will also be found in this program.

Harold Shanklin, art editor for the 1928 Sentinel, has handled all the art work for this program. Besides doing the work on the cover, Shanklin handled 13 full pages of illustrations.

TREE NURSERY NEEDS WATER

Crews at the Forest School nursery are being worked in two shifts, due to the unusual warm weather. The Missoula Public Service company is extending its water main from Connell avenue to a point near the heating plant on the campus. The Maintenance department will lay a three-inch pipe line from the main to the nursery. Many small trees are being lost due to the drought. Young trees, when transplanted, must have a great deal of moisture, not only through the roots, but from the air as well. The needles on the young evergreens will give off moisture in humid weather faster than water can be absorbed by the roots.

Many forest fires have been reported in the vicinity of Missoula. According to T. C. Spaulding, dean of the School of Forestry, this is the earliest date in his experience that fires have been reported.

WAA to Hold Picnic in Greenough Park

Members of WAA will hold a picnic in Greenough park at 5:30 to night. The picnic is being held instead of the banquet that was formerly planned for that time. It will be free to all members of WAA or others, who are especially interested but who have not yet earned their points. It is planned that the picnic will be concluded in time for girls to get back to May Pate practice.

Those who plan to attend the picnic will meet at the women's gymnasium and hike down to the park.

SENIORS

Any seniors who have not called for their announcements are asked to do so at once. The store has a large supply of announcements on hand and any senior who has not ordered and would like to get some can do so by calling at the Student store. Seniors who have called for their announcements can secure more at the store.

ALUMNI AND SENIORS DINE

Senior class members will have one of their last gatherings as a University undergraduate body next Saturday evening when they attend the Alumni-Senior dinner at Corbin hall at 6:15 o'clock.

Oakley Coffee, local alumnus, will act as toastmaster. Dr. C. H. Clapp will speak for the faculty, George Shepard will address the group for the alumni and Milton Brown, president of the graduating class, is scheduled to speak for the seniors.

All those planning to attend are urged to get their tickets now from the president's office or from seniors.

Bus Graham and Elizabeth McCoy are in charge of arrangements for the dinner. Music will be furnished by a three-piece orchestra.

FACULTY REPRESENTATIVES TO ARRIVE FOR MEETING

KAPPA KAPPA PSI TO INSTALL HERE

Kappa Kappa Psi, national honorary band fraternity, will install a chapter on the Montana campus Saturday. Mr. True, a member of the fraternity at Montana State college, will install the chapter here.

The Grizzly band club was organized here recently by 17 members of the band for the purpose of petitioning the national organization, and a charter was granted to them Thursday. George Borchers of Missoula, president of the Grizzly band, was made president of the club, and Earl Herard of Hettinger, N. D., was made secretary-treasurer. These men will be the officers of the new chapter.

South Hall Rooms Are Being Rebuilt

Study rooms in South hall are being remodeled to make more sleeping rooms. The rooms when rebuilt will accommodate three students. They will be much the same as the rooms now in use, having clothes closets for each occupant as well as a lavatory. Four study rooms are undergoing the change which will increase the capacity of the hall by 12. The work is being done by the maintenance department.

FORESTRY KAIMIN OUT NEXT WEEK

The 1928 Forestry Kaimin has been completed and is ready for the press. The book will appear on the campus late next week.

The staff of this year's Forestry Kaimin, according to Nelson Fritz, editor, has been completely reorganized. An assistant business manager, who will succeed the business manager next year, has been appointed and a number of assistant editors have been put in charge of the various departments of the book.

Kester Flock is assistant business manager. Fred Staat assistant editor in charge of School notes, Rosser Rudolph, assistant editor in charge of short stories and Kenneth Davis, assistant editor in charge of athletics.

Nelson Fritz is editor-in-chief and Kenneth Davis business manager of this year's issue. Clarence Averill has charge of photography.

A special section has been devoted to short stories, written by Montana students and Montana athletics has a prominent place in the book.

The Forestry Kaimin has a wide circulation with more than 700 copies being sent to every state.

A new cover design is a feature of the book.

DRUIDS POSTPONE INITIATION UNTIL NEXT FALL QUARTER

Conflicting Activities and Exams Necessitates Holdover

Initiation of new members into the Druids, men's local honorary Forestry fraternity, has been postponed until the Fall quarter next year. The postponement was found necessary because of the examinations and other conflicting activities.

Druids Founded

The Druids was founded on the Montana campus in the winter quarter of 1924. There were 18 chapters, including faculty members, all of whom were ex-service men and most of whom were disabled in the war. Charles Nikolaus was elected the first president.

The code of ethics and the ritual of the organization was written by Fay Clark, associate professor of Forestry. He was assisted in the writing of the ritual by Stanley Erikson, J. B. Tolsonson and Colonel Confield. The first officers were initiated by the authors of the ritual. The officers then initiated the other members.

To Remain Local

The idea of the founders, was that

Sessions To Open Thursday Morning; Program Arranged

The first of the faculty representatives of the Pacific Coast conference, will arrive in Missoula tonight to attend the meeting which will open Thursday morning.

Wednesday the faculty group will journey to the A. C. M. camp at Greenough. They will lunch there and then journey to Ovando, Helmsville, and to Drummond. They will return to Missoula on the Yellowstone trail from Drummond.

The first meeting is called for 10 o'clock Thursday morning. Conference legislation matters will be considered. This session will last all Thursday and continue Friday morning. They plan to attend the track meet in a body. A short session will be held Friday evening. If there is time a short trip up the Flathead or Bitterroot will be made.

Saturday the meeting will be closed and they will again attend the meet in a body.

Those who will attend the conference are: Dr. May, president of the University of Washington; Dean Angell, secretary, University of Idaho; Dean Cordley, O. A. C.; Professor Howe, University of Oregon; Dean Carpenter, Washington State College; Dean Hyde, University of California; Dean Owens, Stanford; Professor Willett, University of Southern California; Professor Morgan, University of California, Los Angeles; Doc Schreiber, Montana.

All members of the Montana athletic committee will go on the trip up the Blackfoot Wednesday. The committee is composed of Dr. Clapp, Dr. Rowe, Dr. Jesse, Dean Spaulding, Major Milburn, J. W. Stewart, and Doc Schreiber.

Bennett Is Planning Study and Research

Dr. E. E. Bennett, assistant professor of History, and Mrs. Bennett will leave for an extended trip to the east shortly after commencement. They will visit at Madison, Wis., for a few days to attend the commencement exercises at the University of Wisconsin. From there they will go to Philadelphia, where Dr. Bennett will engage in research work in English Colonial history at the University of Pennsylvania library for most of the summer.

They will also visit Washington, D. C., where Dr. Bennett has been granted permission to examine some unpublished materials collected by the Department of Historical Research of the American Historical Society.

