Central Board Minutes
December 9, 1955

The meeting was called to order by President Jystad. The minutes were read and corrected to read: "The budget for the all-school show will be $2540." And corrected to explain that Fowler will just design the ticket to be used for the grade-school and high-schoolights.

BUDGET & FINANCE
Crippen presented the agreement between the Associated Students and the Directors for the all-school show. Crippen explained two changes in the agreement which were made from the last all-school show. These changes are: "Budget and Finance Committee must approve the complimentary ticket list," and "The seating price chart must be approved by Budget and Finance Committee and attached to this agreement." Formerly, Central board had performed these functions. Crippen moved acceptance of the following agreement:

This is an agreement between the directors of the All School Show and ASMSU for the presentation of the show, Carousel, on May 16, 17, 20, 21, 1956. This agreement must be signed by Central Board and the directors of the All School Show before it is binding.

I
The directors of the All School Show are Clement Peck, Caroll O'Conner, Luther A. Richman, John L. Lester, Lloyd Oakland, Eugene Andrie, and Marjorie Cooper.

II
ASMSU guarantees the All School Show an income equal to expenses and not to exceed $2540.00. All income from the show, unless exempted by Central Board, will apply toward the amount of expenses or the figure, $2540.00, and any income deficit below the amount of expenses or $2540.00 will be paid by ASMSU. The first $200.00 of any deficit will come from the ASMSU general fund and any amount over $200.00 will come from the ASMSU cash reserve fund.

III
The directors of the All School Show will attach to this agreement a detailed budget of the show, Carousel, which must be approved as a part of this agreement. This budget will not exceed $2540.00.

IV
John Dunbar will be the business manager of the All School Show. The business manager will be in charge of ticket sales, publicity, programs, income and expenditures of money, and shall be responsible for the issuing of all requisitions. The business manager will not authorize requisitions for expenditures of more than $2540.00.

V
The business manager of the All School Show will have three faculty advisors to aid and assist him. The advisors will be Edwin W. Briggs, Luther A. Richman, and Andrew Cogswell.

VI
All purchases or authorizations for expenditures of money for the show must be requisitioned, and the requisitions must be signed by the business manager of the show. Any person making a purchase or authorizing
an expenditure of money without a requisition will be held accountable for the amount spent or authorized to be spent.

VII

Any profit from the show will remain in the All School Show Fund.

VIII

Salaries or commissions will not be paid to any persons connected or participating in the show.

IX

Budget and Finance Committee must approve the complimentary ticket list.

X

All arrangements made by the directors of the All School Show for the use of the Montana University Theatre must be put in writing and a copy left with the ASMSU Business Manager.

XI

The seating price chart must be approved by Budget and Finance Committee and attached to this agreement.

XII

This agreement may be changed or modified by the written consent of all parties signing this agreement.

Fowler seconded Crippen's motion. Passed 8-0, with Bayley abst. Dunbar explained that because of the nature of the show being presented, a greater attendance than the last all-school-show is expected. He said that, as yet, no special rate for students has been set. Crippen explained that because of a range in the price of the tickets depending upon the position of the seat in the theatre, that no special student prices were necessary. Dunbar explained that the budget has been cut as low as possible. Lambros said that formerly, no production would be underwritten for more than $2100. Crippen said that he thought that the caliber of the show would bring in more customers. Leuthold stressed the need for a successful publicity campaign, for the attendance must increase from 150 per night at the last all school show, to 200 per night. Dunbar said that there are about ten principals, and about 20 others in the production. Lambros raised the question of the size loss the student funds could stand. Crippen said that he does not anticipate a loss, but that a loss could be absorbed. Dunbar explained, in answer to Lambros' question, that committees will be set up to be in charge of the ticket sales. Fowler thinks that because of the show which is being presented, no loss will be encountered. Bayley raised the question of the wording, "unless exempted" in II of the agreement. Crippen explained that this was to give central board final control of the income from the show. Bayley asked why the control in XI was given to Budget and Finance instead of to Central Board. Crippen explained this as a time-saving device. Budget and Finance would be familiar with the situation, and time would be saved in explaining to Central Board.
Bayley asked about the price chart mentioned in the agreement. Dunbar explained that this had been an omission. Fowler suggested that "attached" might not necessitate it being actually attached to the sheet. Bayley thought it would be alright because the only binding portion is above the signature, anyway. Lambros asked about the arrangements which were made or are to be made about selling programs for the production. He explained that Theta Sigma Phi took full responsibility for the sale of programs for the last production. Lambros moved the question. The motion was passed 8-0 (Bayley abst).

Crippen moved: Central Board allocate upon the approval of ASMSU Business Manager, funds as needed from the ASMSU cash reserve fund to apply on incurred expenses of the all-school show, not to exceed $1,000.00. Riddle seconded. Passed 9-0.

