Central Board Meeting
November 18, 1955

The meeting was called to order by President Jystad. The minutes were read and corrected to read: "Golf Course: Lambros suggested that the board discuss the matter with President McFarland and also with the student-faculty golf committee."

They were also corrected to read: "the schedule was presented as follows for the NSA representative's visit:

9-10	ASMSU Planning
10-11	Administration
11-12	Activities Board
12-1	Central Board Luncheon
1-2	General Discussion

With these corrections, the minutes were approved.

BUDGET AND FINANCE:

Crippen read the following recommendation to Budget and Finance Committee from the Sentinel staff:

"Under Article VIII, Section B, No. 5, it is stated: The editor of the Sentinel is to receive \$70 per month for an eight-month period, beginning the first of October, and the business manager of the Sentinel is to receive \$40 per month for the same period, in lieu of all other compensations. The three associate editors of the Sentinel are to receive \$10 for six months; and the photography editor shall receive \$35 for eight months.

At the present time we are being paid on the following basis: Editor, \$50 for eight months; Business Manager, \$30 for six months; Associate Editors, \$10 for six months; Advertising manager, \$10 for three months; Photography fund, \$15 for eight months to be paid at the discretion of the business manager.

Publications Board has recommended that the Sentinel staff members be paid as stated in the by-laws."

Budget and Finance committee recommended that the payment of the staff members be in accordance with the provisions in the Constitution. This action would necessitate a change in the Sentinel budget. It was explained by the committee that during the last few years, the provision in the constitution had been deviated from, and this would merely be a return to the constitutional provisions. Leuthold moved acceptance of the Budget and Finance committee recommendation. Crawford seconded. Passed 8-0.

PUBLICITY-TRAVEL

Lambros reported on the expenditures of the train trip to Bozeman for the Grizzlies-Bobcat game. Of \$150 granted to the committee for the trip, \$140.75 was spent. The \$9.25 will be returned to the general fund.

The committee is considering the meeting on campus of the high school student officers. Lambros reported that there is possibility of having this meet two days before Interscholastic Track meet in the spring. Crawford reported that the high school is anxious to cooperate with us in this endeavor.

TRADITIONS BOARD

Gilluly reported that Dick Riddle is planning for a special pom-pom section at the basketball games, and also special living-group sections and nights. Gilluly reported that the annual Christmas SOS will be Tuesday, December 6, at eight p.m. Santa Clause will be there to distribute presents which AWS will solicit from merchants down town.

Jystad read a letter from Gilluly to the board in which he presented his resignation as chairman of Traditions Board, effective December 10, 1955. Jystad expressed to Gilluly the student's appreciation for the excellent work which he has done as chairman of the committee. The resignation was accepted.

ACTIVITIES BOARD

Erickson moved that the Radio Committee be established on Activities Board with Don Strauss as chairman. Lambros seconded. Passed 8-0.

WUS

Fowler reported that a letter from a school in Japan had been received thanking the students for the books which were sent to them. Fowler read the letter.

PUBLICATIONS BOARD

Rick Lee, chairman of Pub board, reported that the following had been accepted by Publications Board for the positions indicated:

Photography editor of Sentinel - Larry Dylina

Associate Editor of Kaimin -----John Bansch

Crawford moved that the recommendations for the positions made by Publications Board be accepted. Leuthold seconded. Passed 8-0.

Lee told the board that Publications Board is closely supervising the operation of the Sentinel this year. It is their intention to have the Sentinel ready by October 1 next year.

NSA

It was decided that general discussion with no particular objective would take place in the 1-2 hour scheduled for the meeting of the NSA representative. The meetings with this representative will all be in the Lodge. It was suggested that anyone interested in talking with this representative, and especially organization presidents be asked to attend this 1-2 discussion period.

MOVIE COMMITTEE

Browman will continue investigation of the cost of having movies in the old student union.

CASCADE ROOM RENTAL

It was decided to table discussion on the rental of this room until more information on the reasons for the high rental could be attained.