Dr. and Mrs. Bennett will return to Missoula in time for the opening of the fall quarter.

the society should remain local and never go outside the Montana campus. The purpose of the organization, is to help Montana graduates and bind them closer together. The society also enables faculty members and students to meet on a common ground, where matters pertaining to the school or to the individual can be discussed with all barriers removed.

Membership is granted to upperclassmen, who are majors in Forestry and who take an interest in the school and who are engaged in extra-curricular activities.

Initiation always takes place in the woods as the ritual is not designated so that it can be carried out inside.

Dean A. L. Stone, professor J. E. Kirkwood, Professor F. Severy and Dr. C. A. Schenck are honorary members of the organization. Members of the Forest School faculty are active members of the group.

The present officers of the Druids are: Howard Dix, president; Charles Rouse, vice-president; Kester Flock, secretary; Andrew Krotchke, treasurer; Clarence Averill, corresponding secretary and T. C. Spaulding, dean of the School of Forestry, historian.

Pacific Coast Conference

N EARLY three thousand visitors from the northwest and Pacific Coast states will be in Missoula for the Pacific Coast conference meet and the Olympic district tryouts that are to be held her next Friday and Saturday.

About one hundred and fifty of the West's greatest track and field stars will be entered in the meet and the Olympic trials. Eight conference schools will be represented by their ablest athletes. Some of these men have already arrived.

In connection with the conference athletic meet, the Pacific Coast Presidents' association will hold their annual meeting here during the week. Forty delegates from some thirty colleges and universities, which are members of the association, will attend the meeting to discuss collegiate matters.

The Pacific Coast conference meet has hitherto been given to larger schools than our own University of Montana. It is certainly an experience for Montana University and Missoula to handle such an event.

An aggregation of performers, including such men as Russell Sweet, Charley Borah, Lee Barnes, Foster, De Mers, Aiken and Brix, will attract visitors from long distances. There has been no similar gathering in the Coast section this season. The entire sporting and collegiate worlds will have their attention upon the University of Montana during the week.

The meet will mean much to Missoula. It will mean more to our university.

Payment In Full.

S PEAKING before a group of educators, who met in the interest of Bennington College, a new institution for women, which will be opened next fall, Dr.

Trevor Arnett, trustee of the University of Illinois, advocated colleges in which students will pay the full cost of their education.

Dr. Arnett believes Bennington College may point the way to a new system of financing education. Institutions employing such a system, would be independent of national or state tax funds—which might or might not be an advantage.

"Heretofore," Dr. Arnett said, "most of the students were planning to devote themselves to public service of some kind, but now that the majority expect to enter some remunerative employment for which a college education is supposed to fit them better there is justice in requiring them to pay the cost."

Which is just—but a poor solution of a real problem. Although impecunious students would be given a loan to be paid back whenever possible, this system would keep from college many intelligent young men and women unable to pay the price; but it would not eliminate those incapable of a college education who through neither fault nor virtue of their own were more fortunately circumstanced.

Which is just—but incompatible with the educational spirit in our country, that has undoubtedly helped to place our country in its present position, among nations of the world. The success of a democracy does—in spite of controversies on that subject—depend greatly upon the intelligence of its citizens. A democracy should encourage education. And probably only through national and state funds can an educational system such as the one in the United States be maintained. But no democracy can afford to give every person a college education; nor is every person capable of a college education. That is where the waste enters into the present system.

The problem will be solved, not by discriminating against the lack of funds, but by discriminating against the lack of ability. That could be accomplished by stricter entrance requirements and by making colleges more educational institutions. When that is done only those students will be attracted to college, and be able to remain in college, who are fitted for higher education.

The Montana Masquers made an admirable presentation of Gogol's play, "Revizor," under the direction of William Angus, dramatic instructor.

Mr. Angus is to be congratulated upon his attempt to place before the Montana campus a new type of play. The production has been tried by only two other players.

Much honor and appreciation should go to Mr. Angus, as well as the cast for their undertaking.

REVIEWS

By Elby Wagner, Crowell Pub. Co. \$2.50.

"Partners Three," by Elby Wagner, brings back dear memories of the pre-war style of writing. An old theme of the Alaskan mining camps, two-fisted he-men, and a girl to be protected and written in a manner to suit.

Jimmy, (last name unknown), and The Kid, also anonymous, are headed for the mining camps in Alaska. They rescue Alice Jordan, evidently heroine, and the rest of the story deals with the Kid's struggles to protect Alice against the "unwelcome advances" of the villain, Savoy. The Kid has been a devil in his day, but changes his character when he meets Alice.

Savoy, and George Leonard are the villains in this piece. From bothering the girl, to jumping claims they live up to their reputations as bad men.

If the idea were not so worn out and the style of writing changed the story might be readable. As it is, you must force your attention to the page. Sluicing boxes dumping grounds and strings are mentioned without any explanation and the wording resembles the old Horatio Alger books of Do and Dare, Sink or Swim, etc.

We almost forgot Kitty, belle of Shorty King's roadhouse, whose love is scorned by the Kid and who therefore raises particular cain because of this. Her partner, The Irish Rose, saves the day, however, and tells the Kid about Kitty's treachery.

The book, as a whole was a gallant attempt to portray life in a mining camp, but it rather fell short of its object and became ridiculous. The trouble was that in making the characters strong the author endowed them with superhuman strength and thus ruined his main idea.

Final Examination Schedule

Final Examinations for the spring quarter will take place June 5th to 8th, according to the following schedule:

All German Classes: Thursday, June 7th, 8:00-10:00 A. M.
English 11a and 11b: Thursday, June 7th, 10:00-12:00 A. M.
For other courses, according to the following table:

	Tues.	Wed.	Thurs.	Fri.
9:00 to 12:00 A. M.				
11:00 10:00				
1:30 to 4:30 P. M.				
Classes classes classes classes	2:00	9:00	1:00	3:00
Classes classes classes classes				
Classes meeting Monday, Wednesday, Friday at any hour have the first two hours of the examination period assigned to that hour; classes meeting Tuesday and Thursday have the third hour. In classes for which no time is assigned by the above, arrangements shall be made by the instructor in conference with the Schedule Committee. (Thursday morning is suggested as a convenient time.)				
No change in the time of giving examinations should be made except by permission of the Schedule Committee.				
Note: Classes will be held as usual through Saturday, June 2nd.

NOTICES

Lost—One green Schaeffer lifetime pen. Reward for return to Muriel Stoner.

There will be a rehearsal of the University Symphony orchestra on Thursday evening, May 31, at 7:30 in the Main hall auditorium, to prepare for the commencement program.

