Twenty-ninth Interscholastic Meet Opens

Outstanding High School Athletes Will Assault Track and Field Records

Period of Years Since Establishment of Meet Shows Growth in All Departments; Butte Public High School Has Won One-third Of Interscholastics With Ten Triumphs

Roll back the years and dust off the musty records and volumes in the archives, for tomorrow 558 high school track and field stars will gather on Dornblaser for an assault on those records which are the accumulation of years of effort of former interscholastic athletes.

Dornblaser field itself has undergone a great transformation from that first slow track which has been developed into a speedway which is unsurpassed on the Pacific coast. It has seen contestants line up in overalls, bloomers, tennis shoes and stocking feet. Now once a year, Dornblaser field feels the thud and the pierces of spiked shoes getting away from the new starting blocks.

The first contestants were housed in the old gymnasium in preference to building a city of tents. This year, 29 years later, contestants will be housed in the dormitories, Missoula homes and hotels. Spur and Bear Paw, honorary sophomore organizations, have arranged more than one hundred cars to transport the visitors to their rooms.

Back in 1904, an inspection of the campus by the contestants meant a view of four buildings and a row of newly-planted cottonwood trees. The cottonwood trees have been eradicated almost without exception. The buildings remain but have been added to in recent years until the total is 17.

The Interscholastic Track and Field Meet has been the starting point for many who later were to become famous track athletes. Mahoney of Butte, later a Michigan ace, received his first prominence here. Russell Sweet and Arnold Gillette became record breakers of national fame in their college career at the State University. Tom Davis, now a member of the Olympic club of San Francisco, once scored points for Butte high school. Avery of Three Forks started at Yale after graduating from high school. Charteris, holder of the half-mile record for the meet, later raced for the Washington Huskies.

Butte Public high school has won one-third of the first places in the Interscholastic. They have won the 1905, '09, '19, '20, '21, '24, '25, '27, '28 and '31 meets. Missoula county high school has come down in first place six times; Gallatin five times, all of them in consecutive years; Great Falls has finished first in three meets, and Flathead county high school, Stevensville and Anaconda have each won one.

Sonsteli Is Winner Of Oratory Contest

Joe Simangan Takes Second Place; Speakers Receive Awards

James Sonsteli, Kalispell, a junior in the Department of History, won first place in the Aber Oratorical contest held Saturday evening in Main hall auditorium. His subject was "The Rise of Racial Inferiority." Joe Simangan, Philippine Islands, placed second with the speech "Forgotten Citizens." First prize is \$35, and the second is \$15, both of which come from the interest on a \$1,000 trust fund left by the late Prof. W. M. Aber.

Other speakers on the program were Melvin Magnuson of Helena, whose subject was "Another Panacea," Gordon Brown of Denton, "The Newly Poor," and Harvey Thirlaway of Butte, "Health Assurance." Musical selections by a brass quintet composed of trumpets played by Eldon Couey and John Purvis, French horn by Dudley Brown, baritone by George Bovingdon, and a tuba played by Kermit Eckley, were also included in the program. At the conclusion of the program a violin solo was rendered by Russell Watson. Judges for the contest were Prof. Lucia B. Mirreles, Prof. E. E. Bennett and Dean C. W. Leaphart. Prof. Edmund Freeman of the Department of English acted as chairman.

WELCOMES VISITORS

Bear Paw and Spur Make Final Plans

Arrangements to meet all trains bringing contestants to the Interscholastic contest were made at a joint meeting of Bear Paw and Spur at 7:30 o'clock Monday evening in the Forestry building. Charles Gaughan, chairman of the Interscholastic committee, was in charge of the meeting. These men and women will meet all incoming trains during the next few days and conduct the contestants to temporary offices that will be established in the waiting rooms of the depots. At the offices the contestants will receive instructions, lodging accommodations and contestants' tickets. After this they will be taken by a member of Bear Paw or Spur to the lodging assigned to them.

