# MONTANA KAIMIN

STATE UNIVERSITY OF MONTANA, MISSOULA, MONTANA

TUESDAY, APRIL 21, 1931

VOLUME XXX. NO. 50

By Albert Erickson

**MONTANA USING S**  
MONTANA'S spring cleaning set to—Aber Day—is not far off. We cannot but think of how pleased Daddy Aber would be if he could see the entire student body turn out this week to clean up the campus. Most all colleges have field days of some sort, but none can connect them with such a beautiful memory as the service that Professor Aber rendered to the State University. A great deal of credit should go to the little old man who spent many hours in persistent labor in landscaping and beautifying the campus that we now have. In a few weeks visitors from all over the state will attend the Inter-scholastic Track Meet and each and every one of their compliments upon the beauty of the Montana campus will come as tributes to the work of Daddy Aber.

**WARM** April sunshine . . . blue skies . . . hundreds of rakes and shovels cleaning the campus . . . rousing music of the Grizzly band . . . gibberings of the politicians . . . a picnic lunch . . . high court . . . a splendid holiday spirit . . . the informality of the mixer . . . completes a day which no Montana student will fail to remember and that is the annual clean-up day, Aber Day. The work has been assigned, the bosses have been picked, and everything is ready to go. If any tradition is worthy, the tradition of Aber Day should be Montana's best.

**THE** pomp of military balls and the curse of rum combined to produce quite a furor on the University of Utah campus the other day. Press reports of the military ball the next day gave the state the impression that whiskey bottles had been strewn all over the state capitol building where the dance was held and that there had been done considerable damage to the beautiful reception room of the governor. Instant denial of the "drunken brawl" was made by the military authorities sponsoring the dance. All the victory spoils that could be found in the capitol building were three and a half pints—empty.

**CAMPUS** politicians all over the country are becoming more loquacious as the days pass on. At the University of Washington over 3,000 students voted to climax an intense campaign for student offices. On May 1 the student body of Southern California will hold their annual soap box dance which is called "Campaign Capers". This is a social affair at which all the surplus, debenture, or overplus that the candidates still have in them is freed. It's the politicians' polka.

**FROM** the earliest days of cave-man entertainment the old bond of brotherly preference has existed, sometimes so strongly that it rivals the murkiness and depth of blood relationships. This human tendency, it seems, must date back into the ages when man and his family "jungled up" in a cave or series of caves. Close associations, daily contacts, and religious hoodwinking seem to have formed a bond which is kept regardless of performance. Perhaps, it is a distant cousin of the herd instinct. From these initial contacts have grown mass affiliations that maintain the same crude alignment.

**WHETHER** it is in the monotony of everyday routine or in the final glamor of showmanship, the ultimate result of the combined plaudits of the association is so much greater than a single or distracted group. Their accomplishments are many, but not so great as can be accomplished through the co-operation of all units, both in work but also in appreciation.

Dean Freeman Daughters led the Mountaineers Sunday on a hike from McNamara's landing up the Blackfoot valley to Castle rock. They left at 9 o'clock in the morning and returned at 7 in the evening.

## Main Hall Bell Will Toll At 7 o'Clock for Annual Cleanup Day This Week

Work Begins at 8 o'Clock; Lunch Served at Noon South of Natural Science Building; Campus Rakings Comes Out; High Court Convened at 4 o'Clock; Mixer in Evening

What ho! Not hoes. Rakes. Wanted: 1,300 rakes and shovels for an equal number of students and faculty members when Aber Day dawns this week. A mob of that number will invade the campus, sweeping all dirt and opposition before it when the bell in Main hall stirs the air with its strokes at 7 o'clock in the morning. That will be the tom-tom which an hour later will send the horde of still-sleepy savages on the warpath scouring and ravaging the green, and not so green, on the campus.

Police will patrol the avenues and keep an ever watchful eye on all vagrants and violators of the Aber Day code. Under their chief Frank Golob, they will keep order, paddles swinging against heavy frames and students industrious.

Pat Wilcox, Hazel Harper, Marge Dickinson, Dorothy Bell, Harold Dean, Ruth Wallace and Martha Bussey will operate the machine guns from the cars they have donated to the managers. No other cars, armored or otherwise, will be allowed on the campus.

Al Capone (known as President C. H. Clapp) will keep his Chicago territory, just south of Main hall, free from all racketeers. No one can "muscle" in on that territory unless he is one of the "Gang"—the faculty.

The Aber Day fiat will be issued the day before Aber Day. On this list every member of the belligerent tribe will find his or her name and the clan to which he or she has been assigned. The chiefs will check up on attendance and those absent or tardy will be subjected to such treatment as the justices see fit. All savages are to report at 8 o'clock or the time designated on the war sheet. Those whose names do not appear on the worksheet will report to the chiefs and will be assigned to a clan.

Neckties are not in vogue for this devastating work, Billy Rohlfis, Chief-Cliff, said yesterday afternoon. Any one caught with a necktie in his possession will be prosecuted and persecuted before hundreds of blood-craving, murderous natives in front of the High Court bench on the Oval.

## Twenty-two Speaking Parts Are Assigned for Masquers' Major Play

Eddie Krause, Leslie Pace and Miriam Barnhill Play Leading Roles In "House Party"; Experienced Players Are in Cast

"There are 22 speaking parts in 'House Party,' and although not all are big roles they have been assigned to competent and experienced players," said Mr. Angus, director of the Little Theater. "The cast for this play comprises the cream of the dramatic talent on the campus with exception of a few highly talented players who are in the one-act plays this quarter," he said.

**Principal Roles**  
The leading character is being played by Eddie Krause, who will be remembered for his clowning in this year's Hi-Jinx. This play gives him the opportunity to show that he is very capable of handling a part very different from that which he played in Hi-Jinx.

The role of second importance in this play is being played by Leslie Pace, a member of the Masquers, whose experience on the campus includes two very different characterizations, one as an old man in an old man's home in the one-act play "Blind Windows," the other as the incarnation of the devil in "Granite," major production of the winter quarter.

The principal women's role is played by Miriam Barnhill, who is a Masquer and has had much experience. Her latest appearance on the campus was last summer when she played the lead in Lennox Robinson's "The Round Table," under his direction. Jeanette McGrade, playing in her first major production, threatens to steal the show for herself in an excellent performance of a very comic part. Radcliffe Maxey, another Masquer of considerable experience, plays the role of a fraternity president with fine dignity and understanding.

**Supporting Cast**  
Clifton Hemgren, also a member of the local dramatic society, plays the comic role of a somewhat dumb and rather abused freshman. James Speer, now appearing in his second Masquer production, is playing the part of one of the sophomores in the play with absolute accuracy.

"Sterling Stapp and Marguerite Brown are worth seeing as the love birds," says Angus. Other couples at the "House Party" are played by Bill

## Frosh Debaters Win Contest With Helena College

Steve Swanberg and George Bolleau Argue Affirmative in Drummond Last Saturday

Freshman debaters completed their debate schedule for the year Saturday at Drummond with a victory over Intermountain Union college, rounding out a total of three favorable decisions for the year. The question Saturday was, "Resolved, That the nations should adopt a policy of free trade." Stephen Swanberg, Great Falls, and George Bolleau, Milltown, supported the affirmative for the University and Ed Hamel and Marie Thomas upheld the negative for Intermountain.

The debate was held under the Oregon cross-examination plan, each speaker having 12 minutes for his main speech followed by six minutes of cross-examination by an opponent, each side having six minutes for a final summary.

There were 27 votes cast by the audience, those eligible being Drummond citizens only, 13 being cast for the Intermountain debaters and 14 for the University. This is the closest decision that has been given this year to the freshman debate squad.

"The debates this year," stated Rev. Jesse W. Bunch, interchurch pastor and freshman debate coach, "have been very close. A margin of victory in each case was slight. I attribute the success of our freshman debate team to the squad system maintained by our University coach, Mr. Darrell Parker. This system stresses individual work and worth, and gives the freshmen men a chance to match wits with the varsity debaters. The men who have worked on the freshman team this year will make fine contribution to the varsity squad in the future. We should probably give due credit for the three favorable decisions this year to the presence of 'Lady Luck.'"