The ASUM store will buy books beginning June 5 and continuing until June 8. A list of books wanted has been posted in the entrance to the store.

NOTICE:

Those selling tickets for the senior banquet June 2, must have them turned in by Tuesday, May 26. Thereafter all tickets will be purchased at Main hall.

There will be a meeting of Phi Epsilon Kappa in W. E. Schreiber's office today at 4 o'clock. It is important that all members be present.—Eddie Chinske, president.

Absence Committee will meet Thursday, May 31, instead of on Wednesday because of the holiday.

Lucille Jameson, Assistant Registrar.

Senior girls will please come to the AWS lantern parade wearing their senior caps and gowns.

All men ushering in the Pacific Coast Meet will be expected to wear White shirts and varsity caps.

B. E. Thomas.

Kappa Psi will meet Wednesday evening in the Science hall.

Claude Britnell, regent.

SENIORS NOTICE

Commencement will be held at 2 p. m. instead of 10:30 as stated on announcements.

Melville Rawn, Kathleen McGrath, Robert Callaway, and Dorothy Rawn spent Sunday at Sleeping Child hot springs.

Matilda Spencer, ex-30, is visiting at the Delta Gamma house. She is here to attend the Pacific Coast track meet.

Missoula, Montana May 24, 1928

Editor, 'Tis and Taint, Montana Kaimin, Missoula, Montana:

Dear Sir:

In a recent issue of your paper you carried a remark that the height of something—or other was when somebody wore a track suit on the baseball field. I wish to submit a similar contribution, however with just a little more height to it. Last year, in a freshman physical education class, I saw a man in a track suit, with football shoes on his feet and he was actually engaged in a game of baseball! I claim the first prize of the cement vest.

In Friday's edition, I read of the unfortunate Frosh who wore his R. O. T. C. uniform on Monday and then found out that there was no Military class. Listen to this: I know of a boy who, last year between quarters, wore his R. O. T. C. uniform home so his family could see it!

I hope the contest editors will see fit to give me first prize, as I have worked awfully hard.

Your truly yours
Bud Dill. z

Quick and Satisfying SERVICE

—At—

JIM'S CAFE (Down by the Wilma)

"Folks have been making fun of Tom Jackson's boy, Sam, since he came back from college with his hair greased, but they aren't poking fun at him any more. Tony Mescala, the bartender, took a sock at Sam with the bung-starter, but it skidded off on the grease. Other young fellows around town are now greasing their hair like Sam."

A FEW UNWRITTEN LETTERS OF HISTORY CLEOPATRA TO CHARMION

Dearest Charmion:

I have a great news for you! Mark is mine. I told you that his hussy, Octavia, wasn't so swell. She figured that her man was bound hand and foot by her charms—well I guess it was a good lesson to her. Imagine a dame like her thinking that no one could vamp her Anthony. Now I don't care so much about this guy, but I just wanted to show her who was running things on the Nile. And I did.

But the best news of all is that I have at last got a date with Caesar. When I get through with him he won't know whether his name is Julius or Brutus. He has a lot of swell chariots that I like and I'm going to get them over I'm a Sphinx. And you know me, Carrie. Well, it is pretty near time for my date, so I must change my beads.

Pharaoh the well.

Cleo.

H. L. G.

The Following Was Taken From a Paper

What shall it profit a student—

1. If his family tree is a peach or a nut?
2. If he is matrimonially inclined and he is declined?
3. If his pay check is fat or his purse is flat?
4. If he has a strong digestion and food is high?
5. If he goes hunting for trouble and finds a hospital?
6. If he recognizes opportunity only from the rear window?
7. If he finds himself behind because he fails to look before?
8. If he has gained the whole curriculum and lost his health?
9. If he stares up the stairs of opportunity but never goes up?
10. If he knows that Caesar divided Gaul and now we have too much?
11. If he elopes and gets married and can't find either parent when he comes back?

Pacific Student President's Association program for the day—business meeting, drive to Flathead lake, dinner at Polson, stag party at Rockwood cabin.

Sunday, June 3

Baccalaureate Service—Men's gymnasium, 8 p. m. Address by President Charles H. Clapp. Music by University Vesper Choir and University Symphony Orchestra.

Milton Ritter, '27, is visiting at the Phi Sigma Kappa house. He has been teaching at Sumatra during the past year. He will be employed as assistant coach at Missoula County High school next year.

Elsie Magnuson spent Sunday at her home in Helena.

Marion Reddle, who has been a campus visitor for the past week, has returned to her home in Albuquerque.

PROFESSORS WILL WORK AT FLATHEAD

Several members of Montana's faculty will spend the summer at Yellow Bay Biological station on Flathead lake, under the auspices of the Montana Fish and Game commission. Dr. M. J. Elrod will have supervision of the undertaking. Dr. J. E. Kirkwood, Dr. R. T. Young, Dr. G. D. Shallenberger and Dr. J. W. Howard, will be stationed at Yellow Bay to find out the physical and chemical property of the water and to ascertain if the lake will support more fish life than at present.

The fish and game commission has appropriated \$4,000 for the undertaking.

Mrs. F. K. Turner and Mrs. Th. dore Brantley, social directors of Corbin and North halls, respectively were hostesses at a Senior Girls' tea at Corbin hall, Sunday evening at 6:30 o'clock.

Betty Briscoe and Matilda Spencer were dinner guests of Mrs. Turner at Corbin hall Monday.

Isabella Healy was a dinner guest of Martha Warner at Corbin hall Sunday.

SUMMER SESSION OFFERS MANY WEEK-END EXCURSIONS

Trips to Be Made to Various Points of Interest

More than 1100 inquiries concerning the 1928 summer session of the University of Montana have been received, according to Carl McFarland, secretary to Pres. C. H. Clapp. Many of the prospective students are information on the recreational advantages offered to summer students by the University. According to Mr. McFarland, an attractive program of week-end excursions has been arranged to acquaint the summer students with the scenic spots and historical background of western Montana.

Hike Over Sentinel
The first excursion is a hike scheduled for Saturday, June 23, to Mount Sentinel. From the summit of Sentinel the trail drops to the Patee canyon where lunch will be served at noon. There will be talks on scientific phases of the trip and a camp talk on the history of the region.

Seely lake is the objective of the second week-end hike. This trip begins June 30 and will take two days and a night. Camp will be made on the shore of the lake. An interesting feature of this trip will be a visit to a modern lumber-camp where opportunity will be afforded to study present day methods of lumbering. Luncheon will be served in the lumber camp and every phase of the logging work will be inspected. Mr. T. C. Spaulding, of the forestry school, will make the trip with the group.

Visit Bitter Root
The third trip will be through the Bitter Root valley, July 7. The group will return from the upper valley of the valley to Sleeping Ute mountain, where camp will be made. The trail talks in this trip will deal with the history of the region and with its geological and mineral features.

