Central Board Minutes
May 14, 1952

The meeting was called to order by the new president, Danny Lambros. Minutes from the previous meeting were read and approved.

Kugler recommended that we approve the following students as associate editors of the Sentinel: Pat Thomas, Doug Anderson, Sev Henne, and Jerry Murphy. Leuthold moved that they be appointed; Cameron seconded. Motion carried.

Kugler suggested that the constitution be amended to the effect that the chairman of Publications Board be selected from the previous year’s membership of that board. At present the chairman is simply required to be a journalism student. Until this year the chairman was supposed to be the senior delegate to Central Board serving his or her second year. Persons felt that it was more important to have a journalism member as chairman, and she suggested that one or more other members of the committee serve two years. Mr. Briggs questioned whether a journalism major as chairman would be biased. Kugler emphasized that she felt continuity was most important. The group felt that it would be difficult to appoint a journalism major who had been on the committee, as journalism majors serving on the committee might take on interfering journalism posts during the two-year period. Cameron moved that the Publications Board chairman be selected from the previous year’s membership. No second. Leuthold moved that the chairman be a journalism major of senior standing and that some board member serve for two years. Jones seconded. Brennan moved that we table the two motions. Cameron seconded. Passed.
Heinlin reported that 100 scrolls have been ordered at a cost of $2.11 each to be given to students who have done outstanding work for the club. These should last for about four years or more. He recommended that the rewards be decided upon between April 15 and May 30, and that the direct representatives of the ASUW, being the president and chairman, be appointed to select and recommend the rewards. There was some discussion concerning outside nominations. It was suggested that the committee of one be appointed to look into the merit of these recommendations. Then, with the recommendation from the chairman, the recommendations of the ASUW committee were accepted.

Because the ASUW officers are unable to attend meetings, the group decided to meet on Mondays at 4 p.m. There would be no meeting the next week, as the group does not meet in semi-monthly sessions.

The ASUW officers were planning to attend a convention at Seattle, so all the Central Board delegates are tentatively designated to attend the convention.

Lemberg reported that all Central Board delegates who could attend the ground-breaking ceremony for the new Social Science building Friday do so.

Respectfully submitted,

Mary Frances