Before the debate was held delegates from Intermountain Union college and the State University held a joint picnic at the Drummond tourist park on Flint creek. Eleven attended the picnic from the University.

Amplifiers will be placed on the roof of either Natural Science or Craig hall tepees. The mike will be located in one of the rooms of the tents on which the loudspeaker is located. In the early hours of the morning the band (also savages) will walk from group to group and play to relieve the war ennui. Later they will broadcast. Entertainers from the

## Program of One-Acts Is On Schedule

"A Fool of a Man," "Marshal," And "Not Uncommon, Either" To Be Presented Thursday

Montana Masquers will present three one-act plays at the Little Theater, Thursday evening, April 23, at 8:15 o'clock. These plays will be, "A Fool of a Man," by Edward Finnegan; "Marshal," by Ferenc Molnar, and "Not Uncommon, Either," by Harold Shaw, University student.

"These three one-act plays will provide a full program of varied entertainment," says William Angus, director of the Little Theater. "A Fool of a Man," and Harold Shaw's "Not Uncommon, Either" are of the usual length for one-act plays, each being about one half hour long. According to Mr. Angus the Molnar play, in which some of the best actors on the campus appear, holds the interest of the audience for more than an hour.

Those who will play in "A Fool of a Man" are: Horace Bunty, Eugene Hutton; Mrs. Bundy, Helen Spencer, and Eddie, George Long. The play will be directed by Marian Cline. The cast for "Marshal" under the direction of Albert Erickson and Georgia Recker includes: Baron San Friano, Peter Meloy; Edith (his wife), Ruth Wold; Inna Litvay, Albert Erickson; Dr. Janosy, Taylor Gardner, and the Servant, Georgia Recker. Those who were cast in Harold Shaw's "Not Uncommon, Either," which is being directed by Jean Graham and Frances Ruckman are: Ethelbert, Cale Crowley; Ted, Robert Bussey; Gladys, Olga Wik, and Prudence, Margaret Price.

## Future Educators Practice Teaching

Students who are taking "Observation in Teaching," an education course, have practically finished observing and are now taking up actual class work. There are 45 doing practice teaching this quarter. These students are divided between the high school and the upper grades of the elementary schools.

Helen Biggane, freshman, is in St. Patrick's hospital suffering with a broken knee-cap, received in an automobile collision on the Hamilton road about two weeks ago.

## Ballots Are Prepared for Primary Vote

Primary Election Will Be Held Aber Day for A. S. U. M. and Class Offices

Everything is in readiness for primary elections, Aber Day, according to Bob Hendon, A. S. U. M. business manager. A. S. U. M. and class ballots have been printed and all arrangements for balloting have been made. Polls this year will be in front of either the Law building or Main hall, as in the past.

**A. S. U. M. Offices**  
Twelve names appear on the A. S. U. M. ballot and one revision to the constitution. Tony D'Orazi, Missoula; Bob Hendon, Lewistown, and Billy Rohlfis, Salem, South Dakota, are the candidates for president.

Miriam Barnhill, Missoula; Georgia Mae Metten, Dillon, and Georgia Stripp, Billings, are contestants for the office of vice-president. Due to an error in last week's Kaimin, the name of Rita Walker, Grass Range, appeared as candidate for this office also. She is a candidate for A. S. U. M. secretary. Marjorie Mumm, Missoula, and Jeanne Cunningham, Missoula, are the other contestants for secretary.

For student member of the A. S. U. M. Store board, to serve a two-year term, Bill Boone, Deer Lodge, is unopposed. The name of any eligible student may be written on the ballot in the blank space below his name, according to A. S. U. M. election rules. This is also true in the case of the faculty members of the board, neither Robert C. Line, who will serve a one-year term, or J. W. Severy, who will be elected for a two-year term, are opposed. Therefore, student voters have the privilege, as in the case of Boone, of writing in the name of any faculty member to oppose these men, if they so desire.

**Constitution Change**  
The revision to the A. S. U. M. constitution, to change Article II, Section 6C, will read as follows: The editor of the Kaimin must have been the editor of the Sentinel; or must have served on the Kaimin staff at least one year and must have attended the University of Montana at least two years and have at least 75 credit hours at the time of election. He must be a journalism major. He shall be chosen by the Publications board subject to the approval of Central Board.

**Senior Class Office**  
On the ballot of the class of '32, the only names to appear in the primaries will be for the office of Central Board delegate. Only one of the following may be voted for, Bob Cooney, Canyon Ferry; Hugh Lemire, Ronan; Owen Loftsgaarden, Big Timber; and Everett Logan, St. Regis. The two receiving the highest vote will compete in the final elections.

**Junior Offices**  
For the class of '33, the ballot reads as follows: President, Harry Billings, Camas Hot Springs; Tom Lowe, Moore, and Sterling Stapp, Billings.  
Vice-president: Kathleen Dunn, Deer Lodge; Kathryn Coe, Dixon; Virginia Connolly, Billings, and Leola Stevens, Polson.  
Secretary: Mitchell Sheridan, Butte, unopposed. The name of any eligible student may be written in the blank for this purpose to oppose Sheridan.  
Treasurer: Maxine Davis, Shelby, unopposed. Names may also be written in here.  
Central Board delegate: Lloyd Anderson, Big Timber; Millard Evenson, Whitefish, and Horace Warden, Broadview.

**Sophomore Contestants**  
The class of '34 will have the largest ballot, 18 names appearing on that sheet. Six of these are for the office of president. They are as follows: Robert P. Clark, Red Lodge; Eddie Krause, Missoula; George Long, Eureka; Woodrow Nielson, Deer Lodge; Ralph Olsen, Butte, and Robert Wickware, Valer.

The contestants for vice-president are: Kathryn Bailey, Corvallis; James Blair, Forsyth; Ruth Brownback, Harrison; Cecelia Dubois, Alberton, and Lina Greene, Missoula.  
For secretary: Stanley Hill, Sand Coulee; Dorothy McLenghan, Butte; Olive Midgett, Bridger, and Marian Sands, Shelby.

Central Board aspirants from the class of '34 are: Arthur Caven, Miles City; Chalmer Lyman, Helena, and Claget Sanders, Missoula.  
Mrs. C. W. Leaphart was elected president of Iowa province of Kappa Kappa Gamma at the recent convention which was held April 18 and 19 at Pullman, Washington.

## FRATERNITY GRADES GIVE TRI DELTS AND KAPPA SIGMA LEADS

Delta Delta Delta Has 24.02 Average and Kappa Sigma Has 18.90; All University Men and Women Average Is 18.94; Index Shows More Than "C" Average

Delta Delta Delta leads the sororities and Kappa Sigma the fraternities in scholarship for the winter quarter, 1931. Sigma Kappa was second, and Delta Gamma, third, among the sororities; Delta Sigma Lambda and Phi Delta Theta were second and third among the fraternities. Both the fraternity and sorority averages were higher than the highest of last quarter.

The average of Delta Delta Delta was 24.02 as compared to 23.43 of Alpha Phi last quarter; and that of Kappa Sigma was 18.90 as compared to the average of 17.26 of Alpha Tau Omega last quarter. Kappa Sigma activities led all fraternity members, and Delta Sigma Lambda, the pledges. Among the women Delta Delta Delta and Sigma Kappa tied for highest average, and Kappa Kappa Gamma pledges were at the top.