As a sequel to the Seely lake trip the fourth week-end excursion, July 14, will be the inspection of the saw mill at Bonner. The group will be guided through the mill and will be given an opportunity to see every phase of large scale milling operations. The process of lumber manufacture will be explained by experts and later there will be talks dealing with the natural features of the region.

July 21 will be spent at the National Bison range, west of Missoula. The warden of the range will explain the purposes and problems connected with the management and maintenance of the reservation. Members of the University faculty will accompany the group to explain the geological and botanical features as well as to relate historic incidents.

Rattlesnake Jaunt
Mount Stewart, named in honor of the discoverer of gold in Montana is the highest point in the northern sky line which is seen from the University. The sixth week-end excursion, July 28-29, will see students climbing this peak and making camp at one of the Rattlesnake lakes. Automobiles will take the group to the foot of the mountain

...Society

Members of the library staff and the student assistants entertained Elizabeth McCoy, Nina Ford, Vera Phelps, Myrtle Hollingsworth, and Dr. and Mrs. P. C. Phillips at a picnic, Saturday afternoon at Orr's park, in the Rattlesnake valley. About 35 attended the picnic, which is held every year.

Honoring Dr. Charles E. Elliott of Purdue University, President and Mrs. C. H. Clapp entertained at an informal reception at their home on University avenue, Friday evening. Members of the faculty and townspeople, who had known Dr. Elliott when he was Chancellor of the Greater University of Montana were the guests at the reception.

Kappa Alpha Theta entertained at a formal spring dance, Friday evening at the old Country Club, south of town. Music was furnished by Sheridan's orchestra and punch was served throughout the evening. The ballroom was decorated with apple blossoms and lilacs.

Mrs. Harry Wilson, Mrs. Edna Palmer, and Mr. and Mrs. R. Coleman were the chaperones.

Sigma Alpha Epsilon was host to 50 couples at a formal dance given Saturday evening, at the Elks' temple. Borchers Brothers orchestra provided music for dancing. Throughout the evening punch was served.

Mr. and Mrs. J. W. Severy, Dr. Waters, and Mr. and Mrs. I. W. Cook were the chaperones.

Mrs. Wallace Brennan entertained at a luncheon and bridge Saturday afternoon, at her home, 334 East Cedar street, in honor of the senior girls of Alpha Phi fraternity who are graduating this spring.

The guests of honor, Ernel Malvern, Jack Crutchfield, Mary Kimball, Marguerite Hughes, Pauline Swartz and Dorothy Earl and Dorothy Van Wormer were seated with the hostess.

President C. H. Clapp was host at a luncheon given Friday at the Florence hotel in honor of Dr. C. E. Elliott, of Purdue University, Mr. F. C. Scheuch and Chancellor M. A. Brannon.

CHECKMATE

Babe Puts One Over on Sweet Young Thing

She was a sweet young thing. Oh, very young. However, the sweetness was apparently not her wish for she had the make-up and the mannerisms of a woman of the world. Sophisticated—that's the word—she was sophisticated, laboriously sophisticated, and she gave forth the air of having been to the movies and of being an assiduous reader of Sherwood Anderson, Menkin, Robinson Jeffers, etc. In other words, she knew her stuff. Synthetic, 'tis true, but then it has the same effect—sophistication.

The story begins shortly after she had drifted into a local sandwich shop and daintily consumed an order. She asked for more coffee and after the waiter brought it she ostentatiously brought forth a package of cigarettes and proceeded to look around.

Hed look was one of pride and nonchalance as she lit the fag and inhaled the blue smoke with ease. Her look was a look of consummate daredevilry, yet that of the unknowing poise, bred of habit. She knew that one glance would convince all of her sophistication and she responded to the thrill of one who knows that they are "bowling them over."

The headline of a newspaper lying near by attracted her attention and she read. And as she read a noticeable change came over her. She seemed to wilt. Her air was an air of disappointment and her attitude was "What's the use?"

She crushed the cigarette into a saucer, picked up her check, paid and departed. We hurried over to see the cause of her downfall and read:

"The Seattle baby who smokes cigars has nothing on little three-year-old Gene Algee of Omaha. Gene has been smoking cigarettes for a year, according to his father, Pomeroy Algee, Creighton University student."

Ann Kimball was a luncheon guest of Virginia Braumberger Monday.

Moon Madness

Thoughts Confused by Mellow Light

A young moon, with all the flair and fling of youth, was rising steadily and courageously over Mount Sentinel. A certain Missoula street was blue with shadows and blue with dust from passing autos, but pink from the rays of hope from the heart of the moon, as she pulsed high above in the ether, flitting outrageously with the tides of the distant ocean, and in a like degree, with a dweller on a certain street, disturbing his mental equilibrium to an extent which can be better understood by a look into his thoughts.

Clothes and public opinion! Public opinion and clothes! They never did cooperate so far as I am concerned. Handkerchiefs—blue-pink pants—and I—well—I am so fond of jade green crepe de chine ones—and green is such a fashionable color this spring—and boots—how I do adore the lovely pastel shades! Fantastic! Why should I dote on the impossible? These dreams and desires can only be realized in ties. I do need a new one of some sort, but my wife and family can take care of that. I have so many of the barber-pole variety—blue and yellow—now I must have something in pink or blue or green, with either a conventional or a rambling design of

dandelions or shamrocks. Rubber heels—Oh! I just can't forget that advertisement in the Post—but in my profession shocks should be disseminated rather than absorbed, and coming events should cast their shadows (noises) before—but my wife and family can take care of that—but Oh! That makes me think of the next chapter of my book—but, Oh!—when I think of those torrid-zone glances from certain co-eds—and there was Horatio Alger, who was attracted by two.

Oh! I can't say the word—and Oh, yes, there was Beethoven and his stormy love-life—and Robert Burns. But Oh, what am I thinking—how can I explain to—but there is nothing to explain! Forgive me, O woman among women! Oh, my subconscious! Freud was right! But my wife and family can take care of me.

The youth moon, still in a capricious mood, was slashing the downy ether as it hung like great rolls of cotton-batting over Mount Sentinel, unaware of how greatly her coquettish abandon was affecting a certain professor on her sister planet as he treaded the mazes of his thoughts.

Returns to His Favorite Tobacco

Boerne, Texas Oct. 14, 1926

Larus & Bro. Co. Richmond, Va.

I am a prodigal son. I began pipe-smoking with Edgeworth. But after a while I began to wander, trying other tobaccos, experimenting to see if there were any better tobacco for the pipe.

I have tried most of the best known brands and a number of the more obscure, both imported and domestic, but they didn't suit.

