UM Policies

Course Accommodations Statement (DSS)

Students with disabilities may request reasonable modifications by contacting me. The University of Montana assures equal access to instruction through collaboration between students with disabilities, instructors, and Disability Services for Students [DSS]. “Reasonable” means the University permits no fundamental alterations of academic standards or retroactive modifications. If you think you may have a disability adversely affecting your academic performance, and you have not already registered with DSS, please contact DSS in Lommasson 154, call 243-2243 (voice/TDD), or see <http://www.umt.edu/dss/>. I will work with you and DSS to provide an appropriate modification.

Make an appointment or stop by (via Zoom) during office hours to talk about your accommodations and how to use them for this course. If you plan on using an accommodation for an assignment, you must let me know in advance. I will do my best to grant the accommodation if it does not undermine the objectives of the assignment. However, you must contact me prior to the due date—even better, prior to the start of the assignment—to let me know if you will need to use an accommodation that allows for an extension on the deadline. I cannot grant a deadline extension retroactively.

Important Dates and Deadlines (Registrar’s Office)

Student Conduct Code

In an effort to ensure that students are informed about the consequences of academic misconduct, the Academic Officers of The University of Montana have determined that the following statement must be present on every course syllabus. You will be held to these standards in this course.

All students must practice academic honesty. Academic misconduct is subject to an academic penalty by the course instructor and/or a disciplinary sanction by the University. All students need to be familiar with Student Conduct Code.

Plagiarism will not be tolerated. The U of M's student Conduct Code defines plagiarism as "Representing another person's words, ideas, data, or materials as one's own or the student's own previous work as if it were the student's own original work." Students may be asked for their research or sources at any time. Plagiarism will be handled in strict accordance with the University of Montana Student Conduct Code.

Email policy at UM

According to the University email policy effective on 1 July 2007, an "employee must use *only* UMM assigned student email accounts for all email exchanges with students, since such communication typically involves private student information." This means that you *must* send any correspondence through your official UM student email account. For more information on setting up and using your official UM student email account contact tech support.

Diversity, Equity, and Inclusivity

Missoula College values the diversity of its students, faculty, and staff as an essential strength that contributes to our shared educational mission. Students of all backgrounds and perspectives are recognized and respected in this class. Course content and activities are intended to honor diversity of gender, sexuality, ethnicity, race, culture, religion, age, disability, socioeconomic status, and all dimensions of diverse human experiences and their intersection. Please notify your instructor if components of this course present barriers to your inclusion. Students can also reach out to Dr. Salena Beaumont Hill in the [Office of Inclusive Excellence for Student Success](#), which provides student support for BIPOC and LGBTQ+ students and student groups. To explore making a formal report about discrimination or harassment, please visit the [Equal Opportunity / Title IX office](#). For counseling or advocacy related to discrimination, please visit [SARC](#).