**List of Averages**  
The complete list of sorority averages in the order in which they rank is as follows: Delta Delta Delta, 24.02; Sigma Kappa, 23.09; Delta Gamma, 22.13; Kappa Kappa Gamma, 21.48; Kappa Delta, 21.48; Alpha Xi Delta, 21.39; Alpha Phi, 21.00; Kappa Alpha Theta, 20.57; Zeta Chi, 20.02; Alpha Chi Omega, 19.06. Among the fraternities the rankings were as follows: Kappa Sigma, 18.90; Delta Sigma Lambda, 18.37; Phi Delta Theta, 17.93; Sigma Nu, 17.52; Sigma Alpha Epsilon, 17.73; Phi Sigma Kappa, 17.28; Sigma Phi Epsilon, 16.08; Alpha Tau Omega, 15.77, and Sigma Chi, 13.72.

Non-fraternity men led fraternity men by a slight average, the average of the former being 17.89, and that of the latter, 16.88. Fraternity men living outside their houses held an average of 17.16 to 16.46 of those living in houses. The average of all University men was 17.26.

Sorority women made a slightly better average than non-sorority women, with 21.35 to 21.25. The average of all University women was 4.65 grade points higher than that of the men.

The average of the total University men and women was 18.94. That of total fraternity men and women was 18.65, and that of all non-fraternity men and women was 19.39.

Students of the University made an average index of more than a "C." That of both men and women was 1.223. The men made 1.117, and the women, 1.371.

**Actives and Pledges**  
The active and pledge averages of all fraternities and sororities were:

**Fraternity—Actives Pledges**  
Alpha Tau Omega . . . 18.82 11.89  
Delta Sigma Lambda . . . 18.48 18.15  
Kappa Sigma . . . 20.48 15.60  
Phi Delta Theta . . . 19.20 16.15  
Phi Sigma Kappa . . . 19.45 14.26  
Sigma Alpha Epsilon . . . 20.21 12.78  
Sigma Chi . . . 14.63 10.08  
Sigma Nu . . . 19.18 15.13  
Sigma Phi Epsilon . . . 18.31 12.11

**Sorority—Actives Pledges**  
Alpha Chi Omega . . . 21.29 16.83  
Alpha Phi . . . 22.85 17.46  
Alpha Xi Delta . . . 22.75 20.04  
Delta Delta Delta . . . 25.50 18.40  
Delta Gamma . . . 24.56 18.50  
Kappa Alpha Theta . . . 22.38 17.20  
Kappa Delta . . . 23.59 9.88  
Kappa Kappa Gamma . . . 18.93 24.21  
Sigma Kappa . . . 25.50 19.36  
Zeta Chi . . . 23.02 12.33

Corbin hall girls led the residents of the dormitories with an average of 21.38. Those living in North hall made a close second with 21.06, and those

(Continued on Page Three)

## Delta Gammas, Phi Delts Capture Varsity Vodvil Prizes Saturday Night

Crowds Fail to Reach Record Set Last Year; Sigma Kappa Act Places Second, Independent Women, Third; Sigma Chi Second in Men's Division; Five Judges Listed

Playing to audiences which failed by far in equalling the record crowds set last year, Delta Gamma was judged first among women's Varsity Vodvil acts, and Phi Delta Theta, for the fourth consecutive year, was given first place in the men's division Saturday night.

An array of talent from seven groups of University people provided the audiences with an evening of diversified and pleasing entertainment. Competition was close, making judging difficult. In the women's group, Sigma Kappa was adjudged second and non-sorority women third. Among the men, Sigma Chi, the only other entry, was second.

**Judges**  
The acts were judged by Mrs. Elizabeth Asendorf, a member of the faculty of the Department of Economics; C. A. Dool, local business man; Miss Irene Rich, a member of the faculty of the Missoula County high school; Miss Charlotte Russell, librarian of the School of Law, and William Angus, director of the Little Theater.

Traditional strife between cupid and satan was the dominant theme of the Phi Delta Theta act, "Slips Don't Count." A trio composed of Rowe Morrell, Billy Burke and Bill Brown was the feature of this act.

All the color and gaiety of an old Dutch garden was expressed in Alpha Phi's "Music Time in Tulip Land." Clever dancing, good singing and pretty costumes made this one of the best of the evening.

Climaxing an evening of unusually good amateur entertainment was the prize-winning Delta Gamma act, "Sweets on Parade." The dancing of the director, Helen Fleming, along with the singing of Patricia Weber and Dorothy Duval was outstanding in this act.

Varsity Vodvil was run off unusually well this year. The first show started at 7:05 o'clock, the second at 9:14 o'clock. At the close of the second show, George Hillman, manager of this year's production, aided by Jack Toole and Sterling Stapp, his two assistants, counted the judges' decisions and presented the cups to the directors of the winners. Each

## Pharmacists Hold Initial Mollett Day

Students Honor Dean's Tenure; Observe New Tradition for First Time

Dean Charles E. F. Mollett was guest of honor at a banquet given for him at the Florence hotel Sunday evening by students and alumni of the School of Pharmacy, in recognition of his 24 years' service to the school.

Dean Mollett day was observed for the first time Sunday as a campus tradition. The banquet, which was attended by more than 70 pharmacy students, alumni, and Missoula druggists, Orville Peek, presided as toastmaster and others at the speaker's table were Oakley Coffee and Robert Harkness of Missoula. President C. H. Clapp and Alex F. Peterson, who were unable to attend, sent letters which were read after the brief talks were given. Telegrams received from alumni and deans of schools of pharmacy were acknowledged.

Orchestral music was provided during the evening through the courtesy of Russell Watson, Missoula, and Florence Jarussi, Red Lodge, and Lorraine Rowe, Terry, entertained with a piano duet.

Dean Mollett was presented with a writing set, including fountain pen, pencils and desk stand.

## Aber Day

MONTANA students named their first cleanup for "Daddy" Aber at a convocation held March 24, 1915. The date of the first annual cleanup was set for April 17. C. W. Leaphart, present dean of the School of Law, managed it. Only four people escaped High Court at that first cleanup. Since that time an Aber day has been held every year except in 1919 due to the World War. Previous to 1928 the date was fixed beforehand, but since then it has been kept secret to avoid cuts. It is usually held on a Wednesday for the same reason.

Aber Day honors Professor William Aber, who taught State University students the subjects of Latin and Greek for twenty-four years; he was a member of the original Montana faculty. After retiring in 1919, "Daddy" Aber was made professor emeritus. He died the following summer.

"Daddy" Aber did all that he could to beautify the Montana campus. Every spring he planted trees, flowers and shrubbery, and picked up debris and raked lawns. He told students that the grove of trees which he planted on the northwest part of the campus is the one thing for which he wished to be remembered. He was very fond of the flower bed located just in front of the Oval at the entrance to the University. Professor Aber knew every tree on the campus.

For years Main hall bell has announced to Montana students the advent of Aber Day. They have always responded with Grizzly spirit to honor "Daddy" Aber, appearing on the campus and cleaning every nook from the Forestry nursery to the Pharmacy drug garden just as they will do—when the bell announces the 1931 cleanup.—G. G. A.

## The Pharmacy Dean

DEAN CHARLES E. MOLLETT of the School of Pharmacy was honored by his students, former students and state pharmacists last Sunday with the celebration of the initial Dean Molliett day on the University campus. Observation of such an annual honorary day for their dean promises to become a tradition among the pharmacy students, indicating the high regard in which they hold the man who heads the School of Pharmacy.

Dean Molliett has given 24 years of service to his profession and to his students. In recognition of this service, the first Dean Molliett day has been held, the principal affair of the day being a banquet attended by students and alumni of the School of Pharmacy and outstanding pharmacists of the state. The interest taken by those who were present marked the observation as a distinct success, one which will carry on through the years.

The regard in which the pharmacists hold Dean Molliett was exemplified by the occasion Sunday. He has given many years of the best, and even as he has worked and is working, other professors on our campus are giving their time to the students to help in their education and to make the University campus a bigger and better one.

There is no doubt that we hold a high regard for our professors, that we respect them a great deal, but how many of these same professors know it? Quite often they get blamed for something which is not their fault, but rather that of the students. No doubt, some of these comments reach the ears of the professors, and they may well wonder what good they are doing. But when students precipitate such an honor as that given to Dean Molliett last Sunday, it may be said that it is a true indication of how we students feel towards those who teach us.