So now I have returned—I am using Edgeworth again, satisfied that no better tobacco is made.

"And the prodigal son partook of the fatted calf"; I bought a new pipe when I returned to Edgeworth.

With many thanks for my cool, mellow, sweet smokes, I am,

Very truly yours,

"H. D."

UNIVERSITY OF MONTANA HOST TO CONFERENCE TRACK MEN

Stewart To Select Fourteen Grizzly Track Men Today

Complete entries from all the coast schools are now in Coach Stewart's office and with the number of stars in both the sprints and distance runs and field events, the University of Montana will be the host to probably one of the most sensational meets held in the Pacific coast conference in the last few years. Fourteen Grizzly track men will be selected today by Coach Stewart to represent the University.

Beside the conference meet the university will be the host to about 40 student body presidents from colleges and universities belonging to the coast association. A few representatives will arrive this evening at 5:45 o'clock on the N. P. train, according to Phil Rowe, ASUM representative.

Reports indicate that almost the full strength of the Trojan track team will represent the University of Southern California in the conference meet. The nine Southern California men, who are now at Boston competing in the national intercollegiate championships at Harvard, will come directly to Missoula, while about half a dozen athletes who did not make the trip east will come directly here to strengthen the team. Charles Sauers, quarter miler, and Ed Gloege, half miler, will be about the only Trojan stars who will not compete in the coast championships. Sauers plans to take his final exams early and take a job immediately, while Gloege will attempt no more running this year, since he has only been out of the hospital a few days, having been ill for nearly a month with an attack of pleurisy.

The final and complete entries with the exception of Montana follows:

100-Yard Dash
Borah, U. S. C.; Draper, U. S. C.; Vandenberg, California; Bailey, California; Giguere, California; Foster, W. S. C.; McGilivray, W. S. C.; Oullette, W. S. C.; D. Anderson, Washington; Shelley, Washington; S. Anderson, Washington.

The record in this event is held by Russell Sweet of Montana at 9.7 seconds and was made in 1926 at the coast conference meet at Stanford.

1 Mile Run
Adams, U. S. C.; Woodruff, U. S. C.; Hanson, O. S. C.; Fox, California; Henderson, California; Vilen, California; Taylor, W. S. C.; Williams, W. S. C.; Elsenheim, W. S. C.; Hall, W. S. C.; Wiks, Idaho; Cleaver, Idaho; Kiser, Washington; Ferguson, Washington.

Arnold Gillette, a teammate of Sweet's, set the conference record in the mile at 4 minutes 21.7 seconds at the Stanford meet in 1926.

440-Yard Dash
Ross, Oregon; Stanford, Oregon; Maxwell, U. S. C.; Sauers, U. S. C.; Joss, O. S. C.; Ritter, O. S. S.; Sisson, O. S. C.; Giguere, California; Pratt, California; Johnson, California; Oullette, W. S. C.; Newman, W. S. C.; Johnson, Idaho; Norman, Idaho; Smith, Washington; Woolf, Washington; Troy, Washington.

Miller of Stanford set the mark in the 440 at 49 seconds in the 1926 meet at Stanford. In the 1927 meet at U. S. C. Faltret of Washington equaled his mark.

High Hurdles
Crawford, Oregon; Kelly, Oregon; Reynolds, U. S. C.; Weber, U. S. C.; Miller, U. S. C.; Payne, U. S. C.; Twichell, O. S. C.; Hempler, California; Hoon, W. S. C.; Mitchell, Idaho; Thornhill, Idaho; Griffiths, Idaho; S. Anderson, Washington; Brodie, Washington; Paget, Washington.

Dye of U. S. C. clipped the hurdles in 14.9 seconds in the 1926 meet at Stanford to establish a new conference record.

220-Yard Dash
Ross, Oregon; Borah, U. S. C.; Joss, O. S. C.; VanGelder, California; Bailey, California; Giguere, California; Pratt, California; Foster, W. S. C.; Newman, W. S. C.; D. Anderson, Washington; Shelley, Washington; Troy, Washington.

Charley Borah, the Southern California dentist, covered the distance in 21 seconds at the U. S. C. meet last year for a new conference record.

880-Yard Run
McKittick, Oregon; Schurr, U. S. C.; Adams, U. S. C.; Young, O. S. C.; Sisson, O. S. C.; Fox, California; Williams, W. S. C.; Oehlwein, W. S. C.; Ross, W. S. C.; Hall, W. S. C.; Stowell, Idaho; Deeks, Washington; Gabbert, Washington.

Richardson of Stanford did the 880 in 1 minute 54.2 seconds in 1926 for a new record.

Low Hurdles
Kelly, Oregon; Payne, U. S. C.; Graham, U. S. C.; Weber, U. S. C.; Mortenson, U. S. C.; Twichell, O. S. C.; Johnson, California; Bailey, California; Hoon, W. S. C.; Mitchell, Idaho; Thornhill, Idaho; Griffiths, Idaho; S. Anderson, Washington; Brodie, Washington.

Graham of U. S. C. cut the low hurdles in 24 seconds flat to make a new record last year.

Two Mile Run
Woodruff, U. S. C.; Gilmore, O. S. C.; Fox, California; Henderson, California; Vilen, California; Elsenheim, W. S. C.; Dahlgren, W. S. C.; Cleaver, Idaho; Reed, Washington; Semon, Washington.

Gillette, Montana's iron man, established a new conference record in the two-mile at 9 minutes 54.2 seconds in 1926 on the same day he lowered the record in the mile.

Pole Vault
Crowley, Oregon; Barnes, U. S. C.; Williams, U. S. C.; Hubbard, U. S. C.; Smith, O. S. C.; Hempler, California; Herron, W. S. C.; Pierson,

MONTANA CUBS ENTER TRYOUT

Five Freshmen Will Tryout for Olympic Honors During Track Meet

Five Montana Cubs will try for Olympic honors, during the coming Pacific Coast Conference track and field meet and Olympic tryouts, to be held here Friday and Saturday of this week. Bob Davis will run the 440 against Staunton of Gonzaga. Soup Jacobson, ex-Missoula high school athlete, will compete against Snow of Intermountain college in the high jump. Bud Grover, Wilbur Jordan and Fitzgibbons will run the mile against Trumbull, also of Intermountain.

Davis has cut the 51 second mark this season and should give Staunton a good race. The Gonzaga speedster is hoped to win as he does 50 seconds consistently.

Jacobson has jumped 5 feet 11 inches and comes close to clearing the bar at six feet, which is the best that the Intermountain jumper has done so far this season. This will be a good chance for Jacobson, to get into the limelight and Missoula fans are expecting a real event when the two get together on Saturday.

The three milers should put up a good race and with Grover getting lots of competition, he will in all probability lower his time by a number of seconds.