THE ROOM

Erickson moved: The game room which is presently in the basement of the Lodge be moved to the Women's Center temporarily, with the bowling alleys, and a room with a bar-like atmosphere be installed in the lodge where the game room is presently located. Crippen seconded. Passed 6-2. (with Fowler and Bayley against). In the discussion following the motion, Erickson explained that if the board would accept the motion, the work on preparation for the room in the lodge would begin right away. Erickson reported on a poll which the Activities Board had taken. In this poll, 559 students voted to have the bar-like room in the lodge, and move the game room to the Women's Center temporarily until the other wing of the Lodge is built at which time the game room and the bowling alleys would be moved back into the lodge; 81 were against the proposal; 15 had no opinion on the matter. Jystad explained that it will be easier to obtain the loan for the purchase of the bowling alleys if the game room in the same place. Jystad also said that if the game facilities are moved to

Women's Center, pool and ping-pong tables will be placed in the dormitories for the use of the students in the dorms. The administration will provide the equipment for the construction of the bowling alleys, and the moving of them, Jystad reported. The administration will also pay the cost of moving and installing the alleys. Jystad suggested that a committee of students be appointed to begin work, with the faculty and administration on the plans for the extension of the Lodge. In the discussion about the financing of the bar-like room, Lambros explained that at the time that the bonds for the lodge were floated, extras were floated, and this money was to be used for such things as this proposed room would be. Erickson estimated that the cost of the room would be about \$3,000. She stressed that this was a very rough approximation. Abbott spoke against the motion, stating that "All we'll have is a coke store," and that it would merely be an extension of the present facilities, and no new facility added - but one would be withdrawn. Fowler said that the present game room facilities were already inadequate. Crocker suggested that we should consider primarily, the method by which we could benefit the greatest number of students. Erickson said that those people who use the game room the most did not, as a whole, object to moving the facility to the Women's Center. McManaway questioned the validity of the poll suggesting that a representative group was not questioned on the topic. She suggested that another poll, using scientific methods, be taken. Fowler said that more publicity on the matter should be presented to the students before they are asked to give an opinion. Parker informed that there had been articles in the Kaimin before the poll was taken. Schutrop supplied the background of the room, saying that the activities board was seeking a place to which the students could go which had "atmosphere", and at which no liquor was served. Fowler suggested that another location for the room might be found which is not in the lodge. Schutrop explained that the great cost of having a separate location is prohibitive. Atkinson suggested that the group should have faith in Activities Board which has been studying all possibilities for location, and has found the lodge to be the most desirable place. Browman said that the proposed room has enough advantages to override the disadvantages. Lambros suggested that the game room in the lodge be closed for a week, and the student reaction measured in this means. Erickson explained that the students are not losing the game room, but that it is merely being moved, and so this complete deprivation of the game facilities would not be a valid indication of the student opinion. Leuthold moved the question. Crawford second. passed 8-0. Jystad asked the students present who are not members of central board and activities board, to express their opinion in a vote. 9 were for the motion, 1 against, and 3 abst. The vote of central board was then taken, with it passing 6-2.

CLOSED SESSIONS

Lee, chairman of Publications Board, said that he would resign his position if more closed meetings were held. Jystad explained that no closed meetings had been held; Erickson explained that no closed activities board meetings had been held. Apologies were extended for any central board action which was not acceptable to the publications. Apologies were extended to central board and activities board for any publications action which was not acceptable to central board.

BOWLING ALLEYS

Martell reported that a letter from the owner of the bowling alleys in which the students are interested has been received. The alleys are available. Leuthold suggested that Budget and Finance work with President McFarland and Martell on the financing of the purchase of the bowling alleys.

STAN. KENTON

Parker told the board that the Stan Kenton band is available for a performance here on January 28, for \$2500. He suggested that central board underwrite Grizzly-Growlers in sponsoring this band. Nicholson told the board that it has been a policy for central board to avoid underwriting a specific group in this manner. Lambros said that no band should be contracted for more than \$1700 unless the field house is available for the performance. Parker explained that the cost of moving the basketball floor, and installing the dance floor in the field house is prohibitive for having the band in the field house. Bayley moved that this matter be sent to activities board dance committee for consideration. Leuthold seconded. Lambros moved to amend the motion adding that the band be offered \$1500 plus 50% of the profits which might be made. Leuthold seconded. Amendment passed 6-1 (Crawford negative). Motion passed 6-1.

BAN ON CARS

Leuthold suggested that emphasis should be placed on the student observance of the traffic rules, because of an article by the State Board of Education in which that group proposed a ban on cars on the campus.

The next meeting will be held Saturday, November 19, at 8 a.m.

The meeting was adjourned.

Respectfully submitted,

Ann Crocker

Ann Crocker