Congratulations, pharmacists, for the honor you have performed for your dean!—M. W.

## We Should Learn "College Chums"

SUGGESTING that a student body learn its distinctive song is a bold assertion to make. Ever since the first S.O.S. of this quarter when a subdued hum and jumbled words followed the eighth stroke of Main hall bell, we have wanted to urge brushing up on "College Chums".

It is a song characteristic of the University of Montana students. That it is held in high esteem by men and women on this campus is evident in its place reserved for the last of the programs of many organizations. We all believe in the value of it as representing the social contacts we have made on the campus. But let's show our belief in it and our regard for the fellowship and friendships which we have gained in the University, by singing it as if we meant it, with the words on the first beat instead of sliding in later when someone better informed than we has sung them.

The spring quarter with its Track Meet S. O. S. and many organization meetings and that final week of Commencement requires the singing of "College Chums" with more spirit than before. We all know the words, we just have to renew them in our minds. Let's get them down pat for this quarter's use:

"Old college chums, dear college chums,  
The days may come, the days may go;  
But still my heart to memories clings,  
To those college days of long ago.

"Through youth, through prime, and when the days  
Of harvest time to us shall come,  
Through all we'll bear the memories dear  
Of those college days of long ago."

## Fine Art Students Contribute to Club

Work of nine Fine Arts students was displayed at a meeting of the Missoula Woman's club in the Y. W. C. A. rooms yesterday afternoon. Those who contributed to the exhibit were: Dorothy Tupper, Margaret McKay, Frances Paick, Marjorie Davis, Ruth Riedell, all of Missoula; Jane Nash, Polson; George Snyder, Great Falls; Eleanor Arnold, Butte, and Alice Tucker, Billings.

## Pollinger Goes to A. W. S. Convention

Ella Pollinger, president of A. W. S., left yesterday afternoon for Ann Arbor, Michigan, where she will represent the University in national convention of that organization. The convention dates have been announced as April 24 to 26.

E

Just one relapse after another, children, is the story our spring fever chart shows this year. One warm day and two cold ones makes the next warm day feature a relapse that hardly seems possible. When the warm nights get here, our condition will probably be alarming.

Uncle deplors the cold nights because he feels that the bleacher turnout isn't what it should be. Too many people have closed cars nowadays, anyway.

Among other things, uncle has strictly and religiously avoided making any reference to runt automobiles, because he never had actual experience with one until the other evening. Now, after one demonstration, he heartily recommends them for cold nights.

It's a delightful surprise to note the inconspicuous places where one of them may be tucked away for a while.

Dear Uncle Hud:

In view of the fact that you so clearly set forth the rules of bleacher play, why should Mount Sentinel be so heavily populated these warm afternoons?

Your loving nephew,  
Buttercup.

Dear Buttercup:

Perhaps the rules Uncle set forth for bleacher play were a little too strict.

Your loving uncle,  
Hud.

With Aber Day this week, the band will be able to hold its concert in the middle of a nice clean oval.

One of the more serious problems of the age is what a person should do to amuse himself during the after-dinner speeches. Here are a few suggestions:

1. The ash tray: Punch out the light from your cigarette into the tray, then carefully and meticulously disintegrate the cigarette, paper, ashes, tobacco, finishing up with dropping the tray on the floor.

2. The coffee cup: Dip the spoon into what coffee is left, carefully carry the drop clinging to the spoon to the top of the cup and deposit it there, speculating as to whether it will drain into the cup or the saucer.

3. The tablecloth: This method may be used even if all the silver and dishes are taken away. With the thumb and forefinger, smooth out all wrinkles within reach. When all are smoothed out, make some more and smooth them out. All this must be done with due deliberation and care.

4. The care of crumbs: With the dessert fork or spoon or coffee spoon diligently gather all the crumbs within reach into one pile, mix with proper proportions of cigar and cigarette ash, then brush the mixture into the lap of the next person in line. After that there will be plenty of amusement.

5. The last resort: Listen to the speaker.

## MOAN

What makes you, dear, want to depart?

It's so lonely when you are away,  
Why can't you stay here, Dear Heart?  
It's you that I'll long for each day.

You knew when I felt like not playing,  
And just how much beer I could drink,  
You listened to what I was saying  
And kept still when I wanted to think.

It isn't so much that there's not  
Another who'd be such a true one,  
It's just that I don't like the thought  
Of trying to break in a new one.

## Notices

There will be a very important meeting of Bear Paw tomorrow evening in Room 204 of the Forestry building. It is especially urgent that every member of this organization be present. It will be at 7:30 o'clock. Dick Fox, Chief Grizzly.

W. A. A. will give its spring quarter party tonight. All University women are invited.

Faculty members are invited to attend the Aber Day dance in the gymnasium at 8 o'clock.

Aber Day Dance Committee.  
Billy Nash, Mrs. Tom Davis and their mother and little sister, all of Butte, were dinner guests at the Phi Delta Theta house Sunday.

### North Hall

Mable Munro and Helen Elliott of Kalspell were Sunday dinner guests of Ruth Rhoades.

Mildred Blackford of Billings was a weekend guest of Gertrude Warden at North hall.

Ruth Wallace and Margaret McKay were dinner guests of Kathryn Bailey Sunday at North hall.

Audrian Hughes of Billings was a weekend guest of Mae McFarland at North hall.

Dorothy McLennan had as her dinner guest Sunday at North hall, Marcella Malone.

Mrs. A. Bodine of Livingston is visiting her daughter, Marjorie, at North hall.

Mary Davies was a dinner guest Sunday of Emma Bravo.

Mr. and Mrs. Spafford of Livingston visited their daughter, Rachel, at North hall over the weekend. They also attended Varsity Vodvil.

Julia Metcalf had for her dinner guest Sunday Mrs. Randall.

Louise Beuschell was a dinner guest of Norma Eastman at North hall Sunday.

Mrs. George Metlen of Dillon visited her daughter, Georgia, at North hall last weekend. She also attended Varsity Vodvil.

Mrs. Nash and her daughter, Mrs. Tom Davis, Butte, visited Mary Nash of North hall over the weekend.

### Dr. Veillier-Duray Visits

Dr. Juliet Veillier-Duray, vice-president of the Association of University Women in France, member of the international committee on the economic and legal status of women, and a noted lawyer, will be a guest of the Missoula branch of the A. A. U. W. at a banquet this evening at the Florence hotel. Her subject will be on the educational and feminist problems in France. She is touring the country and comes from the international meeting of university women in Boston. She was a guest at luncheon today of Mrs. Harriet Sedman at North hall. Mrs. C. H. Clapp and Mrs. Louise Arnoldson were also guests.

### Phi Sigma Kappa Initiates

Phi Sigma Kappa held initiation Sunday morning for George Adams, Great Falls; Charles O'Connell, Kalspell; Mulford Crutchfield, Missoula; Harold Snyder, Helena; Scott Stratton, Augusta.

An informal initiation banquet was held at the Phi Sigma Kappa chapter house Sunday afternoon. Tom Moore was toastmaster. Speakers were Emmett Carey, Scoop Luke, Anton Moe and the initiates. Guests at the house were Wilfred Fehlbauer, Helena; Professor R. L. Housman, Larry Swanson, Deane Jones, Robert Hendon.

Buddy Brennan was a guest at the Phi Sigma Kappa house over the weekend.

### Delta Gamma Initiates

Delta Gamma held initiation Sunday for Mae McFarland, Billings; Nita Zumwalt, Kalspell; Virginia Cooney, Missoula; Marjory Bodine, Livingston; Juanita Ruegamer, Livingston;

## Theta Sigma Phi Sends Out Matrix Table Invitations

Dean Stone Will Be Chief Speaker at Dinner at Florence Hotel May 28

Matrix Table, which is sponsored by Theta Sigma Phi, women's national journalism fraternity, will be held a week from tonight at the Florence hotel. Invitations have been sent to more than 25 people.