COMPANY A WINS ROTC TOURNAMENT

At the military tournament held yesterday afternoon, Company A was awarded first honors in the company competition. Spot (Walter) Sanford is commander of the company. The second platoon of Company C, commanded by Alvin Johnson, was awarded platoon honors. The second squad of the second platoon of Company C, headed by Corporal Bill Deringer, was awarded squad honors.

First Sergeant Lewis Fetterly won the "spell down" in manual of arms. At the review held at the close of the period, a quick inspection was held by Major Milburn, Captain Calkins, Dean Spaulding, Dr. Rowe and "Doc" Schreiber.

There was no new battalion commander appointed this year as in previous years. Next year there will be no regular commander, but the company commanders will act in this capacity when it is necessary. At the final review next year a commander will be chosen. It will be an honorary position.

Football Men

All football men are asked to report to Major Milburn at the ROTC shack, tomorrow evening at 7 o'clock. Important.

Idaho: Huggins, Idaho; Nickell, Washington; Ross, Washington.

Lee Barnes of U. S. C. hit 12 feet 9-16 inches last year for a new record.

High Jump

McCulloch, Oregon; Crawford, Oregon; Reynolds, U. S. C.; Carter, O. S. C.; Hempler, California; Herron, W. S. C.; Edes, W. S. C.; S. Anderson, Washington; Brodie, Washington.

The high jump record was established by Work of Stanford in the 1925 meet at Washington at 6 feet 5-7-20 inches.

Broad Jump

Biedheuer, Oregon; Hill, U. S. C.; Reynolds, U. S. C.; Striff, O. S. C.; VanGelder, California; Bailey, California; Herron, W. S. C.; Edes, W. S. C.; Luck, W. S. C.; Humes, Washington; Conger, Washington.

Bondush of California jumped 24 feet 2-3-4 inches in 1926 for a new conference record.

Shot Put

Wetzel, Oregon; Dickson, Oregon; Mortenson, U. S. C.; Boerhave, W. S. C.; Hein, W. S. C.; Collins, Idaho; Kerschik, Idaho; Brix, Washington; Jessup, Washington.

Bud Houser of U. S. C. placed the pellet 50 feet 7-1-2 inches in 1926 to establish a new record.

Discus

Stager, Oregon; Hildreath, Oregon; Mortenson, U. S. C.; Whitlock, O. S. C.; Boerhave, W. S. C.; Hein, W. S. C.; Collins, Idaho; Kerschik, Idaho; Brix, Washington; Jessup, Washington.

Houser also broke the record in the discus with a heave of 134 feet 6-1-2 inches.

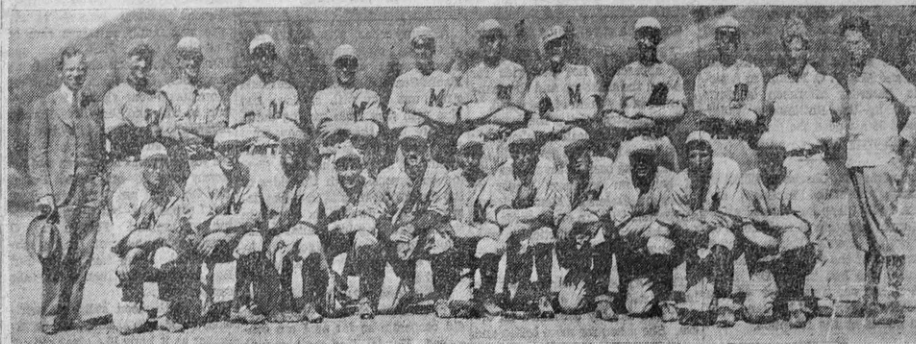

Javelin

Wetzel, Oregon; Dickson, Oregon; Mortenson, U. S. C.; Whitlock, O. S. C.; Eilers, O. S. C.; Speld, W. S. C.; Paul, W. S. C.; Johnson, Idaho; Griffiths, Idaho; Brix, Washington; Jessup, Washington.

Harlow of Stanford placed the javelin 301 feet 1-2 inches for a new record in 1926.

Stanford university holds the record in the relay at 3 minutes 17.6 seconds. The mark was established in 1926 when they were hosts to the Pacific Coast conference meet.

Grizzly Ball Squad of 1928 Season

Reading from left to right: (back row) Major Frank W. Milburn, coach; Jost, Foster, Rankin, Ekegren, Redding, Robinson, Beck, Crawford, Beckett, Wold, Assistant Manager; Stewart, Manager.
Front Row: Chinske, Brewer, Smith, Coyle, Captain Rafferty, Drew, Brown, Rognlien, Reeder, Golob, Higham.
Montana's 1928 Varsity baseball team finished the season in last place of the eastern division of the Pacific Coast conference although the team, at times, played excellent baseball. The Grizzlies beat Idaho 4-3 in the second game after dropping the opener the day before by allowing the Vandals to score 3 runs in the ninth.
The road trip was disastrous to Montana hopes as Idaho and W. S. C. swept the four game conference series. Here again, Montana lost close games but did manage to split two games at Spokane with Gonzaga.
Fourteen of the squad will again be available for the team next year.

SOPH CO-EDS WIN BIG MEET

Betty Dixon and Elma Roth Tie for High Points With 15 Each

Sophomore girls of the university made a walk-away of the inter-class track and field meet held, last Friday under the direction of Mrs. Harriett Graham Wood. The sophomores scored 65 1-3 points, freshmen, 35 2-3 and the combined junior and senior team, 4. The two upper classes were combined because of the small number taking physical education work.

Betty Dixon and Elma Roth tied for high point honors with 15 points each, the former winning firsts in the high hurdles, shotput and basketball throw, while Miss Roth placed first in 50 and 75 yard dashes and the broad jump. Lucille Bartlett was third with 13 points, Lorraine Rowe scored 8 and Rosalee Martin took fifth with a total of 7.

Three new inter-class records were set during the afternoon. Elma Roth one of the high point winners, ran the 50 yard dash in 6.6 seconds. Louise Lubrecht covered a distance of 26 feet and 3 inches in the hop, step and jump and Lucille Bartlett hurled the discus 49 feet, 6 inches, both marks being new records.

Frances McGrath, junior, defeated Marguerite Roscoe, freshman, to win the tennis honors and the juniors won the baseball game from the sophomores, 21-15 in a free scoring game.

Results of track and field meet:
50 yd. dash—Roth, soph., 1st; Smith, fresh, 2nd; Simpson, frosh., 3rd. Time—10 sec.

75 yd. dash—Roth, soph., 1st; Palmer, frosh., 2nd; Simpson, frosh., 3rd. Time—6.6 seconds.

