Central Board Minutes
Feb. 10, 1955

The meeting was called to order by Pres. Don Chaney in the Eloise Knowles room. The minutes were corrected as follows: The Sentinel contract will also be signed by the Kaimin; and the photographic equipment to be purchased will total $555 instead of $535. The minutes were then approved.

WUS
Leuthold reported that the books collected last year by Lambros have been sent. Jimmy Dick is working on the auction.

LEADERSHIP CAMP
Lambros said the Flathead Lake Lodge had been contacted, and they said they could accommodate only 75, although they took 89 last year. The President has suggested the biological station. A car of food could be sent up from the Lodge.

Lambros then named the committee chairmen. He said the University will pay up to $450 to help the camp. Probably the following persons will attend:
2 Bear Paws, 2 Spurs, a Mortarboard member, 1 AWS member, 1 Panhellenic, 1 Silent Sentinel, 1 foreign exchange student, 2 independents, 1 veteran, 1 M club member, Kaimin editor, Student Union president, 1 WRA representative, the ASMSU officers, Central Board, 1 law school delegate, 12 junior sponsors, and the 8 ASMSU officer candidates.

TRADITIONS BOARD
Gilluly reported that Marcus Bourke, former ASMSU president, will speak for Charter Day ceremonies and the Lodge dedication. Chaney will be master of ceremonies. School will be let out at 3 p.m. for the ceremonies and a dance afterward in the Yellowstone room.

Sections have been reserved for the Kams and Dregs and the Grizzly Growlers for Butte night.

SOCIAL REPORT
Social committee has approximately $172 after several dances. There will be a Central Board party at Larry Gaughan's at 6:30 p.m. Sunday.

INTRAMURAL SPORTS BOARD
Leuthold moved that the names of James Abbott, SN; Raymond Frank, PDT; and Harry Manuel, SAE, be approved for intramural sports board. Gaughan seconded the motion. A question came up about the independent membership on the committee. After checking it was found that there was independent membership and the motion was passed unanimously.

AWS
Watson asked for approval of the use of $140 from the AWS reserve fund to buy two lounges for the AWS room. Lambros so moved, and Bachman seconded the motion. Eyer raised the question of who gave AWS the room. Persons for the matter felt there was a definite need since a room for off-campus women had not been set up in the Women's Center. Those against the room said that such was not the function of a student union. Due to the fact that the matter is financial, it was referred for action until the next meeting.

HONOR SYSTEM
O'Hare reported that her committee had talked to AWS the week before, and that they did not feel ready to vote, so she would be going back again this week.
Wunderlich submitted a statement objecting to the piece-meal approach to instituting the honor system, and questioning the procedure of instituting, O'Hare said she had understood after last Central Board meeting that procedure would be to go to AWS for an indication of approval; return to Central Board for a vote; return to AWS for a vote; and then carry the measure to the administration for approval.

Gaughan moved that we vote on the motion of putting into effect a part of the honor system, and it was seconded by Eyer. During the discussion that followed, Eyer suggested that individual Central Board members find out what students think, so they will be able to vote. The motion and second were both withdrawn.

Wunderlich suggested that the honor system movement is coming from the pressure group rather than from the grass roots. He said its success will have to be insured on a broader base. He also thought it was too bad that there hadn't been a broad approach as last year. Eyer said that if students wouldn't accept a small change, they wouldn't accept a larger one.

Gaughan then moved that Central Board recommend the question of what the vote meant, what the committee is to do, and the procedure to follow for future action to coordinating committee for an answer. Eyer seconded the motion, and it was passed.

PUB-TRAVEL
Abbott reported that Butte has sold 300 tickets, and that he sent them 100 more today, along with 100 tickets to Anaconda. In addition to the usual Booster Night program, during the buffet luncheon the fans will be entertained by Dick Riddle and Cara Bogness, and Art Dahlberg.

PROTEST COMMITTEE
Bachman reported that the committee, to see about what could be done in regard to the legislature, could not see the President this week.

ABER DAY AND SPRING VACATION
Chaney reported the President wants clarification on the two specifications listed with the approval of spring vacation. The first amendment was to approve the plan on a one-year trial basis. Nicholson pointed out that he thinks the students should approve the plan for next year's spring vacation, since students don't want more days added on to spring quarter, running it later into the summer. Bachman said she thought that since we had approved this spring vacation for this year, we should be able to approve the plan for next year too. The consensus was that everyone wants one (spring vacation) next year, but we want to approve the plans. It was decided not to change the amendment.

The second amendment proposed that spring vacation be effective for all schools, including the law school. Gaughan explained that the law school cannot take spring vacation this year, due to accreditation, but that they will get out a week early this spring. He said that he meant his motion to be that no additional days would be given to spring quarter, so that if a school didn't take spring vacation now, they wouldn't still go as long during spring quarter. He did not want an increase in the number of school days in spring quarter, and the board agreed that that interpretation was satisfactory.

ASMFH PLANNING
This committee is working on integration of Student Union committees with ASMSU committees. A plan will be brought to Central Board within the next several weeks.
ICE RINK COMMITTEE

Gaughan reported that ice rink committee is facing many problems. He pointed out that between 50 and 100 people skate at every session, and less than half are University students. The manager of the rink is Bill Brown. Too of the problems the committee faces are that the rink is too small and the fence is not high enough.

COACH SELECTION

Eyer asked about student representation on a coach selection committee. He said Burly Miller said it has been customary in the past for two students to be on the committee. Chaney said that the two student members of the faculty athletic committee are Jack Peterson and Paul Weingart. Wunderlich then moved that the ASMSU president be recommended to the administration as a member of the committee. The motion was seconded and passed unanimously.

STORE BOARD

Gaughan moved that the President of ASMSU invite the entire Store Board to discuss policies of pricing, running the store, etc., in a Central Board meeting at the earliest convenience. It was seconded by Eyer and passed unanimously. The earliest possible date was suggested as March 2.

Gaughan said he would like to invite Bill Crawford, MCHS president, to a Central Board meeting.

There being no further business, the meeting was adjourned.

Respectfully submitted,

Shirley DeForth
ASMSU Secretary