The Matrix table which was postponed a week will be held Tuesday, April 28. The table will begin at 6:30 o'clock and will be the first of its kind held at the University this year.

Dean A. L. Stone of the School of Journalism will be the chief speaker of the evening. The table will be open to all alumnae, fraternity members and guests who have received special invitations.

This year's table is expected to be very small in comparison with those in years to come. Patricia Regan will be in charge of the preparations for this event.

Janice Stadler, Helena; Elizabeth Farmer, Helena, and Margaret Agather, Kalspell. A banquet was given in honor of the new initiates that afternoon. The fraternity colors, brown, pink and blue, were carried out in the table decorations.

### Alpha Xi Delta Initiates

Alpha Xi Delta held initiation Saturday night for Ellen Alden, Big Timber; Juanita Armour, St. Ignace; Bell Everett, Wolf Point; Doris Horton, Wickes; Jennie Roberts, Deer Lodge; Verna Smith, Plentywood. A formal banquet was held Sunday at the Palace hotel for the initiates.

### Corbin Hall

Larry Prather and Bob Elgeman were dinner guests at Corbin hall Sunday.

Janet Hobbs, '29, who is now teaching at Kalspell, was a luncheon guest of Mrs. F. K. Turner Saturday.

Miriam Barnhill and Helen Molstead of Seattle were lunch guests at the Kappa Kappa Gamma house Monday. Miss Molstead, who is a Gamma Phi at the University of Washington, is on her way to Michigan, where she will represent her university at the national A. W. S. convention.

Mrs. Emily Gates of Superior, Margaret Breen and Jeanne Cunningham were dinner guests Sunday at the Kappa Alpha Theta house.

## Forestry Club Plans Field Trip Honoring Seniors

Shields, Chairman, Plans Program for Event Next Sunday Near Milltown

Nomination of officers for the coming year will occupy the attention of the Forestry club at its bi-weekly meeting tomorrow night. At this time men will be nominated for office, with voting to take place at the next regular meeting, May 6, according to Bill Ienthal, president.

Tomorrow evening plans will be discussed for the annual Senior Field trip, which is to be held Sunday, near Milltown. Jack Shields is chairman of a committee composed of Howard Coon, Archie Murchie and Millard Evenson which is making arrangements for this affair.

"This will be one of the highlights of the club's activities for the year," Shields said yesterday. "About sixty couples are expected to be present, leaving Missoula in the afternoon for the picnic ground opposite Milltown. Quite an elaborate program has been planned. There will be burling contests, baseball games and something doing all the time."

Seniors of the School of Forestry are guests of honor of the club on this day.

## Kappa Psi Elects Voight President

Pharmaceutical Honorary Chooses Officers for 1931-32

Kappa Psi, national pharmaceutical honorary, elected officers for the year 1931-32 at a meeting in the pharmacy building Wednesday evening.

The new officers are: Harold Voight, Manhattan, regent; Warren St. John, Corvallis, vice-regent; John Romersa, Red Lodge, secretary-treasurer, and Dee Byrd, Darby, historian.

Paul C. Phillips, head of the Department of History, will give a talk before members of Kappa Psi at their next meeting, which will be held Tuesday, April 21.

## Contest Offers Attract Artists To Four Awards

C. H. Riedell Announces Cash Prizes For Posters, Book Covers and Stage Setting

According to Professor C. H. Riedell, four contests are now open to art students of the University. The National Federation of Art Students, the Montana section of the American Chemical society, the Berkshire Playhouse and the Pacific Library Binding company are all sponsoring separate competitive tests.

The National Federation of Art Students will pay \$100 for the best poster submitted on the prevention of war. It must be entitled "There Shall Be No More War" and will be judged on (a) impression created (b) composition, color and lettering. This contest closes Monday, May 18.

For the best semi-permanent stage setting, the Berkshire Playhouse of Stockbridge, Massachusetts, will pay the winner \$200. The setting must be suitable for use this summer and must be appropriate for one of the following plays: "Hay Fever," "Juno and the Paycock," "Great Catherine," "The Magistrate," "S. S. Tenacity," "Lilium," "Rosmersholm," "The Firebrand," "Hotel Universal" and the "Adding Machine." The closing date of this contest is May 15.

Fifty dollars divided in three cash prizes, will be given to the winners of a book cover designing contest. Designs may be sent in to the offices of the Pacific Library Binding company any time prior to May 31. The Montana section of the American Chemical society will pay to the person who submits the best letterhead design portraying in conventionalized form, either Montana chemical industry, Montana chemical education, Montana topography or a combination of all three, \$5. This contest closes May 10.

Further information concerning these contests may be learned by consulting the Department of Fine Arts bulletin board or by seeing Professor Riedell.

## Phi Beta Kappa Makes Bateman Vice-President

National Scholastic Fraternity Meets During Education Conference in Spokane

Dr. William G. Bateman, professor of chemistry, was chosen vice-president of Phi Beta Kappa, national scholastic fraternity, at the annual breakfast which he attended in Spokane Saturday, April 11.

Dr. Bateman became a member of the Alpha chapter of Phi Beta Kappa while in attendance at the University of California in 1907. He has been active here as director of the movement sponsored since 1916 by faculty Phi Beta Kappa members to install a chapter on the Montana campus.

The meeting at which officers were elected was held during the Inland Empire conference in Spokane last week.

## Old English Law Book Is in Library

School of Law Buys Book Published in Sixteenth Century

"Henrici De Bracton De Legibus et Consuetudinibus Angliae," a book of old English law and customs published at London, England, in 1569 by Richard Tottell, has just been placed in the library of the School of Law, according to Charlotte Russell, law librarian.

The book is considerably older than any ever placed in the library. Miss Russell said. It was purchased merely because of its age, and will be used only for occasional reference work. Cardwell and Company, a publishing firm at Toronto, Canada, sold the book to the School of Law, for \$20 a few weeks ago.

## Dean C. E. Mollett Gets Appointment

Only One of 2500 in Pharmacy Club Has Longer Membership

Dean Charles E. Mollett of the School of Pharmacy has been appointed to the membership committee of Plant Science Seminar, the largest scientific pharmaceutical association active in the profession. Dean Mollett, with other members of the committee, is promoting attendance at the meeting to be held in Miami, Florida, July 27.

Only one pharmacist, Frank Scheuber, who entered the association in 1905, has a longer membership standing than Dean Mollett, who joined in 1907. There are more than 2500 members listed from the United States, Alaska, Canada, New Mexico, and Central and South America.

### Columbia Psychological Advisor Speaks Before Faculty Members

#### Dr. Ben Wood Declares All Students Cannot Be Judged by Grades And Educators Must Regard Special Cases

Faculty members were given an opportunity to hear Dr. Ben Wood, psychological advisor to the dean of Columbia college, last Friday afternoon in Main hall auditorium. Dr. Wood, whose duty it is to investigate individual student cases, related to the group assembled to hear him, the results of a survey made of the colleges and universities in Pennsylvania. The survey, of not only those who were deficient but of those who were especially proficient, was made to regulate work so that those students might be freed from the limitations of the traditional curricular requirements.

The general theme of the talk was that our work in education is failing because of our failure to regulate the demands of these special cases and because we require under our grading system precisely the same work from the student who is not mentally endowed to meet these requirements easily or is particularly brilliant in certain lines of work and extremely dull in other studies.

Dr. Wood made a plea for as nearly as possible a complete removal of restrictions and for the substitution of achievement for the criterion of grades.

According to Dr. Wood, the Chicago experiment is the greatest advance step in educational work that has been taken in generations. He cited several personal cases that had come under his observation officially. One case was that of a student who had failed in plane trigonometry four times and was about to the fifth. He ranked high in other subjects, however, having a master's equivalent in English and in foreign languages. Dr. Wood said, "I found one professor in the mathematics department who looked at that case as I did. I had the student transferred to his section in plane trigonometry. He was told that under the rules he must attend regularly but that while he was in the classroom he might do whatever he wanted. He did. When examinations came the student went up with his blue book and questions and said to the professor, 'I can't do these; they're all x's and y's. If I take this I will fail again.' The professor told the student to take six blue books and fill them with x's, y's and z's, triangles and circles. Then he told him to write one sonnet on plane trigonometry. The student wrote six sonnets and received a grade of C, which passed him. This same student has since published a volume of prize poems and is one of the best known present-day writers in American verse." Dr. Wood also gave many more instances to prove the effects of curricula tyranny.