High hurdles (60 yd.)—Dixon, soph., 1st; Moravetz, frosh., 2nd; Wedum, soph., 3rd. Time—11.2 sec.

High jump—Edwards, soph., 1st; Thorsen, frosh., Moravetz, frosh. and Lieb, soph., tied for 2nd and 3rd. Height—4 feet, 1 inch.

Broad jump—Roth, soph., 1st; Simpson, frosh., 2nd; Schumacher, frosh., 3rd. Distance—13 feet, 9 inches.

Hop, Step and jump—Lubrecht, soph., 1st; Fairbrothers, frosh., 2nd; Moravetz, frosh., 3rd. Distance—26 feet, 3 inches.

Baseball throw—Bartlett, soph., 1st; Rowe, frosh., 2nd; Shepard, soph., 3rd. Distance—126 feet.

Basketball throw—Dixon, soph., 1st; Martin, soph., 2nd; Shepard, soph., 3rd. Distance 64 feet, 9 inches.

Javelin—Rowe, frosh., 1st; Kaa, junior, 2nd; Shepard, soph., 3rd. Distance 53 feet, 6 inches.

Discus—Bartlett, soph., 1st; Martin, soph., 2nd; Kaa, junior, 3rd. Distance—49 feet, 6 inches.

Shotput—Dixon, soph., 1st; Bartlett, soph., 2nd; Martin, soph., 3rd. Distance 24 feet, 4 inches.

Relay—Freshmen (Simpson, Fairbrothers, Moravetz and Smith) 1st; Sophomores (Edwards, Kaa, Bartlett and Roth) 2nd.

HORSESHOE FINAL WON BY NUGENT

Lewis Nugent of Helena won the horseshoe tournament by defeating Gilson in the finals, 50-25. This tournament is held annually to decide the University champion.

There are yet two matches of the second round of the tennis singles tournament to be played. These must be played immediately, as there are yet semi-finals and finals to be played this week. Those players, still in the tourney, may find out their opponents by looking on the bulletin board in the men's gym, and as tomorrow is a holiday, it is suggested as a good time to play these matches.

SPORT SPURTS

Providing the University of Washington crew makes an impressive showing in the inter-collegiate regatta on the Hudson June 19, they will compete for the honor of representing the United States during the Olympic games at Amsterdam.

We will have a good chance to see what the Huskies' new innovation of spoon shaped oars will do.

They lost to California earlier in the season but they claimed that they weren't used to the oars yet and great things will be expected of them later.

We shall see. We shall see.

Speaking of this and that, there's to be a Big Meet on Dornblaser Field Friday and Saturday. The biggest thing that has hit the state since Gibbons side-stepped Dempsey at Shelby.

However, we hope that no Missoula banks go broke.

In fact, the only thing that we hope gets broken are records. We're not saying anything about ourselves. We're already that way.

Among the boys who have an evil eye on records is seventeen-year-old Jimmy Demers of Eugene, Oregon high school. Jimmy throws the javelin.

The world's record in the javelin throw is 218 feet 6 7-8 inches, made in 1924 by Gunnar Lindstrom of Sweden.

Demers, who comes from Sandpoint, Idaho, tossed the javelin 221 feet during a Fourth of July celebration, last year, while clad in street clothes.

Last week he tossed the spear 224 feet, twice, in practice.

During a Eugene high school meet on Saturday, a week ago, he sent one out 225 feet.

Wait till Saturday. What the little boy will do out on Dornblaser field is hard to tell, but we're reasonably sure that he will clinch his ticket to Boston to try out for Amsterdam and the world's Olympic championship.

Speaking of javelin throwers—the Little Giant of Montana, Otto Bessey, has a 190-foot throw hidden away in his system.

He has done it before in practice and should he uncork the hidden mark, it will be a fitting reward for three years of hard, loyal effort.

Otto has had tough luck in the meets in the past but he has it in him and he has the courage. More power to the Little Giant during his last Tri-Col meet on Saturday.

We wonder if Jay Boerhave will make the shot and discus behave in order to take points for Washington State College.

Paavo Nurmi will not enter the Olympic games at Amsterdam this year. But you can never tell. Nurmi is pretty good and public pressure is as strong in Finland as any place else.

A new Olympic championship contender has been discovered in America. This time it's a woman. Elsie Morris, erstwhile yell leader from Butte Central high school, cleared the bar in the high jump at 4 feet 11 1/2 inches during a recent track meet.

This jump is remarkable for a woman and Elsie will probably try out for the Olympic team.

As far as can be ascertained no woman athlete has gone as high during the past year.

Semington, the Aggie star, who won the shot put during the Grizzly-Bobcat meet was the only Aggie to take a point in their conference track and field meet.

The Giant from Bozeman placed third. He was in plenty good competition as a new record was made of 47 feet 1 1/2 inches.

Charles Sauers, Southern California's crack quarter-miler, will not be here to participate in the coming Pacific Coast Conference track and field meet, as he will take his exams immediately in order to accept a job which is now open to him.

Sauers is one of the quarter-milers who have been causing Tom Davis and Coach Stewart to lie awake nights. Sauers can cut the 50-second mark consistently and his absence will cause Tom to move up a point in the scoring column.

Southern California sent a group of cripples back to the I. C. 4 A. meet in Borah, Barnes and Payne. However, they withdrew at the last minute, rather than risk any further injury, so all's well for the "Big Meet."

Harlan Striff, O. A. C., set a new Orangemen record when he jumped 23 feet 7 1/2 inches in the Oregon dual meet. He will be here on Friday for the big meet also.

Clifford Gribble spent the week-end near Placid lake.

FETTERLY WINS GOLF TOURNNEY

Has Best Score in Handicap Match; Receives Golf Bag

Lewis W. Fetterly of Eureka, won the handicap golf tournament held Sunday on the Garden City course. His gross score was 79, and as he had a handicap of 14, his net score was 65. He won a golf bag, donated by Morris McCollum of the Students' store.

Carl Ross of Butte won the novice championship by defeating Fetterly in match play, one up. Ross was awarded a medal for his victory.

Teddie Martin of Alberton defeated Harry Hooser, Billings, for first place in the second flight of the novice tournament. Kenneth Dools of Lewistown and Edward Poole of Butte tied for first in the third flight, and after tying on an extra hole, they flipped a coin and Downs won. Martin and Downs were both given golf balls as awards.

Eddie Chinske and Fritz Sterling will play for the school golf championship in the University open tournament tomorrow. They have emerged from the trials between eight students.

ROTC BATTALION WILL HOLD MEET

This afternoon at 3 o'clock on Dornblaser field, the three companies of the ROTC battalion will hold their annual track and field day.