President Clapp Welcomes Visitors to Annual Meet

To the Students and Faculty Members of Montana High Schools—Welcome! We are glad to have all of you again at the State University. We hope you will take this opportunity to inspect the campus, to visit our students and faculty members, and to learn to know the opportunities the institution has to offer the boys and girls of Montana. It is your State University; regard it as such, not only while you are in Missoula, but after you return to your home. We trust you will be as proud of it as we are—of the things it stands for—and you will learn during your visit in Missoula something of what it does and what it hopes to do, something of its ideals and its standards.

C. H. CLAPP, President.

Bear Paw Accepts Yearling Challenge

Contest Will Be Friday Morning Across Missoula River

Claget Sanders, Chief Grizzly, announced Monday evening that Bear Paw, sophomore honorary society, had accepted the freshman challenge to the annual tug-of-war. The contest will be across the branch of the Missoula river north of the campus, at 10:30 o'clock Friday morning.

This contest is an old Montana tradition and formerly decided whether the green caps worn by the freshmen would be worn for the remainder of the school year. This year it is the answer to a challenge that was issued by the freshman class to the sophomores and will determine the prowess of the two teams.

The teams will meet at the Van Buren street bridge. Here they will receive final instructions from Bob Hendon, president of the A.S.U.M., who will act as referee. The sophomore team will be given the advantage of pulling from the island, but they will not be allowed to tie the rope to a stump, as was done several times in the past.

Alex Blewett, freshman class president, will swim the river to deliver the rope to the sophomore team. He will be encouraged by Claget Sanders, Chief Grizzly of Bear Paw, from a safe place on the bank.

W. A. A. Sponsors Swim for Visitors

High school girls who are visitors at the Twenty-ninth Annual Interscholastic Meet are invited to attend the splash party which will be given at the swimming pool in the men's gymnasium, Friday morning from 9:30 to 11:30 o'clock.

Those in charge of the water stunts and games are: Grace Doggett, Red Lodge; Louise Geyer, Great Falls; Carol Wells, Scottsbluff, N. Y., and Laura Martin, Stevensville.

The party is sponsored by members of the Women's Athletic association.

Kenneth Burns, Helena, will be a week-end visitor on the campus.

Preliminaries in the declamatory contest will start tomorrow morning at 9 o'clock in both the boys' and girls' divisions. Two contestants will be chosen from each section to compete in the finals tomorrow night at 8:30 o'clock in Main hall auditorium.

Golf and Tennis

Golf matches will begin at 8 o'clock tomorrow morning. Preliminary tennis doubles will start at 9 o'clock. At 9:30 o'clock the Interscholastic Editorial association will hold its first meeting in Marcus Cook hall. At 10 o'clock the Montana High School Athletic association will meet in Main hall, Room 107.

Promptly at 1:45 o'clock tomorrow afternoon, the athletes from the 104 schools entered in the track and field competition will begin their colorful parade around Dornblaser field. Day bands releasing the flags of the United States and the State University will be fired, and the twenty-ninth annual meet will be under way.

The first event on the program Thursday afternoon will be a trial heat in the 120-yard high hurdles. Other events on the first day's program include the 100-yard dash trials and semi-finals; 120-yard high hurdles, trials and semi-finals; 440-yard dash, trials and semi-finals in the 220-yard dash. While the track events are going on, pole vault, discus throw and shot put winners will be decided.

Singing on the Steps

Singing on the Steps, tomorrow evening at 7:15 o'clock will introduce Montana's most beloved tradition to those contestants and visitors attending their first track meet.

Today will see the final inpouring of contestants and visitors. Butte's contestants in the Little Theater contest were the first to arrive, coming to Missoula early Monday. Incoming trains and autos swelled the ranks of the advance guard yesterday. Missoula is preparing for the greatest crowd ever to attend an Interscholastic meet.