To emphasize his point, Dr. Wood presented a series of graphs using a stereopticon screen. The graphs showed the result of the educational survey of the state of Pennsylvania. The survey was made of three groups, one just entering the primary grade, the second just entering high school and the third just entering college. The study followed the primary group to its entrance in college. More than 4,000 cases were represented in the survey. The graphs showed results on a basis of achievement which was measured by a set of 3,000 questions which were given at the completion of the college work. The results bore out exactly the theory advanced by Dr. Wood that all students cannot be judged by grades in one subject. The fact was also developed that while the majority of colleges in Pennsylvania come within the lines of the general average in achievement, a group of 13 granting baccalaureate degrees did not rank with even ordinary good high schools. Volunteers were called for among faculties on the achievement test and of the few who volunteered some left before they were half finished and the average of those who went through was below the average of the senior in high school.

Dr. Wood, who came to the University upon the recommendation of former chancellor of the Greater University of Montana, Edward C. Elliot, will also speak at the State college at Bozeman.

### Dr. Sisson Passes Through Missoula On His Way East

#### Former University President Travels With Mr. Speer to Convention in Buffalo

Dr. Edward O. Sisson, former president of the State University, passed through Missoula last Sunday on his way to England and Wales, his birthplace, for a two months' visit.

At present, Dr. Sisson is professor of philosophy at Reed college in Portland, Oregon. On his return from abroad, the former president plans to teach in the summer session at Harvard.

Many of his old friends and associates at the University went down to the train to greet Professor Sisson on his way through and J. B. Speer, University registrar, joined Dr. Sisson on his way to a registrar's convention in Buffalo, New York.

### Dean R. Line Will Direct Charity Drive

#### Community Chest Campaign to Begin With Luncheon Today

Workers on the Community Chest campaign, of which Dean R. C. Line is chairman, are rapidly perfecting plans for the active drive which begins today with a "kick-off" luncheon at the Florence hotel. The main speaker at the luncheon will be Sam R. Parker, secretary of the Butte Y. M. C. A.

The purpose of the campaign is to raise \$28,000 which will take care of the needs of Missoula's 13 charitable organizations. The chest drive which is in the form of a military campaign, is one that has been used in many other cities. The leaders of the different groups are "generals" and under them are the colonels, majors and captains.

#### Campaign Divisions

The campaign is divided into four divisions: "General" E. S. Holmes will have charge of Division A, which is composed of firms and executives; "General" George Morris is head of division B, which is made up of professional men and the retail stores; "General" Ed Polleys is head of division C, or the industrial and educational group, in which the University is placed; "General" Mrs. T. Smith is in charge of the women's division, which will make the house-to-house canvass. Warren B. Davis will have charge of the publicity division and Walter McLeod will head the speaker's bureau. It is estimated that 335 workers are engaged in this campaign and the numbers of subscriptions will reach approximately 5,000.

The headquarters for the campaign during the drive will be in the building east of the Western Union. Some one will be there at all times to give out supplies. Professor E. R. Sanford of the School of Business Administration will be in charge of auditing the receipts.

#### University Represented

Dr. N. J. Lennes, chairman of the Department of Mathematics, is chairman of the Executive Board of the Social Service Council. R. C. Line, dean of the School of Business Administration is chairman of the Community Chest drive proper. Dr. G. D. Shallenberger, chairman of the Department of Physics, has charge of the soliciting of the educational group, which includes the University, high school, parochial and public grade schools.

### Scripts Should Be Submitted by End of Quarter

#### Hi-Jinx Will Be Produced In Autumn Quarter Instead of Winter As Formerly

No manuscripts for next year's Hi-Jinx have yet been submitted, according to Michael Kennedy, manager.

The annual production, sponsored by the Associate students, will be held during autumn quarter next year, instead of winter quarter as it was this year. This makes it necessary that all authors competing for the \$25 prize have their manuscripts in before the end of school this quarter, if possible, and absolutely not later than the beginning of school next fall.

The change to autumn quarter makes it necessary that all advance arrangements for the production and casting be finished by the first of October, so that rehearsals can start as soon as possible after rush-week.

"Students with hopes of some day becoming writers should not pass up this opportunity. It not only offers the means of expressing one's ideas, but will be good practical experience, plus a \$25 prize," Kennedy said yesterday.

The meeting was presided over by Mel Rawn, president of the fraternity, and the speakers included Wilfred Fehlhaber, past president of the Montana chapter and now alumni inspector, who is now with the Associated Press at Helena; Dean A. L. Stone of the School of Journalism; Dean T. C. Spaulding of the Forestry school; R. L. Housman, professor of journalism and the initiates. Songs were led by Dr. Emerson Stone.

The banquet was given for all alumni, active members, initiates and pledges. The guests of the chapter were Dean T. C. Spaulding, Professor John Crowder, Charles Hardys, Al Schak, Dr. Emerson Stone, Jennings Mayland, Ronnie Miller and Thomas Regan.

Dr. and Mrs. P. C. Phillips entertained the Missoula Audubon society last Saturday evening at their home on Beckwith avenue. The program consisted of interesting talks by Kenneth Roehen of the Bison reserve at Moose, and by Miss Margaret Linn. Refreshments were served at the meeting.

### Frontier Contains Many Articles by Montana Authors

#### English Instructor, Two Students and Four State Citizens Write For May Issue

May issue of the Frontier, now on sale in the lower hall of the library, contains the largest state representation yet to be published in the magazine, according to Professor H. G. Merriam, editor of the publication.

Two students and one instructor at the State University have articles in this issue. They are: "Waiting Room," a humorous short story by Alice Hancock, English instructor; "Fledgling," a short story by Melda Schwab, and "The Train," a sketch by Bob Struckman.

Other Montanans contributing to this issue are: Mrs. C. W. Towne of Butte, who has written "Six Blocks," a short story; Jason Bolles of Butte with his poem, "Roadhouse Girl," Miss Maxine Singley of Lewistown contributed her poem, "Comprehension," and Walter L. Pierre of Lewistown with a mining sketch called, "Underground."

### Aber Day Mixer Is at 9 o'Clock

#### (Continued from Page One)

At 9 o'clock in the men's gymnasium, the mob, relieved of its attack on the campus front, will congregate and dance. Nat Allen's seven-piece orchestra will furnish the music. Late permission until 12:15 o'clock has been obtained. At that time the Campus club will fold up its war bag and retreat until the next Aber Day draws.

Aber Day has an interesting history. Nearly every student on the campus knows that it derives its name from W. M. Aber, professor of Latin and Greek here from 1895 to 1918. Daddy Aber, who was a member of the original faculty here, is said to have been the students' greatest friend on the campus.

He planted trees, raked the lawns and did everything possible for the improvement of the University grounds. He could often be seen picking up papers which had been scattered around.

Daddy Aber died in Waterbury, Conn., in 1919 from the effect of influenza contracted in 1918 while he was teaching at the University. The first Aber Day was held before his death, however, in 1915, when a convocation was called and plans laid for the first cleanup. Daddy Aber was one of the fosterers of the tree planting idea. He was very fond of evergreens and he planted most of that variety which are now standing on the campus. One of his most significant monuments is the little grove of trees in the northeast corner of the campus.

At present in that grove just southeast of North hall is a bronze plaque bearing this inscription, "Aber Grove, Planted by William M. Aber, professor of Latin and Greek at the State University, 1895-1919." This plaque was placed there April 22, 1927. It replaced a memorial stone which had been there since October 24, 1919. At that time memorial services were held for Professor Aber, and the stone

### Lutheran Students Hold Get-Together

#### Organization Makes Plans for Picnic Early in May

At the last formal meeting of the season for the Lutheran Students association, held Sunday, April 12, at the home of Rev. O. M. Grimsby, social and business affairs were combined in a "get-together" meeting.