All cadets who expected to compete for their respective companies, should be on the field previous to that time and ready for the first event, in order that the schedule will not be delayed. Advance entries are not necessary. Company A won the meet last year and decidedly outclassed their opponents. Company C finished second.

LADIES IN WAITING FOR MAY QUEEN

Twelve girls have been chosen as attendants to Margaret Hughes, May Pete Queen. These girls will act as ladies in waiting and will also wind the May pole, as the final feature of the program.

The following girls who were chosen are: Catherine Calder, Roxie Copenhagen, Janice Johnson, Mary Kimball, Emeril Malvern, Florence Montgomery, Elizabeth McCoy, Leslie Vinal, Margaret Shoup, Elizabeth Veach, Mildred Tash, and Gladys Wilson.

Practice will take place every night at 7:15 near Main Hall. Margaret Hughes and Mary Kimball are in charge of the costume committee and will direct the sewing of the costumes in the Home economics laboratory, Wednesday. Lydia Maury designed the costumes.

Posters have been distributed in the downtown district, street cars and busses.

TRACK MEN

All Varsity track athletes who are not taking part in the conference meet Friday and Saturday and freshmen athletes are requested to have their suits and equipment checked into John Allen, Varsity track manager, not later than Thursday evening, according to the announcement given out from Jim Stewart's office Monday afternoon.

BOB DAVIS WINS STEWART CUP; JACOBSEN RUNNER-UP

ELEVEN FROSH WIN NUMERALS

Eleven freshmen track athletes have won their numerals and two more are likely prospects. These men offer as promising material for the Varsity as has been presented to Coach Stewart in years.

Although, at the start of the year, Coach Harry Adams was hampered by poor weather and a supreme handicap, made by the lack of training equipment, he developed out of dismal prospects a frosh squad that any school would be proud of. Adams has achieved almost a miracle, for the freshmen have little or no funds to work with, having to be content with worn out Varsity equipment. Adams has also had to encounter the discouraging fact of having to turn away men because of lack of shoes and other little necessities.

Despite all these handicaps, Adams, through sheer coaching ability, has been able to chalk up times of 10.1, 10.2 and 10.3 in the century and like marks in other events for the men on his frosh squad.

Men who have earned their numerals are Moore, Parmenter, W. Burke, R. Davis, Mullick, Peterson, Page, Jacobson, A. Grover, G. Grover and Carey. Fitzgibbons and Jordan also have a very good chance of clinching numerals and will try for them in the near future.

SONG CONTEST IS ANNOUNCED

Awards totaling \$17,500 cash and free music conservatory scholarships have been offered to college students throughout the United States along with other singers who win in the Atwater Kent Foundation's Second National Radio Audition.

The contest this year is open to all amateur singers between 18 and 25 inclusive.

The aim of the audition is to determine, by impartial means which singers in the country have voices of sufficient beauty and promise, to warrant professional training. As it is being conducted on the principle of elimination, all prospective candidates must enter through local or community auditions.

In the state and district auditions, voices will be heard over the radio, and will be judged by the votes of radio listeners, which will count 60 per cent and opinions of competent judges, which will weigh 40 per cent. In the finals, which will be sung in New York next December, over a national radio network, Sunday evening during one of the Atwater Kent radio hours, the winners will be determined solely by a board of nationally known judges.

Ten finalists will compete in New York City when the following awards in five groups will be divided among five boys and five girls, with identical gifts to a boy and a girl in each group: First, \$5,000, two years' musical tuition and a gold decoration. Second, \$2,000 and one year's tuition. Third, \$1,000 and one year's musical tuition. Fourth, \$500; fifth, \$250. Expenses of all contestants will be paid to the district and final auditions. Winners of state auditions will receive silver medals and winners of district auditions will receive gold medals.

Alice Veit was released Sunday from the Northern Pacific hospital where she had been confined for about three weeks with flu.

Dr. Sputh, national president Phi Epsilon Kappa, men's physical education fraternity, was a guest of Doc Schreiber at a picnic in the Blackfoot valley Sunday.

Mary Louise Davenport was a dinner guest of Dorothy McDonnell at North hall Sunday.

SALLY'S SALLIES

Turns in Fast Time in 10 220 Dashes, Quarter and Half Mile

Announcing Bob Davis as a winner of the Stewart cup, which is given for the best marks turned in by a frosh during the track season, Coach Stewart said, that Davis was the most remarkable ever turned in by a University of Montana freshman. Jacobson, Missoula was the runner up.

Running the century like a man Davis was caught in 10.1 repeated the performance in the 220, when he covered the yards in 22.9. Then to show that was a good middle distance runner also he stepped the quarter 50.9 and the 380 in 2:16. He is expected to get under the 2 min mark in the half before he leaves school.

Davis was first heard of when he topped a few points, during Interscholastic track meet, when was running under the colors of Butte high school.

In his high school days Davis looked on as a 440 yard man exclusively, but since coming to the University he has uncorked some in the dashes that make it appear as if the sprints are to be his events.

During the coming Olympic trials, to be held in connection with the Pacific Coast Conference meet, Davis will keep Staunton of Gonzaga company in the 440. Although Staunton has cut the 50 second mark Davis should be able to do right in the race and convince Staunton that he is in "fast company."

Soup Jacobson the Missoula school product, has shown coaching staff, that he is to be considered more than the average of these next years varsity prospects and do all appearances will be Grizzly main stay in the high jump.

Although Jacobson's mark of 4 feet 10-1-2 inches in the high jump is his most remarkable achievement he has made excellent marks in other events, namely: The cent in 10.2 seconds, the low hurdle 26.1 seconds, and the broad jump in 20 feet, 5 inches.

HELENA PLANNING SWIMMING MEET

Swimmers throughout Montana are preparing for the first annual swimming championship for Montana which will be held at Helena June 16 in the Broadwater natatorium, the largest natural hot water indoor swimming pool in the world.

Teams from the Butte, Billings, Great Falls and Helena Y. M. C. and the Montana State College track and a host of unattached swimmers have already entered and many more are planning to send in entries blanks in the near future.

A bulletin and entry blanks being sent out by the Helena to the various swimming clubs in the state as well as several well known individuals, but in case persons wishing to enter do not receive blanks they may enter by writing Morris Sanford at the Helena Y. M. C. A. Competition will be for women, boys and girls with various sets of prizes offered. Competitors will be on the point scoring system with several teams competing for the team prize.

A team may enter as many contestants as they see fit and the championship will be determined on total points scored in the meet. There are three classifications for both male and female swimmers and each class has its prize events and separate prizes. This meet is expected to attract the swimming talent of Montana as it will be the first one staged in the state and unusual interest is being manifest by swimming enthusiasts throughout the state.

The 1928 National College Swimming Rules will govern competition in the meet and a number of judges will award the points for the diving and swimming competition.