STAN KENTON

Crippen explained that Budget and Finance is writing to the Bureau of Revenue about the admission tax. If the tax must be paid, the contract with the band will have to be changed, Crippen said.

GRADUATE CARDS

The question of the graduate rates to the athletic games was discussed. Crawford suggested that next year's board be the one to consider the issue. Crippen recommended going on record as favoring reduced rates for graduate students on basketball tickets. Bayley moved that Central Board recommend that a special rate be given graduate students for admission to basketball games, to the fieldhouse administration. Lambros seconded. Jystad ruled Bayley's motion out of order. Leuthold asked the board to consider the cost per game to the regular student who pays $15 per year for athletic events in relation to the proposed rate given to the graduate student. By reasoning on a basis of twenty events per year, the regular student pays about $9 for the basketball games. Therefore, he pointed out the minimum for a special ticket for the graduate students would have to be $9.00. Leuthold further pointed out that because the student does not, as a rule, attend every event, the price per game which he pays is really greater than $0.75. Jystad suggested that the question be again referred to Budget and Finance Committee. Bayley suggested that by waiting for action, the athletic department is loosing money. Fowler moved that this be referred to Budget and Finance. Leuthold seconded. Passed 7-1 (Bayley), with Crippen abst.

In connection with this issue, Fowler raised the issue of the theory of student government on our campus. Fowler said that he thought ours should be a government for all the students. If something is decided about the graduate cards, it should be taken care of by Central Board so that the authority would not be divided. He said that "How and who gives them the card and rate is the most important factor."

KAIMIN

Fowler told the board of the plans of the Kaimin for a possible change to afternoon publication instead of the present morning system. He explained the reasons for the change as follows: (1) The workers in the shop might force this change upon the paper, for as the situation now is — any special issue necessitates the working all night; (2) from the educational standpoint, the paper is a journalism school laboratory course. If the time were changed, the students would have more contact with the professors, and thus derive more benefit from the course; (3) the quality of the Kaimin would be greatly improved by this change, for the night meetings would be covered, the news would no longer be held over for a day, and the professors
who teach eight o'clock's would not be bothered by the students reading their Kaimins in class, and the Kaimin would receive better readership because of slower reading and better concentration than is given to it at present.

Jystad asked when the other school's papers come out. Forman explained that few have their own print shop, and so are probably issued in the afternoon. Bayley asked Forman to list the disadvantages. They are, Forman said: (1) Circulation to off-campus students and students who are not on campus in the afternoon would be difficult; (2) in the case of a morning convocation, the story would be written before the convo, or wait a day to cover it.

Forman explained that he did not want a central board opinion on the matter. He said that he thinks it will be changed whether central board approved or not, but that he wanted the group to know what was going to happen.

PUBLICITY - TRAVEL
Lambros reported that the high school leadership camp has been changed to the weekend of March 2. Letters to the high schools will be sent during the Christmas vacation about the camp.

LIQUOR CONTROL COMMITTEE
Leuthold reported that he and Cogswell had discussed the course of action for the future meetings of the liquor control committees. They decided that it would be better to meet more than once per week in order to reach some decision sooner. He announced that the next meeting of this group will be Thursday, January 5, at four, in the lodge. Leuthold said that he and Cogswell will set up an agenda for the meeting. Leuthold said that the faculty who are a part of the student committee will be contacted also.

CHRISTMAS PARTY
In discussing the free admittance to the games which will be given to both grade and high school students, Crippen explained that the tickets are printed double and then cut, so that the price is half of what it would be if separate tickets were printed. Riddle will contact the Bear Paws about ushering for the game. Crawford will take care of the distribution of the cards. Lambros is in charge of obtaining the sticks and banners for the grade school children. The money for these banners will come from the general fund. Riddle is in charge of making the signs saying where and how the children are to sit. Crippen suggested that the cost of the banners be taken from the Publicity Travel fund, and then brought to Budget and Finance for reimbursement. Lambros suggested that the grade school cheer leaders be asked to perform. Crawford will take care of this. The high school Pep Club will help the spurs and bear paws usher at the December 20 game.

POM POM GIRLS
Riddle reported that Traditions Board has chosen the pom-pom girls, and that that group will be ready to perform at the games following Christmas vacation. He also said that special sections and special nights for lifting groups are being planned in order to encourage attendance at the games. Jystad suggested that the choosing of the new Traditions Board chairman be considered at a meeting of the board on December 15 at two o'clock.

ASMSU LOAN FUND COMMITTEE
Jystad suggested Dean Hellinger as the other member of the student Loan Fund Committee. Leuthold moved that this name be accepted. Crawford second. Passed 9-0.
LETTER SWEATERS:
Jystad suggested that the students be reminded that no student is to wear letter sweaters of emblems of other schools on the campus.

The meeting was adjourned.

Respectfully submitted,

Ann Crocker
Secretary, ASMSU