The social program was as follows: Piano solo by Eddie Mertz; reading, "Mandalay," by Bernice Larson; vocal duet by Ellen Alden and V. Embretson; piano solo by Eddie Mertz.

At the business meeting it was decided to hold a picnic May 10, but as plans have not been fully completed members of the association are asked to see the officers and committee members within the next week for definite notices as to where the picnic will be held.

Members of the entertainment committee who were appointed are: William Hilde, chairman; Florence Rorvik, Helmer Hansen, Bernice Larson and Olga Wik. Other members present were asked to assist those appointed on the committee if it were possible for them to do so.

Mrs. O. M. Grimsby and Mrs. G. W. Anderson served a lunch after the business meeting.

Dean William Leapheart of the School of Law is attending the annual sixth district convocation of Rotarians, held this day at Anaconda. He will return Wednesday.

was unveiled by members of Penetration. Chancellor E. C. Elliot spoke on behalf of the Greater University, M. J. Elrod, who joined the faculty the same year as Daddy Aber, represented the faculty; and J. H. T. Ryman, Mr. Aber's most intimate friend, spoke for the local board of trustees; George H. Greenwood, 1904, a student under Daddy Aber, represented the alumni; and J. B. Townsend, president of the Associated Students at that time, spoke in their behalf. A letter from ex-President Taft, one of Aber's closest friends at Yale, was read during the services.

### Scholastic Rating Of Halls Is 19.81

#### (Continued from Page One)

In South hall made only an average of 17.06. Upperclassmen in South hall, however, rank higher than upperclassmen in either of the other dormitories. The upperclassmen's average was 24.31 as compared to 24.23 for the upperclass women in North hall and 22.96 for those in Corbin. Corbin hall freshmen made the highest average.

#### Extra-Curricular

In the extra-curricular activities group Kappa Tau leads with 32.27; Mortar Board is second with 31.22; and the debate team was third with 24.65. Other activities in their order of rank were: Silent Sentinel, 24.32; Tanans, 23.06; Masquers, 22.61; Bear Paw, 18.50; Varsity basketball, 15.95; "M" club, 15.87, and freshman basketball, 12.23.

Central Board members made more grade points per person than any other school officers. Their average was 28.75. Averages of other officers were: A. W. S., 24.50; sophomore class officers, 19.75; junior class officers, 18.75; senior class officers, 14.00; freshman class officers, 13.13.

Mr. and Mrs. Charles W. Donnelly of Los Angeles were guests during the past week of the J. Howard Toole home and of Dr. and Mrs. Elrod. Mrs. Donnelly was a member of the class of 1910.

### In the Crescent at Cornell

... as in 42 other leading colleges, there is one favorite smoking tobacco

#### ENGINEERS walking across campus to a lab in Sibley . . . arts students gathered on the porch of Goldwin Smith . . . lawyers on the steps of Boardman. Not much time between classes . . . but enough for a pull on a pipe of good old Edgeworth!

Cornell men know their smoking tobacco. And they're not alone in their choice. Harvard, Yale, Illinois, Michigan, Stanford, Dartmouth, Bowdoin—all report Edgeworth far in the lead. In 42 out of 54 leading colleges and universities Edgeworth is the favorite pipe tobacco.

Cool, slow-burning burleys give this smoke the character that college men like. Try a tin of Edgeworth yourself—pack it into your pipe, light up, and taste the rich natural savor of fine burleys, enhanced by Edgeworth's distinctive eleventh process.

At all tobacco stores—15¢ the tin. Or, for generous free sample, write to Larus & Bro. Co., 105 S. 22d St., Richmond, Va.

# INTERCLASS TRACK MEET IS POSTPONED UNTIL MAY 1 AND 2

**Poor Training Weather and Illness of Men Cause Delay in Schedule Of Track Competition; Only Three Events Run Saturday in Second Time Trials for Varsity and Frosh Track Men**

Only three events were run last Saturday in what was to have been the second time trials for varsity and frosh track men in preparation for the interclass track meet. As a result the interclass struggle has been postponed because of the poor training weather from April 24-25 to May 1-2.

It was also postponed to give the seven men, now out of competition because of the flu, a chance to compete in the class meet.

Elbert Covington, a newcomer in University athletics, sprinted the quarter mile in 51.3 to lead Archie Grover and Jack White. Clarence Watson whirled twice around the track in 1 minute 59.6 seconds for first place in the half mile. Bob White and Emmett Carey placed second and third. In the 100-yard dash Bob Parmenter led Stevlingson and Robertson, a freshman, to the tape in 10.3 seconds. No other races or field events were held. Watson's specialty is the mile run but his half mile time was just 4 seconds above the state record which is held by Barnes Adams, a former University man.

The University is not the only Montana school to be handicapped by this type of Montana weather. Montana State college, although having a dirt-floor room under their gymnasium in which to practice, has been bothered by unfavorable weather.

Of their track team the State college paper, The Weekly Exponent, says: "The squad this year seems to be even better than the one of last year and there has been considerable good material picked up from the freshman class to take the places of the men that graduated last year. The usual strong string of field men is apparently present again this year and the cinder threshers are promising to show even better than they have in the past."

## Officials for Track Meet Announced

Faculty Interscholastic Committee Releases Personnel for Track Events

Officials for the twenty-eighth annual Interscholastic track meet have just been announced by the faculty committee, and the list includes many who have helped with the meet over a long period of years. George Varnell will serve as starter for the meet for the sixteenth time, and his assistant will again be Jimmy Brown, former sprint star.

The complete list of officials: Referee, President C. H. Clapp. Starter, George Varnell; assistant starter, James Brown.

Clerk of course, Oakley Coffee; assistants, Kirk Badgley, Joe Mayo, Bill Morrison, F. Holmberg, J. Stewart.

Weight judges, Harvey Elliott, clerk; E. C. Mulroney, J. Patterson and C. Muhlick, shot; A. Lucy, Emil Percy and H. Murray, discus; E. Holmes, G. Lockwood and L. Schultz, javelin.

Jump judges, H. Forbis and M. McCullough, clerks. Dr. R. H. Nelson and Billy Burke, pole vault; H. Wilkinson, Bob Nelson and G. Higgins, high jump; J. Campbell, Jimmy Morrow and C. W. Leapart, broad jump.

Finish judges, A. N. Whitlock, chief; Frank Campbell, H. Toole, J. Sterling, H. Adams, C. S. Porter and P. Fraser, assistants.

Timers, J. W. Stewart, chief; H. Turner, S. Coffee, H. O. Bell, A. Willard, W. L. Murphy.

Scorer, T. C. Swearingen, chief. Inspectors, W. E. Schreiber, chief; D. Stevlingson, G. Grover, A. Grover, E. Carey, C. Watson, T. Rowe.

Checking clerk, Ted Mellinger. Equipment, H. Lemire and R. Boden. Field assistants, August Vidro, Mario, Flint, Cox.

Track assistants, Carl Walker (in charge), Spaulding, Parmenter, Carpenter, Moore, Andrews, Breen, McCarthy, Ryan, Dalley, W. Cox and Bob White.

Tennis—Harry Adams in charge; assistants, J. Lewis, E. Sunderlin, Billy Rohlfis.

Golf—Harry Adams in charge; P. Patterson, L. LeRoux, W. Crawford, D. Fitzgerald, assistants.

Marshals, Major Milburn and one other yet to be chosen.

Physician, Dr. Hiemstra.

### NOTICE

All Varsity football men are asked to report for spring football practice on Aber Day by Coach Oakes. The practice will be in the form of chalk talks and will be held in the second floor classroom of the men's gym at 4 o'clock.