THOMAS E. MOONEY, EDITOR
JOEL F. OVERHOLSER, BUSINESS MANAGER

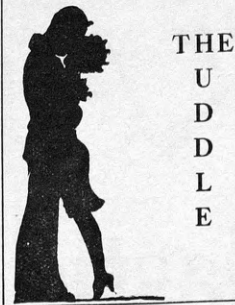

For the twenty-ninth time, Montana's State University says "hello" to her high school visitors. Repetition of anything usually renders ineffective the message, but this greeting, because of its sincerity, escapes that classification. In the one word of greeting, short and simple as it is, is contained the welcome that the students, faculty and townspeople extend to visitors. Inadequate in one way, it is descriptive of the West in its genuineness and heartiness, for Track Meet "hello" really means "you are welcome."

Many present students and alumni of the State University at one time were guests at Interscholastic Track Meet and from their experience a desire was created to become a part of our university. To them now it means a beginning of knowledge of the exhilaration that accompanies fall football games, of the mists that cling in cottony balls to Sentinel on still winter mornings, of the fairland beauty of the Christmas tree, of spring track practice with the warm young sun on the bleachers, of the dignity and charm of S.O.S. and the feverish activity of the last few days of spring quarter.

The loyalty of friends known on the campus and the ever-pleasing prospect of meeting more continue to gratify the student. Just another reason why the track visitor is greeted and scrutinized so kindly.

There is always the chance that you who visit us this spring, will return next fall to begin a four years' stay. We hope that such a thing will occur, but whether it does or not, we say "Hello! You are welcome! Come again!"

Helen Armstrong and Rosemary Brown, Great Falls, will be the guests of Dorothy Brown and Willy Clary during Track Meet week.

REMOTE CONTROL

Winter's gone and poets sing Bissfully concerning spring; They hymn of birds and flowers and trees, Forgetting irate bumblebees. Blistered backs and sunburned faces, Refuse-docked picnic places, Big black bugs and busy ants, Slimy mud and grass-stained pants. Poets never seem dismayed At gnats that drown in lemonade, Or flies who die within the jar Where all the luncheon pickles are. In fact, I don't think poets fall For Sunday picnic jaunts at all; They stay close by their frigidare And do their rhapsodizing there.

Twenty-nine times, children, we've had the cream of Montana's high schools among us. Some of it has gone home whipped, some of it has left here canned, but the most of it departed just as sweet and pure as it was when it came. We hope that this year is no exception.

Unk is heartily in favor of track meets. In fact, he thinks they're the berries, and berries and cream are pretty nice, he thinks.

Have you noticed that the moon arrived in pretty fair shape for the meet? The arrival couldn't have been better timed, even if the astronomy classes had been on the Track Meet committee. It's new enough so that it will help our freshmen explain a lot of things to high school sweethearts and there will still be enough of it left after the meet is over to help us become reinstated with the things we explained away.

Speaking of the moon, children, Unk had a rather peculiar pipe-dream about it the other night. He dreamed that it is not really made of green cheese, but that a lot of green cheeses were made with its help.

Have a good time, children.

JOURNALISM GRADUATE MARRIES IN MIDDLE WEST

John F. Ryan, who was graduated from the School of Journalism at the State University, was recently married to Lucile Dodge, a graduate of Northwestern university.

Grizzly Net Artists Take State Titles

Rowe, Sunderlin Win in Tennis; Lewon and Fitzgerald Are Victors in Golf

A hard-playing Grizzly tennis team swept clean the Montana collegiate hard courts tennis slate Friday and Saturday by winning easily in both the singles and doubles events. The State University was represented by Tom Rowe and Gene Sunderlin, both of Missoula.

The feature match of the entire contest was the 60-game, five-set match between Sunderlin and Rowe for the singles crown. The match was a desperate one that called for the best in both players. Sunderlin weakened in the fifth and final set to lose the match, 6-2, 7-5, 12-10, 5-7, 6-0.

