The meeting was called to order by Norm Anderson. The minutes were read and corrected to read on page 1 paragraph 10, a movie that Outside Entertainment committee will bring in instead of a movie that the national organization will send them.

Eyer announced that Outside Entertainment committee will present the film, "Gentleman's Agreement," this week.

Hudson reported that there were 231 paid admissions at the dance after the Grizzly-Bobcat game Friday night. She said that the Collegians cost $94.00 and the Gold Room $30.00. There was a loss of $8.50 on the dance.

Eyer submitted the following plan for establishment of a Social and Academic Honor system on campus:

1/ The establishment of a social and academic legislative council.
   This council will contain two groups, a men's and a women's senate.
   Each senate will include 14 members who will be representative of the
campus living groups. Each will be advised by one voting faculty member.

   Each legislative body will consider rules and regulations of a social and
academic nature pertaining to its individual group. In order for the
rules and regulations to become effective, both senates must meet
together as a committee of the whole to vote on them.

   The ASMSU vice-president will preside over this legislative council.

2/ The establishment of a judicial honor council to be composed of
seven members, four students and three faculty members. Two of the
student members are to be appointed by the ASMSU vice-president subject
to approval by the legislative council. The two remaining student
members will be selected on the basis of their student office—possibly
the presidents of Mortar board and Silent Sentinel.

   The three faculty members will be appointed by faculty of administrative
   action.

3/ The deans will serve as an executive power and will exercise
   final authority over the council's judgment of the infraction of any
university rules.

   The duties of the honor council will be to hear and pass on all student
infractions of university standards.

Hoiness moved that Central Board approve the above plan. It was seconded
and passed. Eyer said that he'll take the plan to Social Standards committee
for their consideration. Wunderlich suggested that Academic Standards
committee also review it.

Travis reported that Publications Board recommends that Bob Newlin be Kaimen
editor and Joan Brooks be Kaimen Business Manager. Abbott so moved, it was
seconded and passed.

Anderson reported that there were placards on the cars at the Field House
Monday night saying "Ditch Dahlberg and Chinske." Newlin said that there's
campus sentiment against the coaches but that it's unjustified. He said
the agitation started from an article in the Spokesman Review on a speech
Dahlberg made. In the article Dahlberg was quoted as saying that he couldn't
be kicked out because he's a full professor and has tenure. Newlin said that
Dahlberg doesn't deny making the statement but said it was meant as a joke.

Briggs said that there was a period when Dahlberg had continuously improving teams. He said it shows successful coaching. Anderson suggested that Central Board members try to find the source of the placards.

Hoiness reported on the status of the ASMSU General Operating Fund.

Hudson said that the Missoula city and county officials are planning on making a spectacle of an underage person drinking. Hoiness said that they can stop the drinking in the bars but not in places such as Pattie Canyon.

Wunderlich said that about 50% of the men and 25% of the women on campus are under 21. He said that we encourage the attitude, "don't get caught." He said we must build an attitude of good standards and self responsibility. He suggested that a student faculty committee be set up to talk to the officials who enforce the laws.

Briggs suggested that two things be done: 1) educate the students and 2) try to get the law changed if something is wrong with it.

Anderson announced that Cross couldn't come to the meeting. He said that now Lee Bost, Independent; Jim Roberts, Theta Chi; Ray Frank, Phi Delt; and Al Kelly, Forester, have applied for the opening on Intramural Sports Board. Anderson said that since there is no one here from the Intramural Sports Board, we don't know much about each person. There was no motion. Anderson called a special meeting of Central Board for 4:00 Thursday, March 4, to decide who will be a member of the board. Newlin will ask either Cross of another member of the sports board to attend the meeting.

Chaney said that Section VIII of the All School Show agreement reads that salaries or commissions will not be paid to any person connected or participating in the show. He said that in the budget there is no provision for programs. He said that Theta Sigma Phi is willing to take the responsibility of publishing the programs. He asked for an interpretation of the agreement that would allow them to have a percentage of any profit from the programs. He said they will get nothing until the program is paid for and that the money will go to an organization rather than a person.

Wunderlich moved that section VIII of the All School Show agreement be interpreted to allow Chaney to contract with Theta Sigma Phi for the purpose of producing and financing the program for the All School Show. It was seconded and passed. Hoiness moved that the draft agreement be drawn up with Theta Sigma Phi and brought to Central Board for final approval and that two copies of the approved agreement be filed with the ASMSU Business Manager. It was seconded and passed.

Anderson reported that we can contract Tex Beneke for $1,500.00 on Saturday April 10, two weeks after Buddy Morrow. Lambros said it's the night after the dance planned to raise money for WUS. He said that since WUS is an ASMSU organization we should either not have Tex Beneke, or allow WUS to promote the name band and take the profits.

VanMeter said that it would set a bad precedent to let WUS have it because then every other charity on campus would want a name band. Foster said that spring quarter is busy anyway and we don't need two name bands.
Hoiness moved that ASMSU contract to have Tex Beneke on April 10 for $1500.00. It was seconded. Lambros moved that the motion be amended so that any profit will go to WUS subject to any lien and past deficit from the Buddy Morrow show. It was seconded.

Hoiness said that we should try to build up the name band fund. He said then we can bring in better programs. He said WUS is not a good charity in the opinion of many because it is not operated well and much of the aid it gives goes to the Communists. Lambros said that one of the objects of WUS is to fight Communism.

Wunderlich said that this gives us an opportunity to contribute to international educational welfare. He suggested that we think of world needs instead of having a good time Saturday night.

Anderson said that since there was no longer a quorum the motion and amendment would be tabled until the next meeting.

There being no further business, the meeting was adjourned.

Respectfully submitted,

Phyllis Kind
ASMSU Secretary

Absent: Baldwin