## CINDER CHATTER

The Huskies have a small sophomore, 245 pounds, Ted Bell by name, who is tossing the iron ball around like a baseball. To keep in form he strongarms the discus a matter of 135 feet and according to those who know, the big boy will be an Olympic competitor next year.

Idaho had a tough break the other day when almost half of the frosh track squad was declared ineligible due to low grades. Hope Montana has better luck.

Now that "Old Sol" has finally decided to do some fancy shining most of the tracksters will be able to realize their secret ambition, that of a good healthy sun-tan.

Twirling the discus out 146 feet 6 inches, August Buse of the University of Washington indicates that the Huskies' weight strength is going to be a big factor in gathering points for first place in the various track meets this year.

Comes spring at last and Jock is having his tracksters make up for lost time. From Monday till Sunday the boys are grooming for the first meet to be held in Spokane next month.

Archie Grover is stepping the 440 around 51.3, while brother Bud is making the mile look like a peaceful pastime.

John Bills and Monte Robertson raced a dead heat in the 100-yard dash the other day, being clocked at 10 1-5 seconds.

California's highly touted track and field aggregation ran into a super-charged Trojan dreadnaught at the Olympic stadium at Los Angeles two weeks ago, and when the smoke cleared away, the Golden Bears found themselves on the short end of a 103-to-28 score.

Frank Wyckoff, Southern California ace, was clicked in the century at 9.7 seconds at the meet held with California.

A new Southern California record was made in the 440 when Williams broke the tape at 48.4 seconds and the 880 was covered in 1 minute 57 seconds by McGeagh. The Trojans are going to make it plenty tough for some people this year.

Elbert Covington, a newcomer to the Grizzly track squad covered the 440 in 51.3 in the time trials Saturday. The new Southern California record for this distance is 48.4 and held by one of the best men on the Pacific coast. With California weather Montana might make it quite unpleasant for various teams down south.

The interclass track meet has been postponed from April 24-25 to May 1-2 due to bad weather.

## Entries for Intramurals Are Due Now

Golf, Tennis, Baseball, Horseshoe Tournament Will All Begin Soon

"Entries for the all-University golf and tennis championships must be in by Wednesday, April 22," said Harry Adams, director of intramural sports. Baseball captains have been selected for the inter-class league beginning Thursday, April 23, which will be the opening of the University baseball season.

Those who have submitted scores for qualifying in the championship golf matches are: Bill Rand, M. Wedum, R. Flint, D. Fitzgerald, J. Dahlin, R. Lewon and Bob Davis. The tennis entries include: E. Sunderlin, S. Mario, Bill Rohlfis, Victor Agather, Tom Tobin, Tom Rowe and George Gougler. Students who have entered in the championship golf matches must play 36 holes and turn in attested scores. Then, the four lowest men will be selected to play a four-some, to total the 56 holes. The two men who turn in sufficiently low scores will be allowed to compete in the Northern Division tournament at Eugene, Oregon.

The four men who have been picked to captain their teams in the inter-class baseball league are: Seniors, Johnnie Lewis; junior, L. LeRoux, sophomores, Carter Quinlan and freshmen, "Cubs" Coyle. Dick Robinson has been appointed manager of the freshmen club. On Thursday, April 23, the freshmen and seniors will tangle in a five-inning game at 4 o'clock. Sophomores and juniors will play off their games the following day at the same hour and the rest of the games will be played the next week beginning on Tuesday, April 28. "Bats and balls and catchers equipment will be furnished by the department but the boys will be expected to have their own gloves," said Adams.

Entries for the horseshoe tourney must be in by Monday noon, April 27, so that the tournament can begin on

## High Schools Notify Track Attendance

Fifty-four of Present Responses To Questionnaire Signify Entrance in Meet

Early returns from a questionnaire sent out five or six days ago to every high school in the state indicate that a large percentage of schools will be represented at Missoula in the twenty-eighth annual Interscholastic meet.

"Of 79 schools already turning in the completed questionnaire," Dean T. C. Spaulding said yesterday, "54 have signified their intentions of sending representatives. Twenty-five will not send students to the meet. These, of course, are the very earliest returns, and many more schools remain to be heard from."

Pertinent facts which are necessary for track week arrangements were asked for in the blanks. Included among these were questions asking the number of men and women to be sent (including chaperons, principals, coaches and contestants, in athletics and other activities), the day, upon which they will arrive and by what means of transportation.

## Major Thomas Will Inspects R. O. T. C.

National Guard Officer Will Review Local Drill Unit

Major Joseph C. Thomas, senior instructor in the Montana National Guard, will inspect the Grizzly Battalion of the local R. O. T. C. unit on May 11-12. Non-commissioned officer's appointments will be announced Monday, April 27, at formal drill.

The inspection on May 11 will include battalion and other exercises and field work. On May 12 Major Thomas will inspect class rooms and work of advanced students. Notice of other inspections will follow at a later date.

According to Captain Fred Rogers several men will receive their chevrons at the formal drill on the oval on Monday, April 27. "These promotions will be made to all men whom their superiors feel have justly merited them," said Captain Rogers.

Jean Ross of North hall, who has been sent to the hospital, will be out in a few days.

## Schools Choose Entries for the Track Meet Here

Hobson Enters Team First; Butte and Anaconda Battle for Entries On May 2.

During the two weeks yet remaining for entries in the 1931 Interscholastic track meet to come in, various sectional and county meets throughout the state will be held to determine each school's representatives. Hobson high school from Judith Basin county was the first to enter its team, naming six contestants in the athletic events.

Anaconda high school is running off its interclass meet in preparation for a clash with Butte high, at which time its Interscholastic entries will be selected. The Mining district meet will be held May 2, and on the same date Great Falls will hold its relay carnival.

Of the 26 schools which broke into the scoring column last year, nearly half were the smaller institutions in the state. Belfry, Malta, Bearcreek, Bainville and Belt were all well up in the point making, with several others crowding them closely.

## Anita Jasmin Gives Concert April 30

Helena Child Pianist Will Be Assisted In Concert by Orchestra

Anita Jasmin, child pianist and composer of Helena, will give a concert in Main hall auditorium Thursday, April 30. She will be assisted by the University orchestra which will play the accompaniment for Mozart "Piano Concert," as one number on the program.

Anita gave a recital in Helena recently and played the entire program from memory. The Helena papers were more than enthusiastic about her work.

## First String Men May Be Ineligible

Unless the scholarship of 10 or 12 possible first-string men improves before the end of the quarter, Coach "Bunny" Oakes is going to face the greatest handicap that has ever confronted any Montana mentor. With a squad of only 46 men to mold into a football team which competes in one of the fastest leagues in the country, the loss of a dozen first class men is going to make it almost impossible to finish any place but in the second division.

A fast scrimmage was held Saturday and the boys showed mid-season form on a few plays and formations. Oakes was pleased with the progress made in the last two weeks. The backfield situation is slightly weak, but the line material is average. George Snyder is looking very good at tackle and may be one of the mainstays next fall. Pat Caven is tossing the pigskin like a big-timer, and Jack McDonald showed a lot of speed at halfback in Saturday's scrimmage.

### DIRT SPILLS

Theta Sigs Plan Large Aber Day Smut Session

The rumor is out that the Campus Rappings this year is decidedly a doggy sheet and that the news hounds, the Theta Sigs, have been busy day and night unearthing campus boners and such like. Could it be possible that you are one of the many bone makers that fled from these hungry hounds? We shall see.

The dirt is split now and all bridges are smoking as far as the editors are concerned. Oh! And to think it's too late for questionable stories to be omitted, but what is done is done. The dirt stays low and so it will stay until the time when everyone is enjoying the lunch on Aber Day. Then the dust will raise and the filth will fly high.

The good old razzing dirt has been drifting for some time but she's all set now and ready to meet your eager eyes. And don't forget that the Theta Sigs have promised us heaps of dirt for only 15 cents. It seems almost impossible that 28 pages just covered with filth could possibly be purchased for such a price. But so it is and even bigger and clever than ever.