Three hours after the singles finish, Rowe and Sunderlin, State University team, took the state doubles title with a 6-1, 3-6, 6-0, 6-1 win over the strong Bobcats, Murdock and Lipp. Place-ments were accurate but the strain of the morning's match showed on the Grizzlies and the contest was a little slow.

Five Montana schools entered the

following teams: Montana State College, Lipp and Murdock; Montana State School of Mines, Utt and Walsh; Montana Normal College at Dillon, Depew and Smith; Intermountain Union College, Pascua and Crisinger; State University, Rowe and Sunderlin.

With a 36-hole aggregate score of 333, Ruben Lewon and Dave Fitzgerald of the State University led the field in the State Intercollegiate golf tournament Friday and Saturday and garnered another state championship for the Grizzlies.

Lewon took individual honors for the 36 holes of play with a 165 count. Fitzgerald followed closely with a 168. Lee shot 179 for the State College and Purdue 201. Fall and Dezell of the School of Mines were the other entrants and were eliminated in the first round of play.

Karl Erickson, who is graduating this spring, has been appointed as high school commercial and band teacher at Plains for the coming year.

Velma Dye, '30, has been re-elected as English teacher at Lonepine.

Word has been received from Prof. Paul C. Phillips of the Department of History, who is studying in the East this year while on sabbatical leave. Professor Phillips has been in New York City for some time making studies in several of the libraries there on the history of the American fur trade, on which subject he is writing a book. This week he will go to Washington, D. C., to do further work along this line. Professor Phillips hopes to complete his book this summer. He will return here in September when he will resume his duties as professor of history and political science.

James McNally and John Lowney of Butte are spending Interscholastic Week at the Sigma Chi house.

Library Index

"The Reader's Guide to Periodical Literature" is an index service complete in material concerning periodical reading. It may be found in almost every public, high school and university library and serves as an indispensable guide to every reader. Experience gained through the use of this index will be helpful when one turns to the more particular indices available in the reading room.

Arrangement of the material of this service in dictionary order is a strictly advantageous feature. Headings for the various subjects are well planned and cover a wide field. The list of periodicals is carefully selected and includes the magazines and publications one will find in the smaller libraries.

"ELECTRIC BULLETS"

THE result of exhaustive wind-tunnel tests of conventional trolley car models revealed that at speeds of 70 and 80 miles per hour, 70 per cent of the total power was consumed in overcoming air resistance. Streamlining saves approximately 20 per cent of the power.

When the Philadelphia and Western Railway Company decided to replace its cars with faster and more efficient equipment, it chose "electric bullets"—new streamlined cars—each powered by 4 G-E 100-hp. motors. The cars, constructed of aluminum alloy, with tapered noses and tails, are much lighter in weight and capable of greater operating efficiency.

In developing transportation apparatus, college-trained General Electric engineers have conducted extensive tests to improve operating conditions. On land, on sea, and in the air, to-day's equipment is safer, swifter, more dependable, and more comfortable.

DO YOU INHALE?

Why are other cigarettes silent on this vital question?

DO you inhale? Seven out of ten people know they do. The other three inhale without realizing it. Every smoker breathes in some part of the smoke he or she draws out of a cigarette.

Do you inhale? Lucky Strike has dared to raise this vital question . . . because certain impurities concealed in even the finest, mildest tobacco leaves are removed by Luckies' famous purifying process. Luckies created that process. Only Luckies have it!

Do you inhale? Remember—more than 20,000 physicians, after Luckies had been furnished them for tests, basing their opinions on their smoking experience, stated that Luckies are less irritating to the throat than other cigarettes.

Do you inhale? Of course you do! So be careful. Safeguard your delicate membranes!

Grizzly Cinder Squad Wins Annual Intercollegiate Track Meet Here

State University Team Shows Unexpected Strength in Defeating School Of Mines, Montana State College and Dillon Normal

Grizzly tracksters swept down the lanes and reigned supreme in field events to take 11 firsts and triumph in the Fifth Annual Intercollegiate meet held on Dornblaser field Saturday. The 79 2-3-point victory was an easy one, surprising Grizzly fans as well as the State College followers who had counted on their team to earn more than 45 1-3 points. Dillon Normal took one second place to come third with three points, while the School of Mines earned two points from a two-way split for second.

