The meeting was called to order by Bob Anderson and the minutes of the previous meeting were read and approved as corrected. The phrase "3 non-salaried associates" in last week's minutes was changed to read "3 non-salaried assistants."

Kind announced that the band we had engaged for Homecoming dance Nov. 18 will not be available. She asked that Central Board give permission to make arrangements for some other band to play that night. It was recommended that she investigate possibilities before Central Board act upon it.

Wunderlich reported on the outcome of the Faculty Budget and Policy Committee meeting last week in relation to the traffic control plan put before them. They still did not want fines imposed upon the faculty for infringement of traffic rules and, instead, they voted as a recommendation to the Traffic Control Committee a compromise program. In this, they embody the same violations, etc. but omit any system of fines on the part of either students or faculty. Records would be kept of offenses and in the case of a frequent offender, the driver might be denied parking privileges. Also included in the recommendation is a plan to set aside specific parking areas for faculty only. The program is thus primarily educational in nature. The faculty said if the program does not work, they will be willing to review it.

Kind said that the Horizon Club of Missoula County High School wants to sell pom-poms at the gate at the Homecoming game and she asked that Central Board grant this permission. Wohlgenant moved that permission be given to the Horizon Club to sell pom-poms at the gate at the Homecoming game Nov. 18 of this year. Perry seconded. Carried.

Anderson requested that members of Central Board having anything to bring up in meeting bring it to the office by Monday before the meeting so that it can be published in the Kaimen. This will give both members and student body a chance to examine business before they come to meeting and will replace the agenda proposed several weeks ago.

Briggs suggested that we summarize the main requirements for each office and include it in the M Book each year, and also include procedural requirements on regular spring elections. Wunderlich said that his office would be willing to finance a student government guide for those interested in or elected to office. Wohlgenant and McMasters were appointed to handle the matter concerning summarization of office requirements.

Graff asked what was going to be done about campaign debris--i.e. the posters that had not been taken down and the sidewalks that had been painted up. McKown suggested that, as on some campus's, those people disfiguring the campus by their campaigning have their eligibility as a candidate for election invalidated. It was decided to publish Central Board's considerations in the Kaimen as a warning to this year's offenders. *McMasters & Wohlgenant were appointed to notify candidates to remove all paint & posters.*  
The meeting was then adjourned.
