Central Board Minutes  
Thursday, February 19, 1953

The meeting was called to order by Danny Lambros, and minutes from the previous meeting were read and approved (as corrected by the secretary with an addition after the word "develops" in the fourth line of the second paragraph reading "to the group, and in addition match").

Johnny Reitz was present to ask if Central Board would like his ten-piece band featuring the Cooper Sisters for a dance and a forty-five minute floor show about the third week of April for about $850 on a weekend or $700 during the week. The dance band has presented repeat performances throughout the northwest in the past, as at the universities of Washington and Oregon, Washington State, Oregon State, etc. The possibility of having this band perform on Aber Day was discussed — as opposed to the idea of having a western band on that day. It was finally decided that the matter be temporarily referred to the Aber Day Committee and be decided upon for sure at the next meeting.

A letter from Publications Board was then read recommending that Central Board transfer Mountaineer reserve funds (amounting to approximately $700) to the new campus magazine — "Venture." It was stated that the "Venture" committee planned to use $350 of this money, if transferred by Central Board, for the publication of a magazine at the end of winter quarter, and that the remaining $350 would be used for the spring quarter edition. Cameron said he wanted to make sure that the "Venture" would be better than the Mountaineer before granting the complete $700. He therefore moved that Central Board release up to a total of $350 to defray the expenses of the new "Venture" magazine — suggesting that additional money could be granted after the first publication. Jones seconded, and the motion was carried.

Concerning the Athletic Board motion from the previous meeting to the effect that Central Board waive the limit of freshmen football numeral awards from twenty-two in order to allow thirty-one to receive such awards, Lambros reported that he and Cameron had talked to Dahlberg and Adams and had asked that the list be cut. They had said that they probably couldn't get it all the way down to twenty-two and that some injustices might result as they didn't know all the players well enough, but they had agreed to try to cut it. However, when Lambros had gone to pick up the list he had found that it had not yet been cut. After quite a bit of discussion by Central Board and after one or two motions had been presented and withdrawn, Tascher moved that the motion be tabled another week so that Dahlberg could come through with the cut list. Jones seconded the motion, and it was carried.

Keim questioned whether ASMSU funds could be spent in such a way as the spending of $50 for two performances of the Snake River Boys in the Student Union without Central Board approval. Lambros said that the funds had come from the Outside Entertainment Committee, with the approval of its chairman. He declared that this committee is given power to spend a certain amount of money each year as long as long as it stays within its budget.

Being no further business, the meeting was then adjourned.

Respectfully submitted,

Mary Joan Tascher