Monte Robertson starred, garnering three firsts and split a three-way tie for one-third point to earn individual honors of 15 1-3 points. The century was won by Robertson by a scant margin, the three winners coming in closely grouped. He came back to take the furlong and then turned to the field to win a first in the broad jump. His one-third of a point came from the high jump.

Holst of the State College starred for the Bobcats. After running the first quarter of the mile in 71 seconds he stepped out to finish the race in 4 minutes 31.8 seconds. Less than two hours later, he returned to win the two-mile event, defeating Watson by about ten yards.

Peden and Duff of the Cub team put on an exhibition run in the dashes. Peden took the century in 10 seconds. Duff turned about to win the 220-yard dash in 22.3. Both times were faster than those of the meet.

Results of the meet were:
Shot put—Murray (U), first, 42 feet 4 1/2 inches; Reynolds (U), second, 41 feet 11 inches; Nagel (C), third, 38 feet 7 3/4 inches.

100-yard dash—Robertson (U), first; DeFrate (C), second; J. Coey (C), third. Time, 10.3 seconds.

We know why men smoke PIPES

WOMEN don't smoke pipes. They're not the style for women. But pipes are the style for men, and more than that, a pipe and good tobacco gives a man greater smoking pleasure than tobacco in any other form.

A pipe is not for girls

In 42 out of 54 American colleges and universities Edgeworth is the favorite pipe tobacco. Cool slow-burning burleys give this fine tobacco exactly the character that college men like best of all.

A pipe is a real man's smoke

Try a tin of Edgeworth yourself! You can buy Edgeworth wherever good tobacco is sold. Or if you prefer, you can get a special sample packet free: write to Larus & Bro. Co., 105 S. 22d St., Richmond, Va., and ask for it.

EDGEWORTH SMOKING TOBACCO

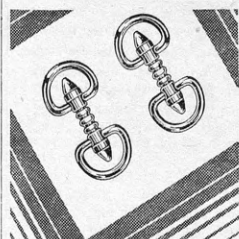

Edgeworth is a blend of fine old burleys, with its natural savor enhanced by Edgeworth's distinctive and exclusive eleven-step process. Buy Edgeworth anywhere in two forms—Edgeworth Ready-Rubbed and Edgeworth Plug Slice. All sizes, 1 1/4 pound package to \$1.50 pound humidifier tin.

**In Which Is Tendered a
Touching Expense Report From
A Track-Meeter to His Dad**

Dear Dad:

This is a call for more margin. I don't know what "call money" is today but I need some. I've been spending . . . wisely and well . . . snappy clothes "that take all the hurdles," as per follows:

ASUEDE zipper jacket that's taken the uppishness out of the upperclass men . . . and a pair of corduroy whoopee slacks that would make Harold Teen tear his tresses in envy.

Set back for the jacket \$9.50
The corduroys chiselled off \$3.00

AND a guy must play golf. You know "all work and no play" . . . what it does to Jack. Well here's what it's done to my "Jack":

A nifty sleeveless sweater for . . \$1.50
And hose that belong \$1.00
And knickers that nicked me \$5.00

AND, of course, I needed a new suit. That's the penalty for getting in with a co-ed bunch. The suit is one of those nifty heavy-nubb tweeds—swell! And of course, ties, shirts, hose, undies, etc!

The "bear market" price of Suit \$30
Furnishings in total \$20
(Itemized Report on Request Only)

AND when one steps out (formal-like) one needs a classy sport jacket . . . and flannel slacks. The tux is taboo since Easter.

The jacket jarred me for \$11.50
and the flannels finished off \$5.

SO there you are, proud in the thought that you have a well-dressed son. And here am I . . . not stripped but strapped. And yet I bought cleverly and economically. You can't buy otherwise at
