B.C. PROFESSOR TO SPEAK
AT UNIVERSITY THIS WEEK

MISSOULA--

Dr. Janet R. Stein, professor of botany at the University of British Columbia, will lecture at the University of Montana Thursday and Friday (March 2-3).

The lectures, which are open to the public without charge, replace the regular UM Botany-Zoology Seminar Series, recently completed for winter quarter.

Dr. Stein's first lecture, "Studies of Snow Algae," will be at 8 p.m. Thursday in the UM Natural Science Building, room 307. The second lecture, "Studies of Plankton and Nitrogen in a British Columbia Lake," will be at noon Friday in NS 307.

The lectures are sponsored by graduate students in the UM botany department.
